To Correspondents.

Communications, letters, contributions, generally of merit and interest to the reader, will be acceptable from friends from all quarters

THE regular services in the Presbyterian Church may be expected to-morrow (Sabbath) morning and evening. The evening service commences at 7½ o'clock.

BUILDING STONE.—J. J. Wolfe is prepared to furnish a superior article of building stone to all builders. He has recently put up a new derrick and can load and deliver at very short notice. We invite builders to give him a call. *

EXCURSION TICKETS.—Excursion Tickets will be issued at all ticket stations on the Reading & Columbia Railroad, good for three days, to attend the Union Republican Mass Convention at Reading, on Wednesday, 22nd inst. Fare for the round trip, $1,50.

PIC NIC.—The Sunday School connected with the Presbyterian Church of this place had a pic-nic in Heises' Woods, on Thursday last. We are told that everything passed off admirably and the little folks enjoyed themselves to their heart's content.

LARGE FLY WHEEL.—The Messrs. Supplee cast at their Foundry, on Second Street, a short time since, a Fly Wheel and Shaft weighing over 47,000 pounds.—It is an immense affair and shows the capacity of our Columbia manufacturing establishments for doing heavy work. It was shipped this week to S. & B. R. Hatfield, Juniata Iron Works.

THE NEW ENGINE HOUSE.—The new engine house of the Columbia Fire Engine and Hose Company is now under roof, and approaching rapidly towards completion. The building makes a fine appearance and when completed will be a great convenience to the firemen, besides adding beauty to that part of the town.

"GOLDEN MORTAR DRUG STORE."—We notice that this store has greatly improved in its inside appearance by paint and repairs, and comes out in a "new and beautiful edition." This improvement was not made a day too soon. Ever since friend Parry has had command of the "Golden Mortar" it has flourished.

BUSINESS CHANGE.—Mr. John M. Green has purchased the Hat and Cap Store of Jesse Smith, Howell's Buildings, Lancaster, Pa. Mr. G. is a practical man at the business and will keep on hand a large and fashionable assortment. Our friends visiting that city should call and examine his stock.

PRICE OF STOVE COAL.—The following are the prices of coal, delivered from the yard of Bruner & Moore; Baltimore Company, Nos. 1, 2, 3 and 4, $5,00; Nutt, $5,50; Pittston stove, $6,00; Plymouth stove, $5,75; Shamokin stove, $5,25; Lykens Valley stove, $5,50; Schuylkill nutt, $4,00; Pine Grove stove, $6,00.

LOOK OUT FOR THEM.—The one dollar counterfeit treasury bill, which was issued some time ago, but held back after a few of them were put in circulation, is now being circulated, and the public should be on their guard against them.—The note is said to be tolerably well done, but will not bear a critical examination.—It will be seen that the shading on the left side of the face of Mr. Chase is too heavy, and the whole head is rather roughly executed.

IMPORTANT TO PRINTERS.—The Secretary of the interior has received from a gentlemen in New Jersey, samples of paper manufactured from Sedge grass, a grass which grows in great abundance, upon all tide-water flats. The paper is very white and clear, and will undoubtedly prove a good substitute for ordinary writing paper made of cotton or linen rags. It is estimated that it can be manufactured for twenty per cent. less than any variety now in use, and this circumstance alone renders the discovery of great importance to the interests of the country.

Umpire—Wm. Williams, Columbia B.B. Club.

Scorer—Geo. Young, Jr.

Time of Game—2½ hours.

—The game was witnessed by a great number of our citizens and all were highly pleased. The married nine labored under the very serious disadvantage of having three or four players who had only taken part in one or two games previous to the match, while every member of the single nine had played in nearly every game since the formation of the club.

The fielding was rather wild on both sides. The only fly catches made were by the married nine and their defeat was, no doubt, owing to their inexperienced players not understanding the rules of the game, in running the bases.

Mr. Wm Williams, Umpire, performed his duty in a faithful and impartial manner and the thanks of the Club are hereby tendered him.

We noticed a number of the Mount Joy Club upon the ground taking sights for their own benefit. If they beheld anything they think they can beat, we have no doubt but that the "Shawnee" will be pleased to hear from them as soon as convenient.

During the coming week the York Club and the Shawnee will play a match game upon the grounds of the latter club. Due notice will be given of the day and hour.

BEAUTIFUL.—There is nothing purer than honesty; nothing sweeter than charity; nothing warmer than love; nothing richer than wisdom; nothing more steadfast than faith; and certainly nothing more beautiful than those dress goods now being sold at the store of I. O. Bruner. They are cheap, durable and handsome.

