KIDNEYS.—THE KIDNEYS ARE TWO in number, situated at the upper part of the loin, and by fat, and consisting of three parts, viz: the Interior, and the Exterior.
Interior consists of tissues which serve as a deposit for the urine and the exterior is a mass of intertwisting tubes in a single tube, and called the ureters are connected with the bladder. The bladder is composed of various coverings or tissues, viz: the Upper, the Lower, and the Mucous. The upper expels, the Mucous. Many have a desire to urinate without the ability to do so, this arises from inability to retain urine, which are engaged in their various offices. If they are neglected, Gravel or Dropsy may result.
Gravel must also be made aware, that however trifling it may seem to affect the bodily mental powers, as our flesh and blood are from these sources.
RHEUMATISM.—Pain occurring in the loins, or the above diseases. They occur in persons exposed to acid stomach and chalky concretions.
GRAVEL.—The gravel ensues from neglect or treatment of the Kidneys. These organs, when the water is not expelled from the bladder, allowed to remain; it becomes feverish, and forms. It is from this deposit that the stones, gravel and gravel issues.
A collection of water in some parts of the body bears different names, according to the seat, viz.: when generally diffused over the body is called Anasarca; when of the abdomen, upon of the chest, Hydrothorax.
Dr.—Helmbold's highly concentrated compound Buchu is decidedly one of the best remedies of the bladder, kidneys, gravel, dropsy, rheumatism, and gouty affections, for this brand we have arranged Dysuria, and pain in passing water, scanty secretion, and frequent discharges of water; or stopping of water; Hematuria, or Gravel and Rheumatism of the kidneys, change in quantity, but increase of color. It was always highly recommended by Dr. Physicians, in these affections.
Medicine increases the power of digestion, and assimilates into healthy exercise, by which the whole machinery of the system, and all disorders arising from debility, or a nervous constitution, are to be taken by men, women, and children. Directions for use and diet, accompany each bottle.
PHILADELPHIA, Pa., Feb. 25, 1867.
Mr. Druggist:
Sir—I have been a sufferer, for upward of years, with gravel, bladder, and kidney affections, which time I have used various medicines, and been under the treatment of eminent physicians, experiencing but little relief.
Seeing your preparations extensively advertised with my family physician in regard to Extract Buchu, I
Because I had used all kinds of advertised and had found them worthless, and some cases; in fact, I despaired of ever getting cured. I determined to use no remedies herein of the ingredients. It was this that induced me to use your remedy. As you advertise composed of buchu, cubebs, and juniper, I referred to me and my physicians as an examination, and, with his advice, after a course of the article, and consulting again with I concluded to try it. I commenced its use eight months ago, at which time I was confined at the beneficial effect, and after a few weeks, was able to walk out. I felt inclined to give a full statement of my case at that thought my improvement might only a and therefore concluded to defer and find effect a perfect cure, knowing then it greater value to you, and more satisfactory.
I am able to report that a cure is effected after a trial of five months.
I used any for three months, and feel in respects as I ever did.
In being devoid of any complaint, testimonial of the virtues of the system, to be without it whenever occasion may me in such affections.

