shall report quarterly to the Executive Committee.

Art. 8. This Constitution may be altered or amended by a majority of the members present at any regular meeting of the Society; but the proposed amendments must be offered at least one meeting previous to their being acted on.

The Convention then proceeded to the election of officers for the ensuing year, as follows: President, Rev. B. Thomas; Vice President, E. Haskell; Secretary, Ambrose Slade; Assistant Secretary, Mary A. Slade; Treasurer, Urial Atwood.

Adjourned till evening.

Evening Session

Opened with the President in the Chair. The Convention then adopted the following Resolutions:

Whereas, In view of the widespread desolation caused by the sale and use of spirituous liquors, and especially that part of it caused by the *illegal sale* of such liquors, therefore

Resolved, That we, the members of "The Legal Protective Temperance Society," will use all legal and efficient means to have the traffic cease and the offenders brought to justice.

Resolved, That we will not cease our efforts until we have a Prohibitory Law passed as stringent as that known as the Maine Law—not from hatred to those engaged in the business, but for the well-being of the community.

Resolved, That we cordially acknowledge, and bid 'God speed' to the orders of the Sons and Daughters of Temperance and the order of Good Templars, as efficient instruments to secure this great and good end.

Resolved, That we will give our influence to Temperance men only to fill all places of public trust.

Resolved, That as far as practicable, we will patronize temperance taverns and stores, and all other honorable and legal avocations.

Resolved, That the President and officers acting with him be requested now to take the names of all persons who desire to become members of this Society, with the view of paying over to them the percentage on the stock within three months, and a failure to comply with this to have their names dropped.

Resolved, That the Editors of the People's Journal be requested to publish the existing Laws of this Commonwealth restraining the sale of intoxicating drinks, and also those Laws regulating the drinking of them.

Resolved, That the thanks of this meeting be tendered to the citizens of Cushingville for their hospitality on this occasion.

Resolved, That the editors of the *People's Journal* be requested to publish these proceedings.

Premium Fanning Mills.
Important to Farmers and Mechanics.

THE subscriber has purchased of J. Bamborough the right to use in Potter and M'Kean counties his patent in the construction of Fanning Mills. He has also, at great expense, commenced the manufacture of a PREMIUM MILL which will clean from 100 to 200 bushels per hour. This Mill was patented March 20, 1847, since which time it has stood at the head of the list at all the State and county agricultural societies where it has been exhibited, and is a universal favorite with all farmers who have tried it. It took the premium at the first Agricultural Fair held at Harrisburg, Oct. 31st, 1851, when there were 30,000 people present; and at the great State Agricultural Fair at New-York, held at Rochester Sept. 16-19, 1851, this Fanning Mill received the highest honors.

Having met with uniform success wherever tried, I confidently invite the farmers of Potter and M'Kean counties to call at my shop in Coudersport and examine for themselves.

A supply always on hand, to be sold on reasonable terms.
