SAINT LAWRENCE HOTEL,

CHESTNUT STREET, PHILADA

This new Hotel is located in Chestnut street, between Tenth and Eleventh, running back to George street, an entire square, with ample room and accommodations for 250 persons.

This Hotel has much to render it attractive to the Traveller, Sojourner and Citizen, being directly opposite the Academy of Fine Arts, Parkinson's Garden and Saloons, and in one of the most pleasant and fashionable places on Chestnut Street, also, in the immediate neighborhood of the Theatres, and other places of amusement.

The Rooms are large, airy, and well ventilated—many of them have communicating doors suitable for Families and Parties travelling together. The Furniture is entirely new, and of the most improved style, embracing all the late modern Hotel improvements.

Coaches will always be in readiness to convey passengers to and from the Hotel.

The proprietor would also beg leave to give notice, that he will be assisted in the management of this New Establishment, by Mrs M L Neefe, the late popular Proprietress of The Yellow Springs Penn, who will have the whole and entire charge of the Ladies' Department, and by Mr George W Mullen, late Superintendent of the St Charles Hotel Pittsburg, Penna.

Under this arrangement, the Proprietor flatters himself that he will be able to provide for every want, and establish the character and reputation of the House as strictly a first class hotel.

FARMERS LOOK TO YOUR INTERESTS! IMPROVEMENT IN GRAIN PLANTERS. HUNT'S PATENT SEED AND GRAIN PLANTER! MANUFACTURED BY G K BOWERS, OF LANCASTER, PA. This Machine operates well on all kinds of land, and cannot be injured by rocks, roots, &c. It will plant point rows, and all irregular shaped fields, without any double labor. With two horses, it will plant with ease from 10 to 12 acres per day of Wheat Rye Barley or other small grain. It will save from 2 to 3 pecks of seed to the acre, and yield from 15 to 20 per cent more than the broadcast seeding, by distributing the seed uniformly at any desired depth. The objection so common to Drills of becoming choked, provided the seed is not perfectly cleaned, is entirely removed in this Drill as white caps and short straw will not prevent the regular distribution of the seed.

A machine will be kept on hand for the inspection of the public, by the undersigned, who is the only authorized agent for Centre and adjoining counties. Those who wish the article should make known their wish in due season so that they may be ordered, and arrive in time.
