The News.

Charles Minot, formerly Superintendent of the New York and Erie Railroad, died suddenly, at his residence in Somerville, Mass, lately.

Seven thousand dollars in gold and silver were found by an old hunter, buried in a keg, near the Mississippi river, below Wolf Island. The treasure is supposed to have belonged to some rebel who was killed during the war.

The Pope has been informed by the French Minister that if he withdraws from Rome the French troops immediately will give him no support whatever.

According to specials from Washington, General Grant appears to be getting a good hold on. He is telling leading rebels that they are nothing but paroled prisoners of war, and that their conduct is a violation of their paroles. And he assures them that if they do not accept the Constitutional Amendment, they will be apt to fare worse.

Of the Pennsylvania members of Congress re elected, Messrs. Boyer, Mercer, Miller, Glossbrenner, Koontz, Wilson and Lawrence, are chosen to their second terms; Messrs. Randall, O'Neil, Myers, Broomall, Dennison, Schofield and Williams, are chosen for their third terms, Judge Kelley to his fourth term; Gen. Williams to his fifth, and Thaddeus Stevens to his seventh term.

Sir Morton Peto and family have gone to Algiers to pass the winter.

Deaths in Boston last week 71; males 33, females 38.

Acting Rear Admiral Bell, commanding the U. S. Squadron in the Asiatic seas, have given strict orders for the pursuit and capture or destruction of pirate vessels on the Chinese coast.

Two delegates from each Indian tribe in Kansas have been invited to Washington to consult in regard to the removal of the tribes to the Indian country.

Governor Wright, American Minister at Berlin, is seriously ill,

A dispatch from Rome states that the man who gave the information relative to John H. Surratt is named St. Marie, formerly of Washington. He says that Surratt told him that the assassination of President Lincoln was not only in accordance with the desires of the Davis Cabinet, but was done by their directions and orders

John W. Garrett, Esq., has been re elected President of the Baltimore and Ohio Railroad Company.

A Washington dispatch states that it is understood there, in semi-official circles, that Surratt will be pardon on condition that he will testify against all other parties connected with the assassination plot.

The Emperor of Russia is reported to have proposed to the great Powers that they hold a conference to take into consideration the position of the Christian subjects of the Sublime Porte.

A factory for the preparation of Greek fire has been discovered in Doublin.

Both branches of the Legislature of Georgia have passed the bill postponing the payment of debts till 1868, and it will no doubt be signed by the Governor, who recommended such a measure in is message.

President Johnson presented Ristori with a copy of his message, with his autograph attached, as a souvenir.

Maximilian was to leave Orizaba on the 28th of November.

The President has positively determined not to interfere in the case of Jeff. Davis

The steam drum on the steamer Thomas Kelso, from Baltimore to Norfolk, exploded early on Saturday morning, near the Wolf Trap, in the James river, while the passengers were asleep. Three persons were killed and several of the passengers were badly scalded.

The President is said to be displeased with the reply of Napoleon to the cable dispatch about Mexican affairs.

Gov. Geary's Cabinet.

There seems to be very little speculation in these parts, on the subject of Gov. Geary's Cabinet. The Governor elect, so far as we know, has not made known to any one, who he proposes to call to his aid in administering the affairs of the Commonwealth.

We have heard the name of Mr. Meredith, the present able Attorney General, suggested for continuance, also that of Col. Francis Jordan, of Bedford, and John Scott, Esq., of Huntingdon, but no one seems to speak knowingly on the subject.

We have heard Thomas E. Cochran, of York, suggested as Secretary of the Commonwealth. We feel very sure that the Governor could make no better selection. Mr. C. is perhaps as conversant with the affairs of the State as any man in it, and his sterling honesty should commend him to His Excellency.

RELIEF IN TEN MINUTES.

BRYAN'S PULMONIC WAFERS.

☞ The origin Medicine established in 1837, and first article of the kind ever introduced under the name of "Pulmonic Wafers," in this or any other country; all other Pulmonic Wafers are counterfeits. The genuine can be known by the name BRYAN being stamped on each Wafer.

These Wafers have been before the public for nearly *thirty years*, and the immense sale attained, not only in America but in foreign countries, fully attest their intrinsic worth. The medical properties are superior to any other articles offered for the cure of Pulmonary or Bronchial affections, and the quantity contained in each box is nearly double that of that of the many worthless imitations advertised.

Bryan's Pulmonic Wafers

cure Coughs, Colds, Sore Throat, Hoarseness, Asthma, Catarrh, Bronchitis, Difficult Breathing, Spitting Blood, Pains in the Chest, Incipient Consumption and all diseases of the lungs. Not only affording temporary relief, but effecting a rapid and lasting cure and are warranted to give satisfaction in every instance. They do not nauseate like acoholic compounds, and the medical properties are combined in a form so agreeable and pleasant to the taste, that any child will readily eat them. One dose will always afford

Relief in Ten Minutes.

To Vocalists and Public Speakers, these Wafers are peculiarly valuable; they will in one day remove the most severe occasional hoarseness; and their regular use for a few days will, at all times, increase the power and flexibility of the voice greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists.

The very great celebrity of this invaluable remedy has induced unprincipled persons to prepare base imitations, which disappoint the just expectations of the purchaser, and injure the character of the genuine medicine.

See that the word, "BRYAN," is stamped on each Wafer, and also observe the fac simile of the signature of the Proprietor "JOB MOSES" on each wrapper, to counterfeit which is *forgery*. ☞Offending parties will be dealt with to the full extent of the law.

Bryans Pulmonic Wafers are for sale by all Druggists.

AGENTS WANTED

FOR THE MOST POPULAR AND Best Selling Subscription Books Published!

We are the most extensive publishers in the United States, (having six houses,) and therefore can afford to sell books cheaper and pay agents a more liberal commission than any other company.

Our books do not pass through the hands of General Agents, (as nearly all other subscription works do, therefore we are enabled to give our canvassers the extra per cent. which is usually allowed to General Agents. Experienced canvassers will see the advantages of dealing directly with the publishers.

Our series embraces the most popular works on all subjects of importance, and is selling rapidly both North and South.

Old agents, and all others, who want the best paying agencies, will please send for circulars and see our terms, and compare them and the character of our works with those of other publishers. Address,
