DYSPEPSIA.

There is no disease which experience has so amply proved to be remediable by the

PERUVIAN SYRUP,

(a protected solution of the Protoxide of Iron), as Dyspepsia. The most inveterate forms of this disease have been constantly cured by this medicine, as ample testimony of some of our first citizens proves.

FROM THE VENERABLE ARCHDEACON SCOTT, D. D

DUNHAM, Canada East.

* * * "I am an inveterate Dyspeptic of MORE THAN 25 YEARS STANDING."

* * * "I have been so wonderfully benefitted in the three short weeks during which I have used the Peruvian Syrup, that I can scarcely persuade myself of the reality. People who have known me are astonished at the change I am widely known, and can but recommend to others that which has done so much for me." * * * *

ANOTHER CLERGYMAN WRITES AS FOLLOWS:

"My voyage to Europe is indefinitely postponed. I have discovered the "Fountain of Health" on this side of the Atlantic. Three bottles of Peruvian Syrup have rescued me from the fangs of the fiend Dyspepsia."

A pamphlet of 32 pages, containing a history of this remarkable remedy, with a treatise on "Iron as a medicine," will be sent free to any address.

The genuine has "PERUVIAN SYRUP" blown in the glass.

New Advertisements.

SIGNIFICANT.

The new system of Advertising adopted by Geo. P. Rowell & Co., Advertising Agents, No. 40 Park Row, New York, is attracting a good deal of attention.

The following extract from a speech delivered before the New York State Editorial Convention, (lately holden at Penn Yan,) by a prominent Advertising Agent of New York city, goes to show that heat least acknowledges its advantages.

From Jamestown, N. Y., Journal of Aug. 2nd, Edited by C. E. BISHOP, *Chairman of Committee on* ADVERTISING AGENCIES.

"Mr. Pettingill spoke in opposition to that plan from the *publisher's* stand point alone. He showed the publishers that by this system of contracting they were giving lower rates than they gave their own home customers or others equally as prompt and good customers; that they were selling one portion of their paper to be used to compete with and underbid the other columns; that the owner of the space thus sold could come right in and beat the publisher's prices and take his business away from him; that if the publishers, fully understanding this, still wished to continue so irregular and unbusiness-like a system he (Pettingill & Co.) should of course cease trying to get advertising for the papers at their regular rates and go into the other system of contracting—which he could stand if the printers could."

The anxiety on the account of newspapers is uncalled for. There is not one in twenty which would not prefer to receive all their foreign patronage on this plan, when it is fully understood. It is too generally recognized as thoroughly beneficial to all parties concerned to be injured in the least by any thing which may be said against it by interested parties.

Advertisers should send for a circular giving full explanations. [Sept. 4.–1m
