OSADALIS

THE GREAT AMERICAN
H HEALTH RESTORER, purifies
the blood and cures Scrofula, Syphilis, Skin
Diseases, Rheumatism, Diseases of Women, and
all Chronic Affections of the Blood, Liver and
Kidneys. Recommended by the Medical Faculty and many thousands of our best citizens.

Read the testimony of Physicians and patients who have used Rosadalis! Send for our Rosadalis Guide to Health Book, or Almanac for this year, which we publish for gratuitous distribution; it will give you much valuable information.

Dr. R. W. CROT, of Baltimore, says:

I take pleasure in recommending your ROSADALIS as a very powerful alterative. I have used it in two cases with happy results—one in a case of secondary syphilis, in which the patient pronounced himself cured after having taken five bottles of your medicine—The other in a case of scrofula of long standing, which is rapidly improving under its use, and the indications are that the patient will soon recover. I have carefully examined the formula by which your Rosadalis is made, and find it an excellent compound of alterative ingredients.

Dr. Sparks, of Michaelsville, Ky., says he has used Rosadalis in cases of Scrofula and Secondary Syphilis with satisfactory results—as a cleanser of the Blood I know no better remedy.

Samuel G. McFadden, McFeeboro', Tenn., says:

I have used seven bottles of Rosadalis, and am entirely cured of Rheumatism; send me four bottles, as I want for my brother, who has symptoms sore eyes.

Benjamin Bechtel, of Lima, Ohio, writes, I have suffered for twenty years with an inveterate eruption over my whole body; a short time ago I purchased a bottle of Rosadalis and it effected a perfect cure.

Rosadalis is sold by all Druggists.

The Star and Sentinel.

Gettysburg, Friday, April 15, 1870.

POSTPONED.—The Fair to be held by the ladies at McSherrystown, for the benefit of St. Joseph's Academy, has been postponed to Monday, May 2.

Samuel Freeman, John Staley and Leslie Anderson, last week, caught four Raccoons on the farm of John Staley, in Straban township—one of them weighing 11 pounds.

CORRECTION.—The Littlestown *Press* corrects its statement that the burning of Mr. Kuhn's barn originated from the smoking of a pipe. Mr. K. says he had not been near the barn for hours previous to the discovery of the fire.

GRAND ENCAMPMENT.—The Grand officers of the Grand Encampment I. O. O. F. of Pennsylvania, have arranged a series of official visits to subordinate Encampments. They will visit "Union Encampment, No. 126," in Gettysburg, on Saturday evening, May 7, at 8 o'clock.

APRIL COURT.—The April term of Court will commence on Monday next. Within the past few weeks a number of subscribers have called and settled their subscriptions, for which they have our thanks. We hope that many others will avail themselves of the coming Court to do likewise. We are preparing to make out bills of all unsettled accounts, and delinquents may expect to hear from us after the 1st of May.

HOLIDAY.—To-day (Friday) is made a public holiday by legislative enactment. Notes, checks, bonds, &c., falling due on "Good Friday," are made demandable on the preceding day. The law applies to all banks, savings institutions, insurance companies, &c.

The entire week preceding Easter Sunday, known in the ecclesiastical calendar as "Passion Week," is observed with special religious exercises by the Episcopal, Catholic, Lutheran and Reformed churches.

SOLDIERS' ORPHANS' HOMESTEAD.—A petition was presented this week, in the House of Representatives, asking an appropriation by Congress of $75,000, of Government bonds, in aid of the extension of the buildings and enlargement of the operations, of the Homestead located in this place. This petition is signed by Gen. Meade, Bishop Simpson and other prominent citizens of Philadelphia, and has been referred to the Committee on Military Affairs. Some years ago, property valued at $70,000 was given to the State Home for Iowa Soldiers, and like bounty has been shown to other institutions.

