The Columbian.

Bloomsburg, Friday, April 15, 1870.

THE Raven communication is crowded out for want of space, this week.

THE days are three hours longer than they were in the middle of December.

MR. A. J. DIETRICK has been appointed by the Governor, recorder of the city of Williamsport, under the act of the legislature approved March, 1870.

CENTER STREET.—The re-viewers appointed to assess damages for the opening of this street have fixed them at $2500, which is $1000 less than at the first view.

BRADFORD county has now two county seats, Troy having been created a half-shire town for the trial of cases in the districts round about that place. The first Court commenced last Monday.

BASE BALL.—The first game of base ball of the season will be played, we understand on the Fair Grounds of this place Saturday April 16th, between the Town Students and the Boarders of the Normal School. Game to begin at 1½ o'clock.

I. O. OF O. F.—The following officers have been elected and installed in Van Camp Lodge of this place. N. G., John Powell; V. G., James Cadman; Treasurer, William Peacock; Secretary, C. F. Knapp; Asst. Sec. Nelson McCarty.

ACCORDING to the Internal Revenue laws any Executor or Administrator neglecting or refusing to deposit with the Assistant Assessor a schedule of all the property in his possession, within thirty days of his appointment, renders himself liable to a fine of $500 and costs of prosecution.

THE NEW VOTE.—At the election on Tuesday last, Mr. Buckalew cast the first vote on the new plan of "Cumulative Voting" ever given in the United States. It is well known that the system has been long and ably advocated by Mr. Buckalew, and it was but right that he should be the pioneer in practice as in advocacy.

ACCIDENT.—Several days ago a train on the L. & B. R. R., at the crossing leading to the Catawissa Bridge, ran into a wagon loaded with about one hundred kegs of powder, and killed one of the mules belonging to the team, and scattered the powder. It is a great wonder that no explosion occurred. Neither whistle or bell announced the approach of the train.

THE Town Council of Bloomsburg just elected, will stand politically as follows:—

Democrats:—William B. Koons, Stephen Knorr, Frederick C. Eyer and Chas. Barkley,—4.

Republicans:—Joseph Sharpless, Caleb Barton and Elias Mendenhall, *President* —3.

THE WEATHER.—It would seem now as if a flood either on the River or Fishing Creek was no longer to be feared. Although quite a quantity of snow yet lies on the mountains, the melting is going on so gradually as not to raise the water to an extraordinary height. The lot of snow which fell last week has disappeared as if by magic, and the roads are already in very good order.

MASONIC.—The New Masonic Hall of Catawissa will be dedicated on Tuesday next, April 19th, and a Grand Ball will be given in the Hall in the evening of the same day. The Grand Master of the State, Robert Lamberton, will be present at the dedication ceremonies. A cordial invitation is extended to Masons in all parts of the State and to the general public. Excursion tickets will be issued by the Lackawanna & Bloomsburg and Catawissa Rail Roads.

GOOD.—The Lawrence Combination Troupe which gave an exhibition here on Wednesday evening last, were really good. Their songs, dances, and amusing acting were well rendered and gave the greatest satisfaction. So many worthless Companies have been travelling of late that the Hall was not as well filled as it might have been, the people fearing to be humbugged by another poor troupe. We were the recipient of a fine serenade at a later hour in the evening, for which we owe the company our hearty thanks.

A NOVEL GAME OF BASE BALL.—Chicago is to have a game of base ball of novices against professionals, the latter to use the left hand entirely, except Pinkham, who being left-handed, must pitch with the right. They must strike with the small end of the bat. The muffins are to do whatever they please. The *Star* predicts that the game will last all day long, for it will be about an even thing, the muffins being unable to play under any circumstances, and the professionals being reduced to the condition of muffins, by being compelled to do everything in left-handed style.

A GOOD INVESTMENT.—It is undoubtedly the duty of every man not only to support himself, but to make provision for his family, in case death should occur. It has been satisfactorily shown in innumerable instances that a policy of Life Insurance is the best guard against want, in event of the removal of the head of the family. The Guardian Mutual Life Insurance Co. of New York is a perfectly safe and reliable Company whose assets, safely invested, now amount to over *two millions* of dollars. It is purely Mutual and the profits are anually divided among the policy holders. There is also a yearly increase in the dividends. E. D. Ludwig, Wilkes Barre, Pa., is the general agent for the State.

