WOOD WANTED.

A few Cords of good dry Wood will be taken at this office, in payment of accounts, if delivered immediately.

SALE.—George W. McClellan will today, at 10 o'clock, if the weather be favorable, sell a large variety of Household Furniture, at his hotel.

TOWNSHIP OFFICERS.—On our first page will be found a list of Township officers recently elected, for which we are indebted to the courtesy of the *Compiler*.

☞The Love Feast at Pfoutz's Church, on Sunday week, was largely attended. Five persons were admitted to the church by immersion on Saturday previous.

ACCEPTED.—We learn that Rev. J. M. Clemens, of Littlestown, has accepted a call from the Reformed church at St. Clair, Schuylkill county, Pa.

☞Now is the time to begin advertising for Fall and Winter trade. Advertising will pay the year round, but now, active, lively advertising pays best.

SOLD.—Mrs. Minnigh has sold to John McCleary the two-story brick house and half lot of ground, southeast corner of Washington and West Middle street, for $2,100.

☞The premium of $20 taken by Dr. T. T. Tate's horse "Cashier," for the best thorough-bred stallion, noticed by us last week, was awarded by the Cumberland county Agricultural Society.

TO KEEP CIDER SWEET.—Put 25 cents worth of Neutral Sulphite of Lime into one barrel of cider; after two weeks rack it off and rinse out the barrel; then return the cider and bung it, and it will keep sweet, for use, all winter.

PURCHASED.—The Frederick *Republican* says that Sheriff Hann, of this place, has purchased the "Clairvoux" property, near Mt. St. Mary's College, with the intention of opening a boarding house next spring.

SCHOOL MATERS.—In to-day's paper will be found an article on School matters by Mr. Wert, the County Superintendent. We shall be glad to hear from Mr. Wert frequently; and will also welcome communications on practical topics from Teachers. Let them, however, be condensed and of general interest.

TO SCHOOL DIRECTORS.—We are requested to call the attention of the officers of the various School Boards in the county to the fact that the law requires them to report to the County Superintendent the names of the Teachers employed, with amount of salaries paid, as soon as elected. A number of Districts have failed to report, and they are required to do so immediately.

STATUE.—The excavation for the foundation of the Reynolds bronze statue, in the National Cemetery here, has been made. The statue, we are told, is to be raised to its place next summer. It will be placed near the entrance. We should have preferred to see it located on the ground where Gen. Reynolds fell, back of the Seminary. But the 1st Corps have selected the National Cemetery, and their decision is final.

BAD ROADS.—We hear a good deal of complaint about some of the roads leading from town, said to be in bad condition. Winter is coming on, and they should receive prompt attention. In passing over the Bendersville road recently, we found numerous "chuck" holes, making travelling with light buggies dangerous. We don't know who the Supervisors are, or who is at fault. The township authorities will do well to look into the matter. In case of accidents by reason of continued neglect, somebody would have damages and costs to pay. Now is the time to repair our county roads. Let the supervisors go to work and see that repairs, where needed, are made. Every ditch should be cleaned out and new ones cut where required. All holes should be filled up and the roads graded and repaired that when the autumn rains come, the water will drain off and not stand in the highway to the great annoyance of travelers.

SHERIFF'S SALES.—Sheriff Hann, on the 16th inst., sold the real estate of Jacob F. Beck and wife, in New Oxford, as follows: A house and lot, to A. S. Himes, at $695; a building lot, to John F. Warner, at $302 75; and ten perches of ground, to Peter Diehl, at $30.

On the 2d instant the Sheriff sold the property of Philip Egerton, on the Emmitsburg road, to Hon. David Ziegler, at $3,000. This is the property which the Gettysburg Asylum Association bought, throught Mr. Egerton, as the basis on which to prosecute their huge swindle. They paid $1,000 hand money, and the thing subsequently exploded, the Legislature repealing the act of incorporation. Judge Ziegler had nothing to do with the swindle. He sold the property in good faith, before the villainy of Egerton & Co., developed itself. Of course he pocketed the $1,000, hand money, simply buying back the property, to save the unpaid gales.

