Daily Review of the Markets.

OFFICE OF THE POST,
TUESDAY MORNING, *June 27th, 1848.*

☞ The business of the week was quite brisk to all appearances yesterday; but in the city generally there was no change for better or worse.

FLOUR.—The receipts were rather extensive yesterday. And there appeared to be a brisk demand. The supply on hand is pretty good, but hardly equal to the demand for home consumption. On the wharf yesterday the sales were at $2,95 @3,00. From store at $3,12½@3,18, by drey load.

WOOL. This article is arriving pretty briskly, and is taken at 18@23c. according to grade and other considerations.

BACON. We notice no change; regular sales of Hams at 4@4½c.

RYE FLOUR. Sales of 20 bbls. from first hands at $2,75.

BRAN. Taken from wharf at 10c. for 24 lbs.

CHEESE. Regular Sales of Western Reserve at 5@5½c.

COTTON. Nothing doing in the way of sales, receipts heavy. There has been no demand of any consequence, and no sales are reported. The highest offer is 5c. which is refused. Holders are stiff, in anticipation of an advance.

PIG METAL. We have heard of no transactions of importance; a few small sales Hanging Rock at $34,00@35,00.

BUTTER. Sales of 6 barrels from first hands at 12½c.

OATS. Sales of 1,200 bushels on wharf at 34c.; other sales at 36c.

Navy Beef and Pork for 1849.

BUREAU OF PROVISIONS AND CLOTHING, June 7, 1848.

SEALED PROPOSALS, endorsed "Proposals for Beef" and "Proposals for Pork," as the case may be, will be received at this office until 3 o'clock, P. M., on Monday, the 10th day of July next, for furnishing and delivering free of all cost and risk to the United States,

Five thousand four hundred barrels of navy beef, and four thousand eight hundred barrels of navy pork:

Each barrel to contain not less than two hundred pounds, net weight of beef or pork; no excess of weight in the articles will be paid for. To be delivered at the respective navy yards, as follows:

	Barrels Beef.	Barrels Pork.
At Charlestown, Mass.	1,500	1,500
At Brooklyn, N. Y.	1,500	1,500
At Gosport, Va.	1,500	1,000
	4,500	4,000

Said beef and pork must be delivered, one-half between the first day of January, 1849, and the first day of April, 1849, and the other half between the 15th day of April, 1849, and the 15th day of June, 1849, unless earlier delivery should be required by the chief of this bureau. Offers must be made for each half separately and distinctly; that is, for the half deliverable between the 1st of January and 1st of April, and for the half deliverable between the 15th of April and 15th of June, 1849. Payment for the first half to be made within thirty days after delivery, and for the second half in thirty days after the 15th of June, 1849.

The beef must be from well-fattened cattle, slaughtered between the 1st day of November, 1848, and the 1st day of February, 1849, and weighing not less than six hundred pounds, net weight, each. The legs and leg ends of the hind quarters, and the shins and shoulder clods, and at least eight pounds from the neck end of each fore quarter, of the parts marked Nos. 1, 2, and 3, on the drawing or definition of the fore and hind quarters of an ox, which will be attached to and form a part of the contract, must be wholly excluded from each barrel and half barrel, and the remainder of the carcass must be cut in pieces of not less than eight pounds each.

The pork must be packed from corn-fed, well fattened hogs, slaughtered between the first day of November, 1848, and the first day of February, 1849, and weighing not less two hundred pounds each, excluding the heads, legs, necks, shoulders, hams, legs, feet, and lard, and all refuse pieces; and must be cut in pieces weighing not less than six pounds each.

Both the beef and pork must be salted with at least one bushel of Turk's Island, Isle of May, or St. Ubes salt; and the beef must have five ounces of fine pulverized saltpetre to each barrel, exclusive of a pickle; to be made from fresh water, as strong as salt will make it.

One-fourth the quantity of beef, and one-fourth the quantity of pork, must be packed in half barrels, and contain one hundred pounds net weight of each, at the same low price; and, in estimating the price, two half barrels are to be considered as one barrel.

The barrels and half barrels must be made of the best seasoned white oak, or white ash staves and heading; if of the former, to be not less than three-fourths of an inch thick; if of the latter, to be not less than an inch thick; for barrels, and three-fourths of an inch for half barrels, and to be hoped at least three-fourths over with the best white oak or hickory hoops. apl 14 dawyl

Each barrel and half barrel must be branded on its head "Navy Beef," or "Navy Pork," as the case may be, with the contractor's name and the year when packed.

The beef and pork will, unless otherwise directed by the chief of this bureau, be inspected by the inspecting officers at the respective navy-yards aforesaid, and by some navy inspector of salted provisions, who will be selected by the respective commanding officers; but their charges for such inspection must be paid by the respective contractors, who must likewise have the barrels put in good shipping order to the satisfaction of the commandant of the respective navy yards aforesaid, after inspection, and at their own expense.

Bidders must specify their prices separately and distinctly in separate offers for the beef and for the pork, and for each of the places of delivery, covering all expenses and all charges.

