RAILROAD ITEMS OF INTEREST

Officially Reported for "The Press."

Reports of the Employes' Relief Fund of the Pennsylvania System, East and West of Pittsburg, issued today, show that the total payments since the organization of the Relief Departments amount to $25,913,283.98.

On the Lines East of Pittsburg and Erie during February, the sum of $107,351 90 was paid out. Of this $36,204.50 went to families of members who had died, while $71,147.40 was paid to members who were incapacitated for work. The total payments on the Lines East since February 15th, 1886, when the Relief Fund was organized, amount to $18,913,465.92.

In February the payments of the Relief Fund on the Lines West to members unable to work amounted to $27,278.90, and to families of members who died $3,250.00, a total of $40,528.90 for the month. The disbursements in the nineteen years of its existence have reached $6,999,818.06.

Nineteen hundred and eight was the most prosperous year ever experienced by the farmers of Southern New Jersey, according to reports which have just been compiled by the Freight Department of the West Jersey and Seashore Railroad—one of the subsidary lines of the Pennsylvania Railroad Company. More than 14,000 carloads, 140 miles of cars of perishable freight were shipped from points on the West Jersey and Seashore.

The shipments in 1908 were larger by 2,771 cars than those of 1907, an increase of 19 per cent. These figures derive added significance from the fact that the Railroad company in the past year has been carrying on an active campaign to encourage the further development of New Jersey as an agricultural State. The Company has supplied to produce and commission merchants desiring to buy in various territories a list of reliable growers and shippers of commodities from those sections. In addition, a farmers' special instruction train was run for the benefit of the farmers on the West Jersey and Seashore. The same policy is also being pursued in many other sections.

The 14,042 car-loads of produce shipped from Southern New Jersey in 1908 contained the following: 77,210 crates of berries, 519,096 crates of tomatoes, 112,861 crates of cantaloupes, 5,554 crates, 289,055 barrels, and 307,880 hampers of sweet potatoes, 8,425 crates, 94,823 barrels and 21,062 hampers of peppers, 4,587 barrels of apples, 8,945 crates and 10,565 barrels of cranberries, 463,380 cases of canned goods, 141,972 sacks of oysters and clams, 211,322 barrels of white potatoes.

***

That the exploitation of the produce grown in New Jersey, the efforts to develop the widest possible market, and the operation of fast preference freight trains to enable shippers to deliver their produce at the markets in the best possible condition, have been effective is evidenced by the fact that in 1908 the table delicacies referred to were placed in the markets of 24 different States, the District of Columbia, and Canada. Four car loads were shipped to Montana, three oars to North Dakota, 12 cars to Maine, 45 cars to Minnesota, 27 cars to Wisconsin, and 23 cars to Canada.

Of the remaining 13,828 cars Camden and Philadelphia received 5,507. Jersey City and New York 4,451, Newark 640, Boston 485, Pittsburg 643, Chicago 375, Ohio 190, Buffalo 272, other New York points 111, Massachusests 101, New Hamsphire 28, Connecticut 37, Rhode Island 11, Pennsylvania towns 615, Delaware 46, Maryland 92, Washington, D. C., 6, Richmond, Va., 1, Indiana 12, Illinois towns 5· Detroit 21, other Michigan towns 21, Iowa 9, Kentuckey 2, Colorado 6, Minnesota 45, Kansas 6, Nebraska 2, Wisconsin, 27, and New Jersey points, other than Camden, Newark and Jersey City 333.

The Railroad Companies are seeking still further to promote the wide distribution of farm products, Through the operation of these plans, residents at remote interior points are having placed before them at reasonable prices the fruits and vegetables of all sections—a privilege enjoyed a few years ago by only the most important cities.

Struck by Flyer.

On Wednesday noon, a chap from St Marys, stepped from a freight train near the Junction, right in front of the Erie Flyer and was struck with such force, that he was thrown about thirty feet. Dr. H. S. Falk was called to attend the man but he refused the doctor's attentions, saying he was not hurt. The man refused to give his name.

Back from Michigan.

