TOWN AND COUNTRY.

Beautiful—The nights.

Equal—The days and nights.

Looks well—The new wheat fields.

Enlarged—John Kirk's store room.

Don't trade with Democratic ring men.

Heavy—The frost last Thursday morning.

Killed by the fog—Jack Frost last Friday morning.

Done seeding—The majority of farmers in this county.

Still in Charleston, S. C.—The Yellow Fever.

Pretty well shot and scared off—The squirrels near town.

Didn't *go* up, but *burned* up—Rogers' balloon on Saturday evening.

Past—The Equinoctial storm; as a consequence the weather is pleasanter.

A harbinger of winter—Snow on Mt Washington, N H., on last Tuesday.

Reported—A bear on Moyer's ridge. To say that it is some one's black sheep would be nearer the thing.

Grand to look upon—The crimson, bright gold, and rich purple colors that we see here and there through the woods.

Issued—A proclamation by the sheriff of Bedford county against basket fishing in the tributaries of the Susquehanna that flow through that county.

In town—The Democratic Ring last Thursday. It has a heavy percentage of Doctors, who are ready to talk smoothly and prescribe heavy doses of Democratic medicine, which, instead of doing the patient any good, makes him the sicker, politically. Don't take their nasty stuff. What was taken last fall by the Republicans should do for at least one generation. 'Tis mighty bad medicine.

NEW GOODS, of the latest styles, at "The Keystone."

TICKETS.—The tickets for the election are printed and ready for distribution.

A SERIES of sermons will be preached to young men in the Methodist church of this place during the several Sunday evenings of October, and commencing next Sunday evening, at 7 o'clock.

A LEWISTOWN paper boasts that an old business house in that town has two hundred stoves. That is certainly quite a number. N. E Littlefield, down stairs, who is but a young man, has one hundred and fifty stoves. Drop in and see them.

THINK OF IT.—A dinner at the Summit house, on Mount Washington, N H., costs one dollar and a half—as much as a year's subscription to the SENTINEL. Eat your dinners at home, and subscribe for the SENTINEL It will do you more good than being above the clouds in a corporeal state.

AN exchange says Solomon Dunkelberger, of Little Mahanoy township, Northumberland county, is said to be the only Republican in the township and the only man who can read and write. On this account he is chosen Justice of the Peace by his Democratic fellow citizens, on the principle of an "independent judiciary."

THE *Republican* last week declared that it had a rod in pickle for us. The inference is that the political juggler of that concern holds some secrets which, it revealed, would reflect severely upon us The hermaphrodite holds nothing of a truthful character against us that may not be told anywhere and under all circumstances. Bring out your rod, braggart.

MORE SNAKES.—As another proof that snakes are unusually plenty this year, it is worth while to mention, that a few weeks ago, on James Davis's farm in Armagh township, whilst Mr. Davis and C. Reed Alexander were endeavoring to tear up an old stump, they came upon a nest of copperheads, and killed exactly 20, measuring from 1 to 3 feet in length —*Lewistown Democrat.*

MR. NOAH ELDER last week purchased a drove of cattle and took them up Tuscarora Valley, where he has been trying to kill two birds with one stone—first to to do business; second, to electioneer The latter, however, is an up hill business. Mr. Elder seriously damaged his prospects by taking one hundred dollars of the charity fund appropriated by the State for the relief of those who suffered by the great fire.

NEXT Saturday a grand basket pic-nic will be held under the auspices of Patterson Council, No. 200, O U. A. M., in a grove near Patterson. The Order will turn out in full regalia. Elegant regalia and splendid cake will be on exhibition to be voted for. A handsome Bible will be presented to the Order on that occasion, by the ladies of Patterson No invitation cards will be distributed, but a general invitation is hereby extended. By order of the

COMMITTEE OF ARRANGEMENTS.

HITCHCOCK'S

ANALYSIS OF THE HOLY BIBLE.

