The Late European News.

By the arrival at New York on Saturday last of the steamships *Hermann* and *America*, we have dates from Liverpool to the 1st inst. The news is important and exciting. Breadstuffs have advanced and cotton declined. It is stated that the Russian forces under Gortschakoff, in attempting to cross the bridge from the island opposite Turtukai, were attacked by the Turks, the bridge destroyed, and two thousand Russians drowned. Fifty-three thousand Russians are said to have crossed the Danube at different points. The event of the announcement of which has been looked for at every recent arrival, is now announced. The English papers contain the official announcement of the declaration of war against Russia. As an improvement in the mode of naval warfare, it is announced that the Queen has also issued a declaration that she will not grant letters of marque for commissioning privateering vessels.

STILL LATER.—By the arrival of the *Arctic* at New York, we have five days later news from Europe.

The intelligence from the Danube is unfavorable for the Turks. The Russians captured the fortress of Hirshova on the 28th, and had also taken the strong position of Rabadogh, thus obtaining the command of the Upper Colmdsha as the country lying near the mouth of the Danube is called. It is also reported that the Russians had captured Isaktchi, another fortress before Hirshova, on the 27th. The Turks were throwing remforcements into the town of Varna, a strongly fortified post on the western coast of the Black sea. The British fleet was cruising off Varna.

The latest accounts states that 4000 Russians from Sebastapool had landed and seized the large island of Damarez below Tultscha. It was also said that the Russian fleet threatened an attack upon Varna.

Admiral Sir Charles Napier is anchored with 22 ships off the Island of Moen; in the Baltic. A portion of the Russian fleet is frozen in Revel.

The shipments of troops from France and England are going on rapidly. France has already sent 20,000 and England 10,000 men.

The Russians fearing that Ossel Island will be the first point of attack by Napier, have placed there a garrison of 30,000 men.

The troops now leaving England will go direct to Constantinople without stopping at Malta.

Russian subjects have been ordered to leave Constantinople in twenty days.

It is stated that Hirshova stood the assaults of the Russians for three days before it capitulated.

EARTHQUAKES IN GEORGIA.—Milledgeville and Macon were visited with slight shocks of an earthquake on the 20 inst. In regard to the one in Macon, the *Citizen* of the 21st says:—There seems to be some doubt whether the phenomena which occurred here yesterday morning was an earthquake or the effect of some meteoric explosion overhead. At Gordon, Milledgeville and Forsyth, the same shaking of houses, and rumbling noise, like heavy distant thunder, took place, and a correspondent from Forsyth says that some of the villagers there distinctly heard the noise over their heads. The first shock took place here about half-past six A. M., and a second slight one about half an hour afterwards. The house we live in trembled and rocked like a strong man in convulsions, leading to the supposition that it was an earthquake and nothing else. The direction of the vibration was from southwest to northwest." Of the one in Milledgeville, the *Recorder* of the 21st says: "The first, of which was alarmingly perceptible, occured about twenty minutes past six o'clock, the last shock which was very slight, was felt about half an hour later. An old, (he would be offended were we to say "the oldest,") inhabitant says a severer shock has not been experienced at this place since 1810. It was very fitly described by a little child, who observed, "Papa, the house is riding off."

SOUTHERN CONVENTION.—The Southern Commercial Convention, met at Charleston, on Monday week, and organized by the election of the Hon. Wm. C. Dawson President. A committee of three from each State were appointed to prepare business. There was fifteen delegates from Maryland, one hundred and thirty from Virginia, three hundred from Tennessee, forty from Georgia, five from Louisana, twenty-two from North Carolina, South Carolina was largely represented, seven from Mississippi, Leslie Coombs from Kentucky, and seventeen from Alabama.

The Convention, on Tuesday, was occupied with resolutions as to the Pacific Railroad and direct trade with Europe. Messrs. Jones, of Tennessee, and Albert Pike, of Arkansas, spoke The latter denounced reliance on Congress for building the Pacific Railroad. The resolution was referred to the General Committee, which made report on Wednesday. The report recommends the Pacific Railroad by a Southern route, encourages Southern mining and manufacturers, and the establishment of Amazonian commerce.

SALE OF THE MAIN LINE.—The bill providing for the sale of the main line of our State improvements has passed both Houses of the State Legislature. The House bill, however, fixes the minimum price at eleven millions, and the Senate bill fixes it at ten millions. We suppose the bill will now go to a committee of conference. The following was the vote in the Senate (on Friday last,) on agreeing to the bill:

YEAS—Messrs. Barnes, Buckalew, Darlington, Darsie, Evans, Ferguson, Foulkrod, Frick, Fry, Goodwin, Haldeman, Hamilton, Byron D Hamlin, Ephriam W. Hamlin, Hendricks, Hiester, Hoge, Jamison, Kinzer, Kunkel, M'Farland, Price, Sager, Skinner, and Slifer—25.

Markets.

PHILADELPHIA, April 18.