ELOPEMENTS.—Our Hanover neighbors have been having a little sensation in the matrimonial line. The *Spectator* says: "Considerable gossip was created in our town last week by the announcement that two runaway couples, from distant places, had been traced to our town, and compelled to return again to the homes they had forsaken and made desolate. The first of these interesting couples consisted of an old gray-haired man of 60, (married,) and a young miss of 16, or thereabouts, from Westminster Md., who, becoming infatuated with each other, and being consumed by the "fires of love," linked their fortunes together and fled across the line to enjoy the bliss of love. Their dream of happiness was of short duration, however, as on Tuesday, (election day,) their friends arrived in pursuit, and they were discovered at one of our hotels and compelled to return to their homes. The second and last couple hailed from Reading, Pa., and we believe, as in the former case, the man was elderly and married; the lady single, youthful, pretty and interesting. They were also discovered, and compelled to return home."

TEACHER'S INSTITUTE.—The next session of the Adams County Teachers' Institute will meet in the Court-house, Gettysburg, on Monday December 6, to continue during the week. Mr. Wert, County Superintendent, is arranging an attractive programme, which cannot fail to be profitable to Directors and Teachers. He has already secured the services of Prof. Kidd the distinguished Elocutionist, Hon. Henry Houck Deputy State Superintendent, Prof. Brooks of the Millersville Normal School, Prof. Egbert of the Kutztown Normal School, and other prominent educators. These Institutes are important agencies in the development of the Common School system. The law makes provision for them. Live Boards of Directors will give them a cordial support; and not only grant their Teachers the privilege of attending without diminution of pay, as provided by law, but will require their Teachers to attend. There is much practical information to be obtained at these Conventions, when judiciously conducted, which will enable both Directors and Teachers better to discharge their respective duties; and argues either culpable indifference to the development of our educational interests, or gross illiberality, when Directors fail to give their Teachers a full opportunity to enjoy the advantages growing out of an exchange of views and hearing the suggestions of distinguished practical educators.

BIERBOWER'S SEGARS have become noted for their high flavor, and every body who knows anything about good Tobacco has got in the habit of going direct to his establishment in the northeast corner of the diamond—fully assured that they can get just what they want, the very *best Segars*, made of prime tobacco, highly-flavored, and what is better still sold at prices *that can't be beat in or out of the city*. For sale by J. W. Crese, manufacturer's Agent, Gettysburg, Pa. Sept. 10-tf

WINTER COMING.—Winter is coming, and Cobean & Cuningham have made arrangements to meet the wants of the public by their large assortment of all kinds of Ready-made Clothing, for Fall and Winter wear, for Men and Boys—also, Caps, Boots, Shoes, &c., which they are selling very low. tf

HARPER'S PUBLICATIONS.—Harper's *Magazine, Weekly* and *Bazaar* are three of the best publications, for general family use, issued from the press. They have attained an enormous circulation, attesting their popularity and merits. In to-day's advertising column will be found the publishers' announcement for 1869.

☞We call attention to the advertisement of *The Churchman* in another column. It is a finely printed, ably conducted paper, and is one of the very best religious newspapers of the country.

SHOTES FOR SALE.—Mr. Hez. Latshaw has on his farm, one mile south of New Salem, eighty head of fine Shotes, weighing from 30 to 90 lbs. each, which he will sell at reasonable prices. Now is the time to buy Shotes for next year, and as Mr. Latshaw always deals in the best of stock, the present opportunity should not be neglected. 1t

☞There is no danger of a stock such as Wanamaker & Brown's giving out very soon, and if there was, they are continually manufacturing and adding new and fresh garments. But at the same time, there is great advantage in making early selections of Fall and Winter Clothing. We advise our readers to be in time in making their purchases, and to get a "first pick" out of this wonderful stock at Oak Hall, of which we hear so much.

FOR CIRCULARS of the Iron City College, giving full particulars of the course of study, method of instruction, qualifications for entering, time of commencing, necessary expenses, &c., address the Principals, Smith & Cowley, Pittsburg, Pa. 1t

NO HUMBUG.—We do not wish to inform you, reader, that Dr. Wonderful, or any other man, has discovered a remedy that cures all diseases of the mind, body or estate, and is designed to make our sublunary sphere a blissful paradise, to which heaven itself shall be but a side show, but we do wish to inform you that Dr. Sage's Catarrh Remedy has cured thousands of cases of catarrh in its worst forms and stages, and the proprietor will pay $500 for a case of this loathsome disease that he cannot cure. It may be procured by mail for sixty cents, by addressing R. V. Pierce, M. D., Buffalo, N. Y. For sale by most druggists everywhere. 1t

BE BEAUTIFUL.—If you desire beauty you should use Hagan's Magnolia Balm. It gives a soft, refined, satin-like texture to the Complexion, removes Roughness, Redness, Blotches, Sunburn, Tan, &c., and adds a tinge of Pearly Bloom to the plainest features. It brings the Bloom of Youth to the fading cheek and changes the rustic Country Girl into a Fashionable City Belle.

