A COAL FAMINE AT BELLEFONTE.—Tuesday's Harrisburg *Patriot* contains the following item of news:

BELLEFONTE, April 5.—The effect of the strike in the Clearfield coal region is beginning to be felt in this neighborhood in the way of a coal famine. Already some of the manufacturing enterprises are suffering. The nail factory has been compelled to shut down and the flouring mills are threatened with a similar trouble. Unless the difficulties are adjusted all the other manufacturing establishments will be compelled to close.

—At a regular meeting of the School Board of Millheim borough on Monday evening a resolution was unanimously adopted that after the spring term of '86 none of the school rooms of this borough shall be granted to persons not in possession of a valid certificate from the County Superintendent.

Our school board seems to be determined to do things in perfect order and this late resolution is certainly a commendable feature in their earnest endeavors.

—The Lutheran church council at one of their recent meetings authorized A. C. Musser, Supt. of Fairview Cemetery, to order an additional lot of iron fence, of the same price and style as the first lot, for the balance of the front of said cemetery, with a small gate at the eastern extremity. Mr. Jon. Harter was given the contract to furnish the necessary lumber for a substantial wooden fence to be constructed around the remaining three sides of the cemetery. As soon as the weather permits it is the intention of the council to have the cemetery put in first-class order in every respect.

TRIBUTE OF ESTEEM.—The following preamble and resolutions were acted upon and unanimously adopted at the regular session of the U. B. Sunday school of Millheim, April 4th, 1886:

WHEREAS it has fallen to our lot to lose two of our most efficient teachers and active workers in the vineyard of our Lord.

Resolved, that it is with deep regret that we part with sisters Carrie Lyter and Mahala Stephens and that our best wishes and our prayers, as well as grateful remembrance follow them to their new home.

Resolved, that we cheerfully recommend them to the confidence of the people in their present place of residence, assuring them that they will find these ladies earnest workers for the cause of Christ and the upbuilding of the Redeemer's Kingdom.

Resolved, that these resolutions be entered upon the minutes of our school and published in the Millheim *Journal* and in the *Intinerant*.

YOUR LOCAL PAPER.—Ex-Senator David Davis recently made the following sound remarks about the home local paper, which we ask our readers to peruse and then call the attention of non-subscribers to the article:

Every year a local paper gives from $100 to $5,000 in free lines for the sole benefit of the vicinity in which it is located. No other agency can or will do this. The editor, in proportion to his means, does more for his town than any other ten men, and in all fairness, man with man, he ought to be supported; not because you may happen to like him or admire his writing, but because a local paper is the best investment a community can make. It may not be brilliant or crowded with great thoughts, but financially it is more of a benefit to a community than the preacher or teacher. Understand us now; we don't mean morally or intellectually, but financially, and yet on the moral question you will find the local papers are on the right side of the question. To-day the editors of local papers do the most work for the least money of any men on earth.

A DRUGGIST'S VERDICT.—W. E. George, one of the principal druggists of Philipsburg, Pa., writes:

"J. A. McDonald, Reedsville, Pa.
Dear Sir:—One of the most prominent citizens of our city and a gentleman well-known and highly respected in the surrounding country, called at our store and voluntarily offered to go before a justice of the peace and testify in an affidavit to the virtue of your Blood Purifier, saying that he had used but three bottles, and was now entirely cured of a distressing and long continued attack of erysipelas, after having tried a number of other remedies without receiving any noticeable benefit. Please send us one dozen by express. We never had a medicine in our store that sells as readily or gave such universal satisfaction as your Blood Purifier."

For scrofula, erysipelas, tetter, salt rheum, skin diseases, humors, sores, eruptions, pimples, blotches, swellings, tumors, boils, ulcers, scald head, ring worm, syphillis, and all blood disorders, no remedy ever devised equals in power and efficacy McDonald's Great Blood Purifier or Sarsaparillian Alterative. Warranted. Seventy-five cents per bottle at all dealers in medicine.

tf A. J. HARTER.