This is a work of very peculiar interest, affording to every one that full and satisfactory knowledge of the Holy Bible which (practically) would not be found in any other work now before the religious world. Dr. Hitchcock has in this work so carefully selected all passages of Scripture treating upon any point of Holy Writ that no one need be at a loss to have that perfect knowledge of the truth as it is, the whole Bible, from Genesis to Revelation, being carefully analyzed and arranged in logical order, so that every text treating upon any subject is placed directly before you. Being thoroughly indexed, you can open at once to the desired subject. This work contains also Cruden's Concordance complete, Pronouncing and Interpreting Dictionaries, a Dictionary of all Religious Denominations, History of the Bible, Maps, Engravings &c., making it a work indispensable to those who would learn more perfectly the way of life. Good and reliable agents will shortly wait on the citizens of Juniata county, and give them an opportunity to examine and judge of the merits of the work.

We append the following testimonials:

I have examined Hitchcock's Analysis of the Bible, and consider it a most valuable aid in the study of the Scriptures

JOHN THRUSH,
Pastor M. E. Church, Lewistown, Pa.

In the above I fully concur.

O. O. McCLEAN,
Pastor Presbyterian Church, Lewistown, Pa.

I have examined Hitchcock's Analysis of the Bible, and consider it a most valuable aid in the study of the Holy Scriptures A copy of the work should be in every Christian family.

J. H. BROWN,
Pastor Lutheran Church, Lewistown, Pa.

Having examined Dr. Hitchcock's Analysis of the Bible, presented by E. W. Smith, I am free to pronounce it a real christian gem, and do most heartily recommend it to all who would learn more perfectly the way of life.

J. J. KERR,
Pastor Lutheran Church, Huntingdon, Pa.

I should rejoice to see a copy of this very valuable work (Hitchcock's Analysis of the Bible) in every family of my congregation.

JOHN McMILLEN,
Pastor Presbyterian Church, Mt. Pleasant, Pa.

So far as I have examined this Analysis I consider it very useful

MATHEW ALLISON,
Pastor Presbyterian Church, Mifflintown, Pa.

So far as I have examined this work I esteem it good, and recommend it.

D. M. BLACKWELDER,
Pastor Lutheran Church, Mifflintown, Pa.

Having purchased Hitchcock's Analysis of the Bible some two years since, and made constant use of it as a guide book, I can heartily commend the same as being in every particular a most thorough, comprehensive, and satisfactory work. To the religious and thoughtful public it appeals as an extraordinary means for the more perfect study of God's revealed will. We could wish a large circulation in our community

H. C. PARDOE,
Pastor M. E. Church, Mifflintown, Pa.

MODESTY is not one of the characteristics of the *Register*, neither is that journal close mouthed in regard to other people's affairs, as all in this community know. It is noted for its personalities Like most of gossips, it hides its own unfair works as much as possible, and continually talks about what its neighbors are doing. It is always full of insinuation against this or that individual; and if at any time it has a sure foundation for its charges, it does not fail to name the person right out. This is a very good test to apply to the *Register*. If it fails, when it makes charges against a party to point out the individual, the charges can be set down as mere fabrications. For instance, last week that paper said that fifteen hundred dollars had been received in this county by Republicans for electioneering purposes, but it did not say who got the money, and that very omission is strong evidence that its declaration is not true. If the *Register* knew of a Republican who had received fifteen hundred dollars to use for electioneering purposes, it would announce the name in large type.

NEW AND DANGEROUS GREENBACK.—*Peterson's Detector* says:

Within a week past a number of exceedingly dangerous counterfeits have made their appearance. How large the number may be cannot be known, for the counterfeit is so nearly faultless that it is with the utmost difficulty that it can be distinguished from the genuine. The spurious bill is a twenty dollar greenback. The only weak point in the execution seems to be the central figure which is a little too coarsely done—When presented in a package, however, this figure is not seen in the rapid counting, it being hidden by the hand or the over lying bills. The other points of the bill are so excellent as to stand the test of the strongest light. We are told that two or three banks have been deceived by the bills. There has not been a more dangerous counterfeit put afloat Business men, bank tellers, railroad ticket agents, and others would do well to keep a sharp lookout for these bills.

