SCOTCH ARGUMENT FOR MARRIAGE.

[The following gem will touch the right place in every loving heart. Read it and put it away in your casket of pearls:]

Jenny is poor, and I am poor,
Yet we will wed—so say no more;
And should the bairnies to us come,
(As few that wed but do have some)
No doubt but Heaven will stand our friend,
And bread as well as children send.
So fares the hen in farmer's yard,
To live alone she finds it hard;
I've known her weary every claw
In search of corn among the straw,
But when, in quest of nicer food,
She clucks among her chirping brood,
With joy we see the self-same hen
That scratched for one could scratch for ten!
These are the thoughts that make me willing
To take my girl without a shilling;
And for the self-same cause, you see,
Jenny resolved to marry me.

Those who can read the following puzzle mathematically and grammatically, as it should be read, will have to "brush up their wits" before commencing. "If you don't at first succeed, try, try again," &c.

MR. FIVE-QUARTER-WOOD—*Sir:* Your who, which and that come to see me the other day, when the most extraordinary word connecting sentences of curious circumstances took place. But I must recount the facts in order that you may see the position without magnitude of my story. They had brought with them a beautiful twenty-one shilling hen, intended as a gift for a neighbor. During the night, it escaped into the public twelve ounces, where had been left some poisoned thirds of an inch with which to kill rats, at which it immediately began to eight quarts away as fast as it could. As a matter of course, it was alarm put to its existence. They were much made no then they found it gone, and even guished and exiled trains to hint that a distin... a half yards, who was staying at my house, ... about it. Of course, I was shocked at so twelve ... an insult to my friend. It incensed me to the three hundred and sixtieth part of a circle, that I felt that it would not be too forty rods under the circumstances to order them to leave my house. Why, they might as well have accused *me* of being in three miles with a rogue! Happily, however, the keeper of the twenty shillings, who is a leader of the twenty-four sheets of this village, found the body, brought it to my house, and explained the whole matter. Your who, which and that apologized to me, and the five and a half yards; we smoked two hogsheads of tobacco a piece, and happiness was once more restored. I am very well, with the exception of four roods in my lower jaw. Business is good; the tenth of a cent here is running again, and every four inches is now employed.

Yours truly,
JAMES THREE-BARLEY-CORNS-WITHOUT-HAIR.

Whispering John.

In what is known as the "upper end" of the county, there is a man who has the ironical soubriquet of "Whispering John R——." This title he has gained from the fact that he always talks (even in conversation) as if he were a major-general on parade, or, to use a more common expression, "like he was raised in a mill."

This gentleman mounted his horse one of the coldest mornings last week before daylight, for the purpose of riding down to M——, in time to take the morning train of cars to N——. He rode up to the hotel just as the boarders and travelers had done their breakfast.

He dismounted, and walking into the bar-room, spoke to the landlord in his usual thundering tone: "Good morning, Mr. L——, how do you do this morning?"

"Very well, Mr. R——, how do you do?"

"Oh! I am well, but I'm so cold I can hardly talk."

Just then, a nervous traveler who was present, ran up to the landlord, and catching him by the coat said: "Mr. L——, have my horse brought as soon as possible!"

"What is the matter, my dear sir? has anything happened?"

"Nothing upon earth, only *I want to get away from here before that man thaws.*"

Walking down College street last Sunday evening, "the subscriber" came up with two negro boys, aged respectively ten and fifteen years. The younger carried an apple in his hand, and the elder was using all his eloquence to obtain "jes one bite" of it. "Well," said the young one, finally, "I'll give you jes one bite, but don't you take no more'n jes one bite." The larger one took the apple, opened a mouth that would have been creditable to a hundred and fifty pound catfish, and brought it down on the fruit, leaving a very small share on the outside. "Oh! Sim!" said the little one, looking up at the operation with astonishment, "you take the apple and leave me the bite!"—*Nashville Patriot.*

The editor of the Mobile *Register* tries his spite on Yankee Doodle, calling it a "musical abomination," and says it has never been heard by him, since a boy, without indignation. He says: "It was ever a cold bath to every throb of patriotic emotion, ever made our flesh creep, and our soul sink into the bottom of our boots—not on account of its name, but because it is a mean, sneaking, belittling, contemptible tune. If we were on the eve of battle, and were at all doubtful whether to stand or fly, we believe the sound of that abominable strain would decide the question, and we would take to our heels." Of course, such a man would run. It always had that effect on such people.

A smart friend of ours in this city, (says one of the Newark, N. J. papers) on waking the day after Election, requested his wife to look out of the window and tell him how the Election had gone. "How shall I know?" said the lady. "Watch the countenances of the passers-by in the street," said our Republican orator, "and if the Democrats wear long faces, our side has won, and *vice versa.*" The lady, after looking out of the window a few moments, drily said to her husband, "I don't see anybody passing by but a big nigger. He's whistling—I guess Lincoln's in."

