AYER'S
Sarsaparilla
FOR PURIFYING THE BLOOD.

And by the speedy cure of the following complaints:

Scrofulous and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 9th June, 1859.

J. C. AYER & Co. Gentlemen: I feel it my duty to acknowledge what your Sarsaparilla has done for me. I was subjected to scrofulous infection. I have suffered from it in various ways for years, sometimes at least one of my ears was my hands and arms; sometimes it would break out on my head and disfigure me. Two years ago I thought I had cured it by alterative medicines, but it came on worse than before. My hands and both my legs were a sight to behold. I tried many medicines and several physicians, but was at much expense to no avail. In fact, I despaired of ever being cured. At this time I tried your Sarsaparilla, and I know from experience that your Sarsaparilla must be good. I sent to Oregon County, Ind., and had it all it cured me. I took six bottles in addition to my diet, and I is to-day as healthy as any man in Southern Indiana. I am a blacksmith, and can do a day's work at my trade. I do not hesitate to recommend your Sarsaparilla to the sick, which is what I do. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can tell before that I had, but I am saving what I tell, for I feel it my duty to let the afflicted of the age, and I remain very truly, Yours,

ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Biddle writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of *Dropsy*, which threatened to terminate fatally, by the persevering use of Ayer's Sarsaparilla, and adds that *Malignant Erysipelas* in large doses of the same; says it cures the common *Erysipelas* by a cool entirely.

Bronchocele, Goitre or Swelled Neck.

Zeladon Shoun of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a *Goitre*—a disease swelling on the neck, which I had endured from twelve years."

Leucorrhoea or Whites, Ovarian Tumor, Uterine Ulceration, Female Disease.

Dr. J. B. Chaloner, of New York City, writes, "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a medicine, but especially in *Female Diseases* of the scrofulous kind. I have cured many instances of Leucorrhoea by it, and some where the complaint was caused by *ulceration of the uterus*. The ulceration itself was soon cured. Nothing within my knowledge equals it. I have found it long in use."

Edward S. Mayo, of Newburyport, Mass., writes, "A Lady friend in Boston was cured of the female complaint, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could avail her, but he advised the trial of your Sarsaparilla as the last resort, and it has proved effectual. She is now in the enjoyment of health, and is to all appearances free from the disease for which she was operated upon."

Syphilis and Mercurial Disease.

NEW ORLEANS, 27th August, 1859.

Dr. J. C. Ayer: I cheerfully comply with the request of your agent and give my testimony of the efficacy of your compound with your Sarsaparilla.

I have cured with it a certain proportion of the cases for which it is recommended, and have found it a safe and powerful alterative in the cure of *Venereal and Mercurial Diseases*. One thousand pounds of Syphilitic poison in his blood, which were consuming his palate and the bones of his nose, yielded to your Sarsaparilla, taken in doses of half a teaspoonful three times a day, and in two weeks. Another was attacked by venereal sarcomata in his nose, and the alteration had eaten away a considerable portion of it, so that I felt sure the disease would soon reach the seat of life. But a few bottles of your Sarsaparilla effected a complete cure. Another, who had been a victim to the effects of Mercury, was so far reduced that he could not walk without crutches. He took your Sarsaparilla for a few weeks. I saw him last week, and he informed me that it had given him perfect health. Many other cases might be given, but I forbear, as I feel confident that your Sarsaparilla is a safe and powerful remedy in the cure of the diseases for which it is recommended.

Very respectfully, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

[illegible], Fulton Co., Ill., 6th July, 1859.

Dr. J. C. Ayer: I feel it my duty to inform you of the great benefit I have received from your Sarsaparilla. For years I have been afflicted with a painful rheumatic affection of the joints, which I attributed to my exposure while in the army in Mexico. I have tried everything, and every thing I tried seemed to do me more harm than good. I was induced to try your Sarsaparilla, and it has done me more good than all the medicine I ever took before. I feel like a new man. I have also used it in my family for Liver Complaint, and it has proved a valuable medicine. Yours, respectfully,

J. S. BELLETT, Esq., Clerk of the Court.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced stages of the Disease.

This fine remedy is so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. It may safely be relied on for coughs and colds, as its truly wonderful cures of pulmonary disease have made it known through all the civilized nations of the earth. To those who are familiar with its virtues, or even have heard of its effects—some living trophy in their midst of its victory over the sad ills and dangerous disorders of the throat and lungs. As all know the deadly tendency of these disorders, and as every know, too, the efficacy of the only medicine that can do more than to assure them that it has now all the virtues that it did have when, during the cures which have won so strongly on the confidence of mankind.

MARK THESE FACTS:
The Testimony of the Whole World.
HOLLOWAY'S OINTMENT.

Bad Legs, Bad Breasts, Sores and Ulcers.

All description of sores are remediable by the proper and diligent use of this unsurpassed preparation. To attempt to cure bad legs by plastering the edges of the wound together is folly; for should the skin unite, a hodge-podged condition remains underneath to break out with fresh fury in a few days. The only rational and successful treatment, as indicated by nature, is to reduce the inflammation and about the wound and to soothe the neighboring parts by rubbing in plenty of the Ointment to salve forced into meat.

