The Republican,

Home Affairs.

Clearfield, Pa. July 18, 1860.

ECLIPSE.—An eclipse of the sun was visible this morning, and the gloomy-minded were not relieved in the least by it.

PIC NIC.—The teachers and scholars connected with the Presbyterian Sunday School of this place held a pic nic yesterday at Liberty spring, and had a pleasant time of it generally.

☞The Democrats of Venango county are urging the nomination of James K. Kerr for Congress in this District. Clarion county urges the nomination of Patrick Kerr.

☞This is the whortleberry season with us, and we notice parties every day going to and returning from the region of rattlesnakes. The berries are said to very fine and very abundant—and the same may also be said of the snakes.

PLENTY.—There are no less than twenty-three candidates announced in the papers of old Mother Centre for the office of Sheriff alone.

There seems to be a great desire among the prominent citizens of that County to become hangman—a poor occupation.

☞The work on the new Court House is progressing finely, the workmen having put down the joice for the second floor. We have no doubt when the building is finished every citizen of our county will feel proud of it.

ALIVE AGAIN.—The "*Tyrone Star*" has all of a sudden made its appearance flying Bell and Everett at its mast head. We hope the *Star* will not soon grow dim again, and that the Editor and his Scattering friends will have a *Jolly* time *Belling* this ticket through.

CONFEREES.—The following conferees have been appointed by the Democrats of Jefferson connty. Congressional, Hon. K. L. Blood, W. D. J. Marlin and John E. Carroll Esqs., Representative. Dr. R. B. Brown, J. P. George and George D. Mosher" with instructions to insist upon the nomination of Maj. E. R. Brady.

☞From all quarters—east, west, north and south—we hear accounts of the great abundance of the crops. A cotemporary calls it a year of plenty, and from present appearances, it promises to be so. Wheat and rye are generally harvested, as as is also the grass, whilst corn, oats, buck wheat, potatoes, apples, peaches &c., never gave better promise of an abundant yield.

COUNTY FAIR.—We this week lay before our readers the programme of our first County fair, and we hope a general interest will be manifested throughout the county. Turn out Farmers, Mechanics, and everybody else—Some fine cattle will be on exhibition, as well as quite a number of fast Horses, and some not so fast.

A STRANGE MOVEMENT.—On Saturday night last, about one o'clock, a man was observed in the out lot of W. A. Wallace Esq., attempting to catch his horse, information was soon lodged with Sheriff Miller, who started in pursuit in the direction of Philipsburg, continuing his route until daylight he observed that there were no fresh tracks upon the road, whereupon he turned back, when some four miles east of town he discovered a fresh track which he followed a short distance along a by road when the horse was found without saddle or bridle.—There is no doubt an attempt was made to steal the horse, but the Sheriff being overheard pursuing by the scoundrel he abandoned the Horse, after taking off the bridle.

SERIOUS ACCIDENT.—On Saturday evening last, while Drs. Loraine and Hartswick were in the act of emptying a Demijohn filled with *Sulphuric acid*, it bursted and the contents scattered in every direction seriously burning H. B. Swoope and a little son of Mr. Richards, with considerable damage to the clothing of the bystanders.

Dr. Lorain however met with a serious loss besides losing the *Acid*, he lost half of his unmentionables, in addition to being seriously burnt on his limbs. A number of persons were standing around at the time and the only wonder is, how they escaped as well as they did.

DR. A. M. HILLS desires to notify his friends and Patrons in the vicinity of Glenhope, that he will beat Harris Green' in that place, on the week commencing 23d of July. All who desire his services as a Dentist are desired to call early so that arrangements may be made to accommodate all. 3t.

☞Mr. Lamar, of *Mississippi*, declines re-election to Congres, intending to accept a law Professorship in Georgia.

MARRIED,

On Sunday July 1st 1860 by P. W. Hays Esq. Mr. George Dillo, of Luthersburg Clearfield Co., Pa. to Miss. Sophia A. Wilson, of Elk Co, Pa.

DIED,

In Curwensville on the 12th Inst., Sophia Edith only daughter of Isaac B., and Almira H. Segner, aged 2 years 1 month and 15 days.

On the 3rd day of July in Lawrence tp., G. Phillip son of Henry and Rosanna M. Guelich aged 2 months and 21 days.

ODDS AND ENDS.

EVERYBODY goes to Loraine & Co's. Drug Store to get something good to *drink* and to *dye*.

☞The chief use of an old bachelor is to count one in the Census.

☞A farmer out West made a scarecrow this spring, so very frightful, that an old crow actually went and brought back all the corn he had stolen during several days, and left it in the fields.

☞A ton of perfect pain can be more easily found than an ounce of perfect happiness. He knows little of himself or of the world, who does not think it sufficient happiness to be free from sorrow.

☞The fomenters of wars seem to consider man so much *raw material* for med for no worthier purpose than to fill the gazettes at home with their names and the ditches with their bodies abroad.

☞The Governor of the State of Mississippi (Pettus) is a private in a volunteer military company in Jackson, and drills regularly and punctually in the ranks.

☞John C. Heenan, "Champion of the World," accompabied by his trainer Jack McDouald arrived in the "Vanderbilt" at New York on the 14th inst.

☞Gen. Shields is staying in San Antonia, Texas. The wound which he received in Mexico has resulted in weakness of the lungs, which makes it necessary for him to seek a mild climate.

☞The human race seem to have been engaged for thousands of years in trying to invent wings to fly with. They have a desperate ambition to become an awkward kind of poultry.

☞Col. John Johnson, of Cincinnatti, now in the 86th year of his age, is probably the oldest Free Mason in America.—He has been a member in good standing for 65 years, and sat in the lodge presided over by Washington.

☞Patterson, on the line of the Pennsylvania Railroad, has a population of 519. Increase since 1850, 519. This is the greatest increase on record in the interior of the State.

Allentown has a population of 8,047, being an increase of 3,268, or a little over 100 per cent since.

☞The Charlottsville *Review* thinks that "one of the gravest blunders of our revolutionary forefathers was in fixing the Fourth of July in hot weather." We heard an old farmer once find fault with the President for always fixing it to come in harvest.

☞The Rev. Dr. Murry, now on a visit to great Britian, has come into collision with the anti-slavery press and societies there. They accuse him of complicity with slavery in this country. He replies that "there are other sins in the world besides Slavery," such as minding other people's business and bearing false witness against our neighbor.".

—Borrowed garments seldom fit well. Haste often trips up its own heels. Men often blush to hear what they are not ashamed to act. Pride is the flower that grows in the devil's gaaden. More are drowned in the wine-cup than in the ocean. He who buys too many superfluities, may be obliged to sell his necessaries.