S. to the above WINES and LIQUORS, imported by UDOLPHO WOLFE of New York, whose name is familiar in every part of this country for the purity of his celebrated SCHIEDAM SCHNAPPS. Mr. Wolfe, in his letter to me, speaking of the purity of his Wines and Liquors, says:

"I will stake my reputation as a man, my standing as a merchant of over thirty years' residence in the City of New York, that all the Brandy and Wines which I bottle are pure as imported, and of the best quality, and can be relied upon by every purchaser."

Every bottle has the Proprietor's name on the wax and a fac-simile of his signature on the certificate. The public are respectfully invited to call and examine for themselves. For sale at RETAIL by all Apothecaries and Grocers in Philadelphia.

[Read the following from the N. Y. *Courier*:]

ENORMOUS BUSINESS FOR ONE NEW YORK MERCHANT.—We are happy to inform our fellow-citizens that there is one place in our city where the physician, apothecary, and country merchant, can go and purchase pure Wines and Liquors, as pure as imported, and of the best quality. We do not intend to give an elaborate description of this merchant's extensive business, although it will well repay any stranger or citizen to visit UDOLPHO WOLFE'S extensive warehouses, Nos. 18, 20 and 22, Beaver st., and 17, 19 and 21, Marketfield St. His stock of Schnapps on hand ready for shipment could not have been less than 30,000 cases; the Brandy, some 10,000 cases—Vintages of 1836 to 1856; and 10,000 cases of Madeira, Sherry and Port Wine, Scotch and Irish Whisky, Jamaica and St. Croix Rum, some very old and equal to any in this country. He had also three large cellars filled with Brandy, Wine, &c., in casks, under Custom House key, ready for bottling. Mr. Wolfe's sales of Schnapps last year amounted to 180,000 dozen, and we hope in less than two years he may be equally successful with his Brandies and Wines.

His business merits the patronage of every lover of his species. Private families who wish pure Wines and Liquors for medical use, should send their orders direct to Mr. Wolfe, until every Apothecary in the land make up their minds to discard the poisonous stuff from their shelves, and replace it with Wolfe's pure Wines and Liquors.

We understand Mr. Wolfe, for the accommodation of small dealers in the country, puts up assorted cases of Wines and Liquors. Such a man, and such a merchant, should be sustained against his tens of thousands of opponents in the United States, who sell nothing but imitations, ruinous alike to human health and happiness.

DR. O. PHELPS BROWN'S ACACIAN BALSAM FOR THE PERMANENT CURE OF CONSUMPTION, BRONCHITIS, ASTHMA, COUGHS, COLDS, GENERAL DEBILITY, &C.

This remedy is offered as affording a means of speedy cure for the large number that die annually in our land of that fell scourge Consumption, to which, unfortunately, so many predisposing causes exist. Youth and age are alike subject to its ravages.

EVERY PERSON

can name one or more of his acquaintances who is subject to some form of lung or throat complaint, which, if not attended to in season, inevitably consigns the sufferer to a premature grave. To such, help is at hand if they will but avail themselves of it, and hope—the harbinger of brighter days—may be awakened without fear of chilling disappointment. Dr. O. PHELPS BROWN'S ACACIAN BALSAM does just what is claimed for it, and may be relied upon by the sick as being the most successful in curing lung and throat disorders, of any remedy known at the present day. The many phases assumed by Consumption justifies the apprehension of those who have reason to fear its approach, either from constitutional or hereditary tendency.

While the discoverer of this remedy does not believe that people should be constantly dosing themselves with medicines

TO PREVENT SICKNESS,

there are many cases where disease is too long allowed to remain unchecked in the system; and a slight cough, regarded at first as simply an annoyance, ceases only with the life of the patient. An impure state of the blood through debilitation of the lungs, tills the system with morbid humors, and pulsation becomes feeble or accelerated to a feverish intensity—the heart, liver, and kidneys, separately performing functions of vital necessity to our well being, are impeded in their regular action—the digestive organs falter in their task, and refuse to perform the process of separating the nutritious elements from food, and the whole mental being is well nigh ready to sink under the burden of life. The patient so afflicted, accounts his case a complication of disorders, and often refuses to resort to medication from his thorough disbelief in any prospect of cure. To such

I ASK THE TRIAL

of the ACACIAN BALSAM, as thoroughly worthy the confidence of all. Every symptom of Consumption is surely and permanently eradicated by its use. Its effects are none other but strengthening and renovating to the entire system. Bronchitis, Asthma, Coughs, Colds, and General Debility, are effectually cured by its use. Night Sweats, Loss of Flesh, and Wasting away of the Muscles, Loss of Appetite, Soreness of the Throat, Chest, and Lungs, Liver Complaint, Palpitation of the Heart, Difficulty of Breathing—all these affections disappear in an incredibly short time after using Dr. O. Phelps Brown's Acacian Balsam.

