MARRIAGE

Happiness and Competence.

WHY IS IT?

THAT we behold many females, scores in the meridian of life, broken in health, the victims of a complication of diseases and ailments, depriving them of the power for the enjoyment of life or an active physical health, buoyancy of spirits, and happy serenity of mind, arising from a condition of health should be predominant.

Many of the CAUSES of her sufferings at first—perhaps years before, during childhood, or the first years of her marriage—were in their origin so slight as to pass unnoticed.

IN AFTER YEARS,

When too late to be benefited by our knowledge, we look back and mourn, and regret the full consequence of our ignorance.

What would we not often give to possess in early life the knowledge, we obtain in after years. And what days and hours of anguish we might have been spared, if the knowledge was timely possessed. It is

MEARCHOLLY AND STARTLING

To behold the sickness and suffering endured by many a wife for many years, from causes simple and controllable easily remedied—or better still—not incurred, if every

WIFE AND MOTHER

Possessed the information contained in a little volume, (within the reach of all) which would cost to her herself

YEARS OF MISERY

And to her husband the constant toil and anxiety of mind, necessarily devolving upon him from sickness of the wife, without giving him the opportunity of acquiring that competence which his exertions are entitled to, and the possession of which would secure the happiness of himself, wife and children.

SECURE THE MEANS OF HAPPINESS

By becoming in time possessed of the knowledge, the want of which has caused the sickness and poverty of thousands. In view of such consequences, no wife or mother is excused if she neglects to avail herself of that knowledge in respect to herself, which would spare her much suffering, be the means of happiness and prosperity to her husband, and confer upon her children that blessing above all price—healthy bodies with healthy minds. That knowledge is contained in a little work entitled—

SURPRISING OR WONDERFUL

HALF A MILLION COPIES

Should have been sold,

It is impracticable to convey fully the various subjects treated of, as they are of a nature strictly intended for the married, or those contemplating marriage, but no female desirous of enjoying health, and that beauty consequent upon it, which is so conducive to her own happiness, and that of her husband, but either has or will obtain it, as one or will have, or that his own happiness and affection of his wife at stake, can hesitate to procure the work.

DURING THE PAST FOUR HUNDRED THOUSAND COPIES have been SENT BY MAIL within the last few months.

CAUTION TO THE PUBLIC.

BE NOT DEFRAUDED.

Buy no book unless Dr. A. M. Mauriceau, 129, Liberty Street, N. Y., is on the title page, and the entry in the Clerk's Office on the back of the title page; and buy only of respectable and honorable dealers, and avoid by mail and address Dr. A. M. Mauriceau, as there are spurious and scrupulous infringements of copyright.

WHEREAS, The Honorable JAMES BURNSIDE, President Judge of the Court of Common Pleas of the Eighth District, composed of the counties of Clearfield, Centre and Clinton, and the Hon. HOYT, Associate Judges in Clearfield county, have issued their precept bearing date the THIRTIETH of September, 1853, to me directed, for the holding of a COURT OF COMMON PLEAS, ORPHANS' COURT, COURT OF QUARTER SESSIONS, AND COURT OF OYER AND TERMINER, AND GENERAL JAIL DELIVERY, at Clearfield, in and for Clearfield county, on the THIRD MONDAY of December next—being the 19th day of the month.

HICKOK'S PATENT IMPROVED CIDER MILL.

IN the present arrangement of this highly approved and valuable Mill, the labor is divided by arranging a cutting cylinder to break the apples, and then deliver them to the lower Cylinder to be reduced to pomace. By this arrangement the work is performed faster and with much less labor. The Press is arranged with a much larger screw than formerly, and by a very ingenious device the use of the bar is dispensed with and the Tub made to open at the same time the Cider is left clear, and the work can be done with much less labor than by the old method. The Cylinders are covered with heavy sheet Zinc, both on their peripheries and ends; the wood in them is arranged so as not to swell, and the whole work on the Mill and Press made in the very best manner, and arranged with especial view to their durability and service.

No Farmer, who uses the Mill carefully and according to directions will be disappointed; but, on the other hand he will find this one of the most valuable and efficient machines on his farm.

The machine is made to run by horse, steam or hand power, and when the horse is employed, a small boy of 14 years of age can press the pomace with ease.

This Mill is warranted superior to any other Portable Mill in existence; and the proprietor is ready at any time (on fair notice being given) to test it with any Portable Mill that is not an infringement on it.

FARMERS, EXAMINE THIS NEWLY IMPROVED MILL, BEFORE YOU BUY ANY OTHER.—One great advantage of this machine over all others is, that it will not choke up, and hard or soft apples can be ground, and yet the Cylinders will always remain clear in grinding order.

All orders will be filled in the order in which they come in, and persons wanting them had better send their order early, and state at what time, and where they want the mill delivered.

This Mill, attended by two men, will, when properly worked according to directions make from six to twelve barrels of cider a day—and will grind alone by horse-power, from 100 to 150 bushels of apples a day.

The price of the Mill and Press is $40, delivered. Recollect this is the newly improved Mill.

Having very many applications for more particular descriptions of the size, &c., of my new CIDER MILL, than is contained in my circular, I would here remark, that the whole Mill weighs but 375 pounds, is 22½ by 6 feet square, and 4 feet high, and can be taken any where on a wheelbarrow without overtaxing. Below will be found a few notices and recommendations of the Mill, many others having been mislaid.

This is to certify that I purchased of A. H. BAUMAN, one of Hickock's Patent Cider Mills and Press, last fall—and can confidently assert that I have ground one hundred barrels of apples per minute by hand. I have also been using cider for the last 25 years, and I made the best cider on this Mill I ever drank.

Centre Line Pa., Aug 25, 1853. WILLIAM HULL.

MR. W. O. HICKOCK:—Dear Sir—I purchased one of your improved cider Mills at the State Fair at Lancaster, Pa., last year. Since then I have tried it faithfully, and must say it surpasses any machine, for the purpose it is intended for, that I have ever seen, and I have examined a good many. Information concerning your Mills, may be addressed to me, and I will answer any inquiry.

Yours, &c., CHAS. M. CLARK,

Springfield Ohio, May 1, 1853.

Address your orders to the undersigned Agent for Clearfield County.

(Letter addressed to care of Mr. Curtis Hatch, Agent at Ravenna, Ohio.

To Dr. MARCHISI:—I have been ten years troubled with Female Complaints—painful part, and all the attending difficulties, at times rendering my life most miserable. I have had the skill of almost all the physicians, with little or no benefit. I was at last induced to try your celebrated Catholicon, and was astonished at the wonderful operation. For five months before I commenced using your Catholicon, I had not been able to walk across the room, or do any labor, could walk but a few steps at a time, and scarcely went out of doors—in short, I was completely prostrated; both body and mind, and expected to drag out the rest of my days suffering and misery. But, reading your advertisement, I was induced to try your celebrated Catholicon, as the last resort. I had not used it a week before I felt the another woman. By the use of three bottles I was enabled to perform all the labor for six in the family with ease, and could walk anywhere about the neighborhood without fatigue. Nothing but a sense of my duty to you and my suffering fellow sufferers, induces me to state my case to the public. I can only recommend the preparation to all those suffering like myself. (Signed)