**SPECIAL NOTICE.**

SCHENCK'S PULMONIC SYRUP,
Pills and Mandrake Pills, will cure Consumption, and Dyspepsia. If taken according to directions. They are all three to be taken at the same time. They cleanse the stomach, regulate and put it to work; then the appetite grows, the food digests and makes good blood; begins to grow in flesh: the diseased matter in the lungs, and the patient outgrows the disease. This is the only way to cure Consumption.
Three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivalled success in the treatment of pulmonary consumption. The Pulmonic Syrup ripens the morbid matter in the lungs, nature throws it by an easy expectoration, for when the matter is ripe, a slight cough will throw it out. The patient has rest and the lungs begin to heal.
The Seaweed Tonic and Mandrake Pills are used to cleanse the stomach and liver, and the Pulmonic Syrup and the food will make good blood.
The Mandrake Pills act upon the liver, regulate the obstructions, relax the ducts of the gall-bladder, the bile starts freely, and the liver is soon right. Persons should know what the Pills can do; they never been invented except calomel (a mercury which is very dangerous to use unless pills that will unlock the gall-bladder and secretions of the liver like Schenck's Pills.
Calomel is one of the most prominent of all cathartics.
The Seaweed Tonic is a gentle stimulant and tonic, like alkali in the Seaweed, which this tonic is made of, assists the stomach to throw gastric juice to dissolve the food with the food up, and it is made into good blood which is the foundation or souring in the stomach.
This is the reason why physicians do not cure consumption. They try to do too much; they give medicine to cough, to stop chills, to stop night sweats, to stop fever, and by so doing they derange the vital powers, locking up the secretions, and the patient sinks and dies.
Dr. Schenck, in his treatment, does not try to stop night sweats, chills, or fever. Remove the cause and they will stop of their own accord—
Cured of Consumption, Liver Complaint, Dyspepsia, Catarrh, Canker, Ulcerated Throat, Liver and stomach are made healthy.
Pulmonic Consumption, of course the lungs are diseased, either tubercles, abscesses, inflammation, pleura adhesion, or the lungs are inflammation and fast decaying. In such cases it can be done? It is not only the lungs diseased, but it is the whole body. The patient may have lost their power to make blood. Now the only chance is to take Schenck's Pills, which will bring up a tone to the stomach, which will begin to want food, it will digest and make good blood; then the patient begins to put on flesh, and as soon as the body begins to change commence to heal up, and the patient is cured. This is the only way to cure Consumption.
There is no lung disease, and only Liver Complaint, Dyspepsia, Schenck's Seaweed Tonic and Mandrake Pills are sufficient without the Pulmonic Syrup, and the Mandrake Pills freely in all bilious cases they are perfectly harmless.
I, who has enjoyed uninterrupted health for years past, and now weighs 225 pounds, was a mere skeleton, in the very last stage of Consumption, his physicians having given a case hopeless and abandoned him to die. He was cured by the aforesaid medicines, and recovery many thousands similarly affected. Dr. Schenck's preparations with the same success. Full directions accompany each bottle, or 6 bottles for $5.50. Medicine is not absolutely necessary to procure advice, unless the patients wish their health, and for this purpose he is professionally at his Principal Office, Philadelphia, every Saturday. Patients for advice must be addressed—
Professionally at No. 22 Bond street, New York, every Wednesday. He gives advice free, but thorough examination with his Respirometer is $5. Office hours at each city from 9 to 3 P. M.
Dr. Schenck's Pulmonic Syrup and Seaweed Tonic, Pills, or $7.50 a half-dozen. Mandrake Pills, 25 cents a box. For sale by all druggists.

CONSUMPTIVES.
Lawyer, having been restored to health in a few days by a very simple remedy, after having suffered years with a severe lung affection, and that dreadful disease, Consumption—is anxious to make his fellow-sufferers the means of cure.
To those who desire it, he will send a copy of the prescription (free of charge), with the directions for preparing the same, which they will find a certain cure for Consumption, Asthma, Bronchitis, etc.
He will also send (by request) a copy of the prescription he has found to be invaluable; and he hopes every sufferer will try his remedy, as it will cost them nothing and may prove a blessing.
Parties wishing the prescription, will please address

A CARD.
Dr. Ward, while residing in South America as a missionary, discovered a safe and simple remedy for the cure of Nervous Weakness, Early Decay, Diseases of the Sexual Organs, and the whole train of evils brought on by baneful and vicious habits. Numbers have been cured by this noble discovery. Impelled by a desire to benefit the afflicted and unfortunate, I will send the recipe for preparing the medicine, in a sealed envelope, to any who desire it, *free of charge*. Address

## The Star and Sentinel.

Gettysburg, Friday, July 9, 1869.

Prof. Isaac Sprecher has been elected Professor of Ancient Languages in Wittenburg college, Springfield, Ohio, vice Rev. Dr. M. Diehl, deceased.

We see it stated that five pieces of condemned artillery have been donated by Gov. Geary, to be used in the proposed statue of Gen. Reynolds, to be erected on the Gettysburg battle-field.

LAID OVER.—We have received a number of contributions, poetical and prose, during the past week, which have been laid over, by reason of the large space occupied this week by the Dedication ceremonies.

HORSE THIEF.—On the night of the 27th ult., a Horse, Saddle and Bridle, were stolen from the stable of Lewis Dull, about one mile from Bendersville on the Carlisle road. The thief was traced towards Carlisle, and the horse found in the road near that place. The thief escaped.

RESUMED PRACTICE.—By the card of Dr. ROBERT HORNER, it will be seen that he has resumed the practice of Medicine, in connection with his Drug Store.—Dr. H. several years ago intermitted the active practice of his profession by reason of impaired health, and his friends will hail with pleasure his return to it.

