IMPORTANT
TO THE
INVALIDS!!
IRON IN THE BLOOD!
It is well known to the medical profession that Iron is the vital principle or life element of the blood. This is derived chiefly from the food we eat; but if the food is not properly digested, or if, from any cause whatever, the necessary quantity of iron is not taken into the circulation, or becomes reduced, the whole system suffers. The bad blood will irritate the heart, will clog up the lungs, will stupify the brain, will obstruct the liver, and will send the life-weight-giving element to all parts of the system, and every one will suffer in whatever organ may be predisposed to disease.
The great value of
IRON AS A MEDICINE
is well known and acknowledged by all medical men. The difficulty has been to obtain such a preparation of it as will enter the circulation and assimilate at once with the blood. This point, says Dr. Hayes, Massachusetts State Chemist, has been attained in the Peruvian Syrup, by combination in a way before unknown.
THE PERUVIAN SYRUP
Is a protected solution of the Protoxide of Iron. A new discovery in medicine that strikes at the root of disease by supplying the blood with its vital principles of Life Element—Blood.
THE PERUVIAN SYRUP
Cures Dyspepsia, Liver Complaint Dropsy, Fever and Ague, Loss of Energy, Loss of Spirits.
THE PERUVIAN SYRUP
Infuses strength, vigor, and new life into the system, and renovates and invigorates the whole
THE PERUVIAN SYRUP
Cures Nervous Affections, Female Complaints, and Diseases of the Kidneys and Bladder
THE PERUVIAN SYRUP
Is a specific for Female Complaints, and for the relief and cure of the distressing diseases incident to the sex. Dropsy, Spasms, Jaundice, Loss of Appetite, Wakefulness, Palpitation of the Heart, Fever and Ague, Nervous Affections, Neuralgia, Rheumatism, Dyspepsia, Costiveness, Piles, Female Weakness, Diseases of the Skin, Eruptions, Pimples, Blotches, Tetter, Salt Rheum, Scald Head, Ringworm, Scurvy, Erysipelas, Scrofula, Consumption, Liver Complaint, Dropsy, Nervous Affections, Debility, Sick Headache, Dyspepsia, Loss of Appetite, Diseases of the Urinary Organs, Dizziness, Dimness of Vision, Pain in the Side, Back and Limbs, Sudden Rushes of Blood to the Head, Palpitation of the Heart, Pleurisy, Inflammation and Pain in the Lungs and Breast, Cough, Consumption, Night Sweats, Nervous Irritation and Weakness, Premature Decay, Loss of Memory, Confusion of Ideas, Diseases of the Bladder and Kidneys, Gravel, Diabetes, Dropsy, Scrofula, Erysipelas, Rose or St. Anthony's Fire, Neuralgia, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurities of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. These cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of *Sarsaparilla* in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.
We know the public have been deceived by many compounds of *Sarsaparilla*, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.
AYER'S
CHERRY PECTORAL,
The World's Great Remedy for Coughs, Colds, Incipient Consumption and for the relief of Consumptive Patients in advanced stages of the disease.
This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

FOR CLEANSING, WHITENING AND PRESERVING
THE TEETH!
This article is prepared with the greatest care upon scientific principles, and *warranted* not to contain anything in the slightest degree injurious to the teeth or gums. Some of our most eminent Dental Surgeons have given their sanction to, and cheerfully recommend it as a preparation of superior qualities, for Cleansing, Whitening and Preserving the Teeth. It cleans them readily, rendering them beautifully white and nearly, without the slightest injury to the Enamel. It is healing to the gums where they are ulcerated and sore. It is also an excellent disinfector for old decayed teeth, which are often exceedingly offensive. It gives a rich and creamy taste to the mouth, cleansing it thoroughly, and imparting a delightful fragrance to breath.
PREPARED ONLY BY
A. HAWLEY & CO.,
W. Corner 10th and Lombard Sts., Philad'a.
AND SOLD BY ALL DRUGGISTS.
PRICE 25 CENTS.
TESTIMONIALS.
The following opinion of Dr. White, as to the high esteem in which he holds the Dental Cream, must be sufficient evidence of its value; to quote other testimonials in detail is needless, contenting ourselves by simply giving the names and addresses of persons who speak of its excellency for the teeth.
PHILADELPHIA, April 15, 1864.
Having carefully examined A. Hawley's "Solidified Dental Cream," I hereby cheerfully recommend it to the public generally. It is an excellent preparation for cleansing and preserving the teeth, and can be used by all persons with the utmost confidence, as its properties are perfectly harmless. Besides preserving the teeth, it promotes a healthy action to the gums, and imparts a pleasantness to the breath.

MEDICINAL.

The peculiar taint of infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. Those, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.
Ayer's Sarsaparilla
is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: **King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses,** and, indeed, the whole series of complaints that arise from impurities of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. These cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which