—The Millheim Town Council is giving out the contract for the construction of a first-class stone crossing over Main street between Musser's hotel and the new hardware building of Musser & Smith. The specifications call for two rows of stone, each 18 inches in width, with a dressed surface and good cobbling between the rows and at the sides.

Communicated.

A Sunday School lesson review for the last quarter was given in the auditorium room of the Lutheran church by the Lutheran Sunday school on Sunday the 28th ult. The exercises were pleasant and profitable. Addresses were made by Supt. J. H. Musser, Asst. Supt. W. H. Stover and Prof. Johnson. The most solemn and impressive part of the exercises was the address delivered by Supt. J. H. Musser in behalf of the school to the family of L. D. Kurtz, who by their moving away have found cause to sever their connection with this school. Particular reference was made to Mrs. Kurtz as to the part she took in the instruction of the infant class and to Miss Minnie, as assistant chorister both in the Sabbath school and choir. Miss Kurtz had taken a very prominent part in the choir as the leading soprano and very often acted as organist in public services. The loss of Mr. K. and his family will be greatly felt in both the Sabbath school and congregation. The prayers and good will of the school go with them.

NOTICE.—Since it has become the duty of the undersigned to see that certain ordinances of the borough of Millheim are enforced, especially section 16 of the general ordinances, which forbids the disturbing of the peace and general good order of the citizens by profanity, obscene language, noise and disorderly conduct generally; and section 22, which forbids the assembling together of men, boys, or other persons on the streets corners, sidewalks or crossings, in such a manner as to block up and obstruct the free passage of such streets, sidewalks and crossings: Now this is to notify all persons that the said ordinance will be enforced against all offenders, and without distinction in favor of sex, as girls are often more boisterous and rude than boys.

Nor do I consider it my duty to give repeated or verbal notices to individuals, but think that this one and general notice should be sufficient, and hope it will promote the peace and good order of the town, without the necessity on my part to invoke the aid of the law.

No trouble to raise the funds, but it will require good engineering to keep it from sliding down the hill—the board walk which is under contemplation of being built from Chas. Stover's house to the Lutheran church.

Different requests have been made of Rev. J. A. Bright, who we are pleased to state, arrived here from Ellsworth, Kansas, on last Friday, to deliver his very popular [in the West] lecture on Oddfellowship, either here or in Millheim. The Reverend gentleman will, no doubt, submit to the many requests providing proper arrangements can be made as to the time and place. We would propose Millheim as the proper place.

The communion services in the Luth. church on last Sabbath morning and evening, notwithstanding the inclement weather, was well attended. About 140 persons partook of the Lord's Supper, 33 of whom presented their names for membership in this congregation. The pastor, Rev. Deitzler was assisted by Rev. J. A. Bright, the latter gentleman addressing the congregation in the evening in the English language.

Instructions for treatment of croup and whooping-cough also accompany each bottle. Every family, especially where there is children, should have a bottle. An Efficient Remedy

In all cases of **Bronchial and Pulmonary Affections** is AYER'S CHERRY PECTORAL. As such it is recognized and prescribed by the medical profession, and in many thousands of families, for the past forty years, it has been regarded as an invaluable household remedy. It is a preparation that only requires to be taken in very small quantities, and a few doses of it administered in the early stages of a cold or cough will effect a speedy cure, and may, very possibly, save life. There is no doubt whatever that

Ayer's Cherry Pectoral

Has preserved the lives of great numbers of persons, by arresting the development of Laryngitis, Bronchitis, Pneumonia, and Pulmonary Consumption, and by the cure of those dangerous maladies. It should be kept ready for use in every family where there are children, as it is a medicine far superior to all others in the treatment of Croup, the alleviation of Whooping Cough, and the cure of Colds and Influenza, ailments peculiarly incidental to childhood and youth. Promptitude in dealing with all diseases of this class is of the utmost importance. The loss of a single day may, in many cases, entail fatal consequences. Do not waste precious time in experimenting with medicines of doubtful efficacy, while the malady is constantly gaining a deeper hold, but take at once the speediest and most certain to cure,