ACCIDENT.—J. F. Koehler, Esq., of Abbottstown, was seriously injured, while recently returning from York. The horses became unmanageable and ran away, throwing Mr. K. from the wagon, two wheels of which passed over his body, breaking two ribs and otherwise bruising him.

DEGREE CONFERRED.—We observe that the honorary degree of Doctor of Laws was conferred on Prof. M. L. Stoever of Pennsylvania College, at the recent Commencement of Union College, at Shenectady, N. Y. Princeton College has conferred the same degree on Judge Weisel of Hagerstown.

ARRESTED.—On the 1st inst., a man named John Getz, of York, was arrested by officer Rouzer, and taken before Justice Cover, on the charge of taking a gold watch from the person of John M. Swan, near the Cemetery grounds. The watch was recovered, and Getz held in $300 to answer at the next Court.

CLASSICAL SCHOOL.—By advertisement in another column, it will be seen that J. HOWARD WERT, Esq., County Superintendent, intends to open an English and Classical School in this place on the 26th inst., in the room formerly occupied by Mr. SHEELY. Persons intending to enter the school are requested to send in their names by the 23d inst.

A FINE BAND.—Among the Bands which favored Gettysburg with their presence last week, was the "York Citizen's Band," under the leadership of Capt. Phillips. It deservedly enjoys a high reputation, and is excelled by few, if any, bands in the country. The members generously treated our citizens to frequent serenades, and rendered most capital music, attracting much attention.

CLOSED.—The Gettysburg Female Institute, Mrs. Eyster Principal, closed on the 25th ult., the exercises of the graduating class attracting a large audience. The members of the graduating class—Miss Mary Julia Breidenbaugh, Miss Irene Danner, and Miss Julia Stammers—with other pupils, read creditable compositions, which were much admired. Miss Julia Stammers read the valedictory.

ABANDONED.—On Wednesday morning last, a mulatto child, apparently but two or three days old, was found at the door of the house of James Wilson, (colored,) on the Chambersburg road, near town. It was almost entirely naked. The matter is being investigated. In the meantime, we understand, the child has been taken charge of by William Cuff, colored.

PRESENTATION.—Mr. Sheely's Normal School closed on the 25th ult., with the usual interesting exercises. The students, through Mr. John Myers, presented Mr. Sheely with a handsome Silver Castor, from Soper & McCartney's, Mr. Myers making a neat presentation speech, and Mr. Sheely responding; after which the whole party adjourned to Mr. Gruel's, to partake of ice cream and other good things.

NARROW ESCAPE.—Recently a child of Nathaniel Lightner, Mountjoy township, while playing with some floats at a hogshead, which had been sunk into the ground at the end of the house to catch rain water, fell in head-foremost, and would have been drowned but for the timely arrival of the mother at the spot, who extricated the lad almost lifeless. Dr. O'Neal was called in, and by the prompt use of stimulants and proper manipulation, the life of the child was saved.

BURGLARY.—On Sunday night, the 27th ult., the Store of Abel T. Wright, in Bendersville, was entered and robbed of about $6 or $7, with a small amount of goods. The villains effected an entrance by forcing open a window shutter of the wareroom adjoining the store, and from thence got into the storeroom by forcing the lock of a communicating door. When the robbery was discovered next morning, everything in the store was in confusion, desk broken open, and goods and papers strewn over the floor. The main object of the thieves seems to have been money.

UTICA ZOUAVES.—While the marching and maneuvering of all the Military companies participating in the Dedication services, gave evidence of thorough drill, we do no injustice to the other companies in specially referring to the Utica (N. Y.) Zouaves. In all their movements—marching, drill and manual—they moved with the precision of veterans and a uniformity seldom attained by thoroughly drilled organizations. We believe all the members are veterans, having participated in the War for the suppression of the Rebellion—a number having fought gallantly at Gettysburg. Their conduct was unexceptionable, showing that the members are gentlemen, as well as good soldiers.

PASSENGER RAILWAY.—The Passenger Railway from town to the Springs is now in operation. The cars were put on the road on the 1st inst., but in consequence of the defective condition of the track, growing out of its hurried construction, they did not run smoothly for some days. The track is being adjusted and fixed up, and in a few days the Passenger Railway will have become a fixed institution. In regard to the running of the cars on Sunday, which has occasioned some remark, we may say that in future they will only be run on Sunday, one trip in the morning and one in the evening, for the exclusive accommodation of guests of the hotel who may desire to attend worship in the town churches.

