SCHOEPPE.—The Paul Schoeppe e up in the Supreme Court, at g, on Thursday last, and was d until Monday next. The case on a writ to review the evi- der the act recently passed by lature with special reference to The Commonwealth insists case was closed on the 14th of last, and was not pending when the Legislature was passed on and that the judgment cannot be re-opened now. This is the which will be argued on the 23d.

DEDICATION.-St. John s Lodge No. 260 A. Y. M. (Masonic) of this place will dedicate their new Hall, on Tuesday next, the 24th inst., with appropriate ceremonies. The procession, in full Masonic dress, will form from the old Hall on West Main street, at 10 o'clock, A. M., and move through portions of the principal streets of the town, headed by the U. S. Garrison Band, until 11 o'clock, A. M., when the entire Brotherhood will assemble in the Old Methodist Church, on the corner of Main and Pitt streets, to hear an oration delivered by Rev. Dr. R. H. Pattison, of Philadelphia. The public are generally invited to the exercises in the church, which will continue until 12 o'clock. After the oration, the procession will form again and march to the New Hall, on South Hanover street, where the ceremonies of dedication will be performed. The Lodge will be closed at about 1 o'clock, and a meeting again be held in the evening, after which the Lodges present will be invited to a banquet. The route of procession will be as follows:

Down Hanover to Louther; up Louther to West; up West to Main; down Main to Bedford; up Bedford to Pomfret; up Pomfret to Pitt; down Pitt to the Old Methodist Church. After services in church—down Main to Hanover; down Hanover to New Hall.

The Lodges of Cumberland, Franklin and Adams counties, together with those of York, Lancaster, Columbia, Harrisburg and Bloomfield, have been invited, and are expected to be in attendance.

THE NEW RAILROAD PROJECT.—The meeting at Boiling Springs, on Thursday last, in favor of the new railroad project, was well attended by the capitalists of South Middleton township. Some $21,000 was subscribed on the spot, and a committee appointed to solicit subscriptions. The next meetings of the friends of the project will be held as follows:

At Lisburn, Friday, May 20, at 2 o'clock P. M.

At Dillsburg, Wednesday, May 25, at 2 o'clock.

At Stone tavern, Thursday, May 26, at 2 o'clock.

Let the friends of this enterprise continue their efforts with vigor, and the new railroad will soon be in the hands of the contractors.

OPEN AIR CONCERTS.—The delightful concerts, given last summer by the Carlisle Brass Band, we hope will be repeated this season. One or two concerts have already been given on the public square, to the great delight of our citizens. We should like to see a subscription raised from our people to compensate the members of the Band for a series of open air concerts to be given upon one of the public squares during the summer. These entertainments would prove one of the most interesting features of our town life, and be heartily enjoyed by hundreds of citizens and strangers.

BENEFITS OF ADVERTISING.—The following brief item will show the great benefits accruing from advertising: "At a country vendue in Somerset county, Pa., some weeks ago, almost every article brought its full value. Cows, very poor in flesh, brought from thirty-three to sixty-eight dollars per head. Out of the four hundred persons present, it appeared that one hundred of them had come to buy hogs; and the Sheriff was astonished to find that in less than two minutes he had knocked off ordinary pigs, of mixed breed, only six months old, and weighing alive one hundred pounds, at twenty dollars and fifty cents ahead. *The Sheriff had advertised the sale* IN THE COUNTY PAPERS.

TOWNSHIP STATEMENTS.—According to the provisions of a law passed by the Legislature of 1868, Township Clerks are required, each Spring, to make out and publish a full and complete statement of the financial condition of their respective townships, under a penalty of fifty dollars. The clerks should, therefore, bear this fact in mind, and act in accordance with the law.

30TH OF MAY.—The ceremony of decorating the graves of the soldiers with flowers, wreaths and evergreens, will be performed in the cemeteries and burial grounds of this borough, on Monday, May 30th. As the Legislature has made the 30th of May a legal holiday, we suppose our citizens generally will observe the day and take part in the ceremonies.

IMPORTANT TO BUYERS.—By an Act of Assembly, passed at the last session of the Legislature, Orphans' Court sales are now made clear of all incumbrances.—Purchasers can therefore buy knowing that a good title can be obtained with but little trouble.

If you want to get the local news of the whole country around Carlisle, who gets married, who divorced, who dies, who meet with accidents, who goes in or out of business, who has public sales, or who has lost or found anything, who wants an office, who prospers, who sells the cheapest goods, and to be informed of transactions worthy of note generally, subscribe for and read the VOLUNTEER. Terms, $2 00 per annum, in advance.

