THE UNDERSIGNED WILL COMMence the publication of an Independent National Democratic paper, in the city of Washington, to be called

"THE STATES."

It will represent the sound democratic national principles which have ever been upheld by the National Democracy, but it will not be so entirely political in its miscellaneous selections, as to be exclusively devoted to any party, as to betray principle at the command of power, or disguise its convictions at the suggestion of expediency.

In addition to the discussion of party and political questions, there will be devoted to the purpose, full and fair views of the current transactions of the Government, to general news and matters of interest, to agriculture, literature, mechanics and commerce.

TERMS—Daily $8 per annum, 2 copies of Daily $7, the Tri-Weekly, including all the reading matter which appears in the Daily, $5 per annum, and 2 copies for $9 per annum.

The weekly STATES, the cheapest paper in the South, will be issued in a large double sheet form, and printed on superior paper, with handsome bold type, at the following rates, per year:

Two copies	3 00
Five copies	7 00
For copies to one address and any larger number, at the rate of $1 40	10 00
For copies to the address of each subscriber, and any larger number, at $1 20 each	12 00

Any postmaster, clerk, or other person, who may send five subscribers with $7, can be entitled to receive an extra copy.

☞ Payment in advance is required in every instance, or no papers will be forwarded until the receipt of the money.

The Weekly will contain all the important matter published during the week in the Daily.

The undersigned was one of the original proprietors of the *Washington Union*, and his long newspaper experience, before and since the establishment of that paper, justifies him in promising the public a paper well worthy of their patronage. The STATES will not be the organ of any clique or faction, and with no partial purpose to serve, the paper will address itself to the honest judgment of the people, and for support will rely upon their appreciation.

THE GLOBE:

THE OFFICIAL PAPER OF CONGRESS.

I PUBLISH now my annual Prospectus of THE DAILY GLOBE, and THE CONGRESSIONAL GLOBE AND APPENDIX, to remind subscribers, and inform those who may desire to subscribe, that Congress will meet on the first Monday of next December, when I shall recommence publishing the above named papers. They have been published so long, that most public men know their character, and therefore I deem it needless to give a minute account of the kind of matter they will contain.

The Daily Globe will contain a report of the Debates in both branches of Congress as taken down by reporters equal, at least, to any corps of short-hand writers in this, or in any other country. A majority of them will, each, be able to report, *verbatim*, ten thousand words an hour, while the average number of words spoken by fluent speakers rarely exceeds seven thousand five hundred words an hour. When the debates of a day do not make more than forty columns, they shall appear in the Daily Globe of the next morning, which will contain also the news of the day, together with such editorial articles as may be suggested by passing events.

It is also my intention, from time to time, as occasion may require, to publish my reminiscences of the public men with whom I have been associated during the last twenty-eight years. A record of General Jackson and the leaders of the party, which he conducted, and the leading men of other parties, will, I believe, be interesting now when partisan bitterness has abated.

In becoming the reporter of the debates of Congress I deemed it proper to say that the Globe would never be a partisan paper. This pledge will not be forfeited by introducing as a contribution to history the political traits of character which distinguished the public men of my time. Although I am, and intend to remain, a thorough Democrat, I will never, of my time, in a page to be read by men obnoxious to any party. But in regard to persons and events which go to make up history, I hope to make the Globe an honest memoir, and with that view I am resolved to speak independently of all parties.

The Congressional Globe and Appendix will contain a report of all the Debates in Congress received by the speakers, the Messages of the Presidents of the United States, the Annual Reports of the heads of the Executive Departments, the laws passed during the session, and Congress indexes to all. They will be put up in double royal sheet in book form, royal quarto size, each number containing sixteen pages. The whole will make, it is believed, between 3,800 and 3,900 pages, as the long sessions for many years have ranged between two numbers and the next session will be what is called a long one. This I believe is the cheapest work ever sold in any country, whether a reprint or a private from a manuscript, taking for *data* the average number of words of the long session since the year 1848. The average number of pages is 1876, and the average number of words of a long session is 9,290,772. As I have sold to subscribers that number of words for *six dollars*, it follows that they have paid *less than six and one half cents for every* 100,000 *words I have furnished them*, while I have paid my reporters $6 29 for every 2,167 words, of this work, *in manuscript*. Has any other bookseller, anywhere, ever sold a book in the first instance, while it was new, at so low a rate? I believe not, and as strange as it may seem, I hereby agree to give to any person who shall prove the contrary, a complete set of the Globes running back to the year 1838, making forty three quarto volumes, which sell for $5 a volume. An act of Congress authorizes these papers to go by mail free of postage. The next session will be without doubt an unusually interesting one, as it will be the first under a new Administration, and several complex questions must be discussed in it, for example, the currency, Kansas, revenue and other questions. The Globe will be as heretofore the only source from which full debates can be obtained.

TERMS

For a copy of the Daily Globe one year	$10 00
For a copy of the Daily Globe six months	5 00
For a copy of the Daily Globe during the session	5 00
For a copy of the Congressional Globe and Appendix and the laws passed during the session	6 50

Bank notes current in the section of the country where a subscriber resides, will be received at par. The whole or any part of a subscription may be remitted in postage stamps which is preferable to any currency except gold or silver.

A paper will not be sent unless the money accompanies the order for it.

I cannot afford to exchange with all the newspapers that desire the Globe, but I will send the Daily Globe during the session to all who shall publish it in their papers three times for the first Monday of next December. Those who may publish should send their papers containing it to me marked with a pen to direct attention.

