SERMON TO RAILROAD MEN.—The Second sermon for the special benefit of railroad men will be preached in the M. E. Church, by Rev. Wm. Major, to-morrow (Sunday) evening, at 6½ o'clock. All persons are respectfully invited to attend.

DROPPED IN.—D. Peart Erwin, formerly of the *Spy*, dropped into our office during the week. He is connected with the dry goods house of Lockard & Ireland, Cincinnati, Ohio. He is looking well, and we are glad to learn is doing well.

RUNAWAY.—On Tuesday morning last, a horse attached to a light wagon, belonging to one of our butchers, broke loose in the neighborhood of Fifth street, and came dashing down Walnut street at a fearful rate; turning the corner at Commerce street he was caught. No damage was done.

LOOK OUT FOR THEM.—Counterfeit greenbacks of the $2.00 issue are in circulation. They are poorly executed and experienced eyes can easily detect them. Counterfeit five cent pieces in imitation of the 'Nickles' recently issued by the Government are also in circulation, and are reported to be more plentiful than the genuine.

ELECTED.—The following Trustees of Odd Fellow's Hall Association, were elected, by the Stockholders, on the 1st inst: Geo. Bogle, J. W. Stacy, P. Fraley. C. Tyson, P. Shriener, J. B. Bachman and H. Wilson.

After which the above board of Trustees elected the following officers:- Geo. Bogle, President, Hiram Wilson, Treasurer, and J. B. Bachman, Secretary.

GIVING BREAD TO THE POOR.—Miss Hannah Mishler, daughter of Dr. B. Mishler, proprietor of the celebrated Mishler's Bitters, distributed one thousand loaves of bread to the poor of Lancaster City, on New Year morning.

Dr. Mishler is a free, open hearted, liberal gentleman, and is always ready and willing to assist the distressed; no matter of what nation, tongue or creed.

A FACT.—It is a fact testified to by hundreds, that I. O. Bruner sells handsome and cheap goods. Many persons after examining the cloths, cassimeres, cloaking, flannels, &c., at other establishments, go to Bruner to buy. Every person who deals with him is aware from the start, he adopted a plan of treating every customer alike, and doing justice to each. Success to I. O.

POLICE CASES.—The following cases were before Samuel Evans, Esq.:

Assault.—Charles Smith made complaint against Godfried Gribe, (commonly called "double-head") and wife, for making an assault on him with a knife. The parties live on Tow Hill. By consent of both parties the case was settled.

Assault and Battery.—David Humpfries made complaint against Samuel Beaver, for striking deponent on the head with iron tongs. Case settled by the parties.

REAL ESTATE SALES.—John Eddy, Auctioneer, sold on Saturday evening, 29th ult., the two story brick house and lot of ground, known as the Wright property, situated on the Washington and Columbia Turnpike, to Wm. Patton, for $9800. He also sold seven frame houses, corner Third and Mill streets, to J. G. Hess, for $500 each.

The property of C. S. Kauffman, which was offered at public sale, on Wednesday evening last, after being bid up to $8000 was withdrawn.

FILLING THE ICE HOUSES.—Our ice merchants have taken advantage of the "cold snap," and are busily engaged in storing away their supply of ice for the coming season. On Wednesday and Thursday the Columbia Ice Company put away an immense quantity, more than any two days previous, since organized. It was of the finest quality, and about ten inches in thickness. We believe by this evening all the ice houses in Columbia and vicinity will be filled; so this cooling luxury will be plenty during the hot months of summer.

COLUMBIA ZOUAVES.—A meeting of the Columbia Zouave Battalion was held in the Town Hall, on Thursday evening last, to make arrangements to attend the inauguration ceremonies of Gov. Geary, at Harrisburg, on the 15th inst. The companies composing the battalion were consolidated, and the following changes of officers made: W. H. Pfahler, Captain; Samuel S. Rogers, 1st Lieutenant; John Talbot, 2d Lieutenant; W. H. Rambo, 1st Sergeant; Samuel Albright, 2d Serg't; Geo. Kautz, 3d Serg't; David Hinkle, 4th Serg't; and Benj. F. Mullen, Color Serg't.

There will be an adjourned meeting of the Company, on Tuesday evening, 7th inst., at 7½ o'clock, in the Town Hall.

High Constable—Thomas A. Dunbar.

The election will be held on Monday next. Polls open at 8 A. M., and close at 7 P. M.