FIRST OF THE SEASON.—Mr B. F. Appold has just received a lot of splendid New Shore Mackerel. They are fat and prime. He has them in kits, half barrels and barrels, and offers them at a very small advance over cost. Try them, they are the best food for this season of the year. *

"BOYS IN RED."—The honorably discharged soldiers of this place met at the Town Hall on Thursday evening last and formed a Zouave Company. They bought their suits ready-made; blue coats and red flannel pantaloons, consequently are "boys in red." It is a substantial suit and makes a showy appearance. About eighty have already joined the company and it will soon swell to over a hundred. It is intended as a permanent organization.—Many staunch old veterans—men who have fought on many a bloody field are members of this company. They will attend the Mass Convention at Reading on Wednesday next. The following are the officers; Captain Samuel D. Rodgers, 76th P. V.: 1st Lieut. Geo. W. Wike, 23d P. V. and 2nd Lieut. David Hinkle, 195th P. V. The company will turn out for drill this evening, with a full drum corps.

THE LIEDERKRANZ OF BALTIMORE.—This Association gave a concert at Fulton Hall, Lancaster, on Monday evening last. Several of our citizens were present, and they pronounce it one of the finest musical treats they ever listened to. The hall was packed full and the immense audience appeared highly delighted with the performance. "The Leiderkranz" passed through this place on Thursday last, homeward bound. They stopped a short time at Andrew Zeller's and sang one piece, which was greatly admired by all who heard it. They are a jolly wholesouled crowd and expressed themselves highly pleased with their visit to Lancaster County. Louis Neumann, Esq., of the *Correspondent* accompanied the party. He is a clever, sociable gentlemen. We hope the next time they pass this way they will stop long enough to give one of their excellent concerts in Columbia.

THE NOMINATIONS.—The following is the ticket as nominated by the Union Republican County Convention held in Lancaster on Wednesday last, We believe the ticket gives every satisfaction.

THE LOCAL NEWSPAPER.—There are persons, who, because they patronize the local paper to the amount of ten or eighteen dollars a year, think that we are under obligations to them, to that amount, in asking the publication of some article or resolutions or printing for some show, circus, fair or party, gratuitously. Again, many grumble because the local paper is not equal in size and reading matter to the papers of Philadelphia or New York.—Make the place where you reside a Philadelphia or New York in size or business, and then your local press will become as valuable as the press of those places.—Give to the home paper a liberal encouragement, and it can be much improved; but give it only a niggardly support, and that grudgingly, and it will be pretty hard work running the machine. A country paper is only kept up by the greatest effort. A sprightly good looking paper well filled with advertisements and local matter, gives character to the place, helps to sell your goods and property, and besides is a great public convenience as well as a benefit. If you want a good readable sheet, support it; but if from any cause the matter should not be quite up to your standard, do not throw it aside and pronounce it of no account, until you are satisfied that there has not been more labor bestowed upon it than has been paid for.

RUNAWAY AND SMASH UP—EXCITEMENT IN LOCUST STREET.—On Friday morning last as a Mr. Grider of Mountville, attempted to cross the railroad track with horse and wagon, at the Locust street crossing, an engine coming up on the track of the Reading & Columbia R. R., his horse became frightened and ran off, the wagon striking a tree at Snyder's corner, threw Mr. G. out, passing over him and hurting him severely. The horse, with the front wheels of the wagon, ran up Locust street at a fearful rate, raising a great excitement. At Maltby & Case's Store, Crist. Herr's wagon was struck and Henry S. Shenk's was upset and broken. Mr. E. Hershey made a narrow escape. As he was coming down street, saw the horse coming towards him, when he turned to get out of the road but the runaway came right to him. Mr. H. then jumped out and his horse became unmanageable, upset the buggy, tore himself loose and ran off. Mr. Grider's horse continued on up street, till the wheels, yet attached to him caught on the pump in front of B. Barr's store above Third Steeet,

This accident might have been avoided, as the watchman of the Penn'a R. R. saw both the engine and the wagon approaching, and strange to say he never gave an alarm or signal. Said "he was not paid for watching but one road, but if they would pay him he would insure that no body would get hurt." Either the Railroad Companies or the watchman deserves the severest censure.

PAPER HANGING.—All work in this line including its most difficult varieties, such as correcting damp walls &c., neatly executed in the most complete manner.—Orders left at the Franklin House (Miller's) will be promptly attended to by W. H. C. BASSETT. July 18 tf.