Our friend and subscriber, Mr. Michael McGrath, who has been spending the winter with his sister at Emmett, Mich., returned home last evening. He says there was a terrible wind storm all the way to Emporium and dangerous to travel. Mr. McGrath was a PRESS caller this morning to change the address on his paper and says he passed a very pleasant winter. He looks it.

Easter Flowers.

A great variety of potted plants and cut flowers, for Easter. Leave your orders early.

DEATH'S DOINGS.

BARR.

Mrs. Nancy Barr, widow of Allen Barr, died at her late residence near Hicks Run, Friday, March 26, 1909.

Mrs. Barr had been in failing health a long time, being confined to the house for a good part of the winter. Deceased was about 79 years old at the time of her death. Notwithstanding her advanced age and svffering, her mind remained unclouded and she welcomed with cordial friendliness those who remembered the loneliness of a "shut-in," and came to lighten the heavy hours.

The funeral was held at lower Hicks Run school house which proved far too small to hold the many who came to pay their last respects to a dear friend and neighbor.

Rev. S' Ebersole, of Sterling Run, spoke words of comfort to the sorrowing hearts from I Thessalonians 4-14, "For if we believe that Jesus died and rose again, even so them that sleep in Jesus will God bring with Him."

The young ladies of Hicks Run village sang very sweetly several appropriate hymns among them "We'll Never Say Good Bye in Heaven," and "Beautiful Beckoning Hands."

The remains were laid to rest in Hicks Run Cemetery in the family lot, the grave having been made beautiful with evergreens, placed by loving hands. The pall bearers, Messrs. Jas. Smith, Thomas Marsh, Fred Mix, Newton Mix, and Walter Barr were all nephews of deceased. Mrs. Barr leaves three sons, Marshall Barr of Mix Run, James F. Barr and Merritt Barr, also one daughter, Mrs. Flora McPhee, of Driftwood. She is also survived by two brothers, Solomon Mix and James J. Mix. Among those who attended the funeral were Mrs. T. J. Shaffer and daughter Nellie of Benezette (niece); Mr. and Mrs. J. O. Brookbank, (niece) of Driftwood; Mr. and Mrs. George Rothrock; Mrs. David Johnson, (niece); Wm. Overturf, (nephew); Mr. and Mrs. Horning, of Weedville; Mrs. Cora Bennett, (niece) of Benezette; C. W. Barr, (nephew) of Tunnel Hill; Mrs. O. L. Bailey, (niece) of Sinnemahoning; Mrs. Thompson, (niece) of Driftwood; Miss Nellie Marsh, (niece) of Mason Hill. Mrs. Barr's brother's children and grandchildren all were present at the funeral. The grandchildren are: Roderick McPhee of Baltimore, Md.; Miss Bessie McPhee of Driftwood; Miss Christina McPhee of Sheffield; Miss Frankie Barr of Mix Run.

YOCUM.

MRS. MARY YOCUM, aged 54 years and 26 days, died at her home in Cameron, Pa., Wednesday morning, March 31st, 1909, of pneumonia. Deceased has been a great sufferer from Bright's disease for three years. She was born at Hammersley's Fork, Pa., March 5th, 1855. Has resided in Cameron county for twenty years or more, and at Cameron since April 1st, 1895. Two sons and six daughters survive her, viz: Mrs. Geo. E. Dinniney, Mill Creek, W. Va.; Mrs. F. P. Kepner, Camp Run, Pa.; Mrs. Margaret Sullivan, Dunlevie, W. Va.; Mrs. C. A. Dice, Sterling Run; Mrs Chas. James, Dunlevie, W. Va.; Miss Stella, at home; Jos. Yocum, Telescope Plains, Tenn., and John at home.

The funeral services were held at the family residence, Saturday morning, April 3rd, 1909, the remains being taken to Emporium for burial in Newton Cemetery, Rev. J. F. Anderson, pastor of Emporium M.E. Church, officiating. The following acted as casket bearers: Messrs. E. F. Comley, E. D. Krape, W. H. Fox, Wm. McVane, A. E. Lord and Warren McConnell.