THE game of quoits is again becoming fashionable in many localities. It is a game in which two or more can participate, and is played by pitching iron rings at sticks driven into the ground, a few feet apart. It is a more manly game than base ball, being more fascinating and less dangerous.

THE MONTH OF MAY.—The month of May is consecrated by the Catholic church to the memory of the Virgin Mary, under the title of "Our Lady of the Sacred Heart," and every evening throughout the month, generally just after the Angelus, the litany of the Blessed Virgin is sung, and a short discourse delivered by the pastor of the congregation.

CONCERNING CELLARS.—We hope our readers will remember that cellars nearly always need attention at this season of the year. Many cellars are storehouses for apples, potatoes, onions, turnips, &c., and many of these become rotten before spring. And when they reach this condition they should be at once removed. Apples and potatoes should be assorted, and all that are decayed should be cleaned out. This will make those that are left last longer, and will greatly increase the healthfulness of the house. A cellar filled with decaying fruits and vegetables at this season of the year is a breeder of sickness. See to your cellars now.

PROPER PROPOSITION.—We have been informed that a bill was before the last Legislature, but we cannot say whether it became a law or not, which was intended to make parties settling criminal cases previous to trial, to pay their own costs. It is now the custom to place the costs of prosecution on the county.

BE CAREFUL.—The ink used on the new issue of three cent postage stamps is said to be very poisonous. Take care how you lick them.

CURIOUS ACCIDENT.—On last Friday morning, Mrs. Elizabeth Zeigler, of Middlesex township, was slacking lime in a keg, and after she had slaked a certain portion she threw a lump of unslaked lime into the keg, when it suddenly exploded, scattering the burning lime in every direction for ten or twelve feet, and severely scalding Mrs. Zeigler about the face and body. A dog about ten feet away from the keg, was also badly scalded. We never heard of such an accident before, and if any of our readers have, and can give any explanation of it, we shall be pleased to hear from them.

FATAL ACCIDENT.—John Miller, son of the late David Miller, of Silver pring Township, was peeling bark near his dwelling. The axe slipped and cut his foot, the wound bled profusely. A younger brother who was with him at the time, hurried for assistance, but before any one arrived who knew anything about stopping the blood, he was so much exhausted that he died in about an hour.

The family is very poor; he has a mother living who was depending on him for support.

TRY IT.—These warm days send the public in crowds to Haverstick's, after their cool and sparkling mineral water. We can imagine nothing more refreshing than a glass of this beverage, when one feels something like an over-heated coal stove. Physicians all agree in commending the health-giving properties of soda water, and it is just about the most pleasant medicine we know of.

PAPER PETTICOATS.—Prepared paper collars, now in such universal use, are to be accompanied in the world of wear, by the production of petticoats, which are either printed in imitation of the fashionable skirts of the day, or stamped out with open work of such beauty and delicacy as no amount of labor with scissors and needle could imitate. And that, too, at the trifling expense of fifteen cents apiece; so that men with doll wives, can get their saw-dust angels a spring outfit for about one dollar. These prices will doubtless have a beneficial effect upon the present depressed matrimonial market.

JEWISH HOLIDAY.—To-day, May 19th, is the Jewish festival of *Lag Beomer*, or the thirty-third day after the first of the Passover. This is a great day of rejoicing after the season of sorrow and fasting immediately succeeding the Pesach. It is to commemorate the staying of a pestilence which had carried off great numbers of the disciples of Akiba, one of the Talmudists.

BOYS, BE CAREFUL.—The late legislature passed a bill which has been signed by the Governor, fining boys who jump on cars $1 for each offence. We see that some of our boys persist in violating the law and risking their lives. An example or two would probably have a good effect.

GENERAL WALKER decides that under the Census act of 1850 women are ineligible as assistant marshals. Negroes are. Is'ent this a precious state of affairs the radicals have inaugurated? The radicals will soon enact that the negroes are angels, and that their wives, and daughters, and mothers have no souls.

STATE FAIR AT SCRANTON.—The Executive and Locating Committees of the Pennsylvania State Agricultural Society have fixed upon Scranton as the place for holding the State Fair for 1870.

THE State of Maryland has brought a suit against the Baltimore and Ohio Railroad Company to recover the difference in the value of gold and currency, in which the company has been making payments, to the amount of the interest in the stock owned by the State, which is now $2,000,000.

QUARTERLY meeting services will be held in the Emory M. E. Church, on Sabbath next. Rev. T. Mitchell, D. D., Presiding Elder of Carlisle District, will preach at 7½ o'clock, P. M. The pastor will preach in the morning.

A CARD.—Having adevertized that I "had taken Lochman's Old Established Photograph Gallery" whereas I am in the room he occupied, and as far as "Photograph Gallery" differ from "Photograph room" so far I retract and apologize, as I shall always be glad to do, if I *only appear* to be in the wrong.

