ENTIRELY NEW LABELS.

THE public will please take notice that no Brandreth Pills are Genuine unless the box has three labels upon it, (the top, the side, and the bottom,) each containing a fac-simile signature of my hand-writing, thus:—*B. Brandreth, M.D.* These labels are engraved on steel, beautifully designed, and done at an expense of $2000. Therefore it will be seen that the only thing necessary to procure the medicine in its purity, is to observe the labels. See if the box has three upon it, engraved.

Remember, the top, the side and the bottom. The following respective persons are duly authorized and hold Certificates of Agency, for the sale of Brandreth's Universal Vegetable Pills, in Cumberland county.

George W. Hitner,	Carlisle.
S. Culbertson,	Shippensburg.
Adam Reigle,	Mechanicsburg.
M. G. Rupp,	Shiremanstown.
Isaac Borton,	Lisburn.
Gilmore & M'Kinney,	Newville.
L. Riegle & Co.,	Churchtown.
J. & J. Kyle,	Kenady's.
Samuel L. Sentman,	Newburg.
Brechbill & Grush,	Boiling Springs.
Henry Brenneman,	New Cumberland.

As counterfeits of these pills are in some cases sold for the gain they yield, the safety of the public requires that none should be purchased except from those recognized as above.

Remember no Brandreth Pills sold in Carlisle, are genuine, except those sold by George W. Hitner, and be particular to

Observe that each Agent has an Engraved Certificate of Agency, containing a representation of Dr. Brandreth Manufactory at Sing-Sing, and upon which will be seen exact copies of the new labels now used upon the Brandreth pill boxes.

FRIDLEY & ROBINSON.

Tin, Coppersmith, & Stove Business.

JACOB FRIDLEY & ELEAZER ROBINSON having entered into Co-Partnership, in the Tin, Copper, and Stove business, under the firm of FRIDLEY & ROBINSON, respectfully inform the public that they intend carrying on their business in all its branches, at the old stand of Jacob Fridley, North Hanover street Carlisle, where they will, at all times, be prepared to serve purchasers with any article in their line, on the most reasonable terms.

In addition to all other varieties of stoves, which they will constantly have on hand, they have purchased of Mr. J. G. Hathaway, the exclusive right to manufacture and sell

Hathaway's Patent "Hot Air Cooking Stoves;"

in the counties of Cumberland and Dauphin; and being entirely convinced of the great superiority of this over all other kinds of Cooking Stoves now in use, they will continue to set them up as heretofore practiced by Messrs. E. Robinson & Co., on trial with all persons who are willing to test their superior excellence.

For the information of those who are not acquainted with the advantages of the *Hot Air Cooking Stoves*, we subjoin the certificates of some of the many highly respectable gentlemen who have favored us with their written opinion of the merits of the article.

Carlisle, November 9, 1841.

Messrs. E. Robinson & Co.—GENTLEMEN:—The "Hathaway Patent Hot-Air Cooking Stove" has been used in my kitchen for about two months. I have inspected it and examined the principles upon which it is constructed. I have also made particular inquiry of the cooks who have used it—from these different sources of information, I am led to a very favorable opinion in regard to it. I prefer it to the Rotary; which we have heretofore had in use. It is represented as baking remarkably well, and as being a saving of fuel. The circulation of the heat so extensively after it is generated, and before it escapes by the pipe, must lead to this result. There is a great convenience in the use of it, from the numerous and various implements employed about it in cooking, at the same time.

JOHN REED.

Carlisle, November 8, 1841.

Messrs. E. Robinson & Co.—GENTLEMEN:—I have had sufficient time to try "*Hathaway's Patent Hot Air Cooking Stove*," you put up in my kitchen, and am prepared to certify to its good qualities. I find that large quantities of water can be heated with it in a short time; that for cooking it boils, roasts meat, and bakes bread. The provision in this cooking stove for baking bread is the only arrangement I have ever seen in an article of the kind, at all calculated to accomplish that object. The simplicity of its arrangements are its great recommendation, the entire heat is applied to the purpose intended; and I verily believe a great saving of fuel is effected. Comparing the Hot Air Cooking Stove with the much celebrated Rotary, the latter is insignificant and a toy, incapable of any thing but boiling. I am of the opinion that no arrangement of iron can be made to supersede the "Hot Air Cooking Stove;" nor can I suggest any improvement.

Your ob't. serv't,

A. McDOWELL.

Harrisburg, November 11, 1841.

Messrs. E. Robinson & Co.—GENTLEMEN:—According to your request, I have given one of "*Hathaway's Patent Hot Air Cooking Stoves*" a thorough trial, and in my opinion think it one of the best now in use. I have had a Rotary stove in use for several years, and am decidedly in favor of your stoves—they do not consume as much fuel as the Rotary; and are better adapted for baking, and equally as well for any kind of cooking.

