Daily Review of the Markets.

OFFICE OF THE POST,
Tuesday Morning, *June 20th*, 1848.

There was but little doing yesterday.

FLOUR. We adhere to the quotations of yesterday: $3,95@4,00, from first hands; from store $4,12@4,18. There was but few lots on the wharf and the demand was not so great as on the day before.

MOLASSES. Several sales have been made at 23c. in lots of 5 and 10 bbls; but we think the fairest quotation is about 22@23c. We notice a slight improvement in the market, owing to the diminished quantity in store.

SUGAR. We find no change, and can still quote sales at 5c; but there were some lots sold at 5¼. 13 hhds have been taken from one house during the week at 5¼c. We heard of no sales of prime at less than 6c.

OATS. Sales on wharf of 500 bushels at 25c.

WOOL. There were heavy receipts yesterday, but no sales at prices varying from our quotations of yesterday. There is much for shipment. Some farmers are still holding back, in anticipation of a rise.

POTATOES. We saw two lots on the wharf yesterday, which and in small lots at $1,00. The market is very dull.

CHEESE. There were many sales of small lots at 5c.; other lots at 5½c.; of Cream Cheese sales at 6¼ cents.

RIVER. The river has been declining a little, but the rain of yesterday may be sufficient to keep larger boats afloat for some time.

Allegheny County.

B. A. FAHNESTOCK & CO'S VERMIFUGE.—A few weeks since, one of my children, aged about five years, was unwell for several days, and the illness increased so alarmingly that I feared death would be the result. Having heard of the good effects of Fahnestock's Vermifuge, when administered to the children of my neighbors, and thinking my child might have worms, from some of the symptoms, I gave it one and a half teaspoonfuls of the Vermifuge, and, to my great astonishment, it almost immediately discharged between 250 and 300 large worms. Its health was soon restored, and it is now remarkably well. Previous to taking the Vermifuge, the worms would occasionally rise in its throat, and I often feared it would die from strangulation."

MORGAN'S WORM KILLER is *far superior to all other remedies for Worms.*
JUST 14th, 1848.

This may certify that I gave two of my children, three and five years old, *two teaspoonfuls of Morgan's Worm Killer*, to each of them. The youngest passed 34 large worms, the smallest could not have exceeded less than 7 inches. The eldest passed so large a number that I could not begin to count them. I have used all the popular remedies before the public for my children's relief, but my with a clear conscience, Morgan's Worm Killer is far superior to any now before the public.
