St. Andrew's Church--Episcopal--Rev. George Hall.—Public Service Sunday morning at 10 o'clock, and at 7 P. M.—Sunday School at 2 P. M.—Prayer Meeting Wednesday evening at 7 o'clock.

Presbyterian Church--Rev. Mr. Boyden.—Public Service every Sabbath, morning and evening.

THE TICKETS.—The Democratic tickets for the district and county offices and for each borough and township office as were ordered, have been printed, and will be left with some active Democrat in every district by Friday and Saturday.

BOROUGH OFFICERS.—We are requested to state that the Democrats of this borough will meet in the Arbitration room in the Court House, on Saturday evening next, at 7 o'clock, for the purpose of selecting candidates for Borough Offices to be voted for on Tuesday following. We hope there will be a general turn-out. Do not be too humble or dignified to attend this meeting.

SELECT GOOD MEN.—New and responsible duties will hereafter be imposed upon Constables under the new tax law. In the populous boroughs and township large sums of money will pass through their hands, from the fact that the County Treasurer will annually on or about the 10th of October, issue his Duplicate of unpaid taxes. Hence, the tax payers should take interest enough in the matter to elect the very best man to that office. Self-protection dictates this course, and the tax payer must be very stupid if he fails to protect himself.

AN IMPROVEMENT.—It is with pleasure we announce the fact to the citizens residing along the mail route from Curwensville to Anson-ville, that the Postoffice Department is about to order the mail carried on this route three times a week, Tuesday, Thursday and Saturday. The change will take place sometime during this month. We do not see why the route could not be made to start from this place, and thereby establish a Postoffice midway between here and Bloomville, where a large section of country could be supplied, the citizens of which are now compelled to travel many miles for their mail matter, either here or Curwensville.

A RUN OFF.—Quite a sensation was created on Market street, on Monday, by a fractious horse which was hitched in a sulky at the Western Hotel stable. The beast commenced kicking, sending things right and left, soon getting away from the driver, it ran down street till opposite the Jail, turned short around and after running over several boys, (none of which were seriously injured,) made straight for Mr. C. Kratzer's Store door, divesting himself of the sulky as he entered the room, jumped over one of the clerks, passed out at the rear into the lot, doing but little damage to anything, except the glass door in the rear, which was broken off the hinges and carried into the lot. It was a rich scene to witness the clerks and customers emerge from the room after the horse entered and took possession of the goods and cash. Nobody hurt much, but the sulky was terribly mangled. Otherwise the affair was a laughable one.

THE COMING FAIR.—Next Wednesday, the 12th inst., the Eighth Annual Exhibition of the Clearfield Co. Agricultural Society commences, and will close on the 14th. From the arrangements already made and the improvements now going on upon the ground, by the committee in charge, and the interest being taken by the people generally, shows a determination upon their part of making this one of the best Fairs ever held in the county. Notwithstanding the large premiums paid by the Society at its last annual Fair, they now offer *over eight hundred dollars cash premiums*, that can, and will be taken, if the Farmers and Mechanics will only produce the articles on exhibition. Then why not come to the Fair and bring along with you the best products of the farm, the household and the workshop, and compete for the premiums?

The track is now in better condition than it has ever been.

We have been requested to announce that an arrangement has been made with Mr. Wilkins, the gentlemanly Superintendent of the Tyrone and Clearfield Branch R. R. to run a train from Clearfield to Philipsburg in the evening, leaving Clearfield, at 7 p. m., reaching Philipsburg at 8, taking passengers back, who go to Clearfield on the regular train North.

DEMOCRATIC MEETING.—In accordance with notice previously given the Democracy of Clearfield county, assembled at the Court House, on Tuesday evening the 27th, ult. The meeting was called to order by the Chairman of the County Committee, J. Blake Walters, Esq. After which G. M. Bricklin was elected President, and

Wm. S. Dickey, A. M. Gill, W. W. Worrell, J. P. Dale, M. V. French, and Samuel Jenkins, Vice Presidents; and

Capt. J. S. McKiernan, Levi F. Irwin, and James B. Clark, Secretaries.

The President of the meeting called upon Senator Wallace for a speech, who, though unwell, made a few well timed remarks, at the conclusion of which, he introduced Hon. Geo. O. Dale, of Lock Haven, who in an able and eloquent manner held the audience spell-bound, occasionally throwing in his witticisms which would explode like a bomb-shell among the few Radicals present.

At the conclusion of Mr. Dale's speech, Dr. Boyer was called out, who scored the Radical Congress for its derilitry and love for the negro, and the strides which that branch of the Government is making towards Despotism. The Doctor made a capital speech.

