LOCAL ITEMS.

☞ The Democratic County Committee will meet on Saturday, to determine the call for a County Convention.

EXAMINATIONS.—Mr. Wert, County Superintendent, will commence the Examinations of Teachers in the several townships on the 20th inst. See adv.

SERVICES.—We are requested to say that religious services, in accordance with the usages of the Protestant Episcopal Church, will be held in the Court-house, on Sunday next, at 10½ A. M. and 3 P. M., by Rev. Mr. Douglas, of Columbia, Pa.

DEAD.—Admiral Dahlgren, whose sudden death at Washington on Tuesday, of heart disease, is announced, was in Gettysburg a few weeks ago, and had engaged rooms at the Springs Hotel for himself and family during the season.

PIC-NICS.—There will be a Basket Pic-Nic at Centre Mills, in Houck's Grove, on Saturday, July 23.

Also, a Social Pic-Nic in George Walter's woods, at McKnightstown, on Saturday, July 30.

LARGE OATS.—Mr. Wm. Wible of Straban township, brought to our office during the week two stalks of American Cluster Oats, (a new variety.) The stalks are from 4 to 5 feet high, and said to be one of the largest and best producing oats in the country. The stalks contained—one 234 the other 278 pods, with two grains in a pod, making 1024 grains in the two stalks.

APPOINTED.—We understand that Gen. Gregory, U. S. Marshal, has appointed David A. Wertz, Esq., of Chambersburg, to take Social Statistics of Adams, Franklin, Cumberland, Dauphin, York, Perry, and Lebanon Counties. He will at once enter upon his duties. Mr. Wertz is a very energetic and competent man, and we are glad to notice his appointment.

ACCEPTED.—Rev. Henry E. Jacobs, A. M., has accepted the Franklin Professorship in Pennsylvania College, to which he was elected at the recent meeting of the Board of Trustees, and will enter upon his Professional duties next session. In addition to Ancient, Modern and Mediæval History, for the present he will take charge of Chemistry and probably other branches of Physical Science.

INSTALLED.—The following persons were installed as officers in Adams Div. No. 214 S. of T. for the current quarter, commencing July 1st, by D. D., J. Jeff. Myers, viz:—David Culp, W. P.; Wm. H. Tipton, W. A.; P. Warren, R. S.; Wm. Pierce, A. R. S.; John L. Holtzworth, Chap.; J. W. Cress, F. S.; J. H. Skelley, Treas.; Jos. Mannock, Con.; John Beck, A. Con.; Danner Holtzworth, I. S.; Levi Stallsmith, O. S. After Division adjourned the members proceeded to Minnigh's Cream Saloon, wherethey spent a pleasant hour before separating for the evening.

ASSEMBLE.—A writer in the last *Compiler* urges the nomination of Capt. Frederick Diehl, of Franklin township, for the Legislature. Mr. Diehl will have to stir himself if he wants to carry the Convention. We hear of a full score of aspirants for the same position, including good, bad and indifferent material—the latter two classes preponderating. The impression has become general that Harrisburg is a good place to make money, and we are inclined to think some of these aspirants for Legislative honors would like to get a hand in that "nine million steal."

TEACHERS APPOINTED.—The examination of Teachers for the Gettysburg Public Schools was held July 1st. On the evening of the same day the Board elected the following Teachers for the ensuing year:

School No. 1—Capt. John F. McCreary.
" 2—Miss Martha Warner.
" 3—Miss Jennie Hamilton.
" 4—Miss Maria Thompson.
" 5—Miss Mary J. McCreary.
" 6—Miss Nancy M. White.
" 7—Miss Alice Powers.
" 8—Miss Carrie McMillan.

A new School will be opened to meet the increase of scholars, to be known as No. 9, Miss Alice L. Warren teacher.—The schools will open on the 1st of September.