It nourishes and strengthens the patient who is too much reduced to partake of ordinary food. It heals all internal sores, tubercles and inflammation. It strengthens, braces, and revitalizes the brain, and is without a rival as a tonic, supplying electricity or magnetic force to every part of the enfeebled and prostrate body. It needs no lengthy trial to convince any that the ACACIAN BALSAM is truly the greatest remedy of the day, as its beneficial qualities are fully apparent in eight and forty hours after trial.

Let the invalid, then, no longer delay, but make the trial, and the result will surely be of the most gratifying character.

The ACACIAN BALSAM is prepared with the greatest care, and the best materials. No pains or expense are spared to make it what it is—the best known remedy of the age. It may be taken by either sex, of all ages, and at all seasons, with perfect safety; and it is none the less powerful in conquering those diseases which sap the foundation and destroy the lives of so many in our midst. Every family should have it, and regard it as a household treasure.

GREAT CURE OF SCROFULA.

The following letter from a highly respected member of the Society of Friends, affords strong evidence of the great superiority of the DEPURATIVE over SARSAPARILLA and SARSAPARILLA MIXTURES, as well as the various other Medicines in general use for Scrofula.

CURE OF GAINER P. MOORE.

East Sadsbury, Chester Co., Pa., June 21, 1851.

DR. WM. A. DAVIS—Respected Friend: I received a letter from thee a few days since in which thee wished me to give thee a correct statement of Gainer's case from his first attack. He was taken in the fall of 1849, when in his 15th year, with severe pain in his hip and thigh, and was confined to his bed for five months. In the course of that time, an ulcer formed on his thigh, which discharged a great deal of bloody water; the knee of his other leg then commenced swelling, and was very painful; *his hip and foot were* ... *there were four holes broke out and ... great quantity of such matter ... the knee to the ankle, which I could hit ... ankle when the ... eruption ... knee.* He then took pains in his arms, and had ulcers on both, which were very painful and sore, ... *were frequently discharged from the ...* was drawn up, and could not be straightened, or admit of the least motion. He was attended by a physician for a considerable length of time without much benefit. He then took five bottles of TOWNSEND'S SARSAPARILLA, without any effect. We next applied to a physician of Lancaster who prescribed a great deal of different medicine without any improvement. I got a receipt for making Sarsaparilla, procured the ingredients from an Apothecary in Lancaster, and made a gallon, which he took, besides a great quantity of tea made of Sarsaparilla root and Sassafras mixed; also Prickly Ash and Burdock Tea; but all did little good until he took thy medicine, which we heard of from the benefit it was doing to the son of a neighbor, Henry Brosius. In a very short time, an improvement was perceptible, and continued until he was cured, which was with the twelfth bottle. It has entirely changed him both in health and spirits, for which I feel very grateful indeed and am willing to do all I can consistent with truth for the advancement of thy DEPURATIVE and the good of the suffering.

Thy sincere friend, LYDIA MOORE.

Thee may do as thee sees fit with this in welcome.

THROAT DISEASE.

This large class of diseases, including Ulcerations, Inflammations, Bronchial Irritations, &c., is most successfully treated by the use of Dr. Davis' Depurative and Dr. Davis' Throat Application. Read the following case of speedy cure after long continued suffering:

East Town, Chester Co., July 2, 1859.

DR. DAVIS—Dear Sir: About five years ago, I was attacked with a disease of the Throat, which came on gradually, but at times when I would take cold the pain and suffering would be very distressing, accompanied with loss of voice to such an extent that I could not speak above a whisper. The disease continued getting worse, notwithstanding I was under medical treatment of four different physicians. Becoming alarmed at my condition, I concluded to go to Philadelphia and consult you, which you recollect I did in the winter of 1851, when you recommended me to take your Depurative; and by the use of four bottles of it in connection with your throat application, I was entirely cured, and have remained well. It is now more than a year since the cure was effected. Respectfully, your friend,

MARGARETTA F. BISHOP.

Dr. Davis' Anti-Scrofulous Ointment and Throat Application should accompany the Depurative in cases of Scrofulous Ulcers and Ulcers, &c., of the Throat.

VITRIFIED CHIMNEY TOPS.

