Fingers Shot Off.—We regret to learn that Mr. A. DuBois, who resides on West Third street, this city, while out gunning a few days since, met with a serious and painful accident in which he loses three fingers off his left hand, caused by the premature explosion of the gun which he was loading at the time. The particulars we did not learn further than above given. —*Williamsport Sun.*

Court.—Friends, remember that a three weeks' term of Court commences on Monday, the 13th day of November. And, while reveling in the midst of big potatoes and a plenteous harvest, don't forget the printer when you come to town; especially those among the 1,000 Democrats who are able but up to the present have forgiven to subscribe for the Clearfield Republican, and also the 1,000 out of our 1,500 subscribers who have failed to pay their subscriptions for the last one, two and three years.

Township Settlements.—Although we annually publish the fact, we are constantly inquired of "when is the proper time to make the Township Settlements?" We will again state that by an Act of Assembly, approved the 18th day of March, A. D. 1865, (Pamphlet Laws, page 144), the township and borough officers are to be elected on the *last Friday in December* in each year, and the township Auditors are required to meet on the *last Monday in January*, for the purpose of settling with the township officers. Why do not borough and township officers bear this in mind? If they cannot remember it, let them enter a record of it in their books.

More "Varmints."—It appears that the inhabitants of the northern corner of Brady township have been greatly annoyed, during the summer and fall, by members of the Wolf family, who were in the daily habit of feasting on mutton. This was very evident from the number of sheep slaughtered in that neighborhood. Last week, however, an old woodsman, Samuel Troy, learning the walks of Mr. Wolf, laid for him, and having set some traps, was no little surprised on looking to them a few days after to find that he had secured two full grown pesky wolves, which he soon dispatched, disrobed and scalped, and on presenting his certificate to Treasurer Flegal, drew his premium of $24.

An Assessment Coming.—The Secretary of the Lycoming Mutual Insurance company, in a card to the public, says in reference to its losses by the great Chicago fire: "Our entire amount of risk in the State of Illinois, previous to the great fire, did not exceed $1,000,000, and judging from the estimated losses to other leading companies, it is reasonable to presume that our loss will not exceed fifty per cent. of that amount. To meet it an extra assessment will be required of from ten to twenty per cent." If the Secretary's conjectures prove true, the citizens of Clearfield county will soon be called upon for a pretty heavy contribution toward the Chicago fire, as considerable property in this county is insured in that company.

Accident.—We regret to learn that our esteemed friend, John H. Orris, Esq., of Bellefonte, met with a serious accident last week. The Watchman, in alluding to the affair, says:

John H. Orris, Esq., of this place, was thrown from his buggy on Sunday afternoon last, and badly hurt about the head. Mr. Orris had driven his wife to church in the morning, and, in the afternoon, accompanied by his hired man, drove out to his farm in the country. On his return, at Lamvertown a little dog ran out and attacked his horse's heels, which so frightened the animal that he ran away, throwing Mr. Orris out on his head, and breaking the buggy to pieces. Mr. Orris was picked up insensible by Mr. Matthew Riddle, and was brought home in that condition by Mr. George Lose, who happened to be out there in a buggy. Dr. Dobbins was summoned immediately, and dressed the wounds. Mr. Orris remained insensible until Sunday night when he regained his reason and power of speech. Under the attentive care of the Doctor, we are glad to learn that he is rapidly getting better.

"Poughteightoes."—Daniel M. Welch, of Lawrence township, has sent us a sample of his potato crop this season, consisting of Pinkeyes, Rusty-coats, Charleston rals and Early Goodrichs. They are certainly the finest lot of mixed potatoes we ever saw. He planted one hundred perches of ground, which yielded him one hundred and forty bushels. This is a large yield, and potato raisers will do well to "interview" Mr. Welch and obtain from him the secret of raising a miscellaneous and a prolific crop of goodies.

We understand that several other friends have sent us sample potatoes, but they have not been received by us, hence we cannot pass upon their merits. But we know from general information that the best potato crop, by 100 per cent., ever raised in the county, was produced this year, and we congratulate producer and consumer on this "new departure" in the agricultural line.

