—OCTOBER is a good month for merchant to examine their stock of Dr. Kessler's Celebrated English Cough Medicine and include a winter's supply in their next order. The people have found out by experience that it can be relied on in all cases of croup, whooping-cough, colds, and lung troubles of any nature, and will have it. A good article draws trade while worthless preparations drive it away. It should be a source of satisfaction to a dealer as well, to know he is giving good honest value for money received. Money refunded to dissatisfied purchasers.

OBITUARY.

During the last year the Reaper Death has cut many of the citizens of quiet old Aaronsburg. Some of those who have long been tottering on the verge of the grave have fallen. The strong and rugged have been cut down; but it is seldom we are called upon as now to chronicle the removal of a child. This time it is Maggie Burd, a dear little girl of scarcely nine years, who has gone, and left a home sad and lonely, a mother's heart almost broken, and many little friends to weep for their companion. The Lutheran S. S. of which Maggie was a faithful and devoted scholar feels its loss. Our ranks have long been unbroken, and we now mourn with the sorrowing relatives, for one of our tender lambs, which we have tried to feed upon green pastures, and lead beside the still waters. Her place will now be vacant, her loss felt, and her memory sacred. We know that the All-wise Father who loves these lambs even better than we *can* love them, has sent a messenger into our little fold, and we dare not, *would* not murmur. Perhaps it is to win us all closer to Himself the loying Shepherd, that He has called this lamb from the earthly fold to help us lead the others nearer to Him, who died for them and us, so that when they are called they may be ready to enter into unspeakable joy. How much sorrow and temptation Maggie has escaped by being thus early called, God only knows. She only budded on earth to bloom in Heaven.

Little Maggie now has left us,
Gone to be with Jesus blest.
In that bright and golden city,
There to dwell in peace and rest.

Sweet brown eyes late brightly beaming,
Now are closed in death's long rest.
And her dimpled hands are folded,
Meekly folded on her breast.

Maggie, tender little flower.
Jesus called her—and He knows
Why, He plucks the tender rose bud
Before, the drooping withered rose.

Yes, the angels bright have met her,
Bade her welcome to that home,
From whose fair and blessed portals
She will never wish to roam.

But although we know that Maggie
Ne'er again will meet us here,
Yet we know, if we love Jesus
Soon we all shall meet her there.

TAKE SIMMONS LIVER REGULATOR

For all Diseases of the Liver, Kidneys, Stomach and Spleen.

This purely vegetable preparation, now so celebrated as a Family Medicine, originated in the South in 1828. It acts gently on the Bowels and Kidneys and corrects the action of the Liver, and is, therefore, the best preparatory medicine, whatever the sickness may prove to be. In all common diseases it will, unassisted by any other medicine, effect a speedy cure.

The Regulator is safe to administer in any condition of the system, and under no circumstances can it do harm. It will invigorate like a glass of wine, but is no intoxicating beverage to lead to intemperance; will promote digestion, dissipate headache, and generally tone up the system. The dose is small, not unpleasant, and its virtues undoubted.

No loss of time, no interruption or stoppage of business while taking the Regulator.

Children complaining of Colic, Headache, or Sick Stomach, a teaspoonful or more will give relief.

If taken occasionally by patients exposed to MALARIA, will expel the poison and protect them from attack.

A PHYSICIAN'S OPINION.

I have been practicing medicine for twenty years, and have never been able to put up a vegetable compound that would, like Simmons Liver Regulator, promptly and effectively move the Liver to action, and at the same time aid (instead of weakening) the digestive and assimilative powers of the system. Surface Indications

What a miner would very properly term "surface indications" of what is beneath, are the Pimples, Sties, Sore Eyes, Boils, and Cutaneous Eruptions with which people are annoyed in spring and early summer. The effete matter accumulated during the winter months, now makes its presence felt, through Nature's endeavors to expel it from the system. While it remains, it is a poison that festers in the blood and may develop into Scrofula. This condition causes derangement of the digestive and assimilatory organs, with a feeling of enervation, languor, and weariness—often lightly spoken of as "only spring fever." These are evidences that Nature is not able, unaided, to throw off the corrupt atoms which weaken the vital forces. To regain health, Nature must be aided by a thorough blood-purifying medicine; and nothing else is so effective as

Ayer's Sarsaparilla,

which is sufficiently powerful to expel from the system even the taint of Hereditary Scrofula.

The medical profession indorse AYER'S SARSAPARILLA, and many attestations of the cures effected by it come from all parts of the world. It is, in the language of the Hon. Francis Jewett, ex-State Senator of Massachusetts and ex-Mayor of Lowell, "the only preparation that does real, lasting good."

QUAKER Is the Best TABLE SAUCE.

Thousands of articles are now manufactured that in former years had to be imported, paying high import duty as it is now being done on Lea & Perrins table sauce; the QUAKER TABLE SAUCE takes its place; it has been pronounced by competent judges just as *good* and *even better*. The QUAKER SAUCE has slowly but surely gained great importance and is replacing the *very best* imported sauce on the shelf of the grocer, the tables of the restaurant and the tables of the rich and poor men, greatly prized and relished by all on account of its piquancy, aroma, taste, strength and pureness. The inventor has by years of study of the secret virtues contained in the aromatic spices of the Indies and China, such as mace, nutmeg, cinnamon, genuine Jamaica ginger, and peppers and buds of trees unknown to most men, and by long practice succeeded to combine their extracts in such a liquid form as we now find it, of agreeable taste, and so invigorating as to be taken in place of stomach bitters. By manufacturing this sauce here, heavy import duties and freights are saved, and it is sold at a lower figure to the dealer, who making a better profit on Quaker Sauce can sell it to the consumer cheaper than he very best imported article hardly equaling ours. If your grocer does not keep it, write us for prices, etc. Sold in bottles or by the gallon.