DECIDED.—The Supreme Court, sitting in Philadelphia, on Tuesday delivered opinions in the following Adams county cases:

John Green & John Vanhyning vs. The Ashland Iron Company. Case involving a right to unwashed ore on Lefever's ore-bank near Littlestown. Judgment affirmed.

Myer's Appeal. Decree of Distribution. The decree of the Court below modified.

Gettysburg National Bank vs. Kuhns.—Case involving money alleged to have been deposited in Bank to credit of Kuhns, and wrongfully paid out. Judgment below was against the Bank. Reversed by Supreme Court, and new trial ordered.

Houser vs. Tully. Case from New Oxford, involving the responsibility of Houser as landlord for moneys deposited by Tully with the bar-keeper, and purloined by the latter. Judgment of the Court below was for Tully. Affirmed by the Supreme Court.

COMMENCEMENT WEEK.—In our last issue we gave a hurried notice of the exercises connected with the College and Seminary. We have but to add that the performances of both the Junior and Senior classes were very creditable, and above the average of College exercises.—The degree of Bachelor of Arts was conferred on the members of the graduating class; and Master of Arts on the following gentlemen, members of previous classes, viz:—J. A. Beeber, Esq, Prof. P. M. Bikle, Rev. H. S. Cook, Rev. W. H. Gotwaldt, A. J. Riley, Esq., F. W. Saeger, W. C. Schaeffer, Esq., Rev. H. L. Ziegenfuss, Dr. J. A. Krumrine, and Rev. Philip Doerr.

The following honorary degrees were conferred:—Doctor of Divinity, on Rev. B. B. Hamill, of the Methodist Episcopal Church, Rev. O. O. McClean, of the Presbyterian Church, and Rev. P. Sahm, of the Lutheran Church; Doctor of Philosophy, on Prof. H. R. Geiger, of Springfield, Ohio, and Benjamin Aycrigg, Esq., of Passaic, New Jersey; Master of Arts, on John Lutz, Esq., of Bedford Pa.

The Alumni of the College held their annual meeting on Tuesday evening, and elected the following officers:—President, Hon. Edward McPherson; Vice Presidents, Rev. Dr. Wedekind and Prof. H. L. Baugher; Secretary, Prof. M. L. Stoever; Treasurer, H. J. Fahnestock. Wm. Hay, Esq., of York, was elected Orator for 1870. Obituaries notices of the deaths of Rev. G. Bassler, of the class of 1840, Prof. M. Diehl, class of 1844, Rev. W. V. Gotwaldt, class of 1860, and J. G. Blyholder, class of 1867, were read. It was resolved to publish a general report of the statistics of the Association for the last ten years.

Both the Philomathean and Phrenakosmian Societies held pleasant Re-Unions in their Halls on Wednesday afternoon.—At the Philo meeting an address was delivered by J. J. Brinkerhoff, on behalf of the active members. A song, composed for the occasion, was sung; and after a pleasant interchange of greetings, it was resolved to open subscriptions for a fund to build a Philo Hall, $360 being realized. Profs. Conrad and Croll, and Messrs. Himes and Hay, were appointed a Committee to prosecute the effort.

The College Board unanimously approved the nomination of Prof. Martin, as Professor of German Language and Literature; while that of Rev. H. E. Jacobs, as Franklin Professor, failed of approval.

The Seminary Board elected Revs. Dr. Valentine and Prof. H. L. Baugher, as adjunct Professors—the former to give Lectures in the department of Church History, and the latter in New Testament Exegesis. Rev. Dr. Morris, of Baltimore, was also elected Professor, to lecture on Pulpit Elocution and the relations of the Natural Sciences to Religion. We understand that all three gentlemen have accepted the appointments, and the Seminary Faculty will thereby be much strengthened. At the next meeting of the Board an additional full Professor will doubtless be elected.

FLAG PRESENTATION.—Quite a pleasant incident occurred at the Soldiers Orphans' Homestead, on the 1st instant, at the close of the Dedication ceremonies.—Through the agency of Mrs. Lida McCauley, of Baltimore, a beautiful silk Flag, with appropriate designs, and mounted on a handsome flag staff, had been prepared as a present to the Homestead, and the management of the Institution, availing themselves of a friendly visit from Maj. Gen. Meade, Gov. Geary, and other distinguished personages, determined on a formal presentation of the flag, which was done in a neat speech by J. M. Holland, Esq., of Baltimore. Maj. Gen. Meade received the flag in behalf of the Institution, and after acknowledging the kindness of the donors addressed some pleasant words to the children of the Homestead—the boys being drawn up in line in their military uniform, and the girls in holiday dress. At the conclusion of Gen. Meade's remarks, the boys gave three hearty cheers for Gov. Geary, who gracefully acknowledged the compliment in pertinent remarks to the Orphans and the Utica Veteran Zouaves, the latter having also stopped at the Homestead. The Zouaves gave three hearty cheers for Maj. Gen. Meade—three for Gov. Geary—and three for the Orphans' Homestead. The ceremony was all the more pleasant, because entirely impromptu, and was witnessed by quite a number of citizens, many of whom availed themselves of the kind invitation of the officers of the institution to pass through the buildings and grounds.