Diptheria, Ulcerated Sore Throat, and Scarlet and Other Fevers.

In all of the above diseases may be cured by well rubbing the Ointment, three times a day into the chest, throat and neck of the patient; it will soon penetrate and give immediate relief. Medicine taken by the mouth must operate upon the whole system ere its influence can be felt in any local part, whereas the Ointment will do its work at once. Whenever there the congest in the above manner for the diseases named, or any similar disorders affecting the chest or throat, will find themselves relieved as by a charm.

Piles, Fistulas, Strictures.

The severe pains of complaints will be removed by simply fomenting the parts with warm water, and gently but effectually rubbing in the Ointment. Persons suffering from these direful complaints should lose not a moment in arresting their progress. It should be understood that it is not sufficient merely to smear the Ointment on the affected parts, but it must be well rubbed in by some considerable time two or three times a day, that it may be taken into the system, whence it will remove any hidden sore or wound as effectually as though paparable to the eye. Fomentations and water poultices, after the manner of the Ointment, will be a great service—Pills are the only sure treatment for fistulas, cases or cancer in the stomach, or where there may be a general bearing down.

Indiscretions of Youth; Sores and Ulcers.

Blotches, as also swellings from whatever cause, be radically cured by the Ointment be used freely, and the Pills be taken night and morning as recommended in the printed instructions. When treated in any other way it only dry up in one place to break out in another, whereas this Ointment will remove the humor from the system, and leave the patient a vigorous and healthy being. It will require time with the use of the Pills to ensure a lasting cure.

Dropsical Swellings, Paralysis and Stiff Joints

Although the above complaints differ widely in their origin and nature, yet they all require local treatment. Many of the worst cases of such disorders will yield in a comparatively short space of time when the Ointment is generally rubbed into the parts affected, even after every other means have failed. In all serious maladies the Pills should be taken according to the printed directions accompanying each box.

Both the Ointment and Pills should be used in the following cases:

Bad Legs,	Corns (Soft)	Rheumatism,
Bad Breasts,	Cancers,	Scalds,
Burns,	Contracted and	Sore Nipples,
Bites of Mosche-	Stiff Joints,	Sore Throats,
quitoes and Sand Flies,	Elephantiasis,	Skin Diseases,
Fistulas,	Gout,	Scurvy,
Piles,	Glandular Swellings,	Sore Heads,
Coldsores,	Tumors,	Ulcers,
Chilblains,	Wounds,	Yaws.
Chapped Hands,	Piles,	

ALL HONEST—None are genuine unless the words Holloway, New York and London, are distinctly traced in a water mark in every leaf of the book of directions around each pot or box, the same may be plainly seen by holding the leaf to the light. A hand-one reward will be given to any one detecting such as are not genuine, or leading to the detection of any party or parties counterfeiting the medicines or vending the same knowing them to be spurious.

☞ Sold at the Manufactory of Professor Holloway, 80 Maiden Lane New York, and by all respectable Druggists and Dealers in Medicine throughout the civilized world, in boxes at 25 cents, 62 cents and $1 each.

☞ There is considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each box.

COMMISSION BUSINESS.

HE undersigned having associated together for the purpose of doing a

COAL & IRON COMMISSION BUSINESS,

in the Borough of Columbia, Lancaster county, Pa., respectfully inform shippers that they have leased from the Canal Department of the Pennsylvania Railroad Company, the large and commodious Wharf on the West side of the Canal Basin nine hundred feet in length by sixty-six feet in width, and are now prepared to receive and transship Coal and Iron on the most satisfactory terms. Our facilities for doing business are so great that we flatter ourselves that we will not be any detention in forwarding all freight to its destination. We solicit consignments, and promise our best prompt attention to the business entrusted to our care.

NEW STORE,
OPPOSITE ODD FELLOWS' HALL.
LOCUST STREET, COLUMBIA, PA.,

WILL BE OPEN TO THE PUBLIC,

On Monday, October 1st, 1860.

J. W. BOWERS, Superintendent.

QUITE as important is the arrival of New and Beautiful Dress Goods at the old established stand, adjoining the Columbia Bank, where the subscriber would be happy to see all his old customers and as many new ones as will favor him with their patronage, and at the same time offers a liberal share of encouragement to the new enterprise, opposite the Odd Fellows' Hall.

For the very liberal encouragement heretofore received from the people of Columbia and vicinity, and the public generally, during his residence in Columbia he returns his sincere thanks and hopes to merit and receive a continuance of their smile and good wishes. Further particulars hereafter.

Johnson's Patent Hog Trough.

THE subscribers having purchased the right to manufacture and sell this invention in Lancaster county, desire to introduce it to general use. It is a cast iron troughwith a sliding top, of sufficient capacity to hold the feed of one hog. It is so constructed that the animal cannot get its feet into it, and must take its feed without the usual scrambling and spilling. By the arrangement of the top the hog is prevented from feeding until the trough is filled; when the top can be shifted at will. The trough will be found a great convenience in feeding, and must, when known, become popular. The troughs are for sale at the shops in Second Street below Union, Columbia, Pa.