COUNCIL.—Met August 10th. The President stated that the meeting had been called at the request of Mr. Conrad Swartz who desired to submit the following communication, viz;

To the President and Members of Town Council;

I have the honor to request you to take some action in relation to the division line between Mrs. Eberlein and my lot on Locust Street. I am likely to suffer serious damage by reason of the water from the roof of the roof of the former's stable upon my brick wall of slaughter house.

CONRAD SWARTZ.

The communication was read, when on motion of Mr. Supplee, it was

Resolved, That Council meet to-morrow at 5.30 P. M., and proceed to examine the premises complained of.

A communication was received from T. R. Vickroy, complaining of the injury done to his property by the cemetery started by the German Catholic Church, and asking Council to take measures to have the same removed.

On motion of Mr. Green a committee of three was appointed to confer with the authorities of the German Catholic Church relating to the same.

Committee; Messrs. Green, Supplee & *Bachman.*

On motion of Mr. Green the Road Committee was authorized to extend Commerce street in a straight line to the turnpike.

On motion adjourned.

Adjourned Meeting of Council—Met August 11th. A Bruner, Jr., in the chair. Present, Messrs. Bruner, Bachman, Green, Supplee, Wilson, and Wike. Council then visited the premises of Conrad Swartz, and Rebecca Eberlein, and after an examination of the same, on motion of Mr. Bachman, adopted the following resolutions;

Resolved, That the Regulator, or his assistant ascertain the exact line or corner between Conrad Swartz, and Rebecca Eberlein, and report to Council at next meeting, whether Conrad Swartz, in the execution of his building, suffer any damage from the roof of said Rebecca Eberlein's stable.

On motion adjourned to meet on Monday, August 13th, at 8 P. M.

Adjourned Meeting—Met, August 13th. A. Bruner, Jr., in the chair. Present, Messrs. Bruner, Bachman, Green, Mullen, Supplee, Wilson and Wike. The minutes of July 11th, were read and approved.

The following report of the Borough Regulator, was then read, and on motion *accepted*:

To the Borough Council of Columbia.

Gentlemen:—In pursuance of your resolution of the 11th, inst., I proceeded to make a survey of the grounds of Swartz and Eberlein. I find the wall which Mr. Swartz is erecting for his slaughter house, to be over Mrs. Eberlein's line about 7 inches, and that all that is necessary to protect said wall from damage from the drainage of water from the roof of Mrs. Eberlein's stable is that the said stable roof be furnished with good and sufficient spouting, which spouting would be equally required, even if Mr. Swartz were on his own line. Respectfully,

Jos. MIFFLIN.

The following pregmble and resolution, was, on motion of Mr. Bachman, adopted:

Whereas, According to the report of the Borough Regulator it appears that Conrad Swartz has erected a wall of his building seven inches over on the property of Rebecca Eberlein, therefore

Resolved, That the said Conrad Swartz is recommended to amicably adjust the matter with Mrs. Eberlein, or cease the erection of said wall on her property, and also that the expenses of said survey be collected from said Conrad Swartz.

Mr. Green submitted the following resolution:

Resolved, That the finance Committee be authorized to report at next stated meeting of Council an ordinance fixing the fees of Borough Regulator.

Mr. Bachman, moved to amend by substituting "the President appoint a committee of three with authority" in place of "the Finance Committee be authorized."

The amendment was carried and the resolution, as amended, adopted.

Committee: Messrs. Green Bachman & Supplee.

A petition from the Trustees & Members of the M. E. Church, asking that the alley running from 5th to 4th street between Cherry and Union streets be graded and paved, was on motion of Mr. Green referred to the Paving Committee.

MR. RAMBO.—Your paper not being strictly political makes me hesitate in asking a place in your columns to reply to a communication signed "S" and published in the *Lancaster Intelligencer*, of the 14th, inst., in which the writer attempts to ridicule and hold up to contempt and scorn, some of the best young men of our town, by calling them "bummers" "loafers," and other opprobious names, and at the same time talking of the "real soldiers." Now, do you know? and does the writer of the communication know, that the young men connected with the "boys in blue" club, are (at least the most of them) as good and true soldiers as ever carried a musket! That they risked their lives many times during the great rebellion in defence of the Government, when the poor devil "S" was at home in ease and comfort, playing penny poke, and drinking stumps around the hotels. To tell us that such men as Harry Mullen, George Wike, Samuel Rogers, T. M. Fisher, and many others, are "bummers," and loafers, men who were fighting or incarcerated in rebel prisons and starving on quarter allowances of corn bread and sorghum, while "S" the beast was comfortable at home, is an insult to common decency. The man, who to make a little political capital out of such things, and resort to such foul slanders, would not hesitate to steal the crown of thorns and sell them for tooth-picks. Out upon the brute! let no decent man speak to him! he is beneath contempt! he is a moral leper! a scab on the community, and should be scouted from all decent society. The company of which this vile puppy speaks, is flourishing finely, and will help to swell up the great majority for Geary, at the coming election, and to sink Clymer, almost as low, politically, as "S" is in decency. SOLDIER.

