GREGG TWP. COMMUNITY FAIR ENJOYED BY PUPILS AND PATRONS OF TOWNSHIP

The 18th annual community fair held at Spring Mills last Friday and Saturday was well attended by the school children of the township as well as by their parents and others interested persons. All programs held in the Grange hall were exceptionally well attended and all present enjoyed to the fullest extent the various plays, songs, etc., rendered by various student groups from the schools.

The Health Program rendered by the elementary school children in the Grange hall Friday morning was greatly enjoyed by the parents who were able to secure seats in the hall. The 280 elementary children of the township were present at this program and were more than enough to fill practically all seats in the building The program in which the Spring Mills band took part on Friday night was well attended.

Friday afternoon the elementary children played games and entered into athletic contests on the athletic field. No one can measure the real pleasure and enjoyment these children get from this afternoon of organized play which they look forward to from year to year.

The Gregg boys won in soccer from their league opponents, East Penn's Valley high in a hard fought game before a good size crowd on Saturday. The score was 2-0. The Gregg girls were not quite so fortunate losing to E. P. V. H. S. 10-12 in a dodge ball game.

The three one-act plays given by G. T. V. S. seniors Saturday night were considered by many present as being the best that have been given in the hall at various programs. The hall was more than packed for this evening program which closed with the presentation of premiums and prizes.

School exhibits, although numbering a few hundred less than last year were nevertheless good considering the dry weather that prevailed thruout the district most of the summer. Exhibits of sewing and canning were larger than in former years and the quality higher. More than 3000 exhibits were entered which is exclusive of the number of note books, project books and other school work displayed.

The schools sponsor the fair annually and again appreciate the cooperation of farmers, business men, parents and others in this enterprise. The following individuals and organizations contributed prize money:

$10 Senior Project money, Spring Mill bank; $5 Junior Project money, Sheffield Farms Inc.; $5 Elementary school prizes, W. F. Jury Commissioners Condo and Pletcher are at work on their annual job of filling the jury wheel with the names of five hundred or more men and women to serve as jurors during the year 1936. They began the job earlier than usual this year, in order to complete the work before the opening of the deer hunting season on December 1st.

LONG—GENTZEL.

The Gentzel home at Spring Mills, was the scene of a delightful wedding at 8:00 a. m., on Sunday, Sept. 29th, the high contracting parties being Charles P. Long and Miss Carrie Gentzel. The ring ceremony was used. The officiating minister was—not divulged.

After a wedding breakfast in which the brothers of the bride—Messrs. Ambrose Gentzel, Shamokin; Roland Gentzel, Altoona, and Grover Gentzel, Harrisburg, and a part or all of the families of each, together with a few other guests, sat around the board, the couple went on a honeymoon trip to Harrisburg and other points.

The groom has long been a general merchant at Spring Mills and has been prosperous, and during his lifetime did much to build up the village. He erected a number of dwelling houses, his main object being to give employment.

The bride is a daughter of the late Mr. and Mrs. George Gentzel, both of whom died within the recent past. She is a most estimable young woman and is deeply interested in religious affairs.

The Reporter joins a host of friends in extending congratulations.

BRUNGART—LIPSCOMB.

At Covington, Va., on Saturday, at 2:00 o'clock, Randall Eugene Brungart, son of Mr. and Mrs. J.V. Brungart, of Rebersburg, and Miss Mary Lipscomb, of Covington, were united in marriage in the presence of a number of guests, including the parents of the high contracting parties.

The groom is a graduate of Penn State, class of 1930, from the Chemical Engineering Department, and at once entered the employ of the Virginia Pulp and Paper Company where he is now employed, and where his bride also held a position for three years.

The young couple are now on a honeymoon trip through New York and Canada.

"BILL" CAMPBELL WINS HIGH PRIZE IN STOCK JUDGING

Competing in a class of from forty to fifty students from a number of State Agricultural Colleges in the East, William P. Campbell captured the high prize—$50.00 cash. He made a score of 893 out of a possible 1000 points in judging sheep, hogs, cows and horses. He exceeded by 80 points his next competitor, a West Virginia student.

In judging sheep and horses, Mr. Campbell outclassed all competitors, while his judgment on hogs was a single point under the winner, and on cows, eight points.

The judging was done on Tuesday, 8th inst., in Baltimore Md.

His high rating in this contest permits him to enter a stock judging contest in St. Louis, Mo., on Saturday, 19th, and a meat judging contest in the same city on the Tuesday following, 22nd. The high prize in the stock judging is $500 cash.

Mr. Campbell left here on Wednesday morning in his Dodge sedan for the seat of the contest with high hopes of making a good record on the score card.

STRONG HUBLERSBURG TEAM MEETS DEFEAT HERE, 2-0

The local 'High" soccer team put itself back in the running for the lead of their division by defeating the strong Hublersburg team on the local field, last Friday, by a 2-0 score. This was the first defeat suffered by Hublersburg this season and places them tied for the league leadership with Centre Hall.

The game was fast throughout and marked by exceptionally clean playing by both teams. Rain in the last half slowed up the players considerably, but did not deter from the thrills for the good sized crowds that braved the elements to see the game.

After being on the defensive most of the first quarter, the locals put on a second period offensive that netted them a goal shortly before the half ended. Bill McClenahan accounted for the score with a hard shot in front of the goal. Woodrow Bradford tallied the last goal in the third quarter after considerable scrimmage in front of the goal.