In the use of the Magnolia Balm lies the true secret of Beauty. No Lady need complain of her Complexion who will invest 75 cents in this delightful article.

CAUTION.—Extended success in any department of business justly awakens competition, and owing to defective mental and moral structure, often begets envy. Now these are to be expected and may be met with energy and determination; but not unfrequently the bounds of legitimate rivalries are overstepped, and base, unscrupulous men stoop to use the patronage of others to further their nefarious purposes. With the assistance of science, and by means of industry and honesty, in providing a potent remedy, Dr. Stover's Old Standard Tonic Herb Bitters have attained unparalleled celebrity, having been before the public for the last thirty years.

Wherever they have entered the sick or complaining household, their effects have even exceeded expectation, and so far surpassed all we have ever claimed for them by circular, card, or otherwise, that the public confidence in the medical qualities of the Bitters is unbounded. We do not fear the competition of the empirical throng who attempt to palm off remedies upon the people, which are not scientifically compounded, and are destitute of available qualities. Their empiricism will be discovered in the end, and the inefficiency of their preparations found out. We would rather be envied for merited success than despised for failure, however ungenerous it may be for man either to envy or despise. Against another and a worse class of individuals, we are forced to take action. We allude to those who take advantage of our popularity, and attempt to gain public favor and confidence by counterfeiting the Old Standard Bitters, barely imitating the label, or making other approaches to its preparation calculated to deceive, and as a matter of course, in so far as they succeed, to bring our excellent Tonic into disrepute. The public are hereby warned against all such imitations. In order to further protect ourselves, and save the afflicted from imposition, we have concluded to change our Label so as ever hereafter to sustain our identity; and keep the reputation of the Old Standard intact. We incur great expense by so doing, but the end warrants the means. The new label along with the caption, directions and neat ornamentation, will present an excellent steel portrait of C. H. Kryder, the senior member of the firm. This will be the badge of its genuineness, as well as a guarantee of the quality of the Bitters. The label will be duly copyrighted, and thus placed beyond the reach of counterfeiters. By no fault of ours shall the public confidence ever be abused or the reputation of the "Old Standard" be allowed to suffer. None genuine unless signed.

Antiquities of Rome.—The Chevalier Pietro Rosa has made some further interesting discoveries on the property of the Palatine Hill at Rome, now the property of the Emperor Napoleon. They consist of a swimming school, with a series of chambers, constructed with reticular walls, coated with stucco and adorned with fine encaustic paintings, representing various mythological subjects, surrounded by some very delicate drawings, executed with great skill and in very brilliant colors. There are demons, talamons, hippogriga, columns, candelabra, birds, vases, garlands and festoons. On one of the walls is the giant Polyphemus (with two eyes) surprising Galatea and Acis, and on another Io, chained to a rock and guarded by Argus (also with two eyes) and delivered by Mercury. Another interesting discovery has been made in digging the foundations of a house at the hospice of the Trinita del Pellegrini. An old building has been found with the remains of the fresco paintings and a fine pavement in mosaic, representing in the middle Mercury holding the caduceus and a nymph carrying a cornucopia. At the corners are the four seasons with their attributes.

Terrible Accident.—A most shocking accident occured at Newton Corner, Massachusetts, on Monday, causing the death of a young man named George Gove, and causing the utmost excitement and horror through the whole village. Gove and another man were at work painting the exterior of the steeple on the Elliot Church, both men standing on a platform supported by a rope at either end. From some cause the rope sustaining the end of the platform on which Gove was standing suddenly slipped off and the unfortunate man was precipitated to the earth below, a distance of eighty-five feet. His companion on the platform was near enough to the other rope, which did not break, to slez it and sustain himself until safely rescued. The body of Gove was shockingly mangled, and was removed to the residence of Mr. Evans, one of his employers. The deceased was a single man, but leaves a widowed mother in Maine, who was dependent upon him for support.