DESIRABLE FARM AT PUBLIC SALE.

ON THURSDAY, SEPTEMBER 6, 1866, will be sold at public sale, at the public house of Geo. Hastings, in Willow St., the following described real estate, situate in Pequea twp., on the road leading from Lancaster to Port Deposit, ½ mile from the termination of the Willow Street turnpike, and about 5 miles south of the city of Lancaster, viz:

No. 1. A Plantation or Tract of Land, containing 100 ACRES, adjoining lands of Amos Herr, Benjamin Barr, Jacob Groff, lots 2 and 3, and other lands of the subscriber, on which is erected a commodious 2 story Brick Dwelling House, with a large 2-story Brick Kitchen attached, and a good Spring in the cellar; a one and a half story Stone House, about 100 yards from the brick house; a large Swiss Barn, part stone and part frame, with a Horse-power shed attached; a Corn Barn, with two Corn Cribs; a Bake House, Hog Pen, Carriage House, Smoke House and other necessary outbuildings. There is an Orchard of good Apple Trees and other fruit trees on the premises. The above property is in a high state of cultivation, under good fence and well supplied with water. Part of the above land contains Limestone, and on part there is a fine body of IRON ORE.

No. 2. Contains 37 ACRES, adjoining No. 1, lands of Samuel Charles and Jacob Groff, and is excellent farm land. It also contains an abundance of Iron Ore, from which a large quantity has already been taken and has been proved to be of good quality. There is an excellent Spring of Water on this tract, and a small stream of water passes through the premises. The whole is under good fence and adjoins the above mentioned public road.

No. 3. Contains 13 ACRES AND 75 PERCHES, adjoining No. 1, lands of Jacob Groff and other lands of the subscriber; is principally covered with heavy Timber, such as Black Oak, White Oak, Hickory, Chestnut, &c. The land is of a good quality for farming, and has a fine Spring of Water on it.

The above property is located in a healthy and flourishing neighborhood, convenient to mills, churches, schools, mechanics shops, &c., and enjoys every desirable advantage for agricultural purposes—and will be sold all together or in lots as above described, as may best suit purchasers. Persons wishing to view the premises previous to the day of sale, may call on the subscriber, residing a mile west of the farm, or on John Deets, residing thereon, by whom the same will be shown. The title is unexceptionable.

Sale to commence at 1 o'clock, p. m., on said day when attendance will be given and terms of sale made known by

Columbia Classical Institute.

THE next session will commence Wednesday, Sept. 5th. The scholastic year is divided into two sessions of five months each.

We have secured, by the offer of high salaries, the first order of teaching talent and experience, believing that an intelligent and enterprising community will demand a school affording the best advantages of education. And it is full of lasting injury to suppose any one competent to give instruction in the rudiments of knowledge. Early training is the most important and effective. It generally controls the life. This, then, is the proper field for the most careful and experienced culture. Let me compose the Ballads for the children, and I care not who shall make the Laws for the Nation, is a sentiment as forcible, as it is applicable to whatever educates a people.

Columbia is worthy of such an institution as we design, through a liberal patronage, to establish. Nature seems to have lavished her choicest beauties on the location, and art is rendering it a most accessible and eligible spot. If "Learning and Virtue are the safest riches," nothing can be more commendable in parents than to give this inheritance to their children. And with a good institution in their midst, even those of moderate circumstances can well afford to secure it.

We shall open a seperate room for young ladies, with a teacher in charge and who is an accomplished French and English scholar, and known to be thorough and faithful; having had experience and success. Special attention is directed to this new arrangement, as we thus hope to supply a felt want, and make it a permanent utility.

A gentleman of thorough musical cuture, and large experience as a successful teacher, has been secured to take charge of both vocal and instrumental music. We then offer the best facilities of a musical education.

Boarding, with tuition in regular branches, lodging light and fuel, $105 per session—$55 in advance.

Tuition—$12, $18 and $24 in advance, according to studies.

The usual charges for extras.

BOULEVARD!!