DESERVED COMPLIMENT.—We were shown, a few days since, a handsome gold chain which was presented to our young friend, Mr. George A. Seibert, by the pastor and congregation of the E. E. Lutheran Church, of Allegheny City, Pa.—showing their appreciation of his services as an organist, during the past eight months. We think Miss Hettie Graham, the leader of the choir, Mrs. Bradley and others, who had the matter in charge, displayed great taste in their selection of the chain. It is a valuable New Year present—a token of respect, esteem and gratitude for the services he so kindly and faithfully rendered, and Mr. S. feels highly complimented by the beautiful gift. Mr. Seibert is a moral, upright and intelligent young man, and has superior talent as an organist. We are glad to learn that one of Columbia's sons is so highly appreciated in Allegheny City, and we can assure them that George will never prove faithless to the trust reposed in him. After spending a few days with his relatives and friends in Columbia, he returned again to his home in the West, with the many wishes of his friends, that the New Year will be full of happiness and prosperity for him.

POSITION ACCEPTED.—The friends of Mr. John A. Smyth will be glad to learn that he has accepted a position in the mercantile establishment of Maltby & Case, Columbia. Mr. S. has been favorably known in this vicinity for the past ten years, and we advise all his friends to call and see him at his new quarters; we know he will use every exertion to make their visits both pleasant and profitable. He understands the mercantile business thoroughly, and is one of the best salesmen in the country—always pleasant and courteous, and will not take the advantage of any one. John knew well what would be of interest to himself and the firm, when he connected himself with a house so highly popular, and still growing into public favor; and at the same time having a stock of goods that he need not be ashamed to show his friends.

IN THE HARNESS AGAIN.—"A. J," perhaps did a "good thing" when he removed friend Stauffer of Mount Joy from office on account of his fidelity to political principles. It has thrown him again into the channels of journalism, where he properly belongs. A series of articles from his pen, entitled "Staccato Papers," are now appearing in that popular Philadelphia weekly, *Saturday Night;* "Indifferently Honest," in *Beedle's Monthly* for January, and "Madaline, the Little French Singer," in *Arthur's Home Magazine* for the same month, are from his pen. Mr. Stauffer's contributions are sought after, and well and promptly paid for.—*Lancaster Express.*

UNCLAIMED LETTERS.—Letters remaining in Columbia Post Office, unclaimed, up to this date:

Ladies List.—Miss Sarah Miller; Miss Fanny Musser; Mrs. Sarah McClune; Miss Hellie V. Tracy; Miss M. Vernon.

Gentlemen's List.—A. Buoher; George Blimline; J. Carington; John Freund; John G. Martin; John Moon; John Hogentogler; T. J. Houston; Meram S. Herr; E. R. Herr; Henry Kauffman; Peter Kile; Wm. F. Kauffman; William Lute; Charles Meckley; S. T. Staar; Frederick Smith; Martin Seibel, 2; Samuel H. Trump; Alfred Urban.

Foreign Letters.—Charlotte Schumacher; Jacob Emerich; Dr. G. Schouburg.

FARM AND FIRESIDE.—We ask attention to the prospectus of a first-class Agricultural Journal to be published in Philadelphia, commencing January 1st. The publisher will spend money liberally on this new Journal, and will make it one of the best in the country. As there is no weekly agricultural journal in this State, this will fill a public want. Every farmer should have the Farm and Fireside.

LE BON TON, the fashion magazine of Paris, comes to us laden with everything new in the fashionable world. This, the January number, contains many enchanting fashion cuts. It is a superb number and exhibits the highest order of taste. Fashionable ladies everywhere, should get this valuable magazine. Address *Le Bon Ton*, 349 Canal St., N. Y.

A Call of the Evangelical Churches to the People of Columbia.

The Pastors of the various Evangelical Churches of the town, have recently conferred together with a view to seeing if the first week of the year, now universally observed as a week of prayer, might not be observed here also. The result of their conference has been to impress them with the conviction that they should, and they hereby do, invite the whole community to join together in prayer and exhortation during the week.

All over the world Evangelical christians will pray together, and exhort together in behalf of those objects which are dear to churches of every denomination. Let our town come into the movement too. Come one, come all, and partake in the exercises of the week of prayer.

The pastors would call especially upon those who have neglected the use of the means of grace. There are four thousand persons in this town who neglect the House of God, at all times. Will not these come? To them the call is: "Come, for all things are ready. Whosoever will, let him take the water of life freely."

Who can say, how great a blessing may be brought down upon our community by the observance of this weekly prayer? Who can say how great a loss may follow upon the neglect of this occasion? Let every one who wishes well to our community, ponder these questions, and do what he or she can to make these exercises earnest and universal. Let us, during the evenings of this Sabbatic week, lay aside our labors, and close our shops and stores, and gather together to pray for Divine Blessings upon our town, our country, and the world.