John H. Orvis, Esq., of Bellefonte, was the next speaker. He is an eloquent and pleasing speaker, and dwelt upon the importance and the duty of every democrat to attend the approaching election. His speech was attentively listened to although the evening was far spent. The meeting adjourned with three cheers for the Union and the whole democratic ticket.

PUBLIC BRIDGES.—There is no improvement so essentially necessary and from which the public realize so much benefit as from bridges across large streams. The citizens residing along the river and Clearfield creek realize this far more than those who reside at a distance from those streams. The County Commissioners are constantly annoyed in reference to the erection of bridges, and we are satisfied that they would gladly accommodate the public with these improvements had they the money to erect them. But Commissioners can no more build bridges without money than farmers or mechanics can build houses. And they only hesitate because the general Government has been clamping and taxing everything so enormously for ten years past, that it would be burthensome to the citizens to still increase those burthens by launching forth in a general scheme of bridge building.

We understand however, that they have employed a competent workman who is now engaged making the necessary estimates with a view to erect a bridge over the mouth of Mosquito creek in Karthaus, one over the River midway between Curwensville and Lumber City, near Messrs. Pherson and Hile's, and another over the River below the mouth of Chest creek, near Robert McKee's. We learn that the Supervisors and the citizens in those townships propose to subscribe money and labor towards the erection of these structures. If such is the fact, we have no doubt but the Commissioners too, will assist liberally.

Resolutions of Condolence.

Mill Run, Sept. 19th, 1870.

In consequence of the death of our esteemed Brother, George Rossman, of Penelope Lodge, No. 568, I. O. of O. T., the following preamble and resolutions were adopted:

WHEREAS, In the Allwise Providence of God he has seen fit to take from us our beloved Brother, therefore—

RESOLVED, That while we would bow ourselves in humble submission to His Holy will, we would implore His mercy and forgiveness, that we may be impressed with a deeper sense of our duty, and work with increased zeal and entire deportedness in our Master's service.

RESOLVED, That the family of the deceased have our warmest sympathy in their sudden bereavement, and that our prayers shall be that God may sustain them by His grace and comfort them by His spirit.

RESOLVED, That as a token of respect, our Charter and Regalia be in mourning for twenty days—that a copy of the resolutions be transmitted to the family—entered upon the Lodge record, and published in the Keystone, Good Templar, and County papers.

DAVID HOOVER,
AUSTIN BLISS,
A. B. LUCORE, } Com.

COURT.—Last week was Court week with us, and a busy time it was. A large amount of legal business was done, and still much more would have been done, but about 9 o'clock on Friday a telegram conveyed the sad intelligence of the death of a member of Judge Mayer's family at Lock Haven. This of course, brought about an adjournment in a few hours so as to enable him to take the 2:30 p. m. train for his home.

We have not had time to look over the calendar and cull from among the docks that information to which our readers are entitled, but will try and do so by next week.

Two important cases were disposed of. We allude to the two murder cases. A true bill was found against Martin Harder and Norman I. Robins, for the murder of Wm. Dale, in our streets on the 3d of September. The latter was placed on trial and convicted of murder in the second degree, and sentenced to two years to the Western Penitentiary, where he is now safely housed.

A true bill was also found against ——McCarthy for the murder of Michael Creyton, at Houtzville, on the 6th of August last. The counsel for the Commonwealth did not proceed far with this case, after the jury was qualified until they discovered that they had but little testimony with which to make out a case, and after hearing a number of witnesses the case was abandoned, and a verdict of "not guilty" was rendered by the jury without leaving the box.

The case of Harder was postponed until January term of Court.

For a musical treat, go to the Hayes Concert in the Court House, next week.

RESURRECTED.—The "trooly loil" residing in this county had a meeting on Wednesday evening last. His late Honor, Judge Linn, spoke a piece. He said he had not made a political speech for ten years. Everybody believed him when he got through. Such a speech! Take the jokes out of it and there was nothing left unless it was the mortification we plainly noticed in Radical countenances.

The Judge assumed the undignified duty of repeating a number of stale lies and slanders against the democrats of this county, which we have not heard repeated for five years, with the exception of a few blackguards whose ideas are warped by bad whisky, and are more zealous in uttering slanders against their neighbors than family prayers. We are quite sure the Judge will not soon be brought from his seclusion to make a speech to Clearfielders. The difference between slander and common sense is understood by our people, and need not be imported.

BASE BALL.—A match game of ball was played between the Young America club of Curwensville, and the Clearaway club of Clearfield, on the grounds of the former, on Saturday last, which resulted as follows:

Mr. John Young, lessee of the Western Hotel, advertises his card in the *Republican*, this week.