General Butterfield, the United States Sub-Treasurer at New York, has replied to the attempts of the gold gamblers to connect him with their conspiracy by writing a letter to the Secretary of the Treasury, asking an official investigation, which has been ordered to be made. Undoubtedly an honest and thorough examination of the affair will be made by Secretary Boutwell, and justice done.

Dry earth has recently been introduced as a deodorizer, and the result of the process is reported to be perfectly effective. Among other illustrations, it is stated that at the meat preserving establishment, near Melbourne, Australia, where thirty thousand sheep are frequently slaughtered in one day, there is not the slightest smell, in consequence of the use of dry earth as a deodorizing agent.

TEACHERS'

COUNTY INSTITUTE.

THE third session of the County Institute, under the Act of Assembly, approved April 9th, 1867, will be held in the Court-house at Gettysburg, commencing *Monday, Dec. 6th, at 1½ o'clock, P. M.*, and continue in session during the week.

The exercises of the week will consist of Lectures, Instruction in the various branches taught in the schools (Class-drills, Essays, Discussions of important educational topics, contests in Orthography and other branches, and whatever will give interest and variety to the session of the Institute. It is the wish of the Superintendent that the Institute may be of practical benefit to every teacher.

Prof. Robert Kidd of Indiana will be present during the entire week, giving two lessons each day in vocal Culture, Elocution and Reading. He will also give two evening entertainments. Hon. Henry Houck, Deputy State Superintendent, will be present on Wednesday and Thursday. Prof. Edward Brooks, Principal of the State Normal School at Millersville, will give instruction in Arithmetic and the science of teaching. Prof. A. S. Hanson will give instruction in penmanship. There will also be a teacher in Geography. Rev. Edsall Ferrier of Penna. College, Rev. John S. Rimenstnyd of the Kutztown Normal School, and other distinguished educators and lecturers, will assist.

The exercises will be interspersed with vocal and instrumental music. It is hoped every teacher in the county will be present on Monday, to participate in the organization. None, who love the heart in the work in which they are engaged—none, who are desirous of advancing, will remain away without a full and sufficient excuse.

We want better teachers; we want each year to advance the grade of the profession; we want to sift out those who are incompetent and stationary. Then let every one, who wishes to be considered a live teacher, come to this annual reunion, assured that they will go to their work the better fitted for it. But we want more than simple attendance. We want the earnest, active cooperation and participation of all members; that, as they labor to advance the profession to a higher and nobler standard, they labor for themselves.

The contests in Orthography will take place on Tuesday and Wednesday. The first premium being Webster's Unabridged Dictionary. Thursday will be Director's day. A portion of the day will be devoted to the explanation of points in the School-law, upon which directors may desire information. It is hoped there will be a full attendance of live directors.

Directors are respectfully urged to grant teachers the time. Those paying full fare over the Railroad will be returned free; male teachers will be accommodated at reduced rates by the leading hotels; female teachers, as guests, will be entertained in private families. For full particulars of exercises, see circular, which will be mailed to teachers and directors.

County Superintendent.

"UNQUESTIONABLY THE BEST SUSTAINED WORK OF THE KIND IN THE WORLD."

HARPER'S MAGAZINE.

Harper's Magazine, apart from the illustrations, contains from fifty to one hundred per cent. more than any similar periodical issued in the English language.

CRITICAL NOTICES OF THE PRESS.

The most popular Monthly in the world.—*New York Observer.*

We must refer in terms of eulogy to the high tone and varied excellence of Harper's Magazine—a journal with a monthly circulation of about 120,000 copies—in whose pages are to be found some of the choicest light and general reading of the day. We speak of this work as an evidence of the culture of the American people; and the popularity it has acquired is merited. Each number contains fifty 144 pages of reading-matter, appropriately illustrated with good woodcuts; and it combines in itself the very monthly and the more philosophical quarterly, blended with the best features of the daily journal. It has great power in the dissemination of love of pure literature.—*Toronto's Globe, Outside to American Literature, London.*

It is one of the wonders of journalism—the editorial management of Harper's. * * * All the periodicals which the Harpers publish are almost ideally well edited.—*The Nation, N. Y.*

We can account for its success only by the simple fact that it meets precisely the popular taste, furnishing a variety of pleasing and and instructive reading for all.—*Zion's Herald, Boston.*
