...ical Amalgamation in Canada.

...*ite Citizens Resort to Mob Law.*—...from the Detroit *Free Press*, of the ..., that the locality known as Catham, ...e scene of numerous negro disturb...ate; and the object of much unenvi...riety abroad, has again distinguished ...s own peculiar. The *Press* says:

...wo years since the Exter Hall Abo...ciety sent out here from England, ...her missionaries, a young woman ...ng, whose mistaken philanthrophy ...ed her to devote herself to the thank...of improving and reforming our fu...icans. She is at this time nineteen ... years of age, an intelligent and re..., and possessed of annuity of several ...dollars a year, accruing from her ...at home. Her affectionate interest ...groes culminated a day or two since ...marriage to an old darkey preacher ...Buckney, at Catham, an event which ...the community by surprise, and excited ...intense disgust and indignation, as she ...very well known, and, from her edu...cation and attainments, much respected.

The couple were married by an Episcopal clergyman, and immediately took possession of their domicil. The night hardly closed around them before the house was assaulted by a gathering of about one hundred white citizens, who first smashed the windows, then kicked the door in, and, without ceremony, proceeded in the demonstration to the house which threatened to demolish it over the heads of the bridle pair. No harm was offered to them, but the efforts of the crowd did not cease until unmistakable evidence of their disgust had been furnished, when the aspiring negro and the super-elegant piece of household furniture were informed that the operation would be repeated so often as an expression of sentiment on the part of the white citizens was needed.

The ... who took the law into their own hands in this case were respectable and responsible citizens, that were unable to restrain their indignation at such outrages upon decency.

TIMELY HINTS FOR GARDENERS.—Those who are blessed with gardens should embrace the earliest opportunities to begin operations and prosecute them, as the Spring advances, systematically, and judiciously. The Germantown *Telegraph* has some timely hints on this subject which we commend to the attention of our readers interested in gardening and fruit growing:

Peas and early potatoes are the first crops to put in—the former can be sowed as soon in March as the frost is out of the ground, using the variety called the Extra Early, two or three plantings of which, a week or ten days apart, should be made. The first crop of potatoes, if not already in, should not be delayed a day. Fox's Seedling is the very best for early planting; the Lady's Finger and Kidney are also good.

The Tomato should be sown in a hot-bed, without delay. We recommend a trial of the Peach, in addition to the common variety.

The best crop of spring Spinach may be sown at any time. All good gardeners are now using their late fall planting, which was protected through the winter by a light covering of long straw.

The early crops of the following vegetables may be sown as soon as the weather will admit of it. The scarlet Radish, followed by the white and red turnip-rooted Radish; Onions—the silver skin much the best; early Horn Carrot; the Sugar Parsnip; in a warm border, Early York Cabbage seed, and a bed of Lettuce for family use and bedding out for heads.

Asparagus beds can now be prepared. The old beds should this month have the coarse part of the manure applied last fall removed, and the remainder carefully forked in, with an additional quantity of well-rotted manure, if deemed necessary.

Now is the time to transplant Grape vines, Raspberry and Blackberry canes, and to set out Grape, Gooseberry and Currant cuttings, as well as all other vines, shrubbery, &c. No time should be lost; remember, delays are dangerous, and put off not until to-morrow that which can be as easily done to-day.

WASHINGTON PAPERS DURING CUR.—The *Republic* newspaper, at Washington, has issued its last number, and the *National Era* will also be discontinued after next week, for want of sufficient patronage.

HARRISBURG CITY.—The bill incorporating Harrisburg into a city has received the Gubernatorial sanction and is now a law.

Markets.

PHILADELPHIA, March 21.

FLOUR AND MEAL.—The Flour market is dull, but there is no disposition to alter prices. There is very little shipping demand, and the sales are confined to 200 bbls., good Western extra at $6 25, and in lots to supply the wants of the home trade at $5 75@7. 25 per bbl. Rye Flour and Corn Meal are scarce. The former is selling in lots at $4 37½, and the latter at 3 70 per bbl.

GRAIN.—There is less inquiry for Wheat; We quote good and prime red at $1 41@1 48 per bush., and small lots of white at $1 58@1 62. Rye is scarce and continues to command 93 cents. Corn is little inquired for, and prices are barely maintained. A few small sales of yellow at 72@74cts., and 80c bush. damaged at 61c. White is worth 72. Oats are in fair request at 44c for Delaware.

WHISKEY is dull. Small sales of Ohio bbls. at 24c; Penna. do. at 23½; hhds. at 22, and Drudge at 21 cents.

CLOVERSEED is selling at $4 25@4 62½ per 64 lbs. for fair and prime, and inferior lots at $3 50@4.—Timothy and Flaxseed are scarce and in demand—the former at $3 62½, and the latter at $1 60 per bushel.

Poor House Visitors' Report.

January Term, 1860—Quarter Sessions, 1860.

BEFORE the Hon. James H. Graham, President Judge and his Associates, the following proceedings were had, to wit:

The undersigned Committee appointed by the Court to visit, examine into, and report upon the mode of management and present condition of the Poor House of this county, beg leave to state, that in the discharge of the duties assigned them, they have visited the institution at different times during the year. There were in the house on the 1st day of January, 1859, 138 of which 34 were colored.—There has been admitted since then 154, of which 7 were colored, making the whole number provided for during the year 292; of these 12 died and 142 discharged, leaving the number in the house on the 1st of January, 1860, 138 of which 36 are colored; out-door paupers 25, making the whole number chargable at the end of the year 163.

We are happy to say that we found everything in good order, all the apartments clean and of healthy appearance, their clothing comfortable and their diet good and nutritious, and the sick receive faithful attentions of the physician. Labor is provided for them that are able to work. The children receive proper care and attention and when old enough are put out to suitable persons. Your committee are fully satisfied that the institution has been well and truly managed during the year.

Respectfully,

JONATHAN HOLMES,
DAVID KUTZ,