SPRINGS HOTEL.—The Gettysburg Springs Hotel was opened on Monday of last week, and is now in successful operation. We hear but one opinion expressed as to its conveniences, furniture, table, and general internal arrangement, and that of the most unqualified approval as compared with the best Hotels of the country. The manager, Dr. G. D. SMITH, has taste, tact and unusual executive capacity, and is determined to make the management satisfactory to the guests.—Among the distinguished names registered last week we notice those of Gov. Fairchild and lady, of Wisconsin; Senator Morton and lady, of Indiana; Mayor Bowen, of Washington D. C., Gov. Baldwin, of Michigan; Gov. Ward, of New Jersey; Maj. Gen. Meade and son, of Philadelphia; Hon. J. A. Rawlins, Secretary of War; Hon. Ell. S. Parker, Commissioner of Indian Affairs; Gen. A. A. Humphreys, Gen. R. C. Drum, Gen. S. Van Vliet, Gen. S. F. Barston, Col. C. E. Cadwalader, Col. H. W. Freedly, Col. J. F. Brua, Col. J. C. Biddle, Col. H. J. Farnsworth, Maj. J. A. Kress, Gen. J. A. Cunningham.

We understand that applications for rooms are coming in daily, and there is but little doubt that by the time the superior character of the Hotel becomes known, it will be well filled.

THE FOURTH.—Saturday was observed in this place in honor of the "Fourth." The Dedication ceremonies of the 1st, and other exercises of the week, had engrossed the attention of our people, and there was no public demonstration. The Zouaves and Gettysburg Band were out in the morning—the former firing salutes, the latter discoursing capital music.—"Young America," who didn't have a chance to figure in the Dedication ceremonies, had Saturday pretty much to themselves, and from early morn to dewy eve, we had an incessant pop-pop-pop of pistols, crackers, squibs and powder.

IRON ORE.—Iron ore has been discovered on the farm of Mr. Jacob Slagle, in Oxford township, Adams county. The ore is said to be of a good quality, and is found in such quantities as will repay those who have leased the property. Seifert, McMannas & Co., of Reading, have leased the land, and are now engaged in sinking a shaft, having already reached a depth of about fifty feet.—*Hanover Citizen.*

We clip the following "dig" at our turnpike officials from the Chambersburg *Valley Spirit*:

FIX IT UP.—The Chambersburg and Gettysburg Turnpike Company deserve no thanks from anybody. From Fayetteville to Gettysburg, they have about the roughest turnpike that we have traveled over for many a day. And they insist on forcing upon the people the luxury of paying for being jolted to pieces.

The Brooklyn Life Insurance Company of New York, want an experienced Agent for York and Adams counties. For a reliable man this is a good opening to represent a first-class Company. Applications should be addressed to SHELDON & FLOYD, General Agents, 637 Chestnut st., Philadelphia, Pa. [July 9.—2t

BIBLE DISTRIBUTION IN ADAMS COUNTY.—Arrangements have been made by the Ladies' Bible Society of Gettysburg and the Bible Society of the College and Theological Seminary, to have the county thoroughly explored and supplied with Bibles. Four young men, students of Pennsylvania College and candidates for the ministry, have been engaged as distributors, between whom the county has been divided as follows: Mr. Beshan, for Franklin township, Menallen and half of Butler; Mr. Fastnacht, for Hamiltonban, Liberty, Freedom and Cumberland; Mr. Clutz, for Mountjoy, Germany, Union, Mountpleasant, Conowago, Oxford and Berwick; and Mr. Palmer, for Straban, Hamilton, Reading, Tyrone, Huntingdon, Latimore and half of Butler. These young gentlemen, laboring in a cause that cannot but commend itself to the approbation of every true Christian and of every lover of his Country, are herewith cordially commended to the sympathy and co-operation of all true friends of the Bible. It is hoped that they will everywhere be kindly received and hospitably entertained. They are authorized to sell Bibles and Testaments at the very low rates fixed by the Pennsylvania Bible Society, and to bestow them upon such persons as are destitute of them and are unable to buy them. Three hundred and thirty-two copies were thus given away when the county was explored by the students of the Theological Seminary in 18—.