THE CENSUS.—We see it stated that Gen. Gregory, the Marshal of the Eastern District of Pennsylvania, has determined, to arrange the districts, as far as practicable, so as to give each enumerator 20,000 inhabitants—his object being to secure competent enumerators and give them districts large enough to employ their time during the entire period allowed for taking the census. If this determination be adhered to, Adams county would be divided into but two districts. The number of districts, as compared with 1860, will unquestionally be reduced, and in Adams county will not, on any basis, exceed four, and may be reduced to two. Applicants will govern themselves accordingly.

FIGHT WITH A WILD CAT.—Wm. Benshoff and Mr. McCauley, with three dogs, encountered a Wild Cat near Monterey on Monday morning last. One of the dogs attacked the ferocious animal, the others refusing to enter the ring and compete for the prize. The cat getting the better of the dog, Mr. Benshoff jumped upon it with his feet when it attacked him, playing havoc with his corduroy pants. He finally however succeeded in getting the "varmint" by the neck, when Mr. McCauley drew a large knife from the Knicker's pocket with which he succeeded in cutting its throat. The cat, Mr. B. informs us, measured over five feet.—*Waynesboro Record.*

NEARLY A FIRE.—On Saturday evening last the Tannery establishment of Mr. HENRY RUPP, on York street, had a narrow escape from fire. Mr. Rupp has in his employ two colored boys, who sleep on the second floor of the brick shop connecting the Tannery with his dwelling. About dusk the boys, returning to the shop, found a considerable quantity of smoke, indicating fire in some part of the establishment. It was found to issue from the room on the second floor, the bed being on fire. An alarm was given and the fire extinguished, without damage beyond burning through a quilt, two army blankets, and sheet, to the chaff-bed. The boys had been in the room a short time before, one of them smoking a cigar, and it is supposed the fire originated from sparks dropped from the cigar. The doors and windows being all closed, prevented rapid combustion.

IMPROVEMENT.—With the spring season, we notice various improvements in progress in different parts of the town. On Carlisle street, the brick dwellings of Wm. Gulon and T. S. Wible are approaching completion, while just below, Emanuel Ziegler, of J., is putting up a new two story frame dwelling. Father out, Judge McCurdy has the foundation prepared for his new residence, which will be of brick. Col. Buehler's fine Cottage residence, beyond Prof. Baugher's, is approaching completion. Messrs. C. H. & A. D. Buehler, purchasers of the Daphorn building, will at once complete it. On the same street, Mr. Yount, of the "Washington House," is brushing up, the entire front being repainted. J. C. Neely, Esq., has removed his law office to his residence on the same street, near the diagonal.

On York street David Shaeffer is putting up a new two-story weather-boarded dwelling house near the east end. The residence of Henry Spley, adjoining, is being very much improved. Jacob F. Thomas has put up, on the same street, a building for the exhibition and sale of Howe Sewing Machines.

NEW GAME ACT.—We are indebted to Senator DESHLER for a copy of the amended Supplement to our Act providing for the taking of game," in the counties of Adams, York and Franklin, passed at the recent session of the Legislature:

SECTION 1. *Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same,* That from and after the passage of this act no person within the counties of Adams, York and Franklin, shall kill, capture, take, or have in his or her possession, any woodcock between the first day of September and the ingoing day of June, under a penalty of five dollars for each and every bird so killed, or had in possession, or exposed for sale.

SECTION 2. That no person shall kill, capture, take, or have in his or her possession, any quail or Virginia partridge, for the period of three years, under a penalty of ten dollars for each and every bird so killed, or had in possession, or exposed for sale: *Provided,* That nothing in this act shall be construed to prevent individuals or associations for the protection, preservation and propagation of game, from gathering alive, by nets or traps, quails or Virginia partridges, for the sole purpose of preserving them alive over the winter and for no other purpose whatsoever.

SECTION 3. That all acts or parts of acts inconsistent herewith be and the same are hereby repealed.

LOST.—On Sunday last, a brown Fur Cap lined with brown silk. The finder will be liberally rewarded by leaving it at this office.

