AN EXTRAORDINARY PRICE.—It is a notorious fact that whilst flour in the Philadelphia market, ranges from $6,50 to $7,25 per barrel for standard brands, we have to pay $9 per barrel for the same article. This is exhorbitant, and it does seem to us that flour dealers ought not to ask such outrageous prices, when the best white wheat will only bring $1,70 per bushel in the city. A few boat loads from there would prove a profitable investment.

LINN & WILSON.—By reference to our advertising columns, it will be seen that Samuel Linn, and Wm. P. Wilson, Esquires, have entered into partnership in the practice of Law. These gentlemen understand their profession thoroughly, and those who are so unfortunate as to be caught in the clutches of the law, ought by all means give them a call. They have fitted up and furnished their office in a neat and comfortable manner, where they can always be found.

Court commences at this place on Monday next. Quite a number of our political friends and fellow citizens, no doubt, will be in attendance—all of, whom we invite into our Sanctum. We are desirous of cultivating an acquaintance with you all. Give us a call.

CAMP MEETINGS.—The season for Camp Meetings has set in. The first commenced on Thursday last, at Centre Hill, on the farm of Mr. Wagner. Another will commence on Friday next at Mr. Valentine's Forge, near this place.

Mr. BRIDGE left this place on Tuesday last for Boalsburg, where he will remain for a few days. Those residing in that place, and wishing a life like picture, should not fail to give him a call.

RAIL ROAD MEETING.—We are requested to state, that a meeting of the friends of the Lewistown and Bellefonte Rail Road will be held at Potter's Mills, on Saturday, the 29th inst.

The Enigma of our friend J. G. S., is unavoidably deferred until next week.

We are indebted to our friends, Messrs McMeen & Green Telegraph operators at this place, for the result of the Clinton co Convention which assembled on the 18th inst. The following gentlemen were nominated: Assembly, D K Jackman—Sheriff, Thomas Metzer—Commissioner, Isaac Ramage—Treasurer, A J Quiggle.

IRON CITY COMMERCIAL COLLEGE.—One of the most flourishing and attractive schools of learning is the Iron City College. It numbers among its students young gentlemen from various States of the Union, and even from the largest cities, where there are similar institutions—but this one has emphatically overshadowed them all. We boldly assert that there is no city in the Union which has a commercial school, where the branches of a business education are so thoroughly taught, as in the Iron City College of Pittsburgh.

On entering the beautiful and commodious college hall, we were suprised to witness the great number of students in attendance. Every desk in that large room appeared occupied, and the close attention of the students, and the delightful order, were in the harmony with the place.

The energy and consummate skill with which this institution has been managed, despite opposition it has encountered from its predecessors and cotemporaries, reflect the highest honors upon its gentlemanly Principal, F. W. Jenkins, Esq. It has acquired the position, (which it can now maintain with ease,) of being the very foremost and most efficient Commercial College, not only in this city, but in the United States.

Hymeneal.

Married, On the 13th inst., by Rev John Toner, Mr. Robert M'Allister, of Liberty township, and Miss Jane Ellen Kreider, of Chatham's Run, Clinton county.

FARMERS, LOOK TO YOUR INTERESTS!—IMPROVEMENT IN GRAIN PLANTERS—HUNT'S PATENT SEED AND GRAIN PLANTER—MANUFACTURED BY O K BOWERS, OF LANCASTER, PA.—This Machine operates well on all kinds of land, and cannot be injured by rocks, roots, &c. It will plant point rows, and all irregular shaped fields, without any double labor. With two horses, it will plant with ease from 10 to 12 acres per day of Wheat, Rye, Barley or other small grain. It will save from 2 to 3 pecks of seed to the acre, and yield from 15 to 20 per cent, more than the broadcast seeding by distributing the seed uniformly at any desired depth. The objection so common to Drills, of becoming choked, provided the seed is not perfectly cleaned, is entirely removed in this Drill, as white-caps and short straw will not prevent the regular distribution of the seed.
A machine will be kept on hand for the inspection of the public, by the undersigned, who is the only authorized agent for Centre and adjoining counties. Those who wish the article should make known their wish in due season so that they may be ordered, and arrive in time.

On the tract is erected a good dwelling two miners houses, a good barn, carriage house, corn crib and other out-buildings.
Nearly one hundred acres of the above land are cleared, eighty of which are enclosed with a good fence. The tract contains a good young bearing orchard and four good springs of water. The stock and crop will be sold with the property if desired.
This is a very desirable property, and if any one desirous of a beautiful summer residence could not find a better locality.
