Few Richmond ladies who have resided in Richmond during the past five years and who recently arrived to Washington, having left Richmond on the 4th, has furnished the following: The garrison of the city and forts number about 3,000 men who are principally employees of the government. The are armed with Belgian rifles. The fortifications consist of several lines of entrenchments, earthworks and rifle pits, besides forts. The forts are sparsely manned. The number of guns in mounted on all the works is quite inconsiderable compared with their extent.

South Carolina is openly denounced in the streets, with devout wishes that the State might be sunk. The people are anxious for an exchange of prisoners, and it is thought that cessation was a plan adopted by our Government to prevent them from refilling their army. The systematic starvation of our men is spoken of as being the true policy to compel us to resume exchange.

BOSTON, July 7th, 1860.

DR. TOBIAS: We have used for the past year your Horse Linement for lameness, kicks, bruises, colic and cuts, and in every instance found it the best article I ever tried in this circus company. Please send six dozen, as it is the only linement we use now. We have 108 horses, some very valuable, and do not want to leave town without it.
