THE ADAMS EXPRESS COMPANY— PITTSBURGH, ROCHESTER AND NEW BRIGHTON EXPRESS.—For the especial accommodation of the large population along the line of the Ohio and Pennsylvania Railroad, between Pittsburgh and New Brighton, whose intimate business and social relations require such Agency, THE ADAMS EXPRESS COMPANY have made such arrangement with the Railroad as to enable them to put a trusty Messenger on the *Accommodation Train*, who will take charge of all property and business properly entrusted to him. He will leave New Brighton by the Morning Train, remain in Pittsburgh and Allegheny City during the day to attend to such commissions as may be entrusted to him, and return by the Evening Train, with his Goods and Commissions executed. All goods, &c., will be delivered or called for in the two cities, within reasonable distance, without extra charge; but to insure such delivery, the direction on packages, especially for private houses, should be explicit.

At Way Stations, all matter will be left with the Station Agent of the Railroad Company, when the proper party is not at the Station on the arrival of the Train, to receive his goods.

The charges for carrying packages, &c., and for services rendered by the Messenger, are intended to be within reasonable limits. When the nature of the business is such as to admit of it, special agreements will be made.

HENRY R. IRVIN has been appointed Messenger, and will commence his duties on Monday, December 24, 1855.

TO THOSE WHO WISH FARMS!!!—I have FERTILE LAND at a CHEAP PRICE, and easy terms, your attention is called to the Ridgeway Farm and Coal Company. Twenty-five acres or more in proportion, are given for $200, payable in instalments of $1 a week or $4 per month. It is located in Elk county, Pa. It has one of the best markets for its produce in the State. The soil is a rich loam, and is not to be surpassed for farming, as examination will show.

It is ALL COAL LAND, underlaid by two rich veins, which, on account of its facility to the Lake market, will shortly become of immense value. The Sunbury and Erie R. R. passes directly *through* it, which is now under construction from Erie to within a short distance from the way. The Allegheny Valley R. R. also passes through, connecting it with New York and Pittsburgh. The Lands on it is of the most valuable kind. Title unexceptionable, good, and warrantee deeds are given. It presents a good and substantial opportunity to commence farming, providing for one's children, or making an investment sure to increase in value. A new era is now opening to this region of country, and it cannot but become of great value. In a short time Coal Land will be treble its present price. INVENTIONS AND PATENTS.

PITTSBURGH, April 12, 1856.

M. F. EATON, Esq.:

Dear Sir,—Having used G. Trott's "Patent Oil Globe" on almost all the steam engines furnished the last year, and inasmuch as they appear to have given entire satisfaction to our customers, we have no hesitation in recommending them as a good article, and much preferable on account of their simplicity of construction, to the old fashioned Oil Globes or any other of which we have any knowledge.

Very respectfully yours,
F. & W. M. FABER & CO.,
Engine Builders.

This certifies that the Oil Cup patented by Mr. Trott, has been in use on our road for two years past. We find it to be an economical and durable Oil Cup, and can recommend it as such. GEO. W. GRIER,
Foreman of Pittsburgh Shop of Penna. Central RR.
November 29th, 1854.

To M. F. EATON, Esq.:

This certifies that we have had in use the patent Oil Globes or Cups, sold by Moses F. Eaton, Esq., of Pittsburgh, and consider them very much superior to any thing of the kind we have ever used. ALFRED THOMAS,
Treasurer Ohio Tool Company.
Columbus, Ohio, November 27, 1855. ap21

Patent Finishing Plane.

This invention is intended for use where it is desired to impart a fine, smooth, and glossy surface to the wood; but it is applicable, with advantage, to all kind of carpenter's planes. The novelty consists in placing the cutting chisel, or bit, in front of the wedge, instead of behind, as in common planes; also in applying a metallic mouth-piece to the face of the plane, in front of the chisel, which mouth piece serves as the rest for the chisel, and confines the throat of the plane.

But the mouth piece is so close to the edge of the bit as to prevent the plane from tipping or splintering the wood in the least degree. Indeed, we have seen the implement applied to the planing of wood against the grain, and transversely to the grain, leaving the wood perfectly smooth. So perfect is the operation of this instrument, that it may be applied to the planing of veneers—with entire success—a thing which cannot safely be done by the common plane. The peculiar arrangement of the mouth piece, bit, and wedge, affords a complete and firm bearing for the bit throughout its whole length, and dispenses, under all circumstances, with the use of a cap or double bit.

This is a very simple and effective improvement, destined, we have no doubt, to find its way into every carpenter's shop in the land. No tool chest is complete without it. The inventor is Wm. C. Hopper, of Pittsburgh, Pa., and his patent bears date January 15, 1856.

