THE PRACTICE OF MEDICINE in CHINA

"There is no such thing as science in Chinese medicine. The larger part of Chinese medicine consists of sorcery, incantation, and sacrifice to idols."

"What are some of the strange and barbarous remedies they employ?"

"They administer insects of various kinds; finger nails are sometimes given and all sorts of foul decoctions. Tiger's teeth is one of their medicines. They regard disease as being communicated by evil spirits, and so the most outragous remedies, with sacrifices to idols are employed. Their knowledge of mercury in its various forms is very complete, and I think they use it effectively. Often the first thing done with a new-borne babe is to give it a dose of cinnabar (red sulphuret of mercury) to purge it of evil spirits. Sometimes because of an overdose the child may be poisoned. I have a few such brought to me with almost every joint in the body displaced. Nothing could be done for them, and death followed. Fortunately such cases are few. Cauterization is universal in cases of pain or cramps, the burning being done with hot irons. Cauterization is used for cholera."

"Does the binding of the feet of girls and women give any hospital cases."

"I have had to amputate toes—sometimes the entire foot of a child. The bandaging begins when a girl is 4 or 5 years old. If scientifically done no bad result follows; if not so done gangrene is the result. The low caste women, the burden bearers, and those who work in the fields donot have their feet bound It is a badge of birth and social distinction. This idea of social distinction that the feet should be bound is held by mere children. One little girl about seven years old was brought to me with gangrenous toes. Before she was put under the influence of choloroform she was anxious to know whether I would cut off her foot or not. Her reason for not wishing to lose her foot was that it might be spared so that she could bind it, and yet this poor child had suffered untold agony with her feet."—*Miss Kate Corey, M. D.*

Only a Bit of Paper.

"I was on the night run," said the engineer, "and my train was about thirty minutes late. I said to my fireman: "Keep her hot; I mean to go to meeting point on time.' During the next fifteen minutes I was not long in passing the mile-posts, for my engine flew along at the rate of fifty miles an hour down a long grade as straight as an arrow. Suddenly something struck me in the face, making a slight wound. I slowed down. 'What's that near the furnace door?' I asked of the fireman, pointing to a little bit of white paper lying just to my left.

"The fireman stopped, picked up the paper and handed it to me. In the dim light of the steam-gauge I read: 'Look out at the river bridge; there's a tie on the track.' Sure enough, just at the entrance to the bridge I found a tie securely fastened across the track. Who put it there? I don't know; but I do know if the author of that message will make himself known to me he may ask me any favor he pleases with the assurance that it will be granted. Where is the piece of paper? My wife, Molly, has it in a gilt frame, hanging over the parlor mantel-piece. Whenever I am out on my run she stands before it and breathes a prayer for my safety. That piece of paper is my mascot, for I've never even been behind time since the night it was thrown into my engine cab."

So confident are the manufacturers of Dr. Sage's Catarrh Remedy in their ability to cure Chronic Catarrh in the Head, no matter how bad or of how long standing, that they offer in good faith, the above reward, for a case which they cannot cure.

SYMPTOMS OF CATARRH.

Headache, obstruction of nose, discharges falling into throat, sometimes profuse, watery, and acrid, at others, thick, tenacious, mucous, purulent, bloody and putrid; eyes weak, ringing in ears, deafness, difficulty of clearing throat, expectoration of offensive matter; breath offensive; smell and taste impaired, and general debility. Only a few of these symptoms likely to be present at once. Thousands of cases result in consumption, and end in the grave.

By its mild, soothing, antiseptic, cleansing and healing properties, Dr. Sage's Remedy cures the worst cases. "Cold in the Head" is cured with a few applications. Catarrhal Headache is relieved and cured as if by magic. It removes offensive breath, loss or impairment of the sense of taste, smell, or hearing, watering or weak eyes, and impaired memory, when caused by the violence of Catarrh, as they all frequently are. Nearer to Heaven.

Miss Hattie Bartlett, a pretty and well-known young woman, living in West Pittstown, was remo-ved to the State Asylum for the insanee at Danville, she having become violnetly insane on the subject of religion.

About a month ago Evangelist Yatman began revival meetings there and Miss Bartlett was among the first to be converted, and since that time her hobby has been to get away from the wickedness of this world and nearer to Heaven. In her insane endeavors to do this she would climb to the top of tall trees in the vicinity of her home. On other occasions she would go miles in order to get into the attics of the tallest buildings.

It was with the greatest difficulty, after being found, that she could be induced to leave her supposed Heavenly places of refuge. Upon her father and mother, who are respectable people, refusing to follow her steps she termed them "devils" and refused to associate with them, saying she was afraid she would be contaminated by their influenee.

A New Departure

from all the old established conditions on which proprietary medicines are sold, has been made by the World's Dispensary Medical Association, of Buffalo N. Y., who having for many years observed the thousands of marvelous cures of liver, blood and lung diseases effected by Dr. Pierce's Golden Medical Discovery, now feel warranted in selling this wonderful medicine (as they are doing through druggists) under a *positive guarantee* that it will be promptly refunded. "Golden Medical Discovery" cures all humors or impurities of the blood, from whatever cause arising, as eruptions, blotches, pimples, old sores and scrofulous affections. It is equally efficacious in bilious disorders, indigestion or dyspepsia and chronic catarrh in the head, bronchial, throat and lung affections, accompanied by lingering coughs

THE OLDEST OBELISK.

