Democratic Watchman

TERMS—$2 per year, when paid in advance; $2.50 when not paid in advance, and $3,00 when not paid after the expiration of the year.

ANSWERS TO CORRESPONDENTS.

L. A. P.—*No*; we rather think not, can't you think of something else

BEN.—Andrew Jackson died in 1845, at his residence, called "The Hermitage," in Tennessee.

BERTRA.—*Welcome back, once more.* We had began to think you had forgotten us. We received your little favor. Much obliged.

VIC.—If you could think of any other way, we would advise you to try it. We do not feel competent to suggest anything better than the old plan.

CONNER.—We know of no one peculiarly qualified for that business. Any ordinarily intelligent man, we should think, would be competent to perform such duties.

THINGS ABOUT TOWN AND COUNTY

—Getting worse—the ditch on Alegany street.

THANKSGIVING DAY.—President Johnson has issued a proclamation appointing the first Thursday in December as a day of National Thanksgiving.

THE CATHOLIC CHURCH, in this place, is now undergoing a series of repairs and renovations, that will add greatly to its appearance and comfort.

—Sportsmen of Centre county will bear in mind that, by law, they are allowed to shoot ducks only on Monday, Wednesday and Friday. The ducks are allowed him Sundays in a week.

—There is a set of ex-army chaplains raking out every corner of the country to find "charges." Instead of becoming chaplains, had they joined the ranks they would have found plenty of "charges"—from Confederate infantry and cavalry.

LOCAL NEWS.—Our friends throughout the county will confer a favor by sending in accounts of local occurrences in their different neighborhoods. It is our desire to have the WATCHMAN contain not only a full report of town news, but of the country surrounding.

A CONSTITUTIONAL FACT.—Go to any part of the world, if you meet a gentleman who has been in Bellefonte, the first thing he will say, after entering into conversation, is, "The best lager beer, brandy or whiskey I ever came across was at Jim Dolan's Saloon in Bellefonte." This is true.

THE BELLEFONTE POLICE.—We learn that the police force of the borough was strengthened, on Friday last, by the addition of some four or five new members. As the *members of this valiant organization* are all provided with "billies" now, it is to be presumed they will do their duty in the future.

THE PUBLIC SCHOOLS, of this place, under the superintendence of Mr I T Woods, are now filled to overflowing with pupils. Mr. Woods, as a teacher, is very generally liked, and his efforts to improve the character of the schools, and for the instruction and advancements of the young minds under his charge, are commendable and untiring.

A COLD WINTER COMING.—Farmers and other wise people in the rural districts, predict an early winter, a long one, and a strong one. One of the signs is that birds early took their flight southward and another that the husks of the growing corn was very thick and covered the ears to the very ends, a never failing proof that overcoats and fuel will be in great demand.

BEARS KILLED.—We are informed that Mr. Abraham Miller of Pleasant Gap, shot a bear in that neighborhood, between the residences of Mr. Samuel Potter and Mr. David Furey, on last monday week. The bear weighed 150 pounds. It is a long time since anything in the venison line, on legs has been seen in that locality. We presume Mr. Miller feels quite proud of his achievement.

THE NEW TEN CENT NOTES.—The new ten cent fractional currency is circulating. The pieces are a little larger than the old tens, and shorter than the twenty five cent slips. Upon the face is a medallion head of Washington, with a factory, chimney and a ship's rigging on either side; and a figure 10, in gilt, in four places; the back is of a red color, and the figure 10 in large gilt. They are printed on bank note paper, and promise to be more durable than the present currency.

COAL OIL IN MILESBURG.—We learn that on Saturday last the company now boring for petroleum in Milesburg, struck oil at a depth of 165 feet. If this be true, and the yield be any thing worth while, it will create an excitement in Centre county such as has never been witnessed here before on any subject, and derricks will spring up like mushrooms round a toad pond. We hope the expectations of a fine yield of oil may not be disappointed.