Another Lesson.—The breaking of a kerosene lamp produced the fire in Chicago which laid almost the whole of that city in ashes. The fact should teach all housekeepers and hotel keepers to use kerosene oil lamps with the greatest care. It is not an unusual thing to see small children rushing about in private residences with these lamps in their hands, at the risk of stumbling and smashing them in pieces on the floor, and setting the place on fire. Surely, the greatest precaution should be observed by all parties who use this kind of light in their houses. When burning kerosene is spread upon inflammable matter, it is almost impossible to extinguish the flames. Water seems to intensify, rather than decrease, the combustion. When these facts are apparent, they should cause people to employ extra caution in the use of kerosene lamps and their contents.

### LETTER FROM VIRGINIA.

New Store, Buckingham Co., October 23, 1871.

Mr. Editor: This county is on the south side of the State, bounded on the north by the James River and on the south by the Appomattox, its entire length, and is severed into three nearly equal parts by Slate and Willis' River and their tributaries, so that it is well watered. All north of Willis' River is fine for wheat and grass, and on the south side is more sandy and better adapted to tobacco, corn, oats, &c., and the white pine, fruits of all kinds and the smaller vegetables.—The South Side Rail Road skirts its entire southern border, from five to seven miles off, and the James River and Kanawha Canal are on its northern border. There is a charter for a railroad from Richmond, the capital, to Lynchburg, and the route was surveyed, passing through the heart of the county, very near this place. When that is constructed, it will add immensely to the value of the lands and timber and all other productions along its line.

We have a common school system, similar to that of Pennsylvania, now in operation. Our courts of justice and churches are all in full operation. Good order and sobriety prevail in the whole county, and an earnest and sincere welcome is extended to every good and true man and woman who comes in our midst to sojourn and find a home. We need population and all we can get. Quite a number of English, Scotch and Northern gentlemen are purchasing lands and locating in our midst.

Many tracts of land are for sale, and on easy terms. Indeed, one coming here can always be suited, either by purchase, lease or rent, as he may prefer. I know of no field better for speculation, even, than investment in lands here. Any judicious gentleman can buy land now at a price which is about one-half its actual value, but an influx of population will carry the price up in a few years. Some persons from your town have settled here and are doing well and have most pleasant surroundings, and we would be pleased to have more of them.

I have just attended a large gathering of two or three thousand people, in the next county, for laying the corner stone for a handsome court house, and not the slightest disorder occurred amongst any of the people. Farmville is a flourishing market town, on the railroad, twelve miles from this place, and on Appomattox River.

Very respectfully,
G. D. S.

The reason for coughs and colds is rapidly approaching, and every one should be prepared to check the first symptoms, as a cough contracted between now and Christmas frequently lasts all winter. There is no better remedy than "Johnson's Anodyne Liniment." For all diseases of the throat and lungs, it should be used internally and externally.

Lung fever, common cold, catarrhal fever, and nasal discharge of a brownish color in horses may be checked at once by a liberal use of "Sheridan's Cavalry Condition Powders."

Putting of the natural teeth in a healthy, preservative and useful condition is made a specialty. Diseases and malformations common to the mouth, jaw and associate parts, are treated and corrected with fair success. Examinations and consultations free. Prices for partial and full sets of teeth much lower than in 1870. It would be well for patients from a distance to let us know by mail a few days before coming to the office. It is very important that children between the ages of six and twelve years should have their teeth examined. By Anæsthesia Teeth are removed without pain. feb15'71

DENTAL CARD.

DR. A. M. HILLS

Would say to his patients and the public generally, that, having dissolved partnership with Dr. Shaw, he is now doing the entire work of his office himself, so that patients need not fear being put under the hands of any other operator. Having obtained a reduction of the patent on the plate material, I am enabled to put up teeth much cheaper than formerly. I also have Dr. Stock's patent process for working rubber plates, which make a much lighter, more elastic and stronger plate for the same amount of material, and polishes the plate on both sides, rendering it much more easily kept clean. Special attention paid to the preservation of the natural teeth, and all work guaranteed entirely satisfactory to patients.

Office at the old corner, opposite the Shaw House. Office hours from 8 to 12, a. m., and 1 to 5, p. m. Patients from a distance should notify me a few days beforehand of their intention to come. Always at home, unless other notice appears in both the county papers. feb15'71
