DR. LIBBY'S PILE OINTMENT.—From J. D. Westcott, Governor of and United States Senator from Florida:

For upwards of twenty-five years I have been afflicted with the Piles, have submitted to several surgical operations for their removal, and have tried more than fifty remedies; Dr. Libby's Pile Ointment is the first that has given me relief. From the effects already exhibited, the cure must be rapid and complete.

JAMES D. WESTCOTT.

From George W. Matsell, Chief of Police, New York City:

I have long been troubled with the Piles, and the use of Dr. Libby's Pile Ointment gave me immediate relief. It gives me further pleasure to add that in many instances among my acquaintances it has been used with like results.

GEORGE W. MATSELL, Chief of Police.

From the late Adjutant General of Connecticut:

I have been afflicted with Piles in their most distressing and discouraging form for a period of twenty years, and had recourse to the best medical skill without benefit. I supposed the case incurable, and thought that it would destroy my life. Under the circumstances I commenced the use of Dr. Libby's Pile Ointment; and the result is a perfect cure. I have no language at my command sufficient to express my gratitude.

RESOLUTION
Proposing Amendments to the Constitution of the Commonwealth.

Resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met:—That the following amendments are proposed to the Constitution of the Commonwealth, in accordance with the provisions of the tenth article thereof.

FIRST AMENDMENT.

There shall be an additional article to said Constitution to be designated as article eleven, as follows:—

ARTICLE XI.
OF PUBLIC DEBTS.

SECTION 1. The State may contract debts, to supply casual deficits or failures in revenues, or to meet expenses not otherwise provided for; but the aggregate amount of such debts direct and contingent, whether contracted by virtue of one or more acts of the general assembly, or at different periods of time, shall never exceed seven hundred and fifty thousand dollars, and the money arising from the creation of such debts, shall be applied to the purpose for which it was obtained, or to repay the debts so contracted, and to no other purpose whatever.

SECTION 2. In addition to the above limited power the State may contract debts to repel invasion, suppress insurrection, defend the State in war, or to redeem the present outstanding indebtedness of the State; but the money arising from the contracting of such debts, shall be applied to the purpose for which it was raised, or to repay such debts, and to no other purpose whatever.

SECTION 3. Except the debts above specified, in sections one and two of this article, no debt whatever shall be created by, or on behalf of the State.

SECTION 4. To provide for the payment of the present debt, and any additional debt contracted as aforesaid, the legislature shall, at its first session, after the adoption of this amendment, create a sinking fund, which shall be sufficient to pay the accruing interest on such debt, and annually to reduce the principal thereof by a sum not less than two hundred and fifty thousand dollars; which sinking fund shall consist of the net annual income of the public works, from time to time owned by the State, or the proceeds of the sale of the same, or any part thereof, and of the income or proceeds of sale of stocks owned by the State, together with other funds, or resources, that may be designated by law.— The said sinking fund may be increased, from time to time by assigning to it any part of the taxes, or other revenues of the state, not required for the ordinary and current expenses of government, and unless in case of war, invasion or insurrection, no part of the said sinking fund shall be used or applied otherwise than in extinguishment of the public debt, until the amount of such debt is reduced below the sum of five millions of dollars.

SECTION 5. The credit of the commonwealth shall not in any manner, or event, be pledged, or loaned to, any individual, company, corporation, or association; nor shall the commonwealth hereafter become a joint owner, or stock holder, in any company, association, or corporation.

SECTION 6. The commonwealth shall not assume the debt, or any part thereof, of any county, city, borough or township; or of any corporation, or association; unless such debt shall have been contracted to enable the state to repel invasion, suppress domestic insurrection, defend itself in time of war, or to assist the state in the discharge of any portion of its present indebtedness.

SECTION 7. The legislature shall not authorize any county, city, borough, township, or incorporated district, by virtue of a vote of its citizens, or otherwise, to become a stockholder in any company, association, or corporation; or to obtain money for, or loan its credit to, any corporation, association, institution or party.

SECOND AMENDMENT.

There shall be an additional article to said constitution, to be designated as article XII, as follows:

ARTICLE XII.
OF NEW COUNTIES.