CAMP MEETING.—We acknowledge the receipt of a Circular of the Carlisle District Camp Meeting Association of the Methodist Episcopal Church, Rev. Dr. Mitchell President. The location of the Camp Meeting for the 3d of August has been changed to the Red Barn Station, near Oakville, on the line of the Cumberland Valley Railroad, 17 miles west of Carlisle and 5 miles east of Shippensburg. Board tents, 12 by 16 feet, with good floors and felt roofing, will be furnished for $10; canvas tents, 9x9, $6; 12x16, $9; 14x14, $9; larger tents at proportionate prices. Persons desiring to rent tents will apply to H. R. Mosser, New Cumberland, Pa., J. W. Buckingham, York, Pa., or John D. Spear, Chambersburg, Pa.

Company boarding tents will not be allowed, but general boarding tents will be provided, at which boarding can be had at the following rates: $6 for the term; $1 per day; 50 cents for Breakfast or Supper, and 75 cents for Dinner. Children under 12 years, half price. Excursion tickets will be issued to all persons in attendance upon the Meeting, from all points on the line of the Pennsylvania Central, Northern Central, Cumberland Valley and South Mountain Railroad.

The camp meeting will commence on the 3d and continue until 12th of August.

BASE BALL.—A match game of Base Ball was played at New Oxford on Saturday between the "Little Brown Jug" club of that place and the Gettysburg Nine, which resulted in a decided victory for the Oxford boys. Up to the 5th inning, the advantage seemed to be in favor of the Gettysburg Nine, but the latter apparently became demoralized at this point, and played indifferently, both in batting and fielding, from that out. The base was badly located in a corner of the diamond, Hoke's swift pitching sending a number of balls over the fence, giving their opponents a number of runs. The Oxford club were familiar with the ground, and played a sharp game. They have reason to be proud of their victory. The Gettysburg club took their defeat good naturedly, and cordially invited the "Little Brown Jug" boys to play a return match in Gettysburg. We annex the score:

ROOMS.—One or two rooms wanted for school purposes. Enquire of J. H. Wert.

KILLING WOODCOCK.—The York *Press* copies our local in regard to the killing of a number of Woodcocks in the neighborhood of York Springs, by a party of sportsmen from that section and Gettysburg, and remarks:

"We, like our friend of the Hanover *Citizen*, cannot see anything *"well done"* in such disreputable and unsportsmanlike conduct. No true sportsman would thus take advantage of the law. These birds, according to the *Star's* account, were killed on the 20th of June, just two months and and ten days before the time named by the law." * * * The law imposes a fine of five dollars on each woodcock killed—one hundred and sixty-two woodcocks, at five dollars each, would make the snug sum of EIGHT HUNDRED AND TEN DOLLARS—the one half of which goes to the informer and the other half to the county. *Four hundred and five dollars*, would be a pretty good day's work for a constable. Let the law be vindicated!"

All this sounds well, but it simply betrays a degree of ignorance of the law unpardonable in public journalists. As neither the *Press* nor the *Citizen* seem to know anything about the Game laws applicable to their own county, we propose enlighten them by re-publishing the full text of the Special Act passed last winter, and approved April 9, 1870—just four days *after* the General Act, to which both journals refer. If, after giving it a careful perusal, they are still inclined to think the recent killing of Woodcocks by our Adams county sportsmen a violation of law, they can make a handsome pile by coming to Gettysburg and prosecuting. As all the sportsmen concerned are perfectly responsible, "$405 would be a pretty good day's work" for the editor of either the *Citizen* or *Press*, unless the Printing business be better in York than Adams county:

SECTION 1. *Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same.* That from and after the passage of this act no person within the counties of Adams, *York* and Franklin, shall kill, capture, take or have in his or her possession, any wood-cock between the first of September and the twentieth day of June, under a penalty of five dollars for each and every bird so killed, or had in possession, or exposed for sale.

SECTION 2 That no person shall kill, capture, take, or have in his or her possession, any quail or Virginia partridge, for the period of three years, under a penalty of ten dollars for each and every bird so killed, or had in possession, or exposed for sale: *Provided*, That nothing in this act shall be construed to prevent individuals or associations for the protection, preservation and propagation of game, from gathering alive, by nets or traps, quails or Virginia partridges, for the purpose of preserving them alive over the winter and for no other purpose whatsoever.

SECTION 3. That all acts or parts of acts inconsistent herewith be and the same are hereby repealed.