The following relatives and friends from out of town attended the funeral: Mrs. Geo. E. Dininny and daughter, Mill Creek, W. Va.; Mrs. F. P. Kepner and children, Camp Run, Pa.; Mr. and Mrs. Henry A. Clark and son, Miss Flora Hevner, Renovo; Joseph Kissel, Miss Nettie Roy Kissell, Mrs. C. H, Howlett, Mr. and Mrs. J. A. Dice, Mr. and Mrs. Duell and Mr. and Mrs. C. A. Dice, Sterling Run.

KREBBS.

CHARLES K. KREBBS, aged 36 years, eleven months and eleven days, passed away last Sunday morning, after an illness of one year. Deceased up to the time he was taken sick was a hard worker, being employed in the powder works and Howard & Co's mill, until the fatal disease, consumption, compelled him to give up his desperate effort to regain his health and took to his bed. He leaves two small children, besides a father, mother and two sisters to mourn his death. The funeral took place, Tuesday afternoon from his late home near the Junctian and although a heavy rain set in there was a very good attendance. Rev. J. F. Anderson, pastor of M. E Church, conducted the services. The singing was beautifully rendered by Messrs. H. C. Olmsted, C. H. Felt, Geo. A. Walker and W. S. Sterner.

A large delegation of Odd Fellows, of which the deceased was an honored member, attended the funeral in a body and presented a very beautiful floral offering. The Odd Fellows never neglect their afflicted brethern and their attendance in a heavy down pour of rain is commendable.

Baptist Church Easter Sunday.

Special Easter music by the choir at the morning service. The morning Theme will be "A Living Christ." Sunday School at 11:45. Young people's meeting at 6:30 p. m. Evening service at 7:30., subject of sermon, "Ashes." The Ordinance of Baptism will be administered on this date.

An immense line of new Hosiery at Ludlams.

Emporium's Prospects.

While many towns and cities in the country are suffering from a reduction in wages and many manufacturing plants have either shut down or run on short time, Emporium has no just cause to complain.

We should be thankful the Iron Furnace has not stopped for an hour, neither has Mr. Brady reduced the pay of his large force of workmen. The Furnace is in full blast, we hope may be for years to come and no doubt will be, if orders continue to come. Circumstances *might* close it, but there is no immediate cause for fear, all reports to the contrary notwithstanding

Every industry in town is actively at work.

The Penn Vitrified Brick Works resume work on Wednesday next

We had hoped to give our readers some extra good news this issue, but shall have to forego the pleasure for a short time. Good things come slowly.

Pasturing on State Lands.

We are frequently asked by subscribers if they would be permitted to pasture their cows on lands owned by the Forestry Department of this State. We have until now not been enlightened on the subject State Commissioner of Forestry Conklin has issued an order which, if enforced, will limit the pasturing of herds of cattle on the State lands during the summer season. Grazing on the State land, with the exception of two milk cows per family, is prohibited and numerous owners of herds will have to see to it that their cows graze on some other land than that belonging to the State.

Gone to New Charge.

Rev. W. H. Allen, who for three years has been located on the Emporium Circuit, left last Monday for Blackwell, Tioga county, his new charge. Brother Allen made a host of friends in this county, all whom highly recommend him to the good people of Blackwell. He is a conscientious, hard worker and a pleasant gentleman, if he is a bachelor. However, we understand his present charge includes a furnished parsonage and that no doubt has caused our friend to think seriously. "I wonder."

The Lily and The Prince.

The forthcoming appearance of the beautiful romantic drama "The Lily and the Prince" at the Opera House on April 10th, will be sure of a hearty reception for it will prove one of the most delightful entertainments of its kind during the current season.

It is based on a theme which is both interesting and highly original. The drama is strong in motive, clean in morals and a masterpiece of stage technique. From the delicate beauty of the first act with its pretty love scene in the Florentine rose garden, beside the rippling fountain, to the sombre inquisition chamber with its accompaniment of super-emotion in the third act, there is a wide divergence of dramatic treatment which affords the audience pleasure in its denoument.