Your's with respect,

VAL. HUMMEL, Jr.

I do certify that I am now using one of Hathaway's Patent Hot Air Cook Stoves, No. 3, and do recommend it as superior to any stove I have seen. The great saving of fuel and the variety that can be cooking at the same time, makes it an object to those who wish to facilitate the operations of the kitchen.

J. CULBERTSON.

Chambersburg, September 6, 1841.

I have in use in my kitchen one of Hathaway's Patent Hot Air Cooking Stoves, and can recommend it as a very superior article. The one I have is No. 3, it has 5 boilers and an oven sufficiently large to bake 6 loaves of bread. The baking, roasting and boiling, can be done at the same time and with much less wood than required for any stove I have ever used. This size appears to be peculiarly calculated for Farmers, and for their benefit I invite them to call and see this stove in use, as I shall take pleasure in showing the stove to those who wish to see it.

S. WUNDERLICH.

Carlisle, September 12, 1841.

Messrs. E. Robinson & Co.

Gentlemen—I have fairly tested the "Hot Air Stoves" which you put up at my house and can recommend it as possessing principles of economy and convenience far surpassing any other stoves which I have ever seen. The boilers coming in immediate contact with the fire gives it great facilities for boiling, and the oven is heated on such a principle that bread is baked in as fine a manner as in a brick oven. I find it also a great saving of fuel and labor, and would advise all to adopt it.

M. McCLELLAN.

Carlisle, September 12, 1841.

Messrs. E. Robinson & Co.

Gentlemen.—I have during the few days I have had your Hathaway Hot Air Stove in use become convinced of its great superiority over all other stoves I have used or seen—I find by the trial that boiling, roasting, baking and broiling may all be done at the same time, in a most perfect manner and with less than one fourth the fuel I have ordinarily used for the same purposes. I have heretofore been of the opinion bread could not be well baked in a Cook Stove, but I am convinced upon trial that it can be done as well in your stove as in a brick oven. I believe that the introduction of your stoves into use will be very beneficial to the public, therefore I shall take pleasure in recommending it to my friends.

VALUABLE MEDICAL PREPARATIONS

are calculated to produce more real good than can possibly result from the use of any others, for several reasons:—They are not recommended to cure all, and every disease, as is generally boasted of other preparations, (which the most ignorant must be aware cannot be, as different diseases require different medicines,) but each of Dr. Leidy's Medicines are recommended and adapted to different classes of diseases. They do not contain Mercury, or the minerals which are combined with most, if not all, other preparations in use. They are perfectly safe and pleasant to take, containing nothing offensive or deleterious, but being composed of Vegetable Extracts—may be employed by young and old, male and female, at all times, and under all circumstances, without restraint from occupation, temperate or moderate living. They are the preparations of a Regular Druggist, (Dr. Leidy,) also Physician, attested by the most distinguished Physicians of the United States, among whom are, Dr. P. S. Physic, Dr. N. Chapman, Dr. W. Gibson, Dr. S. Jackson, Dr. W. E. Horner, Dr. W. P. Dewees, Dr. T. C. James, Dr. J. Redman Coxe, Dr. R. Hare, &c., &c.; also, by the Rev. W. H. Delaney, Robert Adrain, L.L. D., J. L. Biddle, Esq., and numerous others.—They have been employed in innumerable instances, with the most unexampled success, as thousands can testify, among whom are the principal officers in Washington City, Members of Congress, of the State Legislatures, many of the Clergy, &c. &c. (See certificates and recommendations, accompanying the directions with each Medicine.

Dr. Leidy's Medicated Extract of Sarsaparilla.—The strongest preparation of Sarsaparilla in existence. One Hundred Dollars will be forfeited for a preparation equal to it. One Bottle (half a pint) is equal to six pints of the strongest Syrup of Sarsaparilla that can be made. Comment upon the virtues of Sarsaparilla is unnecessary—the world knows it—it is only necessary for persons using it to be sure of getting a good preparation of it. See recommendations, with directions.

Victory!

WHO DOES NOT KNOW OF Dr. LEIDY'S BLOOD PILLS? a component part of which is Sarsaparilla.

The reputation of Dr. Leidy's Sarsaparilla Blood Pills is so well known, that comment upon their virtues is almost unnecessary. Suffice it to say they possess all the Purgative and Purifying properties that can be combined in the form of Pills. Newspaper Puffing is unnecessary to their success.