FLOUR AND MEAL.—Flour has advanced from 50c to $1 per bbl., on the closing sales of last week—transactions in all reach some 8a9000 bbls. taken by speculators and shippers at $7 62½ a 7 75 for standard and good straight brands, $8a8 25 for common and fancy extra. The sales for home use have also been to a fair extent at the advance, prices mostly ranging from $7 75a 8 25 per bbl. according to brand. Rye Flour and Corn Meal within a day or two have been more active. Some 4a500 bbls. of the former sold at $4 87½, and about 2000 bbls. of the latter, Pennsylvania Meal, at $3 25 per bbl. closing scarce at those rates. GRAIN.—The market for wheat has been steadily on the advance, and prices have improved fully 10c per bushel; the receipts, some 25a30,000 bushels, have all been taken within the range of 170a180 for Pennsylvania red, and 180a188c for white, of prime quality; at the close there was none to be had at our highest figures. Rye is in steady request at 92a 93c. CORN.—About 40,000 bus. mostly Southern yellow, sold at 74a78c, white at 72a74c; the latter rates are generally refused. Oats are in demand at an advance, and 12a15,000 bushels changed hands at 47a48c for Southern, and 52a 53c for Pennsylvania; closing scarce at our highest quotations.

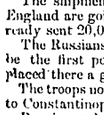
The Celebrated Dray Horse, COBHAM,



From the Imported Horse of England, this noble horse is of the best breed of the powerful English Dray Horse. He is descended in the third degree only from the noted horse Drayman, admitted by the best judges to have been the finest horse of that species in the British Kingdom.

Cobham is rising four years old, in height stands 17 hands; his color is jet Black, and weigh 1800 pounds. He possesses amazing muscular power, a remarkable good temper and has proved to be very docile and submissive.—This splendid horse is owned by an association of persons who bought him for $1000 from the owner who raised him in Franklin county, Pa., and is stabled for the season at Joseph Stouffer's, in Franklin township, York co., the first week in April, and the second in Petersburg, York Springs, Adams county, so alternately changing week about during the season. All who are curious to examine the noblest specimen of the heavy draught horse ever exhibited in America, of his age, are invited to call. For further particulars as to pedigree &c., see hand bills.

Industrial Fair.

THE "Big Spring Literary Institute," will hold an Industrial Fair in Newville, to open on the second Tuesday of June next, and continue two weeks.

It is intended particularly for the encouragement of the mechanical arts, but contributions (i. e. articles for exhibition,) are solicited from all classes of persons interested in the progress of the arts and sciences. A prominent place will be given to plain and fancy needle work, artificial flowers, drawing, &c., and the ladies are cordially invited to become contributors to this department.

No charge will be made for articles for exhibition, and in addition to this the exhibitor is furnished with a ticket which will admit him or her to the Fair at any time during its continuance; provided in all cases that the exhibitor is the manufacturer. Persons desiring to exhibit any article or articles must make application to the Secretary or President of the Board of Managers on or before the first of June. The rooms will be open on Monday, June 5th, for the reception of goods, and every article intended for exhibition must be received on or before the following Friday.

The Judges who are to decide on the respective merits of articles on exhibition will be appointed by the Board of Managers.

The circumstances of the Institute will not permit the awarding of premiums, but certificates of excellence with the seal of the Society will be given to the exhibitors of such articles as the Judges may decide upon.

Enterprising mechanics, business men, and others, from neighboring towns and counties, are invited to send on their contributions.

PATENT MEDICINES.		
Jacob Stigalman	4	5 00

Merchants and all others concerned in the above classification, are hereby notified that they can have an opportunity of making an appeal by calling on me at Carlisle on the 27th and 28th of April, provided they consider themselves aggrieved by the above classification.

WILLIAM McPHERSON,
Mercantile Appraiser.

Carlisle, April 6, 1854—4t.

Select School.

THE subscriber, at the ardent solicitation of many of the patrons of his former school, will open a private school, on Monday the 10th of April, at his residence, corner of Hanover and North Streets, embracing the various grades of the common schools. The situation of the premises is retired, the room large and healthful, and the adjoining grounds afford a delightful place for recreation and amusement. The utmost regard will be had to the morals of all pupils entrusted to his care, and every exertion made to render the school pleasant and profitable. For further information as to terms, &c., apply to W. MILES.

Carlisle, April 6, 1854—3t

P. S.—A few scholars from the country will be taken; and, if required, boarding will be furnished at moderate rates. Young men, who intend to devote themselves to teaching, will also be received as pupils, to whom Lectures will be given, on the Theory and Practice of Teaching.

Valuable Potatoes for Sale.

THE subscriber offers the following valuable varieties of potatoes for sale. The N. Y. State Agricultural Society have generously encouraged their importation and culture.

1st. *The Rough Purple Chili.* This was imported at a great expense from South America, in 1851, and was the only sort out of eight adapted to our climate. For *hardiness, yield, and quality for the table*, it has no equal. Seventy-five small parcels of it were widely spread in 1853, over twelve northern States. From more than one-third of them, embracing nine States, reports have been received. These reports, notwithstanding the unfavorableness of the season, usually show a yield varying from twen