FARMERS, LOOK TO YOUR INTERESTS! IMPROVEMENT IN GRAIN PLANTERS! HUNTS PATENT SEED AND GRAIN PLANTER! MANUFACTURED BY G. K. BOWERS, OF LANCASTER, PA. This Machine operates well on all kinds of land, and can not be injured by rocks, roots, &c. It will plant point rows, and all regular lapped fields without any double labor. With two horses it will plant with ease from 10 to 12 acres per day of Wheat, Rye, Barley or other small grain. It will sow from 2 to 3 pecks of seed to the acre, and yield from 15 to 20 per cent more than the broadcast seeding, by distributing the seed uniformly at any desired depth. The objection so common to Drills of becoming choked, provided the seed is not perfectly cleaned is entirely removed in this Drill, as white-caps and short straw will not prevent the regular distribution of the seed.

A machine will be kept on hand for the inspection of the public by the undersigned, who is the only authorized agent for Centre and adjoining counties. Those wishing the agencies should make known their wish in due season, so that they may be ordered and arrive in time.

It acts slowly and gently, but surely, moving the bowels to carry off all the secreted matter, at the same time, stimulating the Liver to a proper performance of its functions.

The Invigorator cures Sick Headache. Take one or two teaspoonsful at each attack and it will soon disappear. For an overloaded stomach, or when food rises or sours, take the Invigorator after eating, and it will not prove disagreeable or oppressive. For Heartburn, Palpitation, or Difficult Breathing, take a teaspoonful once or twice daily. For Loss of Appetite, Languor or Listlessness, the medicine is invaluable. It will restore the appetite and make the food digest well. Nightmare, Cure teaspoonful on retiring, and the demons of dream-land will be all fairies. After eating a hearty dinner, take a dose of Invigorator and it will relieve all oppression of fullness. The Invigorator is a Liver Remedy of unequaled virtue, acting directly on that organ, curing Dyspepsia, Jaundice, Billious Attacks, Dysentery, Piles, Worms, and all Female Obstructions, for which it has no equal.

We know there is nothing now before the American public, prepared with such skill by a scientific man, particularly for diseases of the Liver, as Dr. Sanford's Invigorator, or Liver Remedy. It has attained a reputation second to no other article in the world, simply because it rests on its own merit. To convince all by trial that it is all we profess, we claim it to be, it any of our readers are suffering from such diseases as are described in Dr. Sanford's advertisement, we know of no remedy that will so surely cure them as the Invigorator.

There has lately been brought to our notice a medicine that is curing more or wonderful, cognitive and healing properties in diseases of the Liver, Stomach and Digestive Organs. It came to us with so many testimonials in its favor that we have tested its effects in some of the worst cases of continual debility caused by deranged liver, and in every instance the effect was to relieve or give a permanent cure. Dr. Sanford's Invigorator, or Liver Remedy is what we refer to. We always have been credulous about cures by patent medicines, but we are convinced that this medicine for many ills is not overrated by the host of commendations it has. Our advice is, for all troubled with Indigestion, Debility or Bowel Complaint, to get a bottle and try it, or word for it, relief will be experienced.

BLESSINGS TO THE INVALID who use Dr. Sanford's Invigorator for it will relieve them of their pains as soon as it is taken into their stomach. Pain and misery cannot exist where the Invigorator is used, for it will as surely drive them away as day light will banish darkness, so that there can be no doubt to those who try it, but it cures constipation with every dose taken. Another Evidence is the thousands of certificates from those who use it or have been cured by it. Try one bottle, if it does not benefit, then we are mistaken.

PROF. WOOD'S HAIR RESTORATIVE

IT HAS WORKED MIRACLES!

THAT ALL THE BALD AND GREY CAN be restored perfectly to original growth, and color so far as their locks are concerned does not admit of doubt; besides, it will cure every possible disease of the scalp, whether developed as dandruff, itching or in the shape of cutaneous eruption—even scald head—and in no possible case will it fail of curing as if by magic, nervous or periodical headache, and if used twice a week by the young, regularly, it will preserve the color, and keep the hair from falling, to any imaginable age. Read and judge.

Milford, Worcester Co., Mass., Nov. 1855

PROF. O. J. WOOD—Dear Sir; I take pleasure in bearing voluntary testimony to the magic effects of your wonderful Hair Restorative. As far back as 1836 my hair commenced falling off, until the top of my scalp became bald and smooth as glass, and it has continued to fall for a great many years, notwithstanding I have tried many celebrated preparations for restoration. Seeing your advertisement I was induced to give your article a trial, and to my utter astonishment found after a few applications that my hair became firmly set, and assumed a glossy and beautiful appearance, and by the time I had used a quart bottle, my bald head was covered over with a young and vigorous growth of hair which is now from one to two inches in length, and growing fast. Yours, truly

HENRY GOODRICH

CHARLESTOWN, Mass., Aug. 9, 1855.

Gents—Nothing but a duty and sympathy that I feel to communicate to others that are afflicted as I have been, would induce me to give this public acknowledgement of the benefit I have received from Prof. Wood's Hair Restorative. When I first commenced using it, my hair was quite grey and in spots entirely bald. I have now used the Restorative about five months, and my hair is entirely changed to its original color, brown, and the new hair is over three inches in length on the spots where it was bald. I have also been much gratified at the healthy nourishment and vigor of the hair, which before was dry, and it has ceased to come out as formerly. Respectfully yours, &c.,

Mrs. R. A. STODDARD.