WHEN, some months since, we had occasion to write a short article about sewing machines, for the information of our readers, we mentioned the Singer Family Machine as being the best for family use. This conclusion we arrived at after a careful examination of other leading machines, all of which have points of excellence that commend them to the public, but none of which, in our opinion, combine so many good qualities as the above mentioned. We have often been tempted to scold the company for not bringing such a really good thing, as is their machine, more prominently before the public, through the medium of the press; but they present a very good and forcible reason for not doing so in the fact that, through running night and day, and producing about two thousand machines per week, their manufactory is still unable to meet the demand.

THE following gentlemen were installed as officers of Knapp Lodge, No. ... A. Y. M. of Berwick Pa., on Monday evening, the 28th ultimo.:

W. M.—John H. Taylor.
S. W.—Frank Brockway.
J. W.—Geo. B. Thompson.
SEC.—Dr. A. B. Maccrea.
TREAS.—C. G. Jackson.
S. D.—H. C. Freas.

DON'T be humbugged with the foolish idea that Catarrh cannot be cured! *The world moves*, and medical science is progressive. The proprietor of Dr. Sage's Catarrh Remedy will pay $500 reward for a case of Catarrh which he cannot cure. Sold by druggists at fifty cents, and each package makes a full pint of the medicine ready for use. Can get it by mail for Sixty Cents from Dr. R. V. Pierce, Buffalo, N. Y.

Occupational Ailments.

Fresh, pure air is a vitalizing elixir. Whoever is debarred by circumstances from unrestricted access to this invisible, but powerful stimulant, needs a medicinal invigorant of some kind. The great object should be to choose the best. Popularity is a pretty good guarantee of merit in this scrutinizing and intelligent age, and tried by this criterion Hostetter's Stomach Bitters stands first among the invigorating and regulating medicines of the present day. To the wants of persons engaged in indoor employments, especially in crowded factories where even with the best possible ventilation the atmosphere is always in some degree polluted, this salubrious vegetable tonic is peculiarly adapted. The nature of the ingredients is no mystery. It consists of an absolutely pure diffusive stimulant, tinctured—or rather surcharged—with the fluid extracts of sanatous roots and barks and herbs. The pharmacopoeia has its tinctures, but what are they? The juice of only a single root or bark or plant is present in each. Not one of them combines the three properties of a tonic, an alterative, and an aperient. All these elements are blended in the Bitters; nor are these the sum of its medicinal recommendations. It is also a blood depurent and an antispasmodic.

The baleful effect which air that has been partially exhausted of its oxygen by frequent breathing produces on the vital organization, is notorious, and when to this devitalized atmosphere is superadded the mephitic vapor of hot air furnaces, it becomes deleterious and depressing in the extreme. To enable the system to bear up, even for a few hours each day against the debilitating influence of a vitiated atmosphere, a wholesome tonic and alterative is urgently required. This grand desideratum is supplied in Hostetter's Bitters, which as a strength sustaining, health-protecting agent has no rival either among officinal or advertised medicines.

HOW TO CURE CONSUMPTION.

THE PHILOSOPHY OF DR. SCHENCK'S GREAT MEDICINES.—Will people never learn to know that a diseased liver and stomach necessarily disease the entire system? The plainest Principles of common sense teach this, and yet there are hundreds who ridicule the idea, and continue in the course which almost inevitably brings them prematurely to the grave. Living as the majority of people do, at complete variance, with the laws of nature, it must be apparent to all that, sooner or later, nature will revenge herself. Hence we find that persons who indulge to excess in the use of very rich or indigestible food or intoxicating drinks, invariably pay a heavy penalty in the end. The stomach becomes disordered and refuses to act; the liver fails to perform its functions, dyspepsia and its attendant evils follow, and still the suffering individuals persist in clinging to the thoroughly exploded ideas of the past. DR. SCHENCK'S medicines are recommended to all such. They bring sure and certain relief wherever they are used as directed, and all that is necessary to establish their reputation with every ailing man or woman in the land is a fair and impartial trial of them. Let those who are skeptical on this point, and who have permitted interested persons to prejudice them against these now celebrated remedies for Consumption, discard their prejudices, and be governed by the principles of reason and common sense. If the system is disordered depend upon it, in nine cases out of ten the seat of the disorder will be found in the stomach and liver. To cleanse and invigorate the stomach and to stimulate the liver to healthy action, use