Their efficacy, in one case, is a sure introduction and passport of them to a thousand. Five years employment of them throughout the United States, have made them as they deserve to be Victorious! Whilst the Proprietors and Manufacturers of others Pills, have been endeavoring to humbug the public in various ways to introduce their pills, publishing columns of matter and boilstering them up by made, false, lying certificates, and attributing to their pills the powers of effecting every thing, barely excepting the restoration of the dead to life.

Dr. Leidy has allowed his Blood Pills to become known by their effects; thus establishing for them a character that can never be taken from them, and which is proof incontrovertible of their qualities.

Most other pills have gone out of use since their introduction, many have fallen into deserved disrepute, and some are now altogether unknown; still a few hangers-on endeavor to gull the ignorant by plausible (though false) reasoning of the extraordinary powers their pills possess; but the public are fully sensible of such imposition.

Dr. N. B. Leidy is a regular Physician Druggist, attested by Doctors Physick, Chapman, Jackson, Dewees, Horner, Gibson, Coxe, Hare, &c., and well knows the nature of the ingredients contained in his Blood Pills, and knows too their adaptation in all cases where a purgative is required, or for purifying the blood.

There is no risk or danger in employing them; they contain no Mercury—they do not produce inflammation of the Bowels—they do not produce disorganization of, nor do they injure the digestive functions—they do not produce the piles—they do not produce irregularity of the bowels, or costiveness, as do other pills; on the contrary, they will be found to obviate all the foregoing, besides being efficacious in all cases where a purgative may be necessary, and for purifying the Blood and Animal Fluids.

Ample directions, together with recommendations from Physicians and others, accompany each box of pills.

☞ Price 25 cents a box.

Dr. Leidy's Tetter & Itch Ointment,

AN infallible remedy for various affections of the Skin, removing Pimples, Pustules, and Eruptions of the Skin, and particularly adapted to the cure of Tetter and the Itch.

This ointment has been used in numerous schools throughout the city and county, as well as Factories, employing numerous girls and boys and amongst whom Tetter and Itch, as well as other Affections of the Skin, prevailed, with the most unexampled success. Names of School Teachers, as well as Superintendants and Proprietors of Factories, could be given, confirming the above, but for the delicacy they feel in having their names published in connection with such loathsome and disagreeable affections.

Price 25 cents a box.

Dr. Leidy's Rheumatic Liniment,

A truly efficacious application for Rheumatism, Bruises, Sprains, Stiffness and Weakness of the Joints, Numbness of the Muscles and Limbs, Pains along the Back, Spine, Sides, and across the Loins.

Carlisle, April 14, 1842.

COUGH LOZENGES

THE GREAT OBJECT GAINED.

DR. PETERS' MEDICATED LOZENGES OR SUGAR DROPS. Medicine made pleasant to the taste, and effective in subduing disease. One of the greatest discoveries that distinguishes the 19th century, is the combination of medicine in a concentrated form with sugar, making a compound certainly pleasant to the taste.—By this means, the revolting sensation produced by swallowing nauseous medicines, which operates powerfully to aggravate disease, is entirely avoided, and the medicine is left to contend with the disease alone.

PETERS' MEDICATED LOZENGES are the result of long and patient experiments, made by some of the most distinguished Physicians in the Union, with a view to the formation of several safe, cheap, pleasant and certain remedies for complaints most prevalent in this country; and they have the satisfaction of assuring the public that their success has far outstripped their most sanguine expectations.

To Parents it is recommended to keep these medicines at all times on hand. Your children will eat them as readily as Peppermint candy.

Caution—Children actually cry for Peters' Lozenges, and care should be observed to follow the directions, lest, being so pleasant, they should eat too much.

PETERS' CORDIAL LOZENGES—Are a specific for the relief of the nervous or sick headache, lowness of spirits or melancholy, languor and debility, either from previous disease or too free living, tremors, spasms of the stomach, irritability of the nerves, hysterical affections, drowsiness, cholera morbus, sense of fatigue and palpitation of the heart. From their efficacy in the relief of the headache, they are called by many the Headache Lozenge.

Price, 25 cents per box.

PETERS' COUGH LOZENGES—Are now rapidly superceding all other preparations for the relief of Coughs, Colds, Asthma, Whooping Cough, Catarrh, tightness of the Chest, Bronchitis, and similar pulmonary affections. It is now well established that a large proportion of cases of Consumption, by which so many valuable lives are annually sacrificed, owe their origin to the neglected colds and coughs, which might easily have been removed at an early period. No medicine will be found so efficacious in curing such cases as these Lozenges. They infallibly allay the cough, by removing the irritation which keeps it up, while at the same time they promote expectoration, and relieve congestion. Price 25 cents.

