THE DEMOCRATIC WATCHMAN.

BELLEFONTE, DECEMBER 30, 1858.

LOCAL AND PERSONAL.

THE NEW YEAR.—The affairs of the old year are about drawing to a close—a few hours more and it will be consigned to the history of the past, bearing with it a record of the important events which have crowded the pages of its annals—a record deeply engraved by the finger of time, and now beyond the reach of amendment or alteration. the deeds of the last "twelve months," whether of good or evil, are entered there, and like the fleeting moments of the year, are beyond improvement.

Whilst we are about to step across the line of this important division of time, how natural it is to cast a lingering look behind us, and gaze upon the receding year, as upon the face of an old and familiar friend, with whom we are loth to part. We stand upon a high place in the journey of life, from which we can take a [illegible] receive view of the path we have [illegible] to enjoy its pleasures and to weep its sorrows. The journey may have been toilsome—affliction may have clouded our path, and friends may have proved deceitful; yet we linger upon the verge of the departing year, reluctant to bid it a final adieu—and if it were possible, very few would be willing to travel it over again, rather than risk the uncertainties of the future. But the past is gone from us forever, and can now be profitably only as a beacon to guide us for the future.

Then let us turn from a contemplation of the past, prepared by its lessons of experience to commence the duties of the new year with renewed energy, persevering industry, and buoyant hope. Now is that time to lay down rules for our future government—to single out the mark at which we aim, and confine our efforts within the channel which leads to its accomplishment. How often we fail of success in our undertakings for want of a proper concentration of effort, by being easily turned aside by difficulties or disappointments, and surrender our plans to the chances and changes of circumstances. To the young, we would say, fear not to set your mark high; judicious and well directed efforts will overcome all obstacles, though they may seem almost insurmountable, and lead you to a sure and happy triumph. We wish our kind patrons, one and all, a happy new year.

THE WEATHER.—The weather has been very changeable for some time, but we do not suppose this intelligence will be of much interest to our readers. At the time of writing the "lads and young lasses" of Bellefonte and its environs, are beginning to entertain glowing anticipations of merry sleighing times, and from present indications the prospect is very favorable for a "good time a coming." Snow has fallen to the depth of about 8 inches, with a cheering prospect that it will continue to snow for some time. Our citizens are all anxiety to engage in trying the speed of their celebrated "racing," and many of them are already out in the midst of the storm to test the peculiarities of good sleighs and comfortable buffalo robes. The *calico* and *dimity* part of the arrangement are costly, but anxiously waiting more favorable circumstances.

MASONIC FESTIVAL.—A supper was given at the Conrad House by Col Butts, the gentlemanly proprietor, on Monday evening last, (St. John's day) to the Masonic fraternity of this place. Our citizens, generally, participated on the occasion, and came away pleased with Jerry and pleased with the supper. Jerry's a clever fellow and a popular landlord.

AMBROTYPES AND DAGUERROTYPES.—

The blushing flowers fade from earth,
Youth's beauties pass away,
But DARNBARR'S pictures over bloom,
To mock at time's decay!

Gifts for the Holidays! Most excellent Holiday presents can be had at the Ambrotype and Daguerrotype Rooms of the Artist building. A [illegible] of the latest fashion and fancy cases have been recently received, and will be sold at very moderate prices.

ANNIVERSARY SUPPER.—We are informed that a supper will be given by Major John H. Morrison, at the Franklin House, on Saturday evening the 8th of January. The supper is designed as an appropriate festival on the battle of New Orleans. We hope our citizens will patronize the Major—the enterprize certainly deserves very liberal encouragement.

FAIR.—The Fair held by the Catholic ladies of this place, commenced on Friday morning last, and continued until Tuesday evening. The best feeling prevailed, and everything passed off pleasantly and agreeably.

NEW YEAR'S ADDRESS.—Our carrier will be on hand, early with his address to the patrons of the Watchman. Have your quarters ready.

PROTRACTED MEETING.—A protracted meeting was commenced in the Methodist Episcopal Church in this place, on Thursday last.

TO DYSPEPTICS.—Soda, Magnesia, and all Alkalies, either afford but temporary relief, or confirm the disease into a chronic affection. The Oxygenated Bitters immediately relieve and permanently cure all forms of Dyspepsia, and stomach difficulties.

REV. JNO. TONNER will preach the funeral sermon of Mrs. Nancy, consort of Dr. E. C. Gorges, on Sunday morning next, in the M. E. Church.

SHERIFF M'COY requests us to state that the sales, not inserted in this week's Watchman, will appear next week.

A SUIT for breach of promise has been concluded at Poughkeepsie, between Miss Sarah C. Doyland William E. Clarke. The damages were laid at $3000, but the jury disagreed. The defendant is a Methodist dominie, and while in charge of a congregation at Esopus, boarded with Sarah's mother and was brought daily into her society.

A NEW RELIGIOUS SECT IN NEW HAMPSHIRE.—A new sect of Perfectionists has sprung up in New Hampshire, where they have held meetings at Concord and Dover. They think of calling themselves "The Orthodox Catholic Church." Altogether, they number about one hundred. They believe in community of goods. Civil law they do not regard. Their laws are Bible laws. They hold that after one has once received the reviving influence of the Holy Spirit, it is impossible for him, not only to fall from grace, but even to be tempted. They believe in the speedy coming of the Saviour. The time is not yet revealed, but soon will be. Three apostles, who are to have charge of their affairs, have been chosen, who are spoken of as very successful second advent preachers in times past.