The New "Boulevard" Skirt is the

LATEST INVENTION,

and for style and shape, is

UNIQUE & UNEQUALED.

The peculiarity of this beautiful garment consists in its having a French Yoke (gore shaped) attached to the waist-band, both of which are of fine English Satteen. The effect of the Yoke is to lengthen the back, taper and give a more graceful slope to the dress producing a flowing and beautiful train and causing the over-skirts and dress to fit more closely to the form just below the waist, affording ease and comfort to the wearer.

These elegant Skirts attained a reputation for style which is peerless, and for intrinsic merit they are unsurpassed.

CHOLERA

Cured by Mishler's Herb Bitters!

When Mishler's Bitters were first introduced to the public the proprietor did not feel justified in recommending it as a specific for Cholera During the fall of 1865, Dr. Mishler received the following note from Jacob L. Baker, Esq., of Lancaster Pa., a member of the Philadelphia College of Pharmacy. Mr. Baker had a great deal of experience in the treatment of Cholera is a druggist of sixteen years standing, was Hospital Steward in the Jefferson Hospital, Philadelphia, for three years, and is withal a gentleman of undoubted integrity and one in whose statement the most implicit confidence can be placed:

Lancaster, November 3d, 1865.

Dr. Mishler—Dear Sir:—Knowing that the Cholera with its dreadful ravages is now upon our land, and knowing that no medicine now in our country possesses such a caloric influence "which is the vital remedy for all diseases of this kind," as the Bitters you now making I request you to prepare such a quantity of your bitters as would suit all demands, as I assure you they will be an invaluable remedy, and will be hailed as a blessing by all who will use it.

Yours respectfully,

JACOB L. BAKER.

Being thus urged, and having noticed the Bitters were constantly curing the most violent cases of Diarrhœa, Cholera Morbus and kindred complaints, Dr. Mishler at last offered his compounds as a cure for Cholera The result has exceeded his most sanguine expectations and fully justifies all that Mr. Baker says in his note. It certainly proves that Mr. Baker's practical knowledge of medicine far exceeds that of most doctors who too often dose their patients with deleterious drugs on some absurd theory.—For the purpose of showing that Mishler's Herb Bitters will cure Cholera we give below a few facts.

All intelligent persons who have investigated the origin of cholera, agree that it is caused by poison introduced and generated into the system by impure water, dampness, filth and over-crowded rooms with deficient ventilation. This is proved by the fact that cholera always rages work on board of ships where all of the above causes are found more or less combined. To cure cholera, and also to prevent it, it is necessary to neutralize this position, and that Mishler's Bitters will do this is proven by the following:

The steamship *Virginia*, arrived at the Port of New York about the middle of April with cholera a board a number of the passengers having died during the voyage with this complaint. Among the passengers were a family named Schmith, from Baden, Germany. This family was attacked with cholera. Fortunately for them they had friends living in this city (Lancaster, Pa.,) who knew the virtues of Mishler's Bitters and who procured a bottle and sent it to the Schmith family. When this package arrived at Quarantine, the doctors examined it and confiscated the contents. Another bottle was procured and packed in a more secure manner; it safely reached the Schmiths. On its arrival aboard the *Virginia*, Henry Schmith and Christ. Schmith were both laboring under choleric symptoms: Mrs. Marcia Schmith, wife of the former was very bad, not expected to recover, and a son had died of the dread complaint and had been buried the day previous. It was in this plight a bottle of Mishler's Bitters, sent forth like an Angel of Mercy found the poor Schmith family.—Henry Schmith was the first to try it, and so instantaneous was the relief he experienced that he gave it to his wife and brother both of whom it at once relieved. They used the entire contents of the bottle and all three were so much relieved that the physicians permitted them to leave the Virginia, after being confined at quarantine aboard that scourge ship forty-two says.—The Schmiths proceeded to their relatives in Lancaster, and at an early opportunity called on Dr. Mishler to express their gratitude for the timely relief they had found in his Bitters. Mr Henry Schmith stated that all the compounds the doctors had given him did no good, but that one glass of Mishler's Bitters made him feel like a new man, warming his whole system, giving him a healthful heat and causing him to perspire freely. His statement was substantially was substantially as given above, and he further said that if the doctors had not kept the first bottle from reaching him, his son would yet have been living. Mrs. Schmith was still weak from the effect of cholera, but the continued use of the Bitters were most surely restoring her accustomed vigor.

It is not to be expected that regular M. Ds. will admit that any remedy not to be found in the Dispensatory will cure Cholera or any other complaint, but candor compels Dr. D. H. Bissell of the Cholera H
