H——Our friend Brainerd, of the Tyrone *Herald*, has made arrangements to run a course of lectures in Tyrone this season, on his own book. Anna E. Dickinson, Olive Logan and Du Chaillu are down on Brainerd's course. We wish "McCracken" success

On last Friday night, Captain Smith and ex-Sheriff Musser, of Millheim, caught 24 eels, 6 of which weighed 4 lbs. each, 6, 5¾ lbs., and one weighed 5 lbs. Also about two hundred suckers, ranging from ten to twenty inches in length. They were caught in Penns Creek.

Why Taxes are High—Radical Corruption and Extravagance- Government Expenditures under Grant, Compared with Democratic Administrations.

The following is the cost of Democratic Administrations exclusive of Interest and principal of public debt.

Total cost of Jackson's Administration embracing eight years	$145,792,276 20
Cost per year	18,224,034 52
Cost per capita	1 46
Total cost of Van Buren's Administration of four years	$120,729,819 15
Cost per year	30,182,454 78
Cost per capita	1,78
Total cost of Polk's Administration of four years, including the Mexican war	$147,112,853 44
Cost per year	36,783,213 36
Cost per capita	1,77
Total cost of Pierce's Administration of four years	$212,060,228 00
Cost per year	53,014,557 00
Cost per capita	1 96
Total cost of Buchanan's Administration of four years	$ [illegible] 197 76
Cost per year	[illegible]
Cost per capita	2 19
Average cost per capita for 24 years under Democratic Administration including cost of expensive Indian wars the Mexican war and the Mormon war was	$1 [illegible]

Now turn to the last four years of Radical administration in time of peace

The total amount, excluding interest and principal paid on the public debt is	$784,186,000 00
Average cost per year	196,046,000 00
Cost per capita	4 91

The whole cost for twenty four years, including interest and principal of public debt, under Democratic Administrations, during which the war debt of eighteen hundred and twelve was paid off, was in round numbers eight hundred and eighty nine millions. Less than an average tax of two dollars per capita

The total amount of Federal taxes extorted by the Radical Administration during the last four years as shown by official documents is more than double that paid in twenty four years of Democratic rule, being in round numbers one thousand eight hundred and two millions of dollars, which is an average of ten dollars and twenty eight cents a year to every man, woman and child in the United States. Or in other words, the people are taxed more than five times as much under Radical rule than they were under Democratic rule. Can there be any other cause than dishonesty, corruption and extravagance assigned for this state of public affairs?

In the above comparison the Lincoln administration is omitted, for the reason that the extraordinary expenditures of administration were occasioned by the war, and could not be fairly compared with Grant's or previous administrations although the cost of the Florida and Mexican war were paid by the above named Democratic Administrations

Do you have spells of short breathing or dyspepsia? Are your bowels constipated? Do you have spells of fainting or rush of blood to the head? Is your memory impaired? Is your mind confused? Do you feel this also? Do you have pain in the side, back, head or limbs? Do you have a bad taste in the mouth? Do your limbs twitch? Do you have a dull heavy pain in the head