MOSES F. EATON, No. 139 First street, Agent for the patentee.

MEDICAL.

DR. MORSE'S INVIGORATING CORDIAL,
A [illegible] PHENOMENON IN MEDICINE.

Health Restored and Life Lengthened
BY
MORSE'S INVIGORATING ELIXIR.

IT WILL replace weakness with strength, incapacity with efficiency, irregularity with uniform and natural activity, and this not only without hazard of reaction, but with a happy effect on the general organization. Bear in mind that all maladies, wherever they begin, finish with the nervous system, and that the paralization of the nerve of motion and sensation is physical death. Bear in mind, also, that for every kind of nervous disease, the Elixir Cordial is the only reliable preparation known.

CURE OF NERVOUS DISEASES.

No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the diseased, debilitated and shattered nervous system, whether broken down by excess, weak by nature, on impaired by sickness—the unstrung and relaxed organization is at once braced, revivified and built up. The mental and physical symptoms of nervous disease vanish together under its influence. Nor is the effect temporary; for the Cordial properties of the medicine reach the constitution itself, and restore it to its normal condition.

LOSS OF MEMORY,

Confusion, giddiness, rush of blood to the head, melancholy, debility, hysteria, wretchedness, thoughts of self-destruction—fear of insanity, dyspepsia, general prostration, irritability, nervousness, inability to sleep, disease incident to females, decay of the propagating functions, hysteria, monomania, vague terrors, palpitation of the heart, impotency, constipation, etc., from whatever causes arising is, if there be any reliance to be placed on human testimony, absolutely infallible.

A GREAT MEDICINE FOR FEMALES.

The unparalleled effects of this great restorative in all complaints incident to females, mark a new era in the annals of medicine. Thousands of stimulants have been invented—thousands of invigorants concocted—all purporting to be specifics in the various diseases and derangements to which the delicate formation of woman render her liable.

EVERY WOMAN OF SENSE,

Who suffers from weakness, derangement, nervousness, tremors, pains in the back, or any other disorder, whether peculiar to her sex, or common to both sexes—should give the Invigorating Cordial a trial.

MARRIED PERSONS,

Or others, will find this Cordial, after they have used a bottle or two, a thorough regenerator of the system. In all directions are to be found the happy parents of healthy offspring, who would not have been so but for this extraordinary preparation. And it is equally potent for the many diseases for which it is recommended. Thousands of young men have been restored by using it, and not in a single instance has it failed to benefit them.

PERSONS OF PALE COMPLEXION,

Or consumptive habits, are restored by the use of a bottle or two to bloom and vigor, changing the skin from a pale, yellow, sickly color, to a beautiful florid complexion.

TO THE MISGUIDED.

These are some of the sad and melancholy effects produced by early habits of youth, viz: weakness of the back and limbs, pains in the head, dimness of sight, loss of muscular power, palpitation of the heart, dyspepsia, nervous irritability, derangement of the digestive functions, general debility, symptoms of consumptions, etc.

Mentally, the fearful effects on the mind are much to be dreaded. Loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion to society, self-distrust, love of solitude, timidity, etc., are some of the evils produced. All thus afflicted,

BEFORE CONTEMPLATING MARRIAGE,

Should reflect that a sound mind and body are the most necessary requisites to promote connubial happiness; indeed, without these, the journey through life becomes a weary pilgrimage—the prospect hourly darkens the view; the mind becomes shadowed with despair, and filled with the melancholy reflection that the happiness of another becomes blighted with your own.

CAUTION!

Dr. Morse's Invigorating Cordial has been counterfeited by some unprincipled persons.

In future, all the genuine Cordial will have the proprietor's fac simile pasted over the cork of each bottle, and the following words blown in the glass:

Dr. Morse's Invigorating Cordial.
C. H. RING, Proprietor, N. Y.

The Cordial is put up, highly concentrated, in pint bottles—price three dollars per bottle, two for five dollars, six for twelve dollars. C. H. RING, Proprietor,
192 Broadway, N. Y.

Sold by Druggists throughout the United States, Canada and the West Indies.