The defensive work of the entire backfield was very commendable as they put in a busy afternoon smothering Hublersburg's vaunted offense, while the line gave a good account of itself by scoring the two goals.

A "STAR" CARRIES THREE YOUTHS TO THE SOUTHLAND

With high hopes for a delightful sightseeing trip, three youths—Paul Foust, William Confer and Warren Homan, Jr.,—left Sunday afternoon in a "Star" car, Florida being their objective point. While sightseeing is their first intention, the boys will not turn down work, especially after the treasury sinks well to the bottom and provisions in the deck become exhausted. Their first stop was at Washington, D. C., and the next was planned to be at Richmond, Va. No time has been set for the return.

STAGE SHOW AT PLAZA.

The feature attraction at the Plaza Theatre, Bellefonte, for a mid-night performance this Sunday night, Oct. 20th, will be Irving N. Lewis "Merry Whirl Revue." This is a deluxe vaudeville unit and Mr. Lewis has assembled a cast of professional entertainers whose personal appearance in the community will be one of the high spots of the current theatrical season. This stage offering is strictly vaudeville with no waits or dull moments. Special feature picture; "It's a Gift," with W C. Fields, makes this one of the best mid-night shows ever presented.

Positively this stage and picture program will not be showing any other date.

J. BANKS KURTZ SPEAKS AT LOCAL G. O. P. RALLY

Ex-Republican Congressman J. Banks Kurtz of Altoona, was the principal speaker at a Republican rally held in the Odd Fellows' hall in this place, last Wednesday evening.

Hon. Arthur C. Dale, Bellefonte, also addressed the gathering. Arthur Sloop, of Bellefonte, served as chairman of the meeting and introduced the county candidates.

Charles H. Lee, of Marion township, Democratic candidate for County Treasurer, was looking up voters in this section last Friday, and favored this office with a call. It is indeed a pleasure to present a candidate of Mr. Lee's calibre, one for whom no apology need be offered. He should appeal strongly to Centre county's farming class, irrespective of party affiliation. He is one of them, representing the highest type of agriculurist. A more complete sketch of Mr. Lee will be found elsewhere in this issue.

J. Victor Brungart's record as a county commissioner stamps him as a watch-dog of the county's finances. If you favor lower taxes, keeping within the county's income without sacrifice of any essential need of the people of the county, you will want Mr. Brungart retained in office. And a good help-mate will be A. L. Bowersox, of State College. Brungart and Bowersox, for Commisioners. No voter can go wrong supporting them.

BEAUTIFUL MOUNTAIN DRIVE OVER NEWLY BUILT ROADS IN SEVEN MOUNTAINS

One of the most interesting motor trips in the State passes through the Penn State Forest.

Beginning at a point on U. S. 322 at what is known as Sunset Club 1½ miles south of Potters Mills, Centre county, turn right or in a westerly direction upon what is called Crowfield Road. Follow the Crowfield Road for a distance of six miles to a triangular junction where you bear to the left upon the Stone Creek Road for a mile to Penn-Roosevelt CCC Camp. At the camp turn abruptly to the right up Thickhead Mountain Road. During this ascent one climbs from the camp elevation 2250 feet above sea level. Continuing to climb over the summit of the highest of the Seven Mountains for another mile one comes to the cold McKinney Spring named for the late Wm. F. McKinney, forest ranger, on top of the mountain. Immediately after passing the spring take the left fork for a half mile to the Penn's Valley View, where at an elevation of 2400 feet one of Pennsylvania's most beautiful views can be had.

Retracing to the Penn-Roosevelt Camp, continue by the Stone Creek Road in a southerly direction for a mile to another triangular junction on to Laurel Run Road. Turn right here for a distance of two miles to the first left hand road. At this point one takes the Chestnut Springs road. Climbing again for a distance of 3 miles one crosses Buck Ridge to the Coopers Gap Road. Continue for another six miles by the way of the Coopers Gap Road through beautiful woodland dotted with cozy summer cottages to a point on State Highway at Woodland, 2 miles west of Milroy, Mifflin county. Turn left on this macadam road to U. S. Route 322 at Milroy. Total distance forest roads 25 miles.

WHEN DOCTORS DISAGREE.

To the layman it appears that many sportsmen are not good sports themselves. In the past (and history in this respect will likely repeat itself in December from 12 to 14th, inclusive) sportsmen who vigorously opposed an open doe season, went to the woods and popped off the finest does that came their way. The excuse that the does they killed would have been killed by some one else is poor argument.

If the State Game Commission has misjudged in their ruling for an open season, as the executive committee of the County Federation of Sportsmen claim they have, the duty of the club members would appear to be, on failure to convince the commission of its error, to refrain from killing does and use their influence to induce non-members of their organization not to kill.

A man in favor of flies and more flies, ought not to engage in swatting them all summer long.

Again, sportsmen's organizations in the county arenot of the same mind on the open doe season. The State-Centre Game, Fish and Forestry Association, whose center is about Philipsburg, is making positive statements through its officers that the organization is with the State Game Commission on the question in controversy.

On the direct question of an open or closed season on antlerless deer in Centre cunty, the writer is opposed to an open season.

GREGG HIGH AND REBERSBURG TIED FOR SOCCER LEAD

The two leaders meet at Spring Mills on Wednesday of this week at 3:00 p. m.
