Pen and Scissors.

☞ Ex-Senator JOHN DAVIS died at his residence in Worcester, Massachusetts, on the 19th ult., of bilious cholic after a few hours illness.

NO LICENSE.—The Court of Quarter Sessions of Crawford county have refused all applications for tavern licenses for the present year. The petitions were referred to the Grand Jury, who was unable to agree upon the subject, and the matter being then in the hands of the court, it decided that no licenses should be granted.

JOINED THE TURKS.—We learn that Mr. C. Carroll Tevis, well known in this borough, has applied for and received an appointment in the Turkish army, as aid to General Guyon, with the rank of Lieutenant Colonel. He has taken the name of *Nessem Bey*, and by the last advices was on his way to Trebisond, and from thence to Kars.

☞ The Toronto *Colonist* says: "If Canada ever becomes a State of the Union, it will not be until its soil is soaked in blood." Capital manure blood makes. The blood of the martyrs was for a long time supposed to breed churches.

☞ A lot of sixty bars of Railroad iron, says the Baltimore American, has been shipped at Wheeling for Louisville. This is the first railroad iron manufactured in the West. It was from the extensive factory of Gill, Hardman & Stephens. The same firm have a contract for four thousand tons from the Central Ohio Railroad.

☞ The Maine Law bill has been defeated in the New Brunswick Legislature, and a bill passed but very little different from the old License Law. The wholesale and retail dealers are to pay the same amount, and all are to be licensed.

A GOOD FEE.—The New Orleans Board of Aldermen have passed a resolution authorizing the payment of $100,000 to four attorneys, who conducted the McDonough will case on behalf of the city.

A TOWN IN ASHES.—About two-thirds of the town of Dover, Ky., were consumed by fire on Thursday week. Among the buildings destroyed were the Dover Hotel, four large tobacco warehouses, filled with tobacco, seven store and five groceries.

☞ Francis Lamb was struck on the head with a fork handle, by John Judson, at Frederick, Md., on the 18th instant, and so severely injured as to cause his death in a few hours.—High words had previously passed between them. Judson has been arrested and lodged in jail for trial.

A NEW USE FOR THE AMERICAN FLAG.—An Acapulco correspondent of the New Orleans Delta says that Mrs. Denham, wife of the American Consul at that place, "with real good taste," has made her window curtains of the American flag.

☞ A Mammoth Boquet, composed of 10,000 violets, arranged in the form of a dome, surrounded by 800 camelias, was recently presented to the Empress of France by the Horticultural Society of Toulouse.

☞ A pair of bellows has been presented by an admiring bellows-maker of Birmingham, to Louis Napoleon. They are made conjointly of the wood of the willow which waved over the grave of Napoleon the Great, at St. Helena, and the Shakspearian elm, at Stratford.

CUBA.—The London Shipping Gazette, of a recent date, considers it as a matter of certainty that Cuba will be added to the dominion of the United States, and adds that, setting aside the policy of the question, it will be a fortunate event for civilization and humanity.

MORTALITY AMONG THE CHIPPEWAS.—The smallpox is making fearful havoc among this unfortunate tribe. Mr. Le Fevre, who lately came thence from Lake Superior, reports that he passed one lodge in which six dead persons were lying, and that he was informed that there was another lodge, a short distance therefrom, which contained fifteen victims of this loathsome malady.

ASSASSINATION.—We learn from the Washington (Ark.) *Telegraph*, that Captain Richard H. Finn was assassinated, at his residence in that vicinity on the 3d inst. He was shot through the window, while in the presence of his family. He died instantly. The infamous deed was committed in the darkness of the night, and there is no one on whom suspicion rests.

☞ The city mortality, in New York, last week, reached four hundred and twenty-eight, of which sixty-three died of consumption, thirty-three of convulsions, and nineteen of small-pox.

AFFRAY AT NEW ORLEANS.—Dan Rice was attacked at New Orleans, a few days ago, by a man named Robinson, formerly attached to his circus. A pistol which Rice held was twice accidentally discharged, a ball from which passed into the foot of a boy in the vicinity, inflicting a painful but not serious wound.

☞ Nathaniel G. Greene, son of Col. Greene, of the Boston *Post*, arrived in that city on Friday, having performed a trip around the world, by the way of California, China, Hindostan, Egypt, Italy, France and England, during an absence of about twenty months.

☞ The Court of St. James goes into mourning for a week, on account of the death of the Duke of Parma—one of the most worthless 'rips' in all Europe. So much for honor! A thousand Humboldts might die, and no such regret would be indulged in. Blessed be shams!