No county shall be divided by a line cutting off over one-tenth of its population, (either to form a new county or otherwise,) without the express assent of such county, by a vote of the electors thereof; nor shall any new county be established, containing less than four hundred square miles.

THIRD AMENDMENT.

From section two of the first article of the Constitution, strike out the words, "*of the city of Philadelphia, and of each county respectively;*" from section five, same article, strike out the words, "*of Philadelphia and of the several counties;*" from section seven, same article, strike out the words, "*neither the city of Philadelphia nor any,*" and insert in lieu thereof the words, "*and no;*" and strike out "*section four, same article,*" and in lieu thereof insert the following:

"SECTION 4. In the year one thousand eight hundred and sixty-four, and in every seventh year thereafter, representatives to the number of one hundred shall be apportioned and distributed equally, throughout the state, by districts, in proportion to the number of taxable inhabitants in the several parts thereof; except that any county containing at least three thousand five hundred taxables, may be allowed a separate representation; but no more than three counties shall be joined, and no county shall be divided, in the formation of a district. Any city containing a sufficient number of taxables to entitle it to at least two representatives, shall have a separate representation assigned it, and shall be divided into convenient districts of contiguous territory, of equal taxable population as near as may be, each of which districts shall elect one representative."

At the end of section seven, same article, insert these words, "*the city of Philadelphia shall be divided into single senatorial districts, of contiguous territory as nearly equal in taxable population as possible; but no ward shall be divided in the formation thereof.*"

The legislature, at its first session, after the adoption of this amendment, shall divide the city of Philadelphia into senatorial and representative districts, in the manner above provided; such districts to remain unchanged until the apportionment in the year one thousand eight hundred and sixty-four.

FOURTH AMENDMENT.

There shall be an additional section to the first article of said Constitution, which shall be numbered and read as follows:

SECTION 26. The legislature shall have the power to alter, revoke, or annul, any charter of incorporation hereafter conferred by, or under, any special, or general law, whenever in their opinion it may be injurious to the citizens of the Commonwealth; in such manner, however, that no injustice shall be done to the corporators.

Pittsburgh Gazette.

A CLERK up in Dayton put a stop to the operatives of a burglar in a style, manner and form somewhat peculiar. The burglar had removed a pane of glass twenty inches by ten, and, says the Dayton Gazette, its removal made a nice hole, amply large enough for an entrance, and he drew back one step to look at it before "going in." Just at this instant he gave a yell—and—squatted. He found out afterwards that a little box full of asafœtida, and wighing twenty-seven pounds, had been dropped square upon the top of his head from the second story of the building, a distance of some twenty feet. The stunning and stinking that the fellow got so overpowered him that he was captured without difficulty.

WE learn from various quarters that there is no longer any doubt as to the preparations going on in the border counties of Missouri for another invasion of the territory to carry the October election. The Herald of Freedom, which has disbelieved and denounces the allegation, now gives it full credence. The free State men have organized a complete military force everywhere, but there are thirteen hundred United States troops in the territory, and these will be distributed at the principal towns to be present at the polls, where Sheriffs will also be stationed to collect the taxes, so that no person shall be allowed to vote without paying them. A hard struggle is in prospect.

THE N. Y. *Tribune* says a passenger by the Empire City, who arrived in this city on Wednesday night, reports that the Central America had 525 passengers, and with officers and crew, over 600 persons, and \$1,600,000 in gold, principally insured in London, on board. Yesterday afternoon it was currently reported in Wall St., that she had taken on board, at Havana, \$600,000 in specie, in addition to her California freight. This statement, however, like many other stories about her, is entirely erroneous. All the gold for this port for Havana was sent as usual by the Empire City, the regular steamer, while the call of the Central America at that port was purely casual and unexpected.

BUCHANAN ENDORSED BY THE SECTIONISTS.—The Richmond *South*, a disunion paper, expresses its great satisfaction with Mr. Buchanan's Silliman letter; and says to its friends, "the state rights democracy, those who condemned "the compromise measures of 1850," "secessionists," etc., * * * in approving the just sentiments contained in Mr. Buchanan's late letter, have at once shown their attachment to Republican principles and their fidelity to the *South*." This endorsement is very explicit and comes from an authoritative source.