A programme of subjects has been adopted by the World's Evangelical Alliance, and as this programme will be universal, it will be followed in the meetings proposed to be held among us. The following are the subjects:

Sabbath, Jan. 6—Sermons on the presence of Christ with His Universal Church.

Monday, Jan. 7—Thanksgiving and Confession of Sin.

Tuesday, Jan. 8—Prayers for Nations, "for Kings and all in authority," for the increase of righteousness, the prevalence of peace, and the holy observance of the Sabbath.

Wednesday, Jan. 9—Prayers for the success of Missions among Jews and Gentiles, and for a Divine blessing to accompany the efforts to evangelize the unconverted of all lands and classes.

Thursday, Jan. 10—Prayer for all who have suffered from recent wars; for our brethren emancipated from slavery, and for our fellow Christians persecuted for the Gospel's sake.

Friday, Jan. 11—Prayer for Christian families, for Schools, Colleges, and Universities.

Saturday, Jan. 12—Prayer for the Universal Church; for all Ministers of the Gospel, and for the increase of holiness, fidelity and christian charity among its members.

Sunday, Jan. 13—Sermons on the unity of the Church, and the duties believed to manifest it by mutual recognition and cooperation.

The meetings will be held in the various churches, in the following order:

Monday evening at the Methodist Church.
Tuesday " " Lutheran "
Wednesday " " Presbyterian "
Thursday " " Methodist "
Friday " " Episcopal "
Saturday " " Presbyterian "

The services will begin every evening at a quarter past seven o'clock.

STAMP DUTIES.—The Commissioner of Internal Revenue has just issued a pamphlet containing a schedule of stamp duties which took effect in August 1, 1866, and also laws and regulations concerning the purchase and use of internal revenue stamps.

In all cases where an *adhesive* is used for denoting the stamp duty upon an instrument, the person using or affixing the same must write or imprint thereupon, *in ink*, the initials of his name, and the date on which the same is attached or used. When stamps are printed on checks, &c., so that in filling up the instrument the face of the stamp is, and must necessarily be, written across, no other cancellation will be required.

All cancellation must be distinct and legible, and except in the case of proprietary stamps from private dies, no method of cancellation which differs from that above described will be recognized as legal and sufficient.

A penalty of fifty dollars is imposed upon every person that makes, or issues, or who causes to be made, signed, or issued, any paper of any kind or description whatever, or who accepts, negotiates or pays, or causes to be accepted, negotiated, or paid, any bill of exchange, draft, or order, or promissory note, for the payment of money, without the same being duly stamped, or having thereon an adhesive stamp denoting the tax chargeable thereon cancelled in the manner required by law, with intent to evade the provisions of the revenue act.

A penalty of two hundred dollars is imposed upon every person who pays, negotiates, or offers in payment, or receives or takes in payment, any bills of exchange or order for the payment of any sum of money, drawn or purporting to be drawn in a foreign country, but payable in the United States, until the proper stamp has been affixed thereon.

A penalty of $50 is imposed upon every person who fraudulently makes use of an adhesive stamp to denote the duty required by the revenue act, without effectually canceling and obliterating the same in the manner required by law.

It is not lawful to record any instrument, document, or paper required by law to be stamped, or any copy thereof, unless a stamp or stamps of the proper amount have been fixed and cancelled in the manner required by law, and such instrument or copy and the record thereof are utterly null and void, and cannot be used or admitted as evidence in any court until the defect has been cured as provided in section 158.

Revenue stamps may be used indiscriminately upon any of the matters or things enumerated in schedule B, except proprietary and playing card stamps, for which a special use has been provided. Postage stamps cannot be used in payment of the duties chargeable on instruments.