☞ The Ridgway *Advocate* don't like the proposition of the Potter County *Journal* to nominate David Wilmot for Governor, but urges the claims of John Smith who, it says, is not only sound upon the negro question, but also upon the goose question and all other great questions of State policy.

SLAVES AS STEAMBOAT HANDS.—The steamboat officers on the lower Ohio, Mississippi and Southern rivers generally are endeavoring to introduce slaves as deck hands, firemen, &c., on steamboats, in order to counteract the effort of free laborers to procure higher rates of wages.

CONSUMPTION.—Dr. Simpson, of Edinburgh, it is said, has been working wonders with consumptive patients, by having them well rubbed with warm olive oil. Some of the patients have increased 13 lbs. in weight in seven or eight weeks.

THE SULTAN AND THE CZAR.—Turkey has given the assurance that all creeds shall enjoy the rights and privileges of religious worship, while the Czar has ordered that all the Catholic churches and chapels in his empire shall be closed during the war.

☞ Sunday labor must cease upon the canals and railways of the State of New Jersey, except for the transportation of milk and the United States mails—the Legislature at its recent session, having enacted a very stringent law upon the subject, which has received the approbation of the Governor.

☞ Hon. Nehemiah H. Knight, for twenty years a Senator in Congress from Rhode Island, and previously Governor of that State, died at Providence, on Thursday last.

☞ The Maine Law in Michigan, it appears, has not been declared constitutional, as stated in a despatch a few days ago. On the contrary, Judge Douglas, of that State, has decided it to be unconstitutional.

ARREST OF MAJOR WYSE.—Major Wyse, of the 3d Artillery, is now under arrest on Governor's Island, for disobedience of orders. He was in command of the troops for California which sailed in the Falcon, but refused to go out in that boat, as he did not consider her seaworthy.

A CASE OF CONSCIENCE.—A man, named John C. McKinzie, who was implicated with some seven others in the alleged killing of Eben Floyd, in Clinton county, Ohio, over four years ago, and who left the State at that time, returned on Saturday, the 15th inst., and gave himself up to the Sheriff, declaring that he would rather suffer whatever penalty the law might inflict upon him, than to remain any longer a wandering outcast, away from his friends and his home.

ARRIVAL OF EXILES.—The bark Nacoochee, from Madeira, which arrived at this port, yesterday morning, brings one hundred and fifty-eight passengers, who are religious exiles bound to the colony in Illinois already established there.—They have changed from Romanism to the Presbyterian religion, and, as a consequence, have been obliged to leave the country for a more free privilege of enjoying their new religious principles.—*N. Y. Tribune.*

WEST CHESTER RAILROAD.—We are glad to learn that preparations are in progress for opening a portion of the West Chester and Philadelphia Railroad, extending from this city about six miles, to Kellyville. It will be put in operation thus far early next month, and by the first of June it is expected the cars will run to Media. Mr. Fallon, the new president of the company, is untiring in his exertions to place the company on a solid footing, and will, we have little doubt, succeed to the entire satisfaction of the friends of the enterprise.—*Philadelphia Argus.*

DOING BUSINESS PROMPTLY.—A gentleman and lady were recently united in the bonds of wedlock at Fairview, Erie county Pa., under rather peculiar circumstances. It is said they met at church, for the first time, last Sunday week; and as the Girard *Express* has it, the man, impressed with the fitness of the maid to become his "life partner," at once made a proposition to her to become his wife. She very modestly asked him to wait for an answer until divine service was over, when she said "yes," and they were married instanter.

THE WALKER EXPEDITION.—Letters from San Diego, of March 25th, state that about thirty of Walker's men arrived in that town, and would leave immediately for San Francisco. These men state that when they left Walker, on the 21st instant, he was preparing to abandon the New Republic, as he called it, and would start with about forty of his best officers and men on the following day for Texas—crossing the Colorado river.

Married.

On the 27th ult., by the Rev. J. Evans, Mr. JOHN CARSON, to Miss ELIZABETH MORAT, both of Newburg, this county.

On the 27th ult., by the Rev. A. H. Kremer, Mr. GEORGE PARLET, to Miss ELIZA JANE WIREMAN, both of this county.

Died.

In Harrisburg, in April last, Mrs. MARY THOMPSON, late a resident of Cumberland county, aged 70 years. Peace to her ashes.

In North Middleton township, on the 28th ult., Mr. JOHN HAYS, aged about 61 years.