In order to meet the expenses incurred by this distribution, and to aid the Parent Society to prosecute this work elsewhere, in our own and in foreign lands, these distributors are also authorized to solicit and receive contributions from all who are willing to assist in this good cause.—Ministers of the Gospel throughout the county are herewith respectfully and earnestly requested to announce from their pulpits the substance of the above statement and to commend the Bible cause to the liberality of their people.

May our Heavenly Father abundantly bless this effort to disseminate his Holy Word, without note or comment, and cause it thus to be placed in the hands of many to whom it shall prove a safe guide to eternal life!

In behalf of the above named Societies.

IMPROVED MORNING GLORY.—The famous Morning Glory Stove, so popular as a parlor and office stove, has sometimes been objected to for use in chambers and by families needing but one fire, because not adapted to heat water, &c.—This difficulty has been overcome, and last Monday we saw one of the improved Morning Glories in operation at the Warroom of Col. C. H. BUEHLER, on Carlisle street, which seems not only to obviate objections but to meet every desired want. It is nothing more or less than the ordinary Morning Glory, with an Oven about 15 inches in diameter attached, and ingeniously arranged dampers by which the heat can be thrown round the oven at pleasure, and making it as hot as the ovens of the best cooking stoves. Water can be boiled, pies baked, and even meat roasted as readily as in a cooking stove. This contrivance, while preserving all the qualities of the Morning Glory as a heater, adapts it for the sick chamber, or use in small families requiring but little cooking. tf

THE PLACE TO GO.—Do you want a good Smoke—either a prime Segar or the best brand of Smoking Tobacco—you will find it at BIERBOWER'S establishment in the North east Corner of the Diamond, who makes it a specialty to turn out the very best article. Young Gents wanting a Fashionable Suit made in the latest style and good material, can save 25 per cent by getting it at Norris' store Arnold's old corner. tf

YOUR TAILOR.

"One single precept might the whole condense,
Be sure your tailor is a man of sense;"

This is after all the secret of good clothes, to have a tailor who is a man of good taste and judgment, making up the best selections of goods in the most approved styles and selling them at a cost as low as is at all consistent with safety. Such men are Wanamaker & Brown of Oak Hall. Do you deal with them? tt

LATER.—We are informed that another new stock has been received by Mr. F. DUPHORN. He is selling so cheap, that no one should come to town without buying something at his store. Take your wool to him and exchange it for goods that you need. You get them just as cheap as for cash. Store North-west corner of Square. tf

THE Society of the Army of the Potomac met in New York on Monday. Gens. Sheridan, Meade, McClellan, Burnside, Hancock, Hentzleman, Franklin, Chamberlain, and other distinguished officers, were present. Gen. Sheridan was elected President. A constitution was adopted, fixing the initiation fee at $3, with an annual contribution of $3. After an oration by Gen. Chamberlain, the Society partook of a dinner at Delmonico's, with toasts and speeches.

Mrs. Philomena Shugart, who has been on trial in Butler county, Pa., for the murder of her husband by poison, was on Monday convicted of murder in the first degree.

[Communicated.

ECKERT.—Died, very suddenly, in Mountpleasant township, on the 13th of June, Mr. Egbert Eckert, aged 57 years and 4 months. An affectionate husband, a kind father and dear friend, has been called to sever all earthly ties for another home above.

There is a home among the angels
For the spirit of our father;
They had ne'er taken him away,
In their loving arms so mild.

They will ever love him fondly,
As the holy book hath said;
They have found a home for father,
Since he's numbered with the dead.

Then weep not, mother and children;
In that glorious home on high,
Father lives among the angels,
Where he never more can die.

Father, rest in peace—thy spirit gone!
And not while life in us remains
Shall we ever cease to think of thee,
Or fail to breathe that sacred word—
June 28, 1869.

GILLESPIE.—On Tuesday night last, in this place, Mrs Catharine Gillespie, widow of William Gillespie, deceased, aged about 83 years.

KITZMILLER.—On Monday last, in this place, Virginia May, daughter of David and Mary A. Kitzmiller, aged 5 months and 12 days.

SPANGLER.—At East Berlin, on the 9th ult., William A., son of Solomon and Catharine Spangler, aged 3 years and 7 months.