BROOKE HALL FEMALE SEMINARY
Media, Delaware County, Penna.
Miss Maria L. Eastman, Principal.

THIS SEMINARY, SITUATED IN THE delightful and beautiful village of Media, thirteen miles from Philadelphia by Railroad, offers to young ladies the most perfect combination of advantages for the attainment of a thorough and accomplished education.

The large and commodious building lately erected, containing all the modern conveniences of baths, gas, &c., is, with its extensive grounds, a model in all that pertains to the health, comfort, refinement and improvement of the pupils. The sleeping rooms are high, well ventilated, and furnished with comfort and elegance, and but two pupils occupy the same apartment. The number of pupils is limited to forty, for whom seven teachers are employed.— The most faithful instruction is given in all the branches taught, while moral and religious principles are constantly inculcated by theory and practice.

The course of instruction comprises a period of four years, and a diploma is awarded to all who pass through it satisfactorily.

The Right Rev. A. Potter, D. D., L. L. D., Bishop of Pennsylvania, says: "Miss M. L. Eastman, who proposes to open a Young Ladies' Seminary in Media, Delaware county, Pennsylvania, in September next, has been known to the subscriber for several years past. He has a very high opinion of her capacity, efficiency and devotedness as an educator. She has had a large and successful experience.— The building which is to be erected will contain every accommodation. The village and surrounding country are distinguished for healthfulness and beauty; and the subscriber has confidence that parents who entrust their daughters to Miss Eastman will have no cause to regret it."

The French language is taught by a Parisian lady residing in the family.

The Latin, German, Spanish, and Italian languages, receive due attention.

The Natural Sciences are taught with the aid of a large and expensive apparatus.

The Musical Department is under the charge of a lady eminently qualified for the situation, and all who prefer to be taught on the piano or singing by a gentleman, have a visiting teacher from Philadelphia.

Drawing and Painting are under the direction of a lady accomplished in the arts.

The Fall Term commences September 9th.

Miss Eastman has the liberty to refer to the following gentlemen:

R. R. R.

A FALSE THEORY EXPOSED.— THE TRUE SCIENCE REVEALED.

Mankind have long been engulphed in darkness as regards the mysteries of medicine, and of deriving a truthful solution of its power over disease, and its proper use in the treatment of the sick.

Medicine, as practiced by the regular faculty, is a delusion —a bundle of improbabilities and uncertainties. There is nothing in its theories on which the physician can rely as certain or fixed; the results obtained from its prescriptions are doubtful, and in most cases unsatisfactory.

It is a solemn and startling fact, that three-fourths of those "who have departed this life" died victims, *not to disease*, but to the injudicious application of this subtle and uncertain theory, as practiced by the regular faculty.

We have proved the utter fallacy of the regular practice of medicine, and the great undeniable truthfulness of the R. R. R. over and over again; for, in a thousand cases, where the regular physicians have given up their patients as incurable, and had in many cases even set the time to only a few short hours, that their victims had to live, Radway's Ready Relief, Regulators or Resolvent, as the case may have been, has restored those dying patients to new life and health.

In the treatment of the sick by the R. R. R. remedies, there is nothing left to chance or uncertainties, for these remedies are so prepared as to posess fixed and positive curative powers, founded on principles as immutable in their power over diseases, as the laws of gravitation over the earth. It is therefore, impossible for these remedies to fail in removing from the human system the difficulty for which they may be given, and of restoring the *whole* human system to its normal condition of health.

This is readily seen in the miraculous efficacy of RADWAY'S READY RELIEF—for the moment this remedy is applied to the part or parts of the body tortured with pain, or crippled with infirmities, all pain and uneasiness ceases, and the crippled, lame and wounded limb becomes invigorated with renewed strength. So also with the Resolvent.— The most repulsive Sores, Ulcers, Humors, and the most obstinate of chronic diseases quickly become extinct after a few doses is taken.