The Oxygenated Bitters,

For the cure of DYSPEPSIA or INDIGESTION, *Liver Complaint, Asthma, Costiveness, Loss of Appetite, Fever and Ague, Heart Burn, Water Brash, Acidity, Sea Sickness, Scurvey, Nausea, Headache, Languor, and General Debility*, or any disease having its origin in *imperfect Digestion*.

These *Bitters*, in all cases of our fellow citizens including Members of Congress, Lawyers, Physicians, Clergymen, Editors, Farmers, and others, testify are the *only sure certain and sovereign* specific for the immediate relief and permanent cure of the many cruel complaints which in some phase or other of *Dyspepsia* afflict our race.

These *Bitters* were discovered by Dr. GEORGE B. GREEN, and in their formula differ entirely from that of any other preparation of medicine. Containing no alcohol, no mineral, no poison, no noxious drug, in their nature tonic, not stimulating retaining their virtues in any climate, they are a combination indeed of Medicine which known only to extermination disease and restoring the system to a healthy vigor, and health. No matter of how long standing or however inveterate or chronic in its character the disease may be,—no matter that it has baffled the skill of the physician, and resisted the efforts of medicine, a single trial of these Bitters will satisfy the sufferer that his disease is amenable to the proper remedy.

In testimony of the many cures effected by this remedy reference is had to the written certification from distinguished Individuals known all over the land.

AN ORDINANCE

To prevent Stove Pipes from being Extended above Roof of Shops.

WHEREAS REPRESENTATION HAVE been made to the Town Council of the Borough of Bellefonte that in many shops and other buildings in said Borough, in which fire is used, the stove pipes are extended through the roofs without being made sufficiently secure against accidents by fire, and thus also rendering other property liable to destruction. And Whereas, it appears to the said Town Council, necessary and proper, that some remedy should be provided against such accidents for the protection of the property in said Borough—Therefore

SECTION 1st. Be it enacted and enacted by the Town Council of the Borough of Bellefonte in Town Council assembled, and it is hereby ordained and enacted by the authority of the same, That every person or persons who now occupies or shall hereafter occupy any house, shop or other building within the limits of said Borough, the owners thereof, through whose roof a stove pipe or pipes passes, shall be required within ten days after notice given to him or them by the High Constable or one of the Burgesses to build a *brick flue* from the upper floor in such house, shop or other building, to extend at least eighteen inches above the roof. And every person or persons neglecting or refusing to build such flue after notice as aforesaid, shall for every such neglect or refusal forfeit and pay for the use of the Borough a fine of no less than five nor more than fifteen dollars.

Section 2d. That it shall be the duty of the High Constable whenever information be made to him by any citizen or by the direction of the Town Council, or by any of the Burgesses that any stove pipe or pipes is or are extending above the roof of any building contrary to the first section of this Ordinance, to give the occupier or owner of such building notice to build a flue as aforesaid within ten days from such notice or to refrain from using fire in such building, and if such notice be not complied with to notify the Chief Burgess or Assistant Burgess thereof, who shall then impose upon such delinquent a fine as aforesaid and proceed to collect the same for the use of the Borough as debts of a like amount are now by law recoverable.

Dover, N. H., Feb 21 1857.

PROF. O. J. WOOD & CO.—Gents: Within a few days we have received so many orders and calls for Prof. O. J. Wood's Hair Restorative, that to day we were compelled to send to Boston for a quantity, (the 6 dozen you forwarded all being sold), which we might order a quantity from you. *Every bottle we have sold seems to have produced three or four new customers* and the appropriation, and patronage it receives from the most substantial and worthy citizens of our vicinity, fully convince us that it is A MOST VALUABLE PREPARATION.

Send us as soon as may be one gross of $1 size, and one dozen of $2 size, and believe us yours very respectfully,

(Signed) DANIEL LATHORP & Co.

Hickory Grove, St. Charles Co., Mo., November 19 h 1856.

PROF. O. J. WOOD—Dear Sir: Some time last summer we were induced to use some of your Hair Restorative, and its effects were so wonderful we feel it our duty to you and the afflicted, to report it.

Our little son's head for some time had been perfectly covered with sores, and some called it scald head. The hair almost entirely came off in consequence, when a friend seeing his sufferings, advised us to use your Restorative, we did so with little hope of success but, to our surprise, and that of all our friends, a very few applications removed the disease entirely and a new and luxuriant crop of hair soon started out, and we can now say that our boy has as healthy a scalp and as luxuriant a crop of hair as any other child. We can therefore and do hereby recommend your Restorative as a perfect remedy for all diseases of the scalp and hair. We are, yours respectfully,

GEORGE W. HIGGINBOTHAM,
SARAH A. HIGGINBOTHAM.

Gardiner, Maine, June 22 1857.

PROF. O. J. WOOD—Dear Sir: I have used two bottles of Professor Wood's Hair Restorative and can truly say it is the greatest discovery of the age for restoring and changing the hair. Before using it I was a man of seventy. My hair has now attained its original color. You can commend it to the world without the least fear, as my case was one of the worst kind. Yours Respectfully,

DANIEL N. MURPHY.