Bonds in one-third the amount of the respective contracts will be required, and ten per cent on each addition will be withheld from the amount of each payment to be made, as collateral security for the due and faithful performance of their respective contracts, which will not account be paid until the contracts are complied with in all respects, and is to be forfeited to the United States in the event of failure to complete the deliveries within the prescribed periods. And in case of failure on the part of the contractor to deliver the aforesaid beef and pork within the time specified, the chief of the Bureau of Provisions and Clothing shall have the right to direct purchases for such articles to supply the deficiencies, and any excess of cost shall be charged to and paid by the contractors. Payments will be made by the United States at the periods above specified, (excepting the ten per centum to be withheld until the completion of the contracts, as before stated,) after the said beef and pork shall have been inspected and received, and bills for the same shall have been presented to the navy agents respectively, duly approved by the commandants of the respective navy-yards, according to the terms of the contracts.

The parts of the beef to be excluded will be particularly designated in the engraving to be attached to the contracts. Persons interested can obtain them on application at this office.

Bidders whose proposals are accepted (and none others) will be forthwith notified, and as early as practicable a warrant and bond will be transmitted to them for execution; which contract and bond must be returned to the bureau within ten days, exclusive of the time required for the regular transmission of the mail.

Every offer made must be accompanied (as directed in the 8th section of the act of Congress making appropriations for the naval service for 1846-7, as approved 10th August, 1846, a copy of which is subjoined) by a written guaranty, signed by one or more responsible persons, to the effect that he or they undertake that the bidder or bidders will, if his or their bid be accepted, enter into an obligation within ten days, with good and sufficient sureties, to furnish the articles proposed.

This guaranty must be accompanied by the certificate of the United States district judge, United States district attorney, navy agent, or some other officer of the general government, or individual known to the bureau, that the guarantors are able to make good their guaranty.

No proposal will be considered unless accompanied by such guaranty.

The bidder's name and residence, and the name of each member of a firm, where a company offers, should be distinctly stated.

Extract from the act of Congress approved August 10th, 1846.

SEC. 8. *And be it further enacted*, That, from and after the passage of this act, *every proposal for naval supplies* invited by the Secretary of the Navy, under the proviso to the general appropriation bill for the navy, approved March third, eighteen-hundred and forty-three, shall be accompanied by a written guaranty, signed by one or more responsible persons, to the effect that he or they undertake that the bidder or bidders will, if his or their bid be accepted, enter into an obligation in such time as may be prescribed by the Secretary of the Navy, with good and sufficient sureties, to furnish the supplies proposed. No proposal shall be considered, unless accompanied by such guaranty. If, after the acceptance of a proposal, and a notification thereof to the bidder or bidders, he or they shall fail to enter into an obligation within the time prescribed by the Secretary of the Navy, with good and sufficient sureties for furnishing the supplies, then the Secretary of the Navy shall proceed to contract with some other person or persons for furnishing the said supplies; and shall forthwith cause the difference between the amount contained in the proposal so guaranteed and the amount for which he may have contracted for furnishing the said supplies, for the whole period of the proposal, to be charged up against said bidder or bidders, and his or their guaranty or guarantors, and the same may be immediately enforced by the United States, for the use of the navy.

DR. WILLARD'S ADVERTISEMENT FOR 1848.

These family medicines, consisting of
DR. WILLARD'S VERMIFUGE,
" " *COUGH MIXTURE,*
" " *LIVER PILLS,*
" " *FEVER AND AGUE EXTERMINATOR,*

Have already become so universally popular, wherever introduced, that the proprietors are induced to place them within the reach of all. Of the virtues of these medicines, it is altogether unnecessary to speak in praise, as they have always, *wherever introduced*, been able to *recommend themselves*. The numerous certificates, which *from time to time have been published*, testifying to their worth in our possession, is sufficient evidence, not only of their virtue, and power to cure, but of their being duly appreciated by an intelligent public. When the country is flooded with "Panaceas," "Elixers," "Balsams," and "Pills," and nearly all of a doubtful character, persons are at a loss to know how far they should trust any of them. *Reject them all*, and try those which have been proved by long experience. Such is the character of the medicines compounded by Dr. Willard, an eminent practitioner, and well known by men of character who have contributed their testimony to the consultation of a few dollars. In order that the public may know when these medicines are genuine, we have put our advertising will be *genuine certificates*. Thus you may be satisfied that "their own works will praise them."

These medicines, prepared by the proprietors, are at A. W. Brockway & Co. No. 2 Commercial Row, Liberty street, Pittsburgh, to whom all letters for agencies or other business must be addressed. They are also for sale by Baker & Co. Ogden & Snowden, Joel Mohler, R. E. Sellers, F. L. Snowden, John P. Scott, H. Cassel, James A. Jones, John Hays, Spaulding & Kneeland.

Also, by Elliott & Beckam, and D. M. Curry, Allegheny city. apl 14 dawyl

MORGAN'S WORM KILLER *is far superior to all other remedies for Worms.*

JUNE 14th, 1848.

This may certify that I gave two of my children, three and five years old, two teaspoonsfuls of Morgan's Worm Killer, to each of them. The youngest passed 34 large worms, the smallest could not have measured less than 7 inches. The eldest passed so large a number that we could not begin to count them. I have used all the popular remedies before the public for worms, but can say with a clear conscience, Morgan's Worm Killer is far superior to any now before the public.