AFFIRMED.—The Supreme Court has affirmed the Report of the Master in Chancery, in the case of Swope, Maltby and others vs. The Gettysburg Railroad Company, and granted a Decree for the foreclosure of the Mortgage and sale of the road. The Decree has not been published, and we do not know the date fixed for the sale. The Decree reported by the Master fixed the sale to take place at the Merchant's Exchange, Philadelphia, on a day to be named by the Court after due notice. The Decree, as we understand it, does not determine the *status* of Maltby as a Bondholder beyond the fact that he had sufficient standing in Court to maintain the suit. Whether he holds his Bonds as collaterals or absolute will probably be raised on the distribution of the proceeds of a sale of the road.

We have since learned that the Decree of the Supreme Court requires the Gettysburg Railroad Company to pay the indebtedness on the Mortgage within 30 days; and in default thereof Mr. Swope, the Trustee, is ordered to sell the Road at the Merchant's Exchange, Philadelphia, after advertising it for four weeks—$10,000 to be paid cash, and the balance in 30 days thereafter.

THE SECRET OF FINANCIAL PROSPERITY.—Among business men there is nothing that tends so much to the acquirement of wealth as the judicious use of printers' ink. Advertising is the life and soul of business. In a country like ours, with a people so wide awake and impetuous, it is doubtful whether inevitable failure would not attend any enterprize of magnitude that should be so short-sighted as to set out with, and persistently adopt, a determination not to advertise. Some of the greatest achievements of modern times are due to the magic influence of printers' ink.

To make advertising pay, it must be stuck to with all the pertinacity that is indispensible to success in the prosecution of every other art. There is scarcely one man in the country who spend fifty thousand and others who spend one hundred and fifty dollars per annum for advertising. And every one of them is getting rich out of advertising.

HOW TO STOP A PAPER.—The following from one of our exchanges so fully and clearly expresses our views upon the subject that we copy it without comment:

"You have an undoubted right to stop a newspaper whenever you are disposed, upon payment of all arrearages. Do not hesitate to do so on account of any "tenderness of feeling" for the editor. Don't you suppose he would stop buying sugar of you, or meat, clothing, dry goods, &c., if he thought he was not getting his money's worth? And when you discontinue a paper, do so manfully. Don't be so pitiful as to throw it back to the postmaster which a contemptuous, "I don't want it any longer!" and have "refused" written on the margin, and have the paper returned to the editor. No gentleman ever stopped a paper in that way, no matter if his head is covered with gray hairs that should be honorable. If you do not wish longer to receive a newspaper write a note to the editor like a man, saying so—and be sure that arrearages are paid. This is the way to stop a newspaper."

REMOVAL.—Several years ago the College Board put up a two-story frame Building, 33x22 feet, adjoining the residence of Prof. Ehrehart, to be used for Boarding and Recitation purposes in connection with the Preparatory Department. Prof. E. having resigned the Principalship, it became necessary to remove the building over to the grounds of the Preparatory Department, in the rear of Stevens Hall, which was successfully done this week by Messrs Powers & Atkinson, without any injury of any kind to the building.

A USEFUL HINT.—Somebody that professes to know says that old ribbons will look quite renewed if washed in cool suds made of fine soap and ironed when damp. Cover the ribbon with a clean cloth and pass the iron over that. If you wish to stiffen the ribbon, dip it, while drying, into gum arabic water. White silk gloves wash well, and should be dried on the hands. Never dampen bonnet ribbon and iron it wet; it makes it as stiff as horn.

HAIR VIGOR.—In common with many others we have felt a lively interest in the investigations which Dr. Ayer has been making to discover the causes of failure of the hair, and to provide a remedy. His researches are said to have been much more thorough and exhaustive than any ever made before. The result is now before us under the name of AYER'S HAIR VIGOR. We have given it a trial, and with full satisfaction. It equals our most favorable anticipations. Our Gray hairs have disappeared, or resumed their original color; and a visible growth in case of Scrofula and Scurvy on a part of the scalp which was entirely bald.—Democrat, Abingdon, Va.
