NEW DOG POWER!

A GREAT INVENTION:

Patented June 15th, 1858 by

A. G. BRUSH, Great Bend, Pa.

WE recommend this POWER to all those who have Churning to do, as being eminently adapted to their wants. It is simple and efficient, requiring less weight to operate it than any other power used for a similar purpose. It is cheap, and at the same time permanent. Its construction is so perfectly adapted to the work it has to do, that it is impossible to get it out of order.

At the Susquehanna County Agricultural Fair, held at Montrose, Sept. 30th, 1858, it appears from the following report of the Committee on Farm Implements Addison G. Brush's Dog Power took the FIRST PREMIUM. Here is what the Committee says:

"They have been much pleased in the examination of Addison Brush's newly invented Dog Power for Churning; combining, as they believe, more power with less friction, at less expense than any machine that has yet come under their observation. The ease with which it can be constructed or repaired, and the power indefinitely increased, is a recommendation that cannot be extended to the endless chain or roller—its simplicity is truly a remarkable feature, and a dairyman has only to acquire the ordinary ability to use a saw, to make a mortice and tenon, and he has one of these machines within himself. When we consider the drudgery from which a farmer's wife is relieved by these achievements of skill and genius, they cannot avoid feeling grateful for every effort that may be made for such a desirable result. They award him the premium of $2" CALEB CARMALT, ABEL CASSIDY, } Committee.

The above indorsement is a sufficient guarantee that this invention is not one of those worthless patents which have gulled the people so extensively.

Any one wishing to purchase town or county, or individual right, can now be accommodated. We invite those who are interested in improving and cheapening farm implements to give us a call and examine our Dog Power. We offer such inducements that those who engage in this business are not only sure to make money themselves, but prove a blessing to every one who has churning to do whom they furnish with one of these time and labor saving Powers.

MR. ZEHNER:—*Dear Sir*:—Please remember the township I bought of you,—I made one hundred dollars in a few weeks, in selling your Hay Knife. Please find enclosed $20 again for the right of two more townships.

D. CLIFTON.

Persons wishing to make money as stated above can do so by sending Ten Dollars to me, and I will send by MAIL a printed genuine Deed, for the right of any township you may wish in Susquehanna County, Pa., and I will send by Railroad one Knife for a model, but you must state to what station you want it sent, &c. Full particulars how to make the Knives, and cost of Knives, will be sent with the Deed, upon the receipt of price as above. This is no humbug.