INHALATION
FOR THE
CURE OF ASTHMA AND CONSUMPTION.
NEW AND VERY WONDERFUL.
HYGEANA
BROUGHT HOME TO THE DOOR OF THE MILLION

A WONDERFUL DISCOVERY has recently been made by Dr. CURTIS, of this city, in the treatment of Consumption, Asthma, and all diseases of the Lungs. We refer to "DR. CURTIS' HYGEANA, OR INHALING HYGEAN VAPOR AND CHERRY SYRUP." With this new method, Dr. C. has restored many afflicted ones to health; as an evidence of which, he has innumerable certificates. Speaking of the treatment, a physician remarks: "It is evident that inhaling—constantly breathing an agreeable, healing vapor—the medicinal properties must come in direct contact with the whole aerial cavities of the lungs, and thus escape the many and varied changes produced upon them when introduced into the stomach, and subject to the process of digestion." The Hygeana is for sale by all the Druggists throughout the country.—*New York Dutchman of January 13.*

The Inhaler is worn on the breast, and the Hygeana, [illegible] the heat of the body [illegible] sufficient to evaporate the fluid. [illegible]

One package of the Hygeana has cured me of asthma of six years' standing. J. F. KESSBERRY,
Postmaster of Puncounon, Pa.

I am cured of the Asthma, of ten years' standing, by Dr. Curtis' Hygeana. MARGARET EASTON, Brooklyn, N. Y.

Mrs. PAUL, of No. 5 Hammond street, N. Y., was cured of a severe case of Bronchitis by the Hygeana.

My sister has been cured of a distressing cough, of several years' standing, and decided to be incurable by the physicians. She was cured in one month, by the Hygeana.
J. H. GAGLEBY, Richmond, Me.

The Rev. Dr. CHEEVER, of New York, testifies of our medicine in the following language:

NEW YORK, November 15, 1854.

Dear Sir—I think highly of Dr. Curtis' Hygeana as a remedy in diseases of the throat and lungs. Having had some opportunity to testify its efficacy, I am convinced that it is a most excellent medicine, both the Syrup and the inhaling application to the chest.

N. B.—Dr. Curtis' Hygeana is the ORIGINAL and ONLY GENUINE ARTICLE; all others are base imitations, or vile and INJURIOUS counterfeits. Shun them as you would POISON.

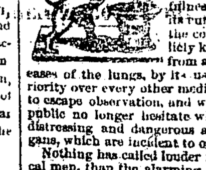
AYER'S CHERRY PECTORAL,
FOR THE RAPID CURE OF COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA AND CONSUMPTION.



THIS REMEDY is offered to the community with the confidence we feel in an article which seldom fails to realize the happiest effects that can be desired. So wide is the field of its usefulness, and so numerous the cases of its cures, that almost every section of the country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs, by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs, which are incident to our climate.

Nothing has called louder for the earnest inquiry of medical men, than the alarming prevalence and fatality of consumptive complaints, nor has any one class of diseases had more of their investigations and care. But as yet no adequate remedy has been provided, on which the public could depend for protection from attacks upon the respiratory organs, until the introduction of the CHERRY PECTORAL. This article is the product of a long, laborious, and, I believe, successful endeavor to furnish the community with such a remedy. Of this last statement the American people are now themselves prepared to judge, and I appeal with confidence to their decision. If there is any dependence to be placed in what men of every class and station certify it has done for them; if we can trust our own senses, when we see dangerous affections of the throat and lungs yield to it; if we can depend on the assurance of intelligent Physicians who make it their business to know—in short, if there is any reliance upon anything, then it is irrefutably proven that this medicine does relieve and does cure the class of diseases it is designed for, beyond any and all others that are known to mankind. If this be true, it cannot be too freely published, nor too widely known. The afflicted should know it. A remedy that cures is priceless to them. Parents should know it, their children are priceless to them. All should know it, for health can be priced to no one. Not only should it be circulated here, but everywhere, not only in this country, but in all countries. How faithfully we have acted on this conviction, is shown in the fact that already this article has made the circle of the globe. The sun never sets on its limits. No continent is without it, and but few peoples. Although not in so general use in other nations as in this, it is employed by the more intelligent in almost all civilized countries. It is extensively employed in both Americas,—in Europe, Asia, Africa, Australia and the far-off islands of the sea. Life is as dear to its possessors there as here, and they grasp at a valuable remedy with even more avidity. Unlike most preparations of its kind, it is an expensive composition of costly materials. Still it is afforded to the public at a reasonably low price, and what is of vastly more importance to them, its quality is never suffered to decline from its original standard of excellence. Every bottle of this medicine, now manufactured, is as good as ever has been made heretofore, or as we are capable of making. No toil or cost is spared, in maintaining it in the best perfection which it is possible to produce. Hence the patient who procures the genuine CHERRY PECTORAL can rely on having as good an article as has ever been had by those who testify to its cures.

By pursuing this course, I have the hope of doing some good in the world, as well as the satisfaction of believing that much has been done already.

The Greatest Medical Discovery
OF THE AGE.

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures *every kind of Humor, from the worst Scrofula to a common Pimple.*

He has tried it in over eleven hundred cases, and never failed except in two cases (both thunder humor.) He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing, sore mouth.