Thanking him for his reproof though it be an unpleasant one I remain,

Respectfully,

H. P. CHAPMAN.

[COMMUNICATION.]

Messrs. Eds. Volunteer:

Having noticed a communication in your paper of last week, on the subject of member of Assembly, permit me to say that the suggestion there made in reference to Col. John Clendenin meets the general approval of democrats in Middlesex township. We hope that the Col. will yield to the solicitation of his friends, as we are confident by so doing he will perform a valuable service to the Democratic party.

A MIDDLESEX DEMOCRAT

At a meeting of the Union Fire Company, held Wednesday evening, May 4th, the following preamble and resolutions were adopted:

WHEREAS, It has pleased Almighty God in his Providence, to take from our midst our fellow-member, Mr. F. Aichel. Therefore be it,

Resolved, That the house be draped in mourning for the space of thirty days.

Resolved, That the members of the company attend the funeral in a body.

Resolved, That a copy of these resolutions be handed to the family of deceased and that they be published in the borough papers.

SHIPPENSBURG ITEMS.

THE COUNCIL.—This body is making strong efforts to give us clean streetsand alleys. Different offenders have been properly notified to remove the nuisances with which they annoy the public, and all who fail to do so within a given period may calculate upon suffering for their neglect.

The request made by the council to the C. V. R. R. Company, to lower their track in the Borough, has been refused by the President of the road.

IMPROVEMENTS.—Shippensburg is not behind sister towns in improvements this season, in fact far in advance of more pretentious ones. Quite a number of new buildings are going up and many other improvements are being added to some of the handsome residences already erected. We may notice some of the most important of those in the future.

ADMITTED.—Jno. A. C. M'Cune, Esq., of this place was admitted to practice in the Supreme Court of Pennsylvania, at its recent session at Harrisburg. Mr. M'Cune is a worthy gentleman and an able lawyer and will not fail to do credit to his profession.

DECORATION DAY.—Decoration day will be properly observed by the citizens and soldiers of this place. At a meeting of the soldiers held on Saturday last, we understand, appropriate arrangements were perfected by them relative to decorating the graves of their deceased comrades on the 30th inst.

TO THE PUBLIC.—Don't be deceived by falsehood. A fellow who calls himself Chapman for the purpose of deceiving my patrons, advertises that he has "taken Lochman's old established Photograph Gallery."

I have removed my entire establishment, with negatives and all, from Neff's Building, to the South-east corner of Market Square, one of the most capacious and best fitted up rooms this side of Philadelphia, where, with superior instruments, light, and accessories, I can make Photographs of every style, infinitely superior to any made in this part of the country.

Thankful, for the generous support extended to me by an appreciative public, I hope by renewed care and attention, without the use of falsehood, to merit a continuance of their patronage.

Respectfully,

C. L. LOCHMAN.

N. B.—Having purchased the good will and fixtures of Mr. Lesher's room, with all his negatives, I hereby cordially invite his customers with a full assurance of giving them entire satisfaction. Re-prints can be had from the old negatives at any time.

A TRAP THAT MANY OF OUR STORE KEEPERS HAVE FALLEN INTO.—Buying their Queensware, Glassware and general supplies in the cities where the expenses are multiplied five fold. Wm. Blair & Sons have an immense stock of goods, and are positively selling to the trade their whole line of goods at from five to 25 per cent. less than they can be brought from abroad. We know some of our store keepers are paying 20 cents per sack more than our prices for salt, 3 cents per lb. more for best coffee, 15 and 20 per cent. more for wares, 2 to 3 cts. per gallon more for coal oil, and in few instances getting the quality of goods we sell. Our advice is, buy near home in small quantities. Sell at lower prices and make more money.

WM. BLAIR & SON,

H. P. CHAPMAN'S rembrant pictures, so sure to please the good taste of many that they continue to grow in favor with the public. The effect is so different from anything we have seen in photographs that the picture is at once rendered bold and striking, and the likeness to the original retained, that the picture is one of the most desirable styles now in vogue.

ALABAMA CLAIMS.—We are informed that the most persistent and unyielding of the private citizens who have claims vs. the British Government are Dr. J. C. Ayer & Co., of Lowell, Mass., the manufacturers of medicines. They will consent to nothing less than that their demand for medicines destroyed by the British pirates shall be paid in gold and in dollars to the last cent. They are emboldened by the fact that the destruction of their goods by the English in China and elsewhere (for where are not that troublesome nation trampling upon somebody?) have hitherto been paid in full, and they now say that they shall be. They however propose this compromise: Give us Canada and we will call it even, because we can then send our remedies there without duty. [Washington News.