In cases of Dyspepsia, Constipation of the Bowels, Derangement of the Liver, Congestions, Palpitation of the Heart, Radway's Regulators, in the form of Pills, can be relied upon as a positive and certain corrector and regulator of these difficulties. In cases of temporary Constipation or derangement of the stomach or bowels, the Cathartic and Purgative Pills given by the regular faculty, even if they remove the temporary difficulty, do so at the expense of Cramps, Sickness at Stomach, and Weakness, and after the effects of these purgatives are over, the bowels are left costive and the system debilitated. Radway's Regulators will instantly relieve the pain and distress, remove the difficulty and restore a regular action to the liver, stomach, bowels and other organs—they neither irritate, inflame, sicken or weaken the patient, and the evacuations are natural, without prostrating the system or cramping the bowels.

These remedies are the only ones that have reduced the hygienic principle to the fixity of a mathematical demonstration—invariable in all cases, and proceeding on a settled routine. They, and they alone, have imparted to the incongruous experience and repugnant practice of the so called "regular faculty," the precision and invariability which are essential to the requirements of a science. Taking the human body as the problem, and health as its normal condition, they proceed by fixed rules to eliminate all extraneous and deleterious particles, and thus restore the constitution to its integrity, by the expulsion of those local or organic irregularities which vitiate the soundness of the whole.

DANGEROUS DISEASES.

In Cholera, Yellow Fever, Ship Fever, Dysentery, Diarrhoea, Typhus and Typhoid Fevers, and all malignant and malarious fevers, Radway's Ready Relief and Regulators are not only positive curatives, but certain preventives.

Not only in the milder latitudes of the North have these remedies cured the patients of these terrible maladies, but under the burning zones of the tropics, where, in the wildest and most violent degrees, they scourged the people as a pestilence. With these remedies you need not fear exposure to any contagious disease or infectious malady.

CONSTITUTIONAL DISEASES.

All diseases that have become *established* in the system, called chronic or constitutional, Radway's Resolvent, aided by the Relief and Regulators, will remove. Scrofula, Bronchitis, Ulcers, Sores, Fever Sores, Humors, Humors, Salt Rheum, and all skin diseases will quickly yield to this all powerful remedy.

The use of the Resolvent will, in a few weeks, entirely change the whole condition of the body, we care not from how many generations you have derived your title to the diseases established in your bodies, Radway's Resolvent will remove it, and give to you what your forefathers were unable to—a pure and healthy body—free from diseases.

COMMON DISEASES.

All diseases prevalent at this season of the year, caused by derangement of the organs of the system, sudden changes of the weather, heat and cold, disturbed circulation of the blood—Rheumatism, Neuralgia, Tic Doloreux, Bowel Complaints, Fever and Ague, Headache, Toothache, Aches and Pains of all kinds, Bruises, Burns, Scalds, Falls, Inflammatory Diseases, Congestive Diseases, Humors in the system— Impure Blood, Boils, Pustule Pimples, Blotches, &c. Liver Complaints—Dyspepsia, Kidney Complaints, and all diseases whether acute, inflammatory, malarious, nervous, chronic, or constitutional, Radway's Remedies will most positively exterminate and restore the infirm and enfeebled system to health and strength.

AN OFFER—TO THE DYING.

Ye who have friends now upon the brink of the grave, on whom all hopes of recovery are lost—who have been given up as incurable by your physician, we invite you to make one more effort to save the valued life of the dying one. A trial of these Remedies cannot do any injury, and may restore to life and health, even though no hopes are entertained by your physician. Over a thousand such instances have come to our knowledge; and we therefore, feel ourselves justified in requesting the trial. Surely, after the physician says he can do no more, his prejudice to your using a remedy that must do good, is criminal.

As one of the instances we have alluded to in the above article, we refer the public to the case reported to us by Richard Griffith, Esq., well known in Canada West as a man of high integrity, and well approved of by his countrymen for his high official capacities.

HARRISSMITH, Fontenac Co., C. W., June 24th, 1857.

In October, 1854, my wife giving birth to a child, left her bed too early and caught a severe cold, which promised to terminate her life. The best physicians in this neighborhood and Kingston were in attendance on her—but all of no avail—*the doctors had given her up to die. For seven consecutive weeks* I sat at her bedside, momentarily watching to see her breathe her last. I happened to see a copy of your paper called "*The Moving World*," and there read of your medicines. I resolved to test them as a last resort. I gave her the *Resolvent* with the Regulators—and Relief—according to directions, *and in three days observed a wonderful improvement.* In a short time she daily recovered, and is now, thank God, better than ever she was in her life.