THE Shippensburg *News* gives the following forcible hint to a certain class of young men:

"Six young gentlemen standing on the corner of the street; six pair of hands in their pants' pockets; six mouths squirting tobacco juice in every direction; six pair of eyes looking impudently at every woman and girl passing by, and just six tongues surpassing each other in indecent remarks."

BASE BALL is undoubtedly good exercise and capital amusement, but it often occasions bunged eyes, broken skins and blistered hands. We can tell you that in all such cases, if *Johnson's Anodyne Liniment* is resorted to, it will reduce the swelling and stop the pain.

WE would not recommend the frequent or constant use of any medicine. It is important to take even a good article judiciously. *Parsons' Purgative Pills* are safe, prompt and reliable as a laxative or cathartic.

Notice—It being my intention nothing preventing, to spend the fall and winter in New York City, in prosecution of my medical studies, those owing me will confer a favor by coming forward and settling their accounts by the 1st of October. After that date my books will be in the hands of J. C. Doty, Esq, for collection. I shall be absent until about the 1st of March. 1872.

FOUTZ'S

CELEBRATED

Horse and Cattle Powders.

This preparation, long and favorably known, will thoroughly re-invigorate broken down and low-spirited horses, by strengthening and cleansing the stomach and intestines.

It is a sure preventive of all diseases incident to this animal, such as LUNG FEVER, GLANDERS, YELLOW WATER, HEAVES, COUGHS, DISTEMPER, FEVERS, FOUNDER, LOSS OF APPETITE AND VITAL ENERGY, &c. Its use improves the wind, increases the appetite—gives a smooth and glossy skin—and transforms the miserable skeleton into a fine-looking and spirited horse.

To keepers of Cows this preparation is invaluable. It is a sure preventive against Rinderpest, Hollow Horn, etc. It has been proven by actual experiment to increase the quantity of milk and cream twenty per cent. and make the butter firm and sweet. In fattening cattle, it gives them an appetite, loosens their hide, and makes them thrive much faster.

In all diseases of Swine, such as Coughs, Ulcers in the Lungs, Liver, &c., this article acts as a specific. By putting from one half a paper to a paper in a barrel of swill the above diseases will be eradicated or entirely prevented. If given in time, a certain preventive and cure for the Hog Cholera.

THE

AMERICAN WASHER.

PRICE $5.50.

The American Washer Saves Money, Time and Drudgery.

The Fatigue of Washing Day no longer dreaded, but Economy, Efficiency, and Clean Clothing, Sure.

In calling public attention to this little machine, a few of the invaluable qualities, (not possessed by any other washing machine yet invented,) are here enumerated:

It is the smallest, most compact, most portable, most simple in construction, most easily operated. A child, ten years old, with a few hours' practice, can thoroughly comprehend and effectually use it. There is no adjusting, no screws to annoy, no delay in adapting! It is always ready for use! It is a perfect little wonder! It is a miniature giant, doing more work and of a better quality, than the most elaborate and costly. One-half of the labor is fully saved by its use, and the clothes will last one-half longer than by the old plan of the rub board. It will wash the largest blanket. Three shirts at a time, washed thoroughly! In a word, the solution of any fabric, from a Quilt to a Lace Curtain or Cambric Handkerchief, are equally within the capacity of this LITTLE GEM! It can be fastened to any tub and taken off at will.

No matter how deep rooted a prejudice may exist against Washing Machines, the moment this little machine is seen to perform its wonders, all doubts of its cleansing efficacy and utility are banished, and the doubter and detractor at once become the fast friends of the machine.

We have testimonials without end, setting forth its numerous advantages over all others, and from hundreds who have thrown aside the unwieldy, useless machines, which have signally failed to accomplish the object promised in prominent and loud sounding advertisements.

It is as perfect for washing as a wringer is for wringing.

The price, another paramount inducement to purchasers, has been placed so low, that it is within the reach of every housekeeper, and there is no article of domestic economy that will repay the small investment so soon.

$5.50

All that is asked for this GREAT LABOR SAVER, is a fair trial. We guarantee each machine to do its work perfectly.