The production is staged with a lavish disregard of expense, maintaining a delicacy of treatment in coloring and ensemble effects which distinguishes the true artistic instinct.

Friendly Society.

Maple Shade was the scene of a very happy assemblage last Friday evening, when Miss Wiley entertained the Friendly Society. The following officers were elected to serve for the next six months: President, Mr. Charles Wiley; Vice President, Miss Margaret Dodson; Secretary, Howard Schriner; Treasurer, Clifton Larrabbee. The Rev. Paul J. Lux, pastor of the church, rode the goat and is now a full fledged member of the Society. The evening was a most joyful one and was heartily enjoyed by all present. Elegant refreshments were served. There were about forty present. Miss Wiley was assisted by Mrs. Geo. P. Jones, Miss Grace Walker, Geo. A. Walker and Charles Wiley. The Misses Grace and Ruby Heidick will entertain the Society on the evening of May 7th, at the Presbyterian Church.

Wage Reductions.

Wage cutting continues. Fifteen thousand steel workers in the plants of the Republic Iron & Steel Company will find their pay envelopes lighter by 10 per cent. after April 1. Yet there are people who think that the tariff is too high. It must be that they think that wages also are too high. In that case, the lowering of the tariff is not so hard to understand.

Tariff reduction is price reduction.
Price reduction is wage reduction.
Wage reduction is business reduction.—American Economist.

Moving Pictures.

The Edwin J. Hadley Moving Picture Co., will give one of its high-class entertainments in the Court House, April 22nd for the benefit of the High School. Those who attend will be instructed as well as entertained. The program will be of a varied character. Don't forget the date.

Dancing School.

Dancing School will be re-opened, in the rear of the Reading rooms. Lessons will be given every Tuesday and Friday evenings.

Wedding Bells.

HAAS—ROBINSON.

On Monday evening wedding bells rang merrilly in Emporium. The first event took place at Prothonotary W. J. Leavitt's residence, when Mr. Fred Haas, of Warren, Pa., and Miss Florence Robinson, daughter of Stilson C. Robinson, were united in marriage, Rev. Bogue, pastor of Baptist Church, performing the sacred mission. Only a few particular friends, besides relatives witnessing the ceremony. While they suceded in throwing many of their friends in the dark as to the date and place of the wedding all ended pleasantly We wish the happy couple much joy.

GASKILL—HOPPLE.

Our society people were surprised when the announcement was made last Monday evening that Mr. J. Willis Gaskill and Mrs. Pearl Hopple were married at the bride's residence on Fifth street, Rev. W. H. Allen tieing the knot in a substantial and lasting manner. The groom, who is the only son of our highly esteemed citizen, Mr. E. W. Gaskill, Treasurer and General Manager of Keystone Powder Company of this place, than whom there is no more substantial or respected citizen, is a chip of the block; steady, reliable and universally respected by all who know him. He fills a position of trust with the Keystone. The beide, who is a daughter of our respected West Creek neighbors, I. H. Legget and wife, has for several years faithfully filled the position of Floor Lady in the Keystone Shell Factory. She is an energetic lady and when her grit displayed has rendered her competent to manage an industry like the Keystone Shell Factory will make it doubly sure that their home will be managed in an economical manner. She deserves a good husband and the groom a good wife. Both are supplied and their friends congratulate them. The PRESS knowing them for so many years, is confident this union will be a happy one, we extend our best wishes.

Fifth Promotion.

Mr. F. H. Bentley, of Altoona, Pa., where he has been located as Pennsy transit man, has been transferred to Mt. Holly, N. J., and promoted to Assistant Supervisor. This makes five times Mr. Bentley has been promoted within a year, an indication that he is industrious and competent. The gentleman is husband of former Miss Anna Quigley, an Emporium lady.

Purchase Closed.

H. S. Lloyd last Saturday closed the deal for the Vodack property, situated on West Fourth street. It is an excellent location and after Mr. Lloyd completes the anticipated improvements they will have a comfortable home.

Opening Day.