The child, when three months old, caught a bad cold, and *dwindled away to a mere skeleton,* nothing but *bone and skin*; his *eyes protruded from his head; as if they would drop out;* the physicians all united in saying there was no use of attempting to save him, *his case was hopeless, as he was too young and must die.* But I thought different. Your Remedies gave life to my wife, while the doctors gave her up to death. I again had recourse to them. I gave him the Resolvent internally and used it as a wash externally to his eyes—he is now a laughing, hearty, prattling child, enjoying the best of health. Your most obedient and grateful servant, RICHARD GRIFFITH.

The above, reader, is but one out of thousands of similar cases in the world, where had the verdicts of the physicians been relied upon without further trial, *death* would have seized its victim. Do not, therefore, give up your friends on the mere report of your physicians, who say they can do no more. When you are told this, resort to our Remedies.

The Greatest Medical Discovery OF THE AGE.

MR. KENNEDY, OF ROXBURY, HAS discovered in one of our common pasture weeds, a remedy that cures every kind of Humor, from the worst Scrofula to a common Pimple.

He has tried it in over eleven hundred cases, and never failed except in two cases (both thunder humor.) He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples of the face.

Two to three bottles will scour the system of boils.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst case of erysipelas.

One to two bottles are warranted to cure all humors of the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruption of the skin.

Two to three bottles are warranted to cure the most desperate cases of rheumatism.

Two to three bottles are warranted to cure the worst cases of ringworm.

Three to four bottles are warranted to cure salt rheum.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Nothing looks so improbable to those who have in vain tried all the wonderful medicines of the day, as that a common weed growing in the pastures, and along old stone walls should cure every humor in the system; yet it is now a fixed fact. If you have a humor it has to start. There are no ifs nor ands, hums or ha's about the suiting some cases and not yours. I peddled over a thousand bottles of it in the vicinity of Boston. I know its effects in every case. It has already done some of the greatest cures ever done in Massachusetts. I gave it to children a year old; to old people of sixty. I have seen poor, puny, wormy looking children whose flesh was soft and flabby, restored to a perfect state of health by one bottle.

To those who are subject to a sick headache, one bottle will always cure it. It gives great relief to catarrh and dizziness. Some who have been costive for years, have taken and been regulated by it. Where the body is sound it works quite easy, but where there is any derangement of the functions of nature, it will cause very singular feelings, but you must not be alarmed—they always disappear in from four days to a week. There is never a bad result from it. On the contrary, when that feeling is over you will feel yourself like a new person. I heard some of the most extravagant encomiums of it that man ever listened to. No change of diet is ever necessary; eat the best you can get. I have likewise an herb, which, when simmered in sweet oil, dissolves scrofulous swelling of the neck and under the ears. Price 50 cents. Price of the Medical Discovery \$1 per bottle.

DIRECTIONS FOR USE.

Adult, one table spoonful per day. Children over eight years, desert spoonful; children from five to eight years, tea spoonful. As no direction can be made applicable to all constitutions, take enough to operate on the bowels twice a day.

Mr. KENNEDY gives personal attendance in bad cases of scrofula.

AYER'S CATHARTIC PILLS,
(SUGAR COATED.)
ARE MADE TO

CLEANSE THE BLOOD AND CURE THE SICK, *Invalids, Fathers, Mothers, Physicians, Philanthropists, Read their Effects, and judge of their Virtues.*

For the cure of Headache, Sick Headache and Foul Stomach.

PITTSBURGH, PA., May 1, 1855.

Dr. J. C. AYER:—Sir: I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once. If they will cure others as they do me, the fact is worth knowing. Yours with great respect,

ED. W. PREBLE, Clerk of Steamer Clarion.

Bilious Disorders and Liver Complaints.

DEPARTMENT OF THE INTERIOR,
Washington, D. C., Feb. 7, 1856.

Sir: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the *Liver* is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of *Bilious Disease* so obstinate that it did not readily yield to them.

Fraternally yours, ALONZO BALL, M. D.,
Physician of the Marine Hospital.

Dysentery, Relax and Worms.

