New Telegraph Lines.

THE PROVISIONS AUTHORIZING RAILROADS TO EMBARK IN THE BUSINESS ADOPTED.

From dispatch to Philadelphia Times.

WASHINGTON, April 11.—The army bill came up for consideration in the Senate to-day. The paragraph authorizing railroads to transact a general telegraph business was adopted without objection. It is understood that the Western Union company canvassed the ground very thoroughly and finally concluded that any attempt to defeat the proposition would be utterly futile, especially as they had been thoroughly beaten at the last session of Congress. A veto of the entire army bill on account of the political rider is now hoped for by the Western Union, to save them from the new competition to grow out of this paragraph referring to telegraphs; but even in the event of a veto this provision can, without question, be enacted in a separate measure, it having already twice passed both Houses of Congress within sixty days. Mr. J. C. Rieff, of New York, who has given special attention to this telegraph legislation, says that commercial and press messages will be sent over certain important railroad wres within thirty days after the army bill shall become a law.

The Senate adjourned over until Monday, when the debate on the political features of the bill will no doubt begin in earnest. Wallace and Blaine are both expected to speak then.

A CROWING DOG.—The St. Louis *Globe-Democrat* says: There is a curiosity at the little village of Brandon, North Texas, in the shape of a crowing dog. This canine is the property of a citizen, J. B. Brandon. The animal has generally made his couch in the chicken house, directly under the roost. It seems that the dog has become so accustomed to the periodical nocturnal crowing of his friends, the roosters, that through sheer imitation, he has got to crowing as regularly as they. At the midnight crowing the canine begins with his feathered fellow-lodgers, and crows as long as any of them; and so accurate an imitation does he make of it that his master, Mr. Brandon, though standing right over him, cannot tell his crowing from a real cock's. The perfection of the dog in his new role is quite atonishing.

Considerable alarm exists among cattle owners in the vicinity of Wilkesbarre, owing to the prevalence of pleuro pneumonia. One veterinary surgeon of that place has charge of eight cases. Several cases have resulted fatally.

NEW GOODS

—FOR THE—

SPRING TRADE

We have given very close and careful attention to the selection of goods for the Spring Trade, and feel justified in saying that our present Stock cannot be excelled either in regard to Variety, Quality or Price, and we doubt if it is equaled in either of these respects by any house in Centre county.

There are too many leading articles in our stock to make special mention of them all, but call attention directly to a few items that are now being sought after every day.

Mackerel are of good quality this season and are selling rather faster than usual at this season of the year. We have been selling nothing but full weights—50 lbs. of fish in each quarter barrel and 100 lbs. in each half barrel. They have better value for the money than short weights.

Lake Herring and White Fish are very fine this season and selling freely.

Our Sugar-Cured Hams, Dried Beef, Breakfast Bacon and Cheese are all worthy of special mention.

Oranges and Lemons are very fine and the price low enough to to bring them into every day use. But the price on these goods will be much higher in a short time.

Our Meat Market, next door to our Grocery room, is always well supplied with the choicest meats. We kill the best Beef, Mutton and Veal that can be found; dressed in first-class style and served to customers in the neatest, cleanest manner possible.

No house in the Grocery and Provision business in Bellefonte is prepared to supply all the wants of the family so well as we can do at present.
