Every month it will contain numerous pictorial illustrations, separate plates of the Fashions, a copious Chronicle of Current Events, and impartial notices of the books of the month. The volume commences with the numbers of *June and December*, but subscriptions may commence with any number.

Twelve volumes are now ready, bound in cloth, also in half calf.

They will also supply Periodicals to two persons at five dollars a year. Numbers to the commencement can now be supplied. Also the bound volumes, as above.
The Magazine weighs over seven and not over eight ounces. The postage upon each number, which must be paid quarterly in advance at the office where the Magazine is received, is only three cents.

A CALL TO ALL FARMERS!
FARMERS, DROP YOUR TOOLS—PAUSE A LITTLE—READ THIS AND REFLECT!!—THE "FARMERS PROMOTION BOOK—A NEW AND SCIENTIFIC MANURING SYSTEM, for the cultivation and increase of all kinds of grain, grasses, fodder and pasture, upon all kinds of soil,—proved by actual experiments and based upon evident truths, designed to improve agriculture in all its branches, represented by upwards of one hundred and fifty engravings of the most valuable grasses and plants connected with the system, by DR. C. G. REINHOLD, of Bloomsburg, Centre county, Penna.
In this treatise it will be seen that the object has been to give the farmer that kind of information which enables him to make practical application to fertilize his land and increase his grain, fodder and pasturage. The doctrines as taught by this manuring, and fodder, and pasture cultivation system are rational, clear and evident, and suggest an improvement in the mode of agriculture hitherto unknown to our farmers, and which, if adopted and carefully practiced, cannot fail to advance the interests of the farming community. Such a work has been much wanted, as it fills a void, which has long been felt, but which there has hitherto been no attempt to supply. And as farmers of Centre and Huntingdon county we recommend the work to every farmer, as we fully believe that they will reap the greatest possible benefit from it.

MECCA AND MOHAMMED.
G. P. PUTNAM & CO
Published, Thursday, September 25, Burton's Pilgrimage to Mecca and the tomb of the Prophet, with introduction by Bayard Taylor 1 vol. 12 mo., with illustrations. $1.50.
The history of this curious boy is as follows:
Burton an officer in the East India Company, having, by a long residence in Upper India, acquired a perfect knowledge of the Oriental languages and customs, projected a visit under the auspices of the Royal Geographical Society, to the holy city of Mecca and the tomb of the Prophet, at Medina, places rarely if ever before visited by any Englishman. This he successfully accomplished in 1853-4, disguised as a Mohammedan Dervish. The history of the pilgrimage is not surpassed in interest and originality by any book of travel ever published—embracing his residence at Cairo as a Mohammedan Student; the journey across the desert with the great annual caravan of Pilgrims; the visit to the tomb of Mohammed; the discovery that the Sacred Black Stone is an aerolite; the annual sermon preached at Mecca to an estimated audience of 150,000 Pilgrims gathered from all parts of the Moslem world; his narrow escape from detection, and the only accurate account of the ceremonies of the Mussulman faith.
To the religious community this work furnishes information never before made public, respecting the ceremonial laws of a large proportion of the Eastern World; while for general interest, Burton's narrative will compare favorably with either Eothen or Crescent and the Cross

SAINT LAWRENCE HOTEL,
CHESTNUT STREET, PHILADA
This new Hotel is located in Chestnut street, between Tenth and Eleventh, running back to George street, an entire square, with ample room and accommodations for 250 persons.
This Hotel has much to render it attractive to the Traveller, Sojourner and Citizen, being directly opposite the Academy of Fine Arts, Parkinson's Gardens and Saloons, and in one of the most pleasant and fashionable places on Chestnut Street; also, in the immediate neighborhood of the Theatres, and other places of amusement.
The Rooms are large, airy, and well ventilated—many of them have communicating doors suitable for Families and Parties travelling together. The Furniture is entirely new, and of the most improved style, embracing all the late modern Hotel improvements
Its close proximity to the different Railroads diverging from the city, being only one square distant from the great Pennsylvania Railroad Depot, and its central and pleasant locations, renders it as desirable for the Merchant, as the Traveller for pleasure. Coaches will always be in readiness to convey passengers to and from the Hotel.
The proprietor would also beg leave to give notice, that he will be assisted in the management of this New Establishment, by Mrs M. L. Neafie, the late popular Proprietress of the Yellow Springs, Penn., who will have the whole and entire charge of the Ladies' Department, and by Mr George W. Mullen, late Superintendent of the St. Charles Hotel Pittsburg, Penna.
Under this arrangement, the Proprietor flatters himself that he will be able to provide for every want, and establish the character and reputation of the House as strictly a first class hotel.

ENCOURAGE HOME INDUSTRY.—
The undersigned would respectfully *intimate* to the Farmers of Centre county, that they have purchased the right of
DIETZ & DUNHAM'S
CAM POWER REAPER AND MOWER,
and are now engaged in their manufacture, and are prepared to furnish an article which will not get the back-ache. From those who have used the machine we can produce abundant evidence as to its superiority over any other machine now built, for the following reasons:
1st On account of its simplicity of construction, and the fact that the sickle is worked direct from the driving wheel, with a simple lever instead of a multiplication of cog wheels, journals, cranks, &c. which makes it work lighter for the team.
2d. It is more compact, and is therefore easie handled.
3d It is perfect adaptation to uneven grounds without hanging on the horses' necks; the tongue being limber and turning on easier wheels, which makes it turn easy.
4th. The perfect manner in which it does its work, in both grain and grass; the reaping apparatus being so arranged as to put the raker in a convenient position to deliver the sheaves at the side of the machine, and for mowing it has the reaping apparatus all off so as to enable it to cut tangled clover.
This machine is warranted to cut all kinds of grain and grass, as well, if not better, than can be done with scythe or cradle, and all its parts warranted perfect.
TERMS—For Mower and Reaper combined, $130; $30 to be paid for the delivery of machine, or as soon as it is put up and in operation; $50 on the 1st of October, and $50 on the 1st of January, 1857.
For Single Mower $100, $20 on receipt of machine; $35 on the 1st October, and $40 on the 1st of January, 1857.
With each machine there will be furnished an extra knife, one knife section, three guards, wrench, oilcan and neck-yoke.
As only a limited number can be built this season, those who are in want of the article will do well to send in their orders soon Address,
