SHEPHERD DOGS.

About one year ago I purchased a remarkable fine Shepherd Dog of you firm. Thinking it would be of some benefit to your readers to be made acquainted with the peculiar traits of these remarkable dogs, I send you a few short notes of the performances of mine. He will bring the cows, oxen or horses from the most distant fields by simply telling him what you want. Soon after we got him we sent him to watch the sheep that were in a field, one half of which was in oats. We visited him several times during the day and found the faithful dog, who was walking with sentinel-like punctuality, up and down the boundary line of the two crops, close to which some of his mates were browsing. Upon the slightest attempt of any of them to infringe on the oats, he immediately drove them back; but the extent of his beat being very long, he was sometimes sorely put to, and had to hurry backwards and forwards in rather a laughable manner. Collecting his energy, he finished by driving the whole flock to the extremity of the pasture. Then satisfied with the position of affairs, he returned to the boundary line, and lay down with the assurance that they must now feed up to him.

Not long since, he accompanied a friend to Chicago where he purchased a lot of sheep—upwards of two hundred and fifty. At night in bringing them home they were turned into a field. The fences not being very good they broke in with several other droves, and consequently, soon all became mixed together. The next morning, without making a single mistake, the dog picked out the whole of his masters sheep from amongst the others, almost unaided, and although he had been so short a time acquainted with them—after which he drove them to their destination single-handed.

I was greatly gratified at such an admirable display of canine sagacity, as it has seldom or ever been equaled, never surpassed, for brilliant intelligence and canine observation.

My wife says he is of incalculable value in caring for the younger children when they are running about the farm, as she always considers them safe when under the care of Jack. He will carry luncheon to the men in the most distant part of the farm, and never offer to touch a mouthful.

There are certain peculiarities of character belonging to the shepherd dog well worthy of note. He is a remarkably small eater, and is the least greedy of all the entire race; in fact it is quite astonishing how many hours he will remain true to his post without indulging his appetite; he apparently suffers but little from hunger or thirst. He is of a pensive, melancholy disposition, and rarely condescends to join a romp, or enjoy that playful dalliance which belongs to other animals. At the same time his affections are true and unalterable to his master, and his faithfulness, under the most trying circumstances, is staunch even to death; and it we should seek in the canine family for talents and qualities especially human, our convictions unhesitatingly point towards the shepherd dog.

THE WORLD,

DODGES' OHIO AND BUCKEYE

Reapers and Mowers.

A careful examination of these machines will immence any one of their superior merits over all others in strength, durability, ease of draft, and adaptability for work, on all kinds of ground, and in every variety of grass and grain. Confident of this we invite those in want of a good machine to examine for themselves before purchasing elsewhere.

These machines can be sold as Naked Mowers—BRAKES as Hand Rake, Self-Rake, or Dropper—Two different sizes: No. 1 Machine, with two cutter Bars and Dropper Rotary, cutting 6 feet and a half feet in grain and four feet eight inches in grass; No. 2, cutting four feet, six inches.

We have the confidence in these machines that we are willing to let those wanting a machine test them with any other they may wish, and keep the one that gives most satisfaction. DODGES' AUTOMAN SELF-RAKE has given such general satisfaction that we consider it the best Self-Rake out, and is attached to no other machine except the Dodge Machine, the Ohio and Buckeye patent.

For the benefit of those wanting machines we would refer them to a few of those to whom we have sold the last season, viz:

John Deardorff, Sen.	Henry Culp,

One of the Greatest Machines of the Age.

IS superior to any other Machine now in use, and will excel any that will ever be introduced, having been thoroughly tried and given general satisfaction. I would give inform all those who intend purchasing Machines to call and examine for themselves. This Machine is noted particularly to excel all other machines in strength, durability, ease of draft, and reliability of work, in all kinds of grass and grain.—It cuts long grain admirably, which is a great item in Machines to a farmer. It can be used as a hand rake as well as a self-raker. It cuts 5 feet 2 inches in grass; 4 feet 10 inches in grass; has a steel cutter bar, with wrought iron guards; it can be used as a Single Mower as well as a Combined Machine.

☞A full trial of the Machine can be had.

Also, SHIREMAN'S SELF-DISCHARGING HORSE RAKE, and the great and well-known BRANT RAKE, the best rakes ever introduced. We would also call your attention to the IRON DOUBLE SHOVEL PLOUGH, wrought iron frame, very light and strong, steel shovels, easily adjusted to run shallow or deep, and is neatly and tastefully made.

ALSO, THE KEHLER AND EXCELSIOR FANNING MILL, the old amborough Fan improved, for many years a great favorite among the farmers of Pennsylvania. It is large and strong, has two cockle screens, and warranted to work perfectly.

Also all kinds of FARMING IMPLEMENTS always on hand.

We have also made arrangements with some of the leading Publishing Houses, that will enable us to sell the standard and latest works of popular authors at about one-half the regular price—such as BYRON, MOORE, BURNS, MILTON, and TENNYSON'S WORKS, in full Gilt and Cloth Bindings, and hundreds of others.

These and everything else for

ONE DOLLAR FOR EACH ARTICLE.

We do not offer a single article of merchandise, that can be sold by regular dealers at our price. We do not ask you to buy goods from us unless we can sell them cheaper than you can obtain them in any other way,—while the greater part of our goods are sold at about

One-Half the Regular Rates.

We want good reliable agents in every part of the Country. By employing your spare time to form clubs and sending us orders, you can obtain the most liberal commissions, either in CASH or MERCHANDISE, and all goods sent by us will be represented, and we guarantee satisfaction to every one dealing with our house.

As the Holidays are coming, we are making special arrangements to supply *every one* who reads our advertisement, with the most handsome and useful Holiday presents that can be thought of or wished for; and to enable them to procure them cheaply and expeditiously, we will give to any one who will become our Agent, ONE HUNDRED FREE TICKETS, enumerating some of the many different articles from which you can make your selection of Holiday presents.

For returning full clubs from these Free Tickets, accompanied by the cash, we will give the same extra premiums that we now give just the same as if you had paid 10 cents for each one of your tickets. We wish you to understand that not any other firm in the business can compete with us in any way whatever.

As this free ticket is only good for the Holidays you must send in your orders before the 20th of January, 1870.

On every order amounting to over $50, accompanied by the cash, the Agent may retain $2 00 and in every order of over $100, $5.00 may be retained to