This is an article to which every Builder's attention should be particularly directed. At this moment, from any roof in our large cities, you can count thousands of brick chimneys so completely eaten by the Coal Gas and Weather as to demand immediate removal—to do which seldom costs less than $5 at once, showing the necessity of some article that will not decay or be eaten by gas. An This we now offer in our Ornamental and Plain Chimney Tops. They are burnt harder than stone; in fact, perfectly vitrified, and are impervious to the strong acid emitted by coal, which eats up brick and mortar in less than three or four years. We are now making, and have on hand, large quantities of several different styles, from 2 feet to 8 feet 9 inches high, and from $1.50 to $20 each. (less in the first place than a brick chimney.)

Designs furnished and orders promptly attended to by addressing the manufacturers at the Factory, LINK & BLACK, 7th & Germantown Road.

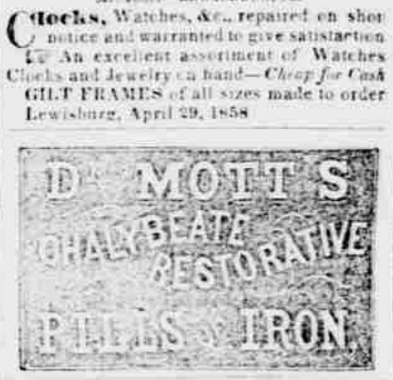
Lewisburg, April 29, 1858



An aperient and Stomachic preparation of IRON purified of oxygen and carbon by combustion in hydrogen, sanctioned by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions, indicate its necessity in almost every conceivable case.

Innoxious in all maladies in which it has been tried it has proved absolutely curative in each of the following complaints, viz:

In Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhœa, Dysentery, Incipient Consumption, Scrofulous Tuberculosis, Salt Rheum, Mismenstruation, Whites, Chlorosis, Liver Complaints, Chronic Headaches, Rheumatism, Intermittent Fevers, Pimples on the Face, &c.

In cases of GENERAL DEBILITY, whether the result of acute disease, or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bed-ridden as to have become forgotten in their own neighborhoods, have suddenly re-appeared in the busy world as if just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no name.

In NERVOUS AFFECTIONS of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and over-heating; and gently, regularly aperient, even in the most obstinate cases of costiveness without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for *Piles,* upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In DYSPEPSIA, innumerable as its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant *Costiveness.*

In unchecked DIARRHŒA, even when advanced to Dysentery, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate INCIPIENT CONSUMPTION, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

In SCROFULOUS TUBERCULOSIS, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well known liabilities.

The attention of females can not be too confidently invited to this *remedy and restorative,* in the cases peculiarly affecting them.

In RHEUMATISM, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In INTERMITTENT FEVERS it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects. Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.

Put up in neat flat metal boxes containing 50 pills, price 50 cents per box; for sale by druggists and dealers. Will be sent free to any address on receipt of the price. All letters, orders, etc., should be addressed to

AYER'S CATHARTIC PILLS.

Are you sick, feeble, and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well known public persons.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

As a Family Physic.

From Dr. E. W. Cartwright, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

Headache, Sick Headache, Foul Stomach.

From Dr. Edward Boyd, Baltimore.

DEAR BRO. AYER: I cannot answer you what complaints I have cured with your Pills better than to say all that we ever treat with a purgative medicine. I place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

PITTSBURG, Pa., May 1, 1855.

DR. J. C. AYER. Sir: I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect, ED. W. PREBLE,
Clerk of Steamer Clarion.

Bilious Disorders—Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR,
Washington, D. C., 7th Feb., 1856.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of bilious disease so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D.,
Physician of the Marine Hospital.

Dysentery, Diarrhœa, Relax, Worms.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for bilious dysentery and diarrhœa. Their sugar-coating makes them very acceptable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.

WARSAW, Wyoming Co., N. Y., Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and *purify the fountains of the blood.*

JOHN G. MEACHAM, M. D.

Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc.

From Dr. J. P. Vaughn, Montreal, Canada.

Too much cannot be said of your Pills for the cure of costiveness. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe costiveness to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston.

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural secretion when wholly or partially suppressed, and also very effectual to cleanse the stomach and expel worms. They are so much the best physic we have that I recommend no other to my patients.

From the Rev. Dr. Hawkes, of the Methodist Epis. Church.

PULASKI HOUSE, Savannah, Ga., Jan. 6, 1856.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

SENATE CHAMBER, Baton Rouge, La., 5 Dec. 1855.

DR. AYER: I have been entirely cured, by your Pills, of Rheumatic Gout—a painful disease that had afflicted me for years. VINCENT SLIDELL.

Most of the Pills in market contain Mercury, which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

Price, 25 cents per Box, or 5 Boxes for $1.

Prepared by Dr. J. C. AYER & CO., Lowell, Mass.