A WILD CAT TAKES A CHILD OUT OF ITS CRADLE.—On Thursday of last week, a wild cat entered the house of Mr. Elliott Walters, who resides at Wilson's mill, on Toby Creek, in Knox township, about seven miles north of this place, and took a child from the cradle, and was about to commence devouring it when it was driven away. The parents had gone out to gather in potatoes from a lot and left the babe wrapped up, sleeping in its cradle. A little girl was sent in after they had been absent a short time, to see about the child, and when she opened the door, was horrified to see a large wild cat, with the infant, behind the stove. The little girl was crying piteously, and in a short time would doubtless have been killed and devoured by the savage beast. On the alarm being given, the wild cat escaped through the window, and has since been seen in that neighborhood.—*Clarion Democrat*

THE KIDNEYS!

The Kidneys are two in number situated at the upper part of the loins, surrounded by fat and consisting of three parts, viz: the Anterior, the Interior, and the Exterior.

The anterior absorbs. Interior consists of tissues or veins, which serve as a deposit for the urine and convey it to the exterior. The exterior is a conductor also, terminating in a single tube, and called the Ureter. The ureters are connected with the bladder.

The bladder is composed of various coverings or tissues, divided into parts, viz: the Upper, the Lower, the Nervous, and the Mucous. The upper expels, the lower retains. Many have a desire to urinate without the ability; others urinate without the ability to retain. This frequently occurs in children.

To cure these affections, we must bring into action the muscles, which are engaged in their various functions. If they are neglected, Gravel or Dropsy may ensue.

The reader must also be made aware, that however slight may be the attack, it is sure to affect the bodily health and mental powers, as our flesh and blood are supported from these sources.

GOUT, OR RHEUMATISM.

Pain occurring in the loins is indicative of the above diseases they occur to persons disposed to acid stomach and chalky concretions.

THE GRAVEL.

The gravel ensues from neglect or improper treatment of the kidneys. These organs being weak, the water is not expelled from the bladder, but allowed to remain; it becomes feverish, and sediment forms. It is from this deposit that the stone is formed, and gravel ensues.

DROPSY.

Dropsy is a collection of water in some parts of the body, and bears different names, according to the parts affected, viz: when generally diffused over the body, it is called Anasarca; when of the abdomen, Ascites; when of the chest, Hydrothorax.

TREATMENT.

Helmbold's highly concentrated compound Extract Buchu is decidedly one of the best remedies for diseases of the bladder, kidneys, gravel, dropsical swellings, rheumatism, and gouty affections. Under this head we have arranged Dysuria, or difficulty and pain in passing water, Scanty Secretion, or small and frequent discharges of water; Strangury, or stopping of water; Hematuria, or bloody urine; Gout and Rheumatism of the kidneys, without any change in quantity, but increase in color, or dark water. It was always highly recommended by the late Dr. Physick, in these affections.

This medicine increases the power of digestion, and excites the absorbents into healthy exercise by which the watery or calcareous depositions, and all unnatural enlargements, as well as pain and inflamation, are reduced, and it is taken by men, women and children. Directions for use and diet accompany.

PHILADELPHIA, PA., Feb. 25, 1867.

H. T. Helmbold, Druggist:

DEAR SIR—I have been suffering, for upward of twenty years, with gravel, bladder and kidney affections, during which time I have used various medical preparations, and been under the treatment of the most eminent physicians, experiencing but little relief.

Having seen your preparations extensively advertised, I consulted with my family physician in regard to using your Extract Buchu.

I did this because I had used all kinds of advertised remedies, and had found them worthless, and some quite injurious; in fact, I despaired of ever getting well, and determined to use no remedies hereafter unless I knew of the ingredients. It was this that prompted me to use your remedy. As you advertised that it was composed of buchu, cubebs, and juniper berries, it occurred to me and my physician as an excellent combination, and, with his advice, after an examination of the article, and consulting again with the druggist, I concluded to try it. I commenced its use about eight months ago, at which time I was confined to my room. From the first bottle I was astonished and gratified at the beneficial effect, and after using it three weeks, was able to walk out. I felt much like writing you a full statement of my case at the time, but thought my improvement might only be temporary, and therefore concluded to defer and see if it would effect a perfect cure, knowing then it would be of greater value to you, and more satisfactory to me.

I am now able to report that a cure is effected after using the remedy for five months.

I have not used any now for three months, and feel as well in all respects as I ever did.

Your Buchu being devoid of any unpleasant taste and odor, a nice tonic and invigorator of the system, I do not mean to be without it whenever occasion may require its use to such affections.

Stumps! Stumps!!

THE undersigned has purchased the right of Clearfield county for ENOCH FARNSWORTH'S STUMP EXTRACTOR, patented June 7th, 1870.—This is decidedly the most convenient, most durable, and best machine of the day. Wet weather will not affect it, the working part being all of iron. The machine is easily set up, and will work any place that can be plowed. We will sell machines at a small profit on cost, and will try to make it to the advantage of farmers to buy them. We solicit orders from those wanting machines.
