The river is falling slowly, but is still, and will continue, in good navigable order, for the largest class boats.

There is nothing in the markets worth reporting. Business slack and no change id prices.

WESTERN WATERS.

The river at this point was falling slowly last evening.

The Kentucky river was very high on the 10th inst., and still rising.

The Cumberland was rising on the 10th, with 2½ feet water on the shoals.—*Louisville Dem. Dec. 12.*

NASHVILLE, December 10.

Cotton.—We noticed but little in market yesterday and heard of no sales. Tuesday a few bales very fine quality sold for 5¾c., but this is above the market quotations, which are the same as at our last report 7@8 cents.

Tobacco.—Several hhds. have been received at A. Hamilton's warehouse, but only one or two hhds. were sold. Prices are not established. [*Nash. Union.*

Important to Consumptives.—Strange! that so many who are afflicted with a Cough that is gradually wearing them down, and slowly but surely, stealing them into that *dreadful disease Consumption*—that disease which carries off thousands daily—are doing nothing, or, what is worse than nothing, are gorging themselves with nostrums that are puffed to the skies for cures they are said to have effected on some foreign or unknown persons, when they can be positively cured by using Dr. Rogers' compound Syrup of Liverwort and Tar, which continues to make the most remarkable cures ever recorded in the annuals of Medicine; which is proved by reference to the vast number of certificates from the first and most respectable citizens—such as the Hon. Judge William Burke, the wife of the Rev. Geo. Maley, Doctor Wm. Richards, Mrs. Hiram Plummer, Devinney Ludlow, Esq., of Cincinnati, and a great number of others in this city.—Certificates of not only of remarkable cures of distressing Cough, but cases of Consumption positively cured, after physicians of the highest standing have given them up to die!

For sale by D. C. Kneeland, principal agent, Grant street, one door below 2d.

See advertisement of Dr. Rogers' Liverwort and Tar, in another column. dec4

By the President of the United States.

IN pursuance of an act of Congress, approved the eleventh day of July, 1846, entitled "An act to authorise the President of the United States to sell the reserved mineral lands in the States of Illinois and Arkansas, and Territories of Wisconsin and Iowa, supposed to contain lead ore;" I, JAMES K. POLK, President of the United States of America, do hereby declare and make known, that a public sale will be held at the Land Office at DUBUQUE, in the Territory of IOWA, commencing on the Monday, the 8th day of March next, for the sale of the public lands HEREFOREE WITHHELD FROM SALE ON ACCOUNT OF THE VALUABLE LEAD MINES THEREIN, within the following townships and fractional townships, known as the SUCK LEAD MINE DISTRICT, to wit:

North of the base line and east of the fifth principal meridian.

Township eighty-eight, eighty-nine and ninety, and fractional township ninety-one, of range one.

Township eighty-eight, and fractional townships eighty-nine, ninety and ninety-one, of range two.

Township eighty-nine, and fractional townships eighty-eight and eighty-nine, of range three.

Fractional townships eighty-seven and eighty-eight, of range four.

Fractional township eighty-seven, of range five.

North of the base line and west of the fifth principal meridian.

Township ninety, and fractional township ninety-one, of range one.

Fractional townships ninety-one, ninety-two and ninety-three, of range two.

Township ninety-two, of range three.

Lands appropriated by law for the use of schools, military and other purposes, will be excepted from sale; also all quarter quarter sections covered in whole, or in part, by those mining leases, which shall not be determined by the day fixed for the commencement of these sales.

Pre-emption claims will not be allowed to any of the above lands, until after they have been offered at public sale, and become subject to private entry; and all of such lands as contain a mine or mines of lead ore actually discovered and being worked, will be sold in such legal subdivision or subdivisions as will include such mine or mines, at not less than two dollars and fifty cents per acre.

Given under my hand at the City of Washington, this fifth day of September, Anno Domini, one thousand eight hundred and forty-six.

By the President: JAMES K. POLK.
JAMES H. PIPER,
Acting Commissioner of the General Land Office.

The lands in the mineral regions, embraced in the above proclamation of the President of the United States, are believed to contain the richest mines of lead that have yet been discovered; the ore yielding about eighty per cent, of pure metal. Copper, also has been found in this region in considerable quantities.

Great advantages are said to exist for the manufacture of lead in various forms, particularly into *shot*, the river banks being so elevated as to require little or no expense in the erection of towers; and the ore, from its great purity, may be manufactured into shot by the first smelting.

The location of these mines being near the Mississippi river, affords great facilities for transportation, the average cost of which to St. Louis is about fifteen cents per hundred-pounds. The soil is represented as being unusually fertile, producing all the small grain in great abundance, and furnishing an excellent range for cattle—thus presenting full inducements to the agriculturist and the miner.

The DUBUQUE mines in fractional townships eighty-eight, eighty nine, and ninety, of range two east, situated on the banks of the Mississippi, are considered the most important; the DURANGO mines in townships eighty-nine and ninety, of range one east, are the next in value; and the CATTESE mines in fractional township eighty-eight, of range three east, also on the river, are the third. Other mines have been discovered in this region; and it is very probable that future explorations will bring to light others as rich and productive as any now known.

JAMES H. PIPER,
Acting Commissioner of the General Land Office.