SCHENCK'S MANDRAKE PILLS.—The daily increasing demand for these pills is the best evidence of their value. Thousands upon thousands of boxes are sold daily. Why? Simply because they act promptly and efficiently. Invalids who may not find it convenient to call on Doctor SCHENCK in person are informed that full and complete directions for use accompany each package of the

MANDRAKE PILLS, PULMONIC SYRUP AND SEAWEED TONIC.—These medicines will cure consumption unless the lungs are so far gone that the patient is entirely beyond the reach of medical relief.

It may be asked by those who are not familiar with the virtues of these great remedies, "How do Dr. SCHENCK'S medicines effect their wonderful cures of consumption?"

The answer is a simple one. They begin their work of restoration by bringing the stomach liver and bowels into an active healthy condition. It is food that cures this formidable disease. SCHENCK'S MANDRAKE PILLS act on the liver and stomach, promoting secretion, and removing the bile and slime which have resulted from the inactive or torpid condition of these organs, and of the system generally. This sluggish state of the body, and the consequent accumulation of the unhealthy substances named prevent the proper digestion of food, and, as a natural consequence, creates disease, which results in prostration and finally in death.

SCHENCK'S PULMONIC SYRUP and SEAWEED TONIC, when taken regularly, mingle with the food, aid the digestive organs, make good rich blood, and as a natural consequence, give flesh and strength to the patient. Let the faculty say what it may, this is the only true cure for consumption. Experience has proved it beyond the shadow of a doubt, and thousands are to-day alive and well who a few years since were regarded as hopeless cases, but who were induced to try Dr. SCHENCK'S remedies, and were restored to permanent health by their use.

One of the first steps the physician should take with a consumptive patient is to invigorate the system. Now how is this to be done? Certainly not by giving medicines that exhaust and enervate—medicines that impair instead of improve the functions of the digestive organs. Doctor SCHENCK'S medicines cleanse the stomach and bowels of all substances which are calculated to irritate or weaken them. They create an appetite—promote healthful digestion—make good blood, and, as a consequence, they invigorate and strengthen the entire system, and more especially those parts which are diseased. If this cannot be done, then the case must be regarded as a hopeless one.

If the physician finds it impossible to make a PATIENT FEEL HUNGRY, if the diseased person cannot partake of good nourishing food and properly digest it, it is impossible that he can gain in flesh and strength; and it is equally impossible to bring a patient to this condition so long as the liver is burdened with diseased bile, and the stomach laden with unhealthy slime.

Almost the first request made to the physician by a consumptive patient is that he will prescribe medicines that will remove or allay the cough, night sweats and chills, which are the sure attendants on consumption. But this should not be done, as the cough is only an effort of nature to relieve itself, and the night sweats and chills are caused by the diseased lungs. The remedies ordinarily prescribed do more harm than good. They impair the functions of the stomach, impede healthy digestion, and aggravate rather than cure the disease.

There is, after all, nothing like facts with which to substantiate a position, and it is upon facts that Dr. SCHENCK relies. Nearly all who have taken his medicine in accordance with his directions have not only been cured of consumption, but, from the fact that these medicines act with wonderful power upon the digestive organs patients thus cured speedily gain flesh. Cleansing the system of all impurities they lay the foundation for a solid, substantial structure. Restoring these organs to health, they create an appetite. The food is properly assimilated; the quantity of blood is not only increased, but is made rich and strong and in the face of such a condition of the system all disease must be banished.

Full directions accompany each of the medicines, so that it is not absolutely necessary that patients should see Dr. SCHENCK personally, unless they desire to have their lungs examined. For this purpose he is at his principal office, No. 15 North Sixth St., corner of Commerce, Philadelphia, every Saturday, from 9 A. M. until 1 P. M.

Advice is given without charge, but for a thorough examination with the Respirometer the charge is $5.

Price of the Pulmonic Syrup and Seaweed Tonic each, $1.50 per bottle, or $7.50 a half dozen. Mandrake Pills 25 cents a box. For sale by all druggists. apr8'70-1y.