We extend to the public a cordial invitation to attend our Third Annual Opening of the Ice Cream season, Wednesday, April 14th. Our patrons will have cause to remember their visit to our store.

First Methodist Episcopal Church.

Easter will be celebrated in this church next Sunday with the Sacrament of the Lord's Supper, celebrated both in the morning and evening service. Sermon at night. A good attendance of members and friends will be expected. The Easter anniversary claims the reverent thought and devout worship of one and all. Let no trivial excuse keep anyone from the Lord's house and the Lord's table on next Lord's Day.

Denounces Local Option.

At the recent Central Pennsylvania Methodist Conference, at Harrisburg, a strong stand was taken for local option and condemned the 137 Representatives who voted against the measure, which resolution was passed after a hot fight. Rev. Dr. Silas C. Swallow, former prohibition candidate for President, Governor, etc., made the fight against the adoption of the resolution and said the Fair local option bill was "a joke, a farce, a fake, an abortion that no honest, sincere opponent of the liquor traffic could vote for and retain his self-respect."

Birthday Surprise Party.

A large company of the friends of Mrs. Ardelia Francisco assembled at the residence of Mrs. C. D. Bliss, Saturday evening, to congratulate her upon her birthday anniversary. Mrs. Francisco had no knowledge of the affair until she met her many devoted friends at her door, and was overwhelmed by their fervent congratulations.

Lunch baskets had not been forgotton, good nature and kindly wishes had been provided in abundance; all remembrance of care, and all sense of unhappiness were excluded, and pure enjoyment ruled the hour.

It was one of those occasions characterized by the flow of the deeper, purer currents of life, that relieves the heart from painful remembrance and dark foreboding, and brightens the radiance of happy anticipation.

Many were the expressions of kindly loving sentiment, and many the fervent wishes that attested the high esteem in which Mrs. Francisco is held.

The evening was most happily passed, without conventionality, in the spontaneous flow of kindly sentiment, and as the many guests bade their sister and hostess good-night, many were the wishes for many happy returns of the delightful occasion.

Among those present were Mr. and Mrs. James Hobson, of Howard, and Mrs. John Catlin, of Renovo.

No Need of Concessions.

"Why not let the revised Tariff contain rewards for concessions?" asks a correspondent of the New York "Evening Post." The answer is easy! The United States asks no concessions from any country. It asks only that American exports be treated fairly; that they be required to pay no higher Tariff rates than those on like goods from other countries. The United States does not complain of the Tariff rates of any country to which American exports are sent, provided all countries sending similar exports pay similar rates. So there is no need of rewards for concessions, says the American Economist.

Germany and France make no concessions when they grant to American exports their lowest Tariff rates, for those rates are fully and adequately Protective. They start with a Protective minimum, just as our revised Tariff starts. The difference between their dual Tariff systems and that proposed in the House bill is that their maximum rates of duty are imposed for the double purpose of coercing concessions from other countries and of retaliating when concessions are refused, while our maximum rates are for retaliation only, to be used not when other countries refuse to grant concessions, but when they refuse to grant our exports fair and equal Tariff treatment. Retaliation seems an ugly word, but there will be no retaliation unless Tariff discrimination against our exports compels it.

April Fool Party.

Mr. Herbert Vogt entertained the Seniors and teachers of the class, at his home on West Fourth Street, last Thursday evening. Many jokes were tried and several of the class were fooled many times. After a most delightful evening, elegant refreshments were served. The usual bunch were present. This popular class have certainly had a most enjoyable year and have many pleasant memories to recall in future years.

Severely Burned.

Carl C. Thompson, one of the chemists at the Climax Powder Works, was severely burned on the face, by acid, last Friday. His eye-glasses prevented the fluid from getting into his eyes. Mr. Thompson departed for Philadelphia last Saturday, where he is receiving treatment.

Special services are being held in the Baptist Church every evening this week. Tuesday evening Rev. Lux of the Presbyterian church preached a splendid sermon on the "Shorter Life of our Lord", dealing with the Relevaiions which Jesus made of Himself during the forty days between the Ressurrection and Ascension.
