THE New York forgers have become so bold that they now forge injunctions from courts, in order to interfere in legal proceedings.

THE Bourbon Prince and Princess, whose romantic marriage recently created such a sensation in New York, are said to have disappeared from a Washington hotel without paying their board.

HENRY S. FOOTE has taken the field against A. J. in Tennessee, and goes into details to prove that he is not to be trusted. Tennessee must be indeed benighted to need any information on this point.

A CAR is now being built in Jersy City which will be the costliest, the largest and one of the most elegant in the world. It is to be run on the Erie road, and will cost $60,000.

THE New York *Times* thinks those who talk so glibly about transferring Canada to to this country, ought to inquire whether the people there are willing to be sold to pay England's debts.

AN extensive and valuable gold mine has recently been examined near Warsaw, Milton county, Georgia, and its quality tested. It has eight distinct veins, and has been long known to residents of the country.

MRS. HARRIET BEECHER STOWE gives up her plantation in Florida, for the reason that her title, acquired at a military tax sale, does not hold good; and the original owner regains possession, paying Mrs. Stowe the amount she expended for the estate.

MRS. MARY GRANT, of Richmond, was married in that city on Thursday of last week, to Mr. Ford, of Goochland county, *Virginia. It will be remembered that* they were subjects of the article in the *Southern Opinion*, which resulted in the killing of its editor, H. Rives Pollard.

MAJOR DANIEL GRAHAM died in Nashville on the 10th instant. He was Secretary of State of Tennessee in 1825; has held various State offices since, and was Register of the United States Treasury during the administration of President Polk.

TRAIN—GEORGE—FRANCIS—thus addresses the editor of the N. Y. *Independent*. "Theodorus, King of the Abyssinia, early prosperity has spoilt you. Those the gods wish to destroy they first make wear long hair and woolen stockings; and then edit a religious newspaper devoted to poisoning mankind with quack medicines."

Interesting to Butchers.

In Chicago, in May next, a grand contest will take place between all the butchers in the country for a champion belt, to be awarded to the best beef-killer. It will be ornamented with a central solid gold plate and eleven silver plates. The prize to be contested for will soon be placed on exhibition in that city. The winner of the belt is to be styled the champion beef killer of the United States.

The Pope and Free Masonry.

The Pope's bull against masonary: "Those Free Masons are nothing but sects of iniquity, bound together only by complicity in odious crimes. They are full of perverse manœuvers and diboalical artifices; corruptors of morals and destroyers of every idea of honor, truth or justice; propagators of monstrous opinions; disseminators of abominable vices and unheard of wickedness; overthrowers of all authority, whether of the Catholic Church or civil society; and capable" (such is the astounding conclusion) "of driving God himself out of heaven if it were possible."

Decoration Day.

We notice that journals all through the State are calling attention to the anniversary of the day fixed upon for decorating the graves of soldiers. Most of them publish the day wrong, as the 13th, of May. The time is May 30th, which this year occurs on Sunday. Last year the day was observed quite generally, and with much feeling and enthusiasm, and we trust that this year its observance will be even more general. The date is fixed on the 30th of May, in order to have pleasant weather and a greater profusion of flowers than could be procured earlier in the season.

Waste of Pine Forests.

It is calculated that at the present rate of consumption the entire pine forests of Michigan will be cut down in less than seventy years: and as Michigan is by far the largest pine producing State in the Union, there is every reason to expect a scarcity of lumber before many years. In 1867, 1,378,285,000 feet were produced in that State. Thirty acres of good ship timber are required to build a common size lake steamboat. It seems as if it were time for us to adopt something similar to the French system for the planting and protection of forests.

Important to Letter Writers.

According to recent change in the regulations of the Post-Office Deparment, no letters addressed to initials will be delivered at any residence, nor in any post-office box. The man who addresses his communications to A. B. C., box 1,000, many rest assured that his epistle will never be deposited in the box in question, but that, on the other hand, it will be immediately destroyed. The information we desire to impress upon the popular mind especially concerns the advertisers in the public press. Many miscellaneous advertisments, such as "Wants," or "Lost" and "Found" notices; simply bear the initials of the advertisers, in very many of these instances the address is not to the newspaper office, but to some box in the post-office. Such advertisements may be certain that not a single reply to them will ever reach them. The letter, if not addressed to the office of the paper, must be directed to the name and not the initial or *non de plume* of the party recipient.
