THE undersigned, Committee appointed by the Court, to visit, examine into, and report upon the mode of management and present condition of the Poor House of this county, beg leave to state that in discharge of the duties assigned them, they have visited the Institution at different times during the year. There were in the Poor House on the first day of January, 1856, 101—of which 15 were colored. There have been admitted since then 199, including 6 born in the house, making the whole number provided for during the year 321, including 21 out-door paupers. Of these 17 have died, 4 bound out, 20 eloped, and 169 discharged, leaving the number in the house on the first of January, 1857, including 21 out-door paupers, 111. In addition to the foregoing, 658 transient paupers have been admitted and their wants supplied. We are much gratified in being able to say that in all instances we found every thing in good order. All the apartments presented a clean and tidy appearance. Their clothing is abundant, their diet nutritious, and any who are sick receive the attention of the regular physician. Labor is provided for such as are able to work. Children have proper care and attention bestowed upon them, and when of sufficient years, are put out to service with suitable persons.

Upon the whole your Committee are well satisfied that the Institution has been well managed for the year just expired. We also see the great necessity of having a Hospital separate and apart from the main building, from the fact of persons being sent there with infectious diseases, and consequently have to be put into the same house with the rest of the paupers, which ought not so to be. We therefore recommend the erection of a suitable building to be occupied as a Hospital.

Respectfully, &c

M M'CLELLAN,
WM. ALEXANDER, } *Visitors.*

B. J. KIEFF R, Druggist,

HAS moved his store from the former stand to his new building immediately opposite and adjoining Mr. C. Inhoff's Store. Having made every arrangement to preserve his medicines fresh and pure, and having replenished his assortment of carefully selected drugs, he is now again prepared to attend to business with care and promptness. His assortment will furnish almost every thing that may be called for, either by the physician, or the family, for domestic use. The greatest care and precaution will be observed in the compounding of prescriptions and dispensing of medicines. His assortment of confectionaries and fancy goods is very general, and will enable purchasers to suit themselves.