MR. EDITOR.—Those of the Copper-Concern on Front street, seem fearfully troubled, lest the people of Columbia should not elect any Copperheads to the Council; and are using all kinds of ways to make us believe that their party, is the *only progressive* party, and ought to be placed in authority, in our Borough. Then we would see things—streets opened, at the rate of one a week; houses built, by the score, and rents brought down to the very smallest figure—all this would be done by Democratic Councilmen. All this stuff may do to gull Democrat voters, but it wont take among intelligent people, who know what kind of a progressive party the Copperhead party is. If our present Council, or any part of it, has been remiss in duty, or too slow, the people know that there are plenty other live men among the Union ranks, without seeking for them in a party that is already fifty years behind the age. If this party is so strongly in favor of building houses, and opening streets, and general improvement, why do they not show it by their acts? Some of their wealthy men own town lots, which they refuse to sell to men who will improve upon them, while they do nothing with them, themselves. If it is such a terrible thing for poor men to pay high rents, why don't some of the party, such as North, Patton, Bletz, Crane, and even Young, build a few houses, and rent them out to our mechanics at low rents. Some of these men own property they might improve, but refrain from doing so, from the fact that building houses at present prices, and renting low, is not a paying investment; while Government Bonds—they once so much despised—pay better, and are not taxable. Who cannot see plainly that all this talk about poor men, cheap houses, &c., is but the cry of demagogue politicians, and political tricksters, for the purpose of helping their own party into power?

Columbia must improve, but never will if under Copperhead control. If the present men, who rule the Borough, are not, of that progressive order that they should be, the Union men will put others in who are for progress, and who will attend to the improvement of the town, quite as well as any the other party can furnish. Let the voters look to their interests, and steer clear of this Copperhead party—wherever it has had the power, it has left its blight. Its progression, instead of forward, is backward, towards ignorance and imbecility. View the course of the party for the past five or ten years, and see if it be not a pretty party to talk of progression and improvement. The live men of the times are in the Republican party, and from them let the people choose their officials, who will, indeed, be live and progressive men.

COLUMBIA.

For the Spy.

MR. EDITOR.—Some persons might conclude, by reading the articles advanced by some of the would-be leading copperheads, that Columbia was governed by a set of fools, and that the only individuals possessed of the least capacity and inclination to attend to its interests, were the *embryo demigods, alias mechanics*, who they so much love to worship. What a glorious regeneration would succeed the reign of such *mechanics* as they claim Mr. Crane, Mr. Patton and others to represent. Columbia wants men who can work, and will work, not men who, nine-tenths of their time, are out of town, and whose interests at any moment may render it expedient to take up their residence elsewhere. Not more than two of the *crowd* of candidates pushed forward by George Young & Co., are, in any sense, mechanics. The cry is all a sham, by which the citizens of Columbia should not allow themselves to be deceived. A good plan for our citizens to adopt would be to put some of these friends of the "new dispensation" on trial for one year, before making them borough fathers, to see how many of the children towards whom they *now* manifest so much affection, would be taken up and *housed*, if not clothed and fed. Surely they ought to build three hundred houses in two weeks, before they apply for a reward. I doubt very much whether the bone and sinew of our borough will be able to realize that such wonderful skill is possessed by our new order of *mechanics*. They will therefore act accordingly. Yours,

YANKEE.

A Leak.

FRIEND RAMBO.—What is the matter? *Grumble, grumble, grumble.* Nothing but dark looks all over town. Everybody talks of gas and high prices. "This quarter is higher than ever." From present indications there are fears of a raid upon the neighboring Oil Works.—Who is at fault? What is the matter with the meters? How do our gas officers estimate? or do they only guess? Only three months ago the meter of one of our citizens was consulted, but it had undergone no change. The conclusion was that *no* gas had been consumed during the quarter then ended, yet the fact was, *more had been burned than usual.* Where is the leak?

DOUBLE DEE.

OUR well-known fellow-citizen, Harry Whitby, says the *Intelligencer*, hearing of Mr. Brown's contemplated departure for Europe, has written the following friendly letter to Dr. Mishler:

DR. MISHLER—*Dear Sir:* Learning that Mr. Brown is about to visit England for the purpose of establishing a European depot for the sale of your Herb bitters, I beg leave to offer my testimony in favor of your preparation. I am a native of Nottingham, England, and was for many years connected with Mr. T. Cooke's Equestrian Troupe, and subsequently proceeded to America with the same troupe, and have traveled over all the States of the Union, as well as South America and the West Indies. In the course of my business I have been subjected to all the privations incident to inclement weather, change of water, climate, &c., which eventually told on a naturally strong constitution, and almost broke me down in health. Returning to the United States, your preparation was brought to my notice, and at the solicitation of my friends, I commenced its use. The result has been the entire restoration of my health, and I am now as well and hearty as ever I was in my life. This has been my own experience of the virtues of your preparation, and during my residence in your town for the last four years, I have had abundant opportunity of witnessing its effects on others. I can, therefore, confidently recommend, both from experience and observation, Mishler's Herb Bitters as the very best remedy in all diseases for which it is recommended.

With assurances of respect, I am, sir,

Yours truly,

H. WHITBY.