RECORD YOUR DEEDS.—We have no doubt that many persons in this county are holding unrecorded deeds which it would be well for them to have recorded, as directed by the provisions of an act of assembly which requires that—

All deeds and conveyances for real estate in this Commonwealth, shall be recorded in the office for recording of Deeds in the county where the lands lie, *within six months* after the execution of such deeds and conveyance; and every such deed and conveyance not recorded as aforesaid shall be judged fraudulent and void against any subsequent purchaser for a valuable consideration, unless such deeds be recorded before the recording of the deed of conveyance under which such subsequent purchaser or mortgager shall claim.

This is a very important notice, and those holding unrecorded deeds will see the importance of having them recorded without further delay.

ARRESTED.—Several parties were arrested on Friday morning last for attempting to make a forcible entrance into the "Piney" house, in this place on the night previous. It seems that in the melee one of the Misses Baney was knocked down and Mr. Henry Baney was somewhat injured. What the provocation was, or whether any had been given, we do not know. An attempt was made to resist the officers sent to arrest the guilty parties, and constable Stone was obliged to call a "posse" to his assistance. The parties were finally committed to jail, but were released on bail the next day.

MILLINERY.—By reference to our advertising columns it will be seen that Miss Dare has opened a new millinery store in Blanchard's building, on Allegany street, near Green's drug store, where she is prepared to supply all demands in her line. She has a beautiful assortment of ladies goods, and as she has a first class milliner to do her work, she feels safe in saying that she can not be excelled in her line of business. The attention of the ladies and the community in general, is invited to her advertisement, and by calling at her store we think everybody will be satisfied with the attractions, both useful and ornamental, that are presented.

MAGNIFICENT STOCK OF CURTAIN GOODS.—In another part of the paper, the reader will find the adv. of Mr. I. E. Walraven, No. 719 Chestnut St., Philad'a., which we deem especially worthy the attention of our patrons. Mr. Walraven's marked enterprise in this department has secured for his establishment an immense business, and from the extent and elegance of the stock which he now offers to his patrons (we speak from observation) his trade this season will scarcely be surpassed by any other similar house in the Union. Of course, no one of taste intending to purchase goods of this class will do so without examining this splendid stock.

"STOLEN POETRY."—It seems that a little poetical production, entitled "An Inquiry," which appeared in the *Central Press*, of this place, two weeks ago, and to which a couple of answers have been published through the columns of the same paper, was *stolen* from the Lewisburg *True Democrat*, the name of Mifflin county being changed to Centre, in order to make it suit this locality. It was palmed off on the public as the original production of some of the *Press's* writers. The paper from which it was stolen, however, is not disposed to submit to such wholesale plunder, and twits our *Press* friends with their disposition to appropriate other people's brains. O! George and Boyd, when *will* you learn to be honest?

THE LUNGS.—The cold and changeable weather tells terribly on those who have weak and diseased lungs. Many are suffering at this time with affections of the throat and lungs. Bronchitis is becoming a very common affliction. Those who are predisposed to Colds, Coughs, Bronchitis, &c, should avoid the night air. There are many preparations recommended for these diseases, but there is not a doubt but that Dr. Strickland's Melafluous Cough Balsam is the best remedy. We have known it to effect cures in the worst cases of Coughs, Colds Bronchitis, Asthma, and primary cases of Consumption.

DIARRHŒA AND DYSENTERY.—A sure remedy for the worst cases of acute or chronic Diarrhœa and Dysentery is Dr Strickland's Anti-Cholera Mixture—thousands have been cured by it—our Government uses it in the hospitals. It has cured many of our soldiers after all other means have failed. In fact we have enough proof of the efficacy of this valuable preparation to satisfy the most incredulous, stimulate and commissionate to advise every one of our readers to get a bottle and have it in readiness, and to those who suffer to try it directly. Sold by Druggists everywhere. Ask for Dr. Strickland's Anti-Cholera Mixture. 20—1y

MARRIED.

On the 1st instant, at Roopsburg, by A. B. Rishel, esq., Mr. Samuel Lyons, of Spring township, to Miss Mary M. Lucas, of Howard borough in this county.

DIED.

In Bald Eagle township, Clinton county, on the 26th ultimo, James W. Lucas, formerly of this county, in his 28th year.