"PROHIBITION"—COST OF DRINK.—MESSRS. EDITORS:—I notice in the "STAR AND SENTINEL," of to-day, that sixty five citizens of Mountjoy and adjoining townships, have signed a pledge that they will not vote for any man for a seat in the State Legislature who is not publicly and explicitly pledged to exert himself to the extent of his ability, in favor of the legal prohibition of the traffic in intoxicating drinks. So say I, and would add, not even vote for any man for county office, who will not favor prohibition or who uses spiritous liquor as a beverage. I hope that many of my fellow citizens in Oxford township will join in with me.

We know that the cost of drinking is not a trifling sum in our county. A large portion of the people will have *drink* even if they go without *bread*; and some will leave their families to starve, and sell their shirts off of their backs, to obtain it. We can form some idea of what drinking costs from an article published in regard to Scotland. The story looks large, but the writer, who has taken much pains to collect his facts, vouches for the truth of his statistics. He says the Scotch pay for drinks as follows:—

"Whiskey, $29,500,000; Rum, $5,000,000; Strong Beer, $10,000,000; Brandy, $1,000,000; Wine, $1,000,000; Total $45,500,000. The population of Scotland is about 3,000,000.

It would seem, therefore, that the annual expense of drinking in Scotland, is $15.50 to each person, including men, women, and children; and some of them, doubtless, go to a pretty high figure.

In regard to the whole of Great Britain, an intelligent gentleman who has given great attention to the subject thinks that "the direct cost of the United Kingdom in one year for intoxicating drinks, will fall very little short of seventy million pounds, or *three hundred and fifty million dollars!*"

This sum looks enormous, but it should be remembered that the direct cost of intoxicating drinks is but a small part of the expense to the country. Wastes, fines, court expenses, almshouse bills, prison expenses, fires, shipwrecks, and other losses arising from drunkenness, must greatly overbalance the first cost of the liquor.

What is true of Scotland, or Great Britain, is also true of the United States. It is not strange, therefore, that the friends of temperance, and the friends of humanity, should wish to do something even by stringent laws, if it can be done otherwise, to arrest this terrible outflow of money, for what is worse than waste; and other evils, after all, connected with drinking, are infinitely greater than the money loss.

It is really strange what men will do to gratify a manufactured and depraved appetite. But if they will cut their throats whenever they can get razors, it is best not to sell them such sharp edged tools.

J. S. GITT.

"PARIS BY SUNLIGHT AND GASLIGHT."—A work descriptive of the Mysteries and Miseries, the Virtues, Vices, Splendors, and Crimes of the City of Paris. —By James D. McCabe, Jr., National Publishing Co., Philadelphia.

The unusual facilities possessed by our first class Subscription Book Publishers have enabled them to furnish the public with many works of great interest and value; but the most powerful and attractive work of this kind is the book now before us. It is simply the City of Paris photographed by the author's pen and the artist's pencil. It is magnificently illustrated, and is issued in the very best style. It not only abounds in solid and useful information, but faithfully reproduces the most startling sensations of the gayest City in the World. It tells us how the beauty and splendor of the bright City have been purchased at a frightful cost of misery and suffering; how virtue and vice go arm-in-arm, and how the latter is undermining all the sweet courtesies of social life; and how most fearful crimes are committed and concealed. It tells us of high life and low life; of palaces and hovels; of the Emperor's family, and the workman's household. We mingle freely in the most magnificent and dissipated pleasures, and drop an involuntary tear into the "Common ditches" where the poor sewing girl is laid to rest. All that has made Paris the most beautiful and attractive as well as the gayest and wickedest City in the world, unite to make this book the most interesting we have seen for many a day. The author, writing of what he has seen and experienced, has evidently sought to make his volume not only the most powerful and fascinating sensational work of the day, but also a book which shall hold a place in every man's library as an authority upon the subjects whereof it treats. The book is magnificently illustrated with 150 fine engravings, by the leading artists of France:—Dore, Therond, and others whose names amply attest the character of the work. It is comprised in one large volume of over 800 pages, and sold only by subscription. 1t

IN THE CITY.—Col. F. B. Picking, of the firm of Picking & Co., is now in the City of Philadelphia, purchasing Goods, and expects to morrow to open a large assortment of all kinds of Ready-made Clothing for Spring and Summer wear. Persons coming to town during Court week will do well to call at the new Store on Chambersburg street, nearly opposite Buehler's Drug Store, and examine the new stock. Coats, Pants, Vests, Shirts, Socks, Hats, Caps, &c., of latest styles and best material, will be found there, at astonishing low prices.

