BAUGH'S

RAW BONE

SUPER-PHOSPHATE OF LIME.

STANDARD WARRANTED.

We offer to Farmers, the present fall season, BAUGH'S RAW BONE SUPER PHOSPHATE OF LIME as being highly improved.

Baugh's Raw Bone Super Phosphate is, as its name indicates, prepared by dissolving Raw Bones in Oil of Vitriol—that is, bones that have not been deprived of their organic matter—the grease and glue—by burning or baking. It, therefore, presents to the use of the farmer all the valuable properties of Raw Bones in a highly concentrated form—rendering it at once quick in action and very permanent.

☞ Farmers are recommended to purchase of the dealer located in their neighborhood. In sections where no *dealer is yet established, the PHOSPHATE may be procured* directly from the undersigned.

UNFAILING EYE PRESERVERS!

Lazarus & Morris'

CELEBRATED

PERFECTED SPECTACLES AND EYE GLASSES.

The large and increasing sales of these

SUPERIOR GLASSES

Is a sure proof of their usefulness. We were satisfied that they would be appreciated here as elsewhere, and that the reality of the advantages offered to wearers of our beautiful lenses, viz.: the ease and comfort, the assured and readily ascertained improvement of the sight, and the brilliant assistance they give in all cases, were in themselves so apparent on trial, that the result could not be otherwise than it has, in the almost general adoption of our CELEBRATED PERFECTED SPECTACLES by the residents of this locality

With a full knowledge of the value of the assertion, we claim that they are the most perfect optical aids ever manufactured. To those needing Spectacles, we afford at all times an opportunity of procuring the best and most desirable.

GET THE BEST

READY ROOFING,

Suitable for all Buildings, Dwellings, Barns, Churches Factories, &c., and for all climates; equally adapted to flat or steep roofs, and can be applied by any ordinary workman.

THE READY ROOFING

Is more durable than tin, and does not cost one-half as much. It is cheaper than shingles, far more durable, and fire-proof. It is made of the heaviest fabric ever used for the purpose, and is put up in rolls ready for shipment to any part of the world. Send for circular and samples (sent free.)

We also manufacture

GRANITE CEMENT,

For repairing all kinds of leaky roofs, chimneys, skylights, &c. This Roofing Cement forms a permanent adhesive coating over the whole surface of all roofs, whether tin, shingle or composition, completely closing up leakages, and being composed largely of ground granite, which sets and hardens, and soon becomes an artificial Slate or Stone covering.

ROOF PAINT,

For coating Tin and all kinds of metal and composition roofs. It will not run, crack, or peal off, but form a permanent and perfect protection, wherever placed. It is furnished at half the cost, and possesses twice the durability of the common oil paints used for such purposes.