The deceased leaves a family and many relatives and warm friends to mourn his untimely death. Cut down in the very prime of life, his death is a warning to those who count upon their youth and physical strength for length of days. But while his time upon earth has thus been cut suddenly short, we have every reason to hope that the mourning of his existence here has but opened into the effulgent day of eternity. He was for years a consistent follower of the Savior, and while those whom he has left behind, cannot but weep his departure, they mourn only their own loss, for they have every assurance that to him the grave is but "the gate of heaven."

RHEUMATISM AND NEURALGIA.—Numerous remedies for these complaints have been brought before the public, and used with varying success, as they generally contain some curative qualities. But unfortunately for the afflicted, they are of little efficiency. For often they only modify diseases, and do little towards perfecting a radical cure. But the Great Internal Remedy, Johnson's R. Compound, effectually banishes the disease from the system. It is beyond a doubt the surest and most speedy remedy for Rheumatism, Neuralgia, Gout, &c. ever used. It has gained the patronage and favor of persons of every rank, and the demand is steadily increasing. It is a priceless remedy to those afflicted. Sold by Druggists everywhere. June 23, 1865.—1y.

PHYSICIANS, PLEASE NOTICE.

We make no secret of the ingredients. HELMBOLD'S FLUID EXTRACT BUCHU is composed of Buchu, Cubebs and Juniper Berries, selected with great care, and prepared in vacuo by H. T. HELMBOLD, Druggist and Chemist, of sixteen years' experience in the city of Philadelphia, and which is now prescribed by the most eminent physicians, has been admitted to use in the United States Army, and is also in very general use in State Hospitals and public Sanitary Institutions throughout the land.

BUCHU!

(From Dispensatory of the United States.)

DIOSMA CRENATA. BUCHU LEAVES.

Properties.—Their odor is strong, diffusive, and somewhat aromatic; their tastes bitterish, and analogous to mint.

Medical Properties and Uses.—Buchu leaves are gently stimulant, with a peculiar tendency to the *Urinary Organs*, producing diuresis, and like other similar medicines, exciting diaphoresis, when circumstances favor this mode of action.

They are given in complaints of the Urinary Organs, such as Gravel, Chronic Catarrh of the Bladder, Morbid Irritation of the Bladder and Urethra, Disease of the Prostrate, and Retention or Incontinence of Urine, from a loss of tone in the parts concerned in its evacuation. The remedy has also been recommended in Dyspepsia, Chronic Rheumatism, Cutaneous Affections, and Dropsy.

Helmbold's Extract Buchu is used by persons from the ages of 18 to 25, and from 35 to 55, or in the decline or change of life; after Confinement or Labor Pains; Bed-wetting in children.

Dr. Keyser is a Physician of over thirty years' experience, and a graduate of the Jefferson Medical College and of the University of Medicine and Surgery of Philadelphia.

MR. H. T. HELMBOLD:

Dear Sir.—In regard to the question asked me as to my opinion about *Buchu*, I would say, that I have used and sold the article in various forms for the past thirty years. I do not think there is any form or preparation of it I have not used or known to be used, in the various diseases where such medicate agent would be indicated. You are aware, as well as myself, that it has been extensively employed in the various diseases of the bladder and kidneys, and the reputation it has acquired in my judgement is warranted by the facts.

I have seen and used, as before stated, every form of *Buchu*—the powdered leaves, the simple decoction, tincture, fluid extracts,—and I am not cognisant of any preparation of that plant at all equal to yours. Twelve years' experience ought, I think, to give me the right to judge of its merits, and without prejudice or partiality, I give yours precedence over all others. I do not value a thing according to its bulk, if I did, other *Buchus* would out-do yours, but I hold to the doctrine that bulk and quantity do not make up value. If they did, a copper cent would be worth more than a gold dollar.

I value your Buchu for its effect on patients. I have cured with it, and have seen cured with it, more diseases of the bladder and kidneys than I have ever seen cured with any other Buchu, or any other proprietory compound of whatever name.

Respectfully, yours, &c.,

GEO. H. KEYSER, M. D.,