POST OFFICE, HARTLAND, Liv. Co., Mich., Nov. 15, '55.

DR. AYER: Your Pills are the perfection of medicine. They have done my wife more good than I can tell you. She had been sick and pining away for months. Went off to be doctored at great expense, but got no better. She then commenced taking your Pills, which soon cured her, by expelling large quantities of worms (dead) from her body. They afterwards cured her and our two children of bloody dysentery. One of our neighbors had it bad, and my wife cured him with two doses of your Pills, while others around us paid from five to twenty dollars doctors' bills, and lost much time, without being cured entirely even then. Such a medicine as yours, which is actually good and honest, will be prized here. GEO. J. GRIFFIN, Postmaster.

Indigestion and Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston:

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood they are the very best remedy I have ever known, and I can confidently recommend them to my friends.

Yours, J. V. HIMES.

WARSAW, Wyoming Co., N. Y., Oct. 24, 1855.

Dear Sir: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the fountains of the blood.

JOHN G. MEACHAM, M. D.

Erysipelas, Scrofula, King's Evil, Tetter, Tumors, and Salt Rheum.

From a forwarding Merchant of St. Louis, Feb. 4, 1856:

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her. ASA MORGRIDGE.

Rheumatism, Neuralgia and Gout.

From the Rev. Dr. Hawkes, of the Methodist E. Church:

PULASKI HOUSE, SAVANNAH, GA., Jan. 6, 1856.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until, by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them I am now entirely well.

SENATE CHAMBER, BATON ROUGE, LA., Dec. 5, 1855.

DR. AYER: I have been entirely cured by your Pills of Rheumatic Gout—a painful disease that had afflicted me for years. VINCENT SLIDELL.

For Dropsy, Plethora, or kindred Complaints, requiring an active purge, they are an excellent remedy.

For Costiveness or Constipation, and as a Dinner Pill, they are agreeable and effectual.

Fits, Suppression, Paralysis, Inflammation, and even Deafness, and Partial Blindness, have been cured by the alterative action of these Pills.

Most of the pills in market contain Mercury, which, although a valuable remedy in skillful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

AYER'S CHERRY PECTORAL,
FOR THE RAPID CURE OF

Coughs, Colds, Hoarseness, Influenza, Bronchitis, Whooping Cough, Croup, Asthma, Incipient Consumption, and for the relief of consumptive patients in advanced stages of the disease.

We need not speak to the public of its virtues. Throughout every town, and almost every hamlet of the American States, its wonderful cures of pulmonary complaints have made it already known. Nay, few are the families in any civilized country on this continent without some personal experience of its effects; and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Parents should have it in store against the insidious enemy that steals upon them unprepared. We have abundant grounds to believe the Cherry Pectoral saves more lives by the consumptions it prevents than those it cures.— Keep it by you, and cure your colds while they are curable, nor neglect them until no human skill can master the inexorable canker that, fastened on the vitals, eats your life away. All know the dreadful fatality of lung disorders, and as they know too the virtues of this remedy, we need not do more than to assure them it is still made the best it can be. We spare no cost, no care, no toil to produce it the most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their cure.

Prepared by Dr. J. C. AYER, Practical and Analytical Chemist, Lowell, Mass.

Health and Strength Must Inevitably Follow its Use.

Boerhave's Holland Bitters.

THE CELEBRATED HOLLAND REMEDY for Dyspepsia, Disease of the Kidneys, Liver Complaints, Weakness of any kind, Fever and Ague, and the various affections consequent upon a disordered Stomach or Liver. Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others effected a decided cure.

Nature finds no new enemy to combat, with this delightful tonic in the system. Its effects are almost magical, yet the cure permanent. It communicates no violent shock to the system, but by arousing its vital energy to normal action, enables it to throw off the cause, and thus thoroughly eradicates the disease.

When its medicinal virtues are so universally acknowledged, and particularly here, where it has become so popular as a family medicine, that it is sold by many of the grocers, as well as by all the druggists, it would seem needless to offer further evidence; yet as there are doubtless some who have tried many advertised remedies, and still suffer from Dyspepsia in one or more of its dreadful forms, we subjoin the following certificates, the authenticity of which cannot be doubted, coming as they do from persons so well known.