One to three bottles will cure the worst kind of pimples of the face.

Two to three bottles will clear the system of boils.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst case of erysipelas.

One or two bottles are warranted to cure all humor of the eyes.

Two bottles are warranted to cure running of the ear and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruption of the skin.

Two to three bottles are warranted to cure the most desperate cases of rheumatism.

Two or three bottles are warranted to cure the worst cases of ringworm.

Three to four bottles are warranted to cure salt rheum.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Nothing looks so improbable to those who have in vain tried all the wonderful medicines of the day, as that a common weed growing in the pasture, and along old stone walls, should cure every humor in the system; yet it is now a fixed fact. If you have a humor it has to start. There are no ifs nor ands, hums or ha's about suiting some cases and not yours. I peddled over a thousand bottles of it in the vicinity of Boston. I know its effects in every case. It has already done some of the greatest cures ever done in Massachusetts. I gave it to children a year old; to old people of sixty. I have seen poor, puny, wormy looking children, whose flesh was soft and flabby, restored to a perfect state of health by one bottle.

To those who are subject to a sick headache, one bottle will always cure it. It gives great relief to catarrh and dizziness. Some who have been costive for years, have taken it, and been regulated by it. Where the body is sound it works quite easy, but where there is any derangement of the functions of nature, it will cause very singular feelings, but you must not be alarmed—they always disappear in from four days to a week. There is never a bad result from it. On the contrary, when that feeling is over, you will feel yourself like a new person. I heard some of the most extravagant encomiums of it that man ever listened to. No change of diet is ever necessary—eat the best you can get. I have likewise an herb, which, when simmered in sweet oil, dissolves scrofulous swelling of the neck and under the ears. Price 50 cents. Price of the Medical Discovery $1 per bottle.

Directions for Use.—Adult, one table spoonful per day. Children over eight years, dessert spoonful; children from five to eight years, tea-spoonful. As no direction can be made applicable to all constitutions, take enough to operate on the bowels twice a day.

Mr. KENNEDY gives personal attendance in bad cases of scrofula.

SANDS' SARSAPARILLA.
IN QUART BOTTLES.
For the Removal and Permanent Cure of all Diseases arising from an Impure State of the Blood, or Habit of the System.

HEALTH depends principally upon the condition of the blood—its oxidation by its passage through the lungs, and distribution into the organs of absorption, circulation, respiration, and secretion, constitute the phenomena of Life. These organs are imbued with wonderful sympathetic affinities; if any one of them is improperly affected, they all become irritated and inflamed, the stomach gets deranged, pains of all kinds come on, especially in the head and limbs, accompanied with a burning heat, loss of appetite, extreme nervous debility, nausea, morbid anxiety, depression of spirits, disturbed sleep, and indisposition to make the slightest physical exertion. If the vital fluid be charged with the elements of disease, sickness must be the consequence. It is then evident that a medicine is needed that will cleanse and purify the blood, and such is SANDS' SARSAPARILLA. It assists digestion, creates appetite, strengthens the system, and by removing the cause of the disease effects a complete and permanent cure.

The following unsolicited communication is one among thousands that are from time to time addressed to us from all quarters of the world, to which we invite attention:

LYNN CO., OREGON TER., March 14, 1855.

Messrs. A. B. & D. Sands, New York—Gentlemen: In the spring of 1853 I left Indiana with my wife and seven children for Oregon, and arrived safely at Salmon Falls, Snake River, without any difficulty; at this place our eldest boy was seized with a swelling and severe pains in the legs, which day by day grew worse, until his legs contracted and became so painful that he could not walk; we had to carry him in and about the wagon like an infant; his moaning was dreadful, keeping us awake nearly all night. We reached Albany on the 3d of October, completely worn out by fatigue; by this time he was reduced to a perfect skeleton. Here we were enabled to consult a physician, Dr. Dill, who honestly confessed he could not cure him, although he could give him medicine that would relieve the pain. In this exigency something remained to be done speedily, or death was inevitable. Being recommended to try your Sarsaparilla, I procured a bottle; after taking some he appeared worse; but persevering with it, I obtained a second bottle, which seemed to grapple with the disease, and caused a marked improvement; the swelling and pain in the legs were reduced, his appetite improved, and his color began to return. Thus encouraged, I purchased a third bottle, while taking which the swellings in his legs broke, and some pieces of bones one-eighth of an inch long came out; after which, his legs straightened and healed up. He is now perfectly recovered, has no appearance of being a cripple, and can perform most kinds of common labor. All this has been effected, as many can certify, by three bottles of your valuable Sarsaparilla, of which, under providence, my son remains a living testimonial. Yours, respectfully, CALEB DAVIS.