WORM LOZENGES

PETERS' WORM LOZENGES—Are acknowledged by the faculty to be the most scientific and successful preparation for the destruction of worms ever offered to the public.—There are several medicines advertised as specifics in such cases, but they have proved so uncertain and worthless, as to have lost all confidence with the public. Some of them, indeed, are so violent in their operation, as to frequently lead to fatal results. The public, therefore, is cautioned against them. These Lozenges, while they will be found to be perfectly safe, will at the same time never fail, where worms are present, to destroy them.

SYMPTOMS OF WORMS.—These are headache, vertigo, paleness of the lips with flushed cheeks, grinding the teeth during sleep, disturbed dreams, sleep broken off by fright and screaming convulsions, feverishness, thirst, bad taste in the mouth, offensive breath, cough, difficult breathing, itching of the nostrils, pain in the stomach, nausea, squeamishness, voracious appetite, leanness, tenesmus, slight chills or shivverings, drowsiness, fatigue, swelled stomach or limbs, rising and choaking in the throat, &c.

TO THE READER.—*History of the Origin & Progress of Peters' Medicated Lozenges.*—About a year since, the Proprietors, from a conviction of the utter worthlessness and deleterious nature of a large proportion of the medicines offered to the public as specifics in the cure of coughs, colds, worms, headache, Fever and Ague, &c. &c. conceived the plan of getting up medicines in a palatable and unobjectionable form, which would meet the approbation of the faculty, and do away with the increasing evils consequent upon the use of such pernicious nostrums. For this purpose, he compounded several kinds of medicated lozenges, specifying the uses for which each was intended, and the indications which they had been found to fulfil. These, together with the exact composition of each kind, were placed in the hands of six distinguished physicians, with the request that each would thoroughly test them in their practice, and report to me their several opinions of their merits, with such remarks in regard to their composition as their experience might suggest.

After a trial of several months, their opinions were handed in, and in general, I found that their conclusions corresponded very closely with my own. Some trifling alterations, however, were made in the composition of some of the articles, at the suggestion of one or two of the gentlemen, since which time they have been employed with entire satisfaction, and with the most gratifying results. The public, it is believed, will fully appreciate the importance of having access to medicines, whose efficacy has been fully tested by the faculty, and whose virtues are not to be weighed by the *ipse dixit* of an ignorant and reckless proprietor, or by manufactured certificates.

These medicines are now prepared in a form suitable for transportation, and in a manner that will insure them from injury from time and climate, accompanied with suitable directions, for use, in the English, German, French and Spanish languages.

PETERS' VEGETABLE SHILLING STRENGTHENING PLASTER.—This is not only the cheapest, but the best, neatest, and most comfortable plaster in existence.

Peters' Shilling Plaster is an easy and most effective remedy for pain in the breast, side or stomach, weakness or pain in the chest, loins or back, stiffness of the neck, affections of the limbs or joints, whether produced by rheumatism or other causes, habitual pain of the head or stomach, piles, colds, coughs, liver complaints, weakness of the spine, predisposition to break out in biles and pimples, listlessness of the frame, and for general debilitation.

Let any person afflicted as above try one of Peters' Shilling Plasters, and we will venture to say that he could not be prevailed on to discard it again, for ten, or most probably for a hundred dollars. Price, only 12½ cts.

DR. J. C. ATFF,

SURGEON DENTIST,

RESPECTFULLY informs the ladies and gentlemen of Carlisle and its vicinity that he sets Artificial Teeth in the most approved manner. He also scales, plugs and separates teeth to arrest decay.

Dr. N. prepares a tooth powder, which whitens the teeth, without injuring the enamel, colors the gums a fine red and refreshes the mouth.

The tooth ache will be cured, in most cases, without extraction, and an odontalgic wash is prepared for healing sore gums and fastening teeth.

Ladies and gentlemen are requested to call and examine his collection of Porcelain or Incorruptable teeth, which will never decay or change color, and are free from all unpleasant odour, durable and well adapted for chewing, which will be inserted in the best manner and at fair prices.

All persons wishing Dr. N. to call at their dwellings will please to leave a line at his residence, No. 7 Harper's Row, when he will punctually attend to every call in the line of his profession. From a long and successful practice, he hopes to give general satisfaction.

Carlisle, Oct. 21, 1841.—3m.

OF ALL PREPARATIONS FOR THE CURE OF CORNS, it can soon be found that WHEELERS PINE EXTRACT is the best, upon trial. It relieves the pain and cures the corn in from two to four days. Mr. J. Bryan, of Frederick, Md., writes that he has been afflicted with corns for nearly seven years, and used all the preparations for his cure offered during that time without being cured. He noticed the advertisements and obtained two boxes of the Pine Extract, intent on giving it a thorough trial, he used half of one box and is entirely cured by it.