A fine head of hair is such an indispensable adjunct to beauty that no one who prizes good looks should neglect to use the best preparations to be had to increase its growth, restore its color or prevent its falling off. Ring's Vegetable Ambrosia is one of the most effectual articles for the purpose we have ever seen, besides being one of the most delightful hair dressings and beautifiers extant. It is free from the sticky and gummy properties of most other dressings, and being delightfully perfumed, recommends itself to every lady or gentleman using fine toilet articles. 1t

THROAT AFFECTIONS AND BRONCHITIS.—All sufferers from Irritation of the Throat and Hoarseness will be agreably surprised at the almost immediate relief afforded by the use of "Brown's Bronchial Troches." The demulcent ingredients allay pulmonary irritation; and, after public speaking or singing, when the throat is wearied and weakened by too much exercise, their use will give renewed strength to the vocal organs. 1t

GRAPES.—We have often wondered that so many persons neglect the cultivation of this delicious fruit, which can be so easily grown, and requires so little attention. Every property holder, in town or country, should plant Grape Vines in his yard or garden, and with his lives regret the trifling expense or labor. Mr. ROBERT STRAUSS, of this place, has on hand a large number of choice vines, including the best varieties, and persons desiring good grapes, can rely on getting from him just what they want, and at reduced prices. Vines can be planted to advantage any time during the month of April.

DIVORCE SUIT.—Jos. Bond, of Boston, is causing great excitement in Boston. It should warn young men not to marry in haste. Rice is but 22, his bride 37. He swears that she made him believe she was but his own age, by using Magnolia Balm upon her face, neck and hands. Poor youth! He probably found her cheeks weren't quite so soft and pretty. Ought Hagan to be indicted? We know of many similar cases. This Balm gives a most wonderful pearly and natural complexion, to which we don't object. We like pretty women. To finish the picture, they should use Lyon's Kathairon upon the hair. With pearly chin, rosy cheeks, and soft, luxuriant tresses, they become irresistible.

THE GREAT MEDICAL

DISCOVERY!

Dr. WALKER'S CALIFORNIA

VINEGAR BITTERS.

MORE THAN 500,000 PERSONS Bear testimony to their Wonderful Curative Effects.

WHAT ARE THEY?

They are a gentle Purgative as well as a Tonic, possessing also, the peculiar merit of acting as a powerful agent in relieving Congestion, or Inflammation of the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or the turn of life, these Tonic Bitters have no equal.

Send for a circular.

THEY ARE NOT A VILE FANCY DRINK,

Made of POOR RUM, WHISKEY, PROOF SPIRITS, AND REFUSE LIQUORS, doctored, spiced, and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true medicine, made from the native Roots and Herbs of California, FREE FROM ALL ALCOHOLIC STIMULANTS. They are the GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter, and restoring the blood to a healthy condition. No person can take these Bitters according to directions, and continue long unwell.

$100, will be given for an incurable case, provided the bones are not destroyed by mineral poisons or other means, and the vital organs wasted beyond the point of repair.

For INFLAMMATORY and CHRONIC RHEUMATISM, and GOUT, DYSPEPSIA, or INDIGESTION, BILIOUS, REMITTENT, and INTERMITTENT FEVERS, DISEASES OF THE BLOOD, LIVER, KIDNEYS, and BLADDER, these BITTERS have been most successful. SUCH DISEASES are caused by VITIATED BLOOD, which is generally produced by derangement of the DIGESTIVE ORGANS.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE, and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed.

In Bilious, Remittent, and Intermittent Fevers, these Bitters have no equal. For full directions read carefully the circular around each bottle, printed in four languages—English, German, French and Spanish.