The oldest of all the obelisks is the beautiful one of rosy granite that stands alone among the fields upon the banks of the Nile, not far from Cairo. It is the grave-stone of a great ancient city which has vanished and left only the relic behind. The city was the Bethshemish of the scriptures, the famous On, which is memorable to all bible readers as the residence of the priest of Potipherah, whose daughter Assenath Joseph married. The Greeks called it Heliopelis, the city of the sun because there the worship to the sun had its chief center and its more sacred shrines.—*Augusta Chronicle.*

Father—My son, you must not dispute with your mother in that way.

Boy—But she's in the wrong.

Father—That makes no difference; and you might as well learn, my child, once for all, that when a lady says a thing is so, it is so, even if it itan't so.

Daughters, Wives and Mothers.

Physicians heartily endorse the use of Speer's celebrated Port Grape Wine for the use of debilitated females. It is not an intoxicant, and is absolutely pure, being made from grapes grown at Mr. Speer's Mount Prospect Vineyards, Passaic, N. J., from vines imported from the port wine districts of Portugal.—Druggists sell it.

CATARRH,

Catarrhal Deafness and Hay Fever.

A NEW HOME TREATMENT.

Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and eustachian tubes. Microscopic research, however, has proved this to be a fact and the result is that a simple remedy has been formulated whereby catarrh, catarrhal deafness and hay fever are permanently cured in from one to three simple applications made at home by the patient once in two weeks. N. B.—For catarrhal discharges peculiar to females (whites) this remedy is a specific. A pamphlet explaining this new treatment is sent on receipt of ten cents by A. H. DIXON & SON, 304 West King St., Toronto, Canada.—*Scientific American.*

Sufferers from catarrhal troubles should read the above carefully.

An Attack of Gravel.

The Terrible Suffering of a Woman at 60.—How She was Happily Cured.

There is nothing I now enjoy that I do not owe to having used Dr. David Kennedy's Favorite Remedy, made at Rondout, N. Y. My troubles began in my kidneys and from which I never expected to recover. First there were pains in my back, I was feverish, with no appetite and could not sleep, I was compelled to use a cane, and finally got so weak that I could not stand alone. The distress in my back was terrible. I was burning up with a fever or constantly shivering as if cold. My physicians said

I HAD BRIGHT'S DISEASE,

which was alarming information. To add to my affliction after I had been ill about two years, I had a bad attack of Gravel. When this made its appearance my physician gave up my case, and I resigned myself to die. Had four doctors attend me, the best in the country, yet I constantly grew worse. Six years ago last June, how well I remember the time! I saw Dr. Kennedy's Favorite Remedy advertised in our paper. After using one bottle I threw away my cane and went to New York on a visit, and three bottles cured me. I have never had a return of Gravel, nor of the pains or weakness in the back, and though I am over sixty years of age I am

Now Vigorous and Strong

as I was in my prime. I do all my own work, and may know what it is to be tired. I keep the medicine in the house and give it to my grandchildren, and recommend it whenever I can. What physicians and all of the various remedies I had taken could not do Dr. Kennedy's Favorite Remedy did—it stayed the disease and made me a strong, vigorous woman.

The Clerk Didn't Know Him.

HOW GENERAL SHERMAN WAS TRUSTED ON ACCOUNT OF HIS FACE.

Not long ago General Sherman went to a well-known hotel in New York and inquired of the room clerk if he could hire an umbrella, at the same time saying that he had been caught out in his evening suit and he feared rheumatism and other complaints. The clerk didn't know him, but he thought he could well afford to take chances on such an eminently respectable looking gentleman, and although the polite clerk has a rotund figure and weighs 212 pounds he gladly offered to loan him his overcoat as well as his silver-handed umbrella.

"But," said the General, "you are lending these things to an entire stranger and you ought to accept some kind of a deposit to secure you against dishonesty."

"Oh, that's all right, colonel," replied the clerk, "I can't be deceived by you. I'd trust that face of yours for anything."

The warrior was tickled by the compliment and he remarked casually as he went out with his tall, gaunt form enveloped in the garment that fitted him like a meal sack: "I'll take you at your word and you shall have my card when I return these things."

The next day the coat and umbrella arrived, accompanied by a note of thanks from General William T. Sherman, with his autograph across its face.

"Great Scott!" said the clerk, and I called him 'Colonel,' just as if he had been any ordinary American citizen. I wouldn't mind it half so much if I had called him 'Judge,' but to be reduced in military rank after all his years of service—and by a hotel clerk. It is awful!"—*Chicago Ledger.*

IT WON'T BAKE BREAD. In other words, Hood's Sarsaparilla will not do impossibilities. Its proprietors tell plainly what it has done, submit proofs from sources of unquestioned reliability and ask you frankly if you are suffering from any disease or affection caused or promoted by impure blood or low state of the system, to try Hood's Sarsaparilla. The experience of others is sufficient assurance that you will not be disappointed in the result.

The materials and work in our Clothing stamp it as the "Best Made." It looks well and time proves that it wears well. This "Best" Clothing for Man and Boy is reasonable in price at the "Ledger Building."
