WHO'LL REFUSE TO BUY JOINT STOCK OF THE GOOD WILL HOSE COMPANY.

GREAT INDUCEMENT TO INVEST.

THE GOOD WILL HOSE COMPANY respectfully inform the public that they have formed a Joint Stock Association, for the purpose of securing sufficient funds to purchase a Fire Engine and Hose. They have procured a large assortment of Elegant Engravings, which they will sell at one dollar each. The purchaser of an Engraving will receive with it a ticket which will give the holder thereof an opportunity to draw one of the annexed splendid gifts, to the list of which we would invite attention. No better chance was ever offered than the present, as the purchaser not only gets an engraving, but our scheme is so full of gifts that in every six tickets sold there must be drawn two gifts, to wit: There will be but 10,000 Engravings sold, and the gifts will amount to 3,292.

PROPOSALS.

WILL be received by the Commissioners of Cumberland county, at their office in Carlisle, until the 19th May, 1857, for the erection of a WOODEN BRIDGE across the Conodoguinet creek, on the public road leading from Landisburg to Newville, near to Christian Myers, in Frankford township.

The bridge to be of the following dimensions, viz: To contain in length 170 feet in the clear, from one abutment to the other; to be 19 feet wide from out to out, and to be 12 feet high from the floor to the square of the roofy to be double floored with two inch plank, the lower floor to be pine, and, the upper floor to be oak plank, and raised in the centre 10 inches, and well secured. The bridge to be one span, to extend from abutment to abutment, the wooden arches to be first quality of timber; said bridge to be weatherboarded with three-quarter inch pine boards, well lapped, the entire roofing to be of good and sufficient pine shingles, the roofing to extend at each end of the bridge 12 feet over the heel of the arches, and on each side of the bridge over the weatherboarding two feet. All of the wood-work outside to be painted with two good coats of white lead mixed with boiled linseed oil; the inside to have one coat of white-wash lime. The stone work to be as follows: Two abutments to be built on a solid foundation, subject to the approval of said Commissioners, to be in size 15 feet at the bottom, and to be 13 feet high from low water mark to the cord line or top of the abutment; the said abutment to be built of good hard and large stone, and lime and mortar, with a battering wall of one inch to the foot on three sides of the abutments, with wing walls on each side of said bridge to extend on the north and south sides 40 feet from said bridge; said wing walls to diverge to suit the road; the said wing walls to be five feet thick at the abutment with a battering of one inch to the foot to the top of the filling, and extend in that manner on the two extremes until it meets the road with an ascent not exceeding an angle of four degrees, with certain walls of sufficient length, height and thickness, and to be well covered with pine shingles. The said work described above to be done in a good and in a workmanship manner, the mason work to be pointed from the back of the abutments; the filling shall consist of earth and stone well put down. The undertaker to furnish all the materials at his own expense.