WHAT IT IS DOING FOR THE SICK.

Wm. Schuchmann, Esq., the well known Lithographer, says, "I have frequently used Boerhave's Holland Bitters, and find it invariably relieves indigestion and debility."

Rev. Samuel Babcock says: "I found special relief from its use for a severe headache, with which I had long suffered."

J. W. Woodwell, Esq., says: "I have used Boerhave's Holland Bitters myself, and recommend it to others, knowing it to be just what it is represented."

Ald. Jonathan Neely, of Lower St. Clair, says: "I have derived great benefit from its use for weakness of the stomach and indigestion."

Jas. M. Murphy, says: "After several physicians had failed Boerhave's Holland Bitters removed the pain from my heart and side, arising from indigestion."

The editor of the Kittanning Free Press, says: "After one of the best physicians in this place had failed, Boerhave's Holland Bitters cured me of the worst form of Dyspepsia."

Francis Felix, only manufacturer of the original "Extract of Coffee," says: "I know that your Holland Bitters is one of the best medicines in the world for a disordered stomach or liver."

Dr. Ludwig, editor of the Fackel, Baltimore, pronounces it "a medicine deserving the confidence of the public."

Dr. Eberhart, the leading German physician of Penna. has prescribed it frequently during the past three years, with marked success in debilitated states of the digestive organs, or of the system generally.

The manager of Ballou's Vinegar Factory, says: "I used it myself, and was therefore induced to try its effect upon my wife, (troubled with the great debility common to all of a consumptive habit,) and really it is doing her more good than anything she has ever taken."

NOTICE.—Whoever expects to find in this a beverage, will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!—The great popularity of this delightful Aroma, has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given Boerhave's Holland Bitters a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.

Sold at \$1.00 per bottle, or six bottles for \$5.00 by the sole Proprietors. BENJAMIN PAGE, JR., & CO., corner Smithfield and Third sts., Pittsburgh.

A WONDERFUL DISCOVERY!!

WHICH HAS BEEN THE STUDY AND research of the best medical men that ever lived to find a remedy that would radically cure the Dyspepsia, which has been recently found out by

DR. R. T. FORD,
OF PITTSBURGH, PENNA.

His laborious search and research in the Vegetable Kingdom for eight or ten years, has brought to light a wonderful Medicine which will radically cure the DYSPEPSIA, which is the first cause of all general disease which the human system is subject to. Keeps the Reservoir [Stomach] clean and healthy. We must all have good health and cannot be a subject of any general disease.

Dr. R. T. FORD has been a subject of this awful disease himself, [Dyspepsia] for eight to ten years, and has tried hundreds of experiments on himself, but all in vain, until his present discovery, which has radically cured him and many others in six, eight to twelve days, without pain or sickness, or any unpleasant feelings in the system, but on the contrary, it invigorates the system and gives a healthy action to every part. It will act gently or copiously on the bowels, and give a healthy action to the stomach and liver. You can eat and drink your usual dieting, which will not interfere—the medicine always doing its duty,—called

DR. R. T. FORD'S DYSPEPSIA CORDIAL.

What kind of disease will Dyspepsia produce? I answer it is the first cause of all general diseases. Liver Affection, Lung Affection, or Pulmonary Disease, Bronchitis, Sick Headache, Billious Diarrhoea, Billious and Typhoid Fevers, Fever and Ague, Nervous Fever, Neuralgia, Hernia, [Piles,] Costive Bowels, Boils, Husky or Gummy Skin, Colds, Rheumatics of all kinds, Apoplexy, Insanity, Weakness of the system, False Conception of the Mind, Heartburn, Fulness of the Stomach, Throwing up of your Food, and also Wind. All of the above feelings may or will be produced from a Dyspeptic stomach. From that organ, all general diseases will be produced, [if this statement is true, which no sane mind will deny,] because all who have been sick know this statement to be true from experience, a sick or deranged stomach is first.

How important it is to a poor patient who has been suffering for many years, to point him to a remedy that he can rely on, and radically remove the cause that has made him sick. It's like a mariner tossed upon the ocean, at the first glimpse of a light house, his heart bounds with joy.
