The Democr atic Watchman

BELLEFONTE, PA.

FRIDAY MORNING, FEB. 14, 1868.

[For the WATCHMAN]

Common Schools.

2nd MONTH'S REPORT:

It is a source of pleasure to be able to report a higher per centage of attendance during the 2d month of the term, than was reported for the first month.

The highest rate of attendance for the first month, as reported, was 87, in the Milesburg 2d grade; whilst the Cross-Road school, in Gregg,—Oak Grove, in Ferguson—Bitner's, in Liberty — and the Jacksonville Primary, had each 86 per centage.

This month, it will be seen, the attendance is better.

Much credit is due the teachers and pupils of those schools showing a good attendance, since it shows that they are interested and in earnest.

As an incentive to pupils, the Superintendent promises to make mention, in his annual report, of the schools having the highest term attendance.

The reports, as received, show an improvement in classification, especially in those districts visited by the Co. Superintendent — though there is still a great want here. Young ladies and young men are frequently found attending school, pursuing no other studies than merely Reading and Writing—forgetting that they are thus wasting much of their time, and not receiving the benefit they should.

The classification of the schools will probably appear in the next report.

	No. of pupils in attendance during month.	Percentage of attendance during month.		No. of pupils in attendance during month.	Percentage of attendance during month.
