Clothing! Clothing!! Clothing!!!

The Third Big Door! The Western World!!

150,000 WELL SELECTED GARMENTS now made and ready to be offered on the most liberal terms to my old customers and the public in general. The Proprietor of this far-famed and extensive establishment has now just after returning from the Eastern cities, at much trouble and expense, just completed his fall and winter arrangements to supply his thousands of customers with one of the most desirable stocks of Clothing that has ever been offered in this or any other market west of the mountains. For neatness in style and workmanship, combined with the very low prices which they will be sold for, must certainly render the old stand, called Three Big Doors one of the greatest attractions of the western country. It is gratifying to me to be able to announce to my numerous friends at home and abroad, that notwithstanding the extraordinary efforts which I have made to meet the many calls in my line, it is with difficulty I can keep time with the constant rush that is made on this establishment. It is a well established fact, that my sales are eight or ten times larger than any other house in the trade, and this being the case on the amount sold, I can afford to sell at much less profit than others could possibly think of doing, if they wished to cover contingent expenses. I intend to make a clean sweep of all my present stock before the beginning of next year; coming to this conclusion, I will make it the interest of everyman, who wants a cheap winter suit, to call and purchase at the Three Big Doors.

Clothing! Clothing!!

THE Spring and Summer stock that is now ready to be offered at the old original

THREE BIG DOORS.

Is one of the largest and choicest in selection that has ever been exhibited by any one concern in this or any other city in the Union. I will not undertake to describe to the reader the different assortments of articles which I now have to offer them; but will simply tell them that if they only favor me with a call, I will lay before them 175,000 different garments to make a choice out of, consisting in part of Coats, from the richest in quality down to the lowest in price; Pantaloons and Vests, to the astonishment of the beholder, with both mouth and eyes open, wondering in the most extravagant degree of surprise, how such a vast collection of READY MADE CLOTHING could possibly be collected together under the control of one individual. But such things will be, as long as perseverance and industry is the manspring of trade. Without any intention of boasting on my part, I will say that as to the time, it is of such metal I am principally composed, for nothing in the shape or form of difficulties, no matter what their magnitude may be, can deter me from accomplishing my object, in providing for the farmer, the mechanic, and the day laborer. My whole attention is taken up with the greatest care for their welfare, in getting up fashionable, and at the same time substantial garments, to meet their demands; and as for others, who fancy themselves moving in a different sphere, and requiring an article of the *ne plus ultra* kind, they have only to give me an outline of their wants, and they are suited to a nicety.

Now, let me say a word or two to my country merchants in the trade: If you wish to save from at least 25 to 30 per cent, in your wholesale purchases, call in at the "Three Big Doors," and if I don't meet your most sanguine hopes, in the way of getting cheap bargains, and fresh seasonable goods, I will not in future attempt to offer or any inducement of a similar kind to a generous people of so noble a nature, and close discernment.

DR. G. C. VAUGHN'S VEGETABLE LITHONTRIPTIC MIXTURE.

THIS celebrated remedy is constantly increasing in fame by the making all over the world. It has now become the only remedy for family use, and is particularly recommended for Dropsy; Gravel, or any complaint immediately relieved, no matter of how long standing. (See pamphlet testimony.)

Gravel, and all diseases of the urinary organs; for these distressing complaints it stands alone; no other article can relieve you; and the cures testified to will convince the most skeptical.—(see pamphlet.) Fever and Ague, Bilious Diseases, Fever and Ague. To the Great Western, and all other Fever and Ague Districts prevail, this medicine is offered. Nominal at great, indeed, when compared to a part of this mixture; it cures these diseases with certainty and speed, and does not leave the system torpid. (See pamphlet.) Piles, a complaint of painful character, it immediately relieved, and a cure follows by a few days use of this article. It is far beyond any other preparation for this disease; or for any other Debility of the System, Impure Blood. (See pamphlet.) Kidney, &c., or Inflamation of the same, is immediately relieved by a few days use of this medicine, and a cure is always the result of its use. It stands as a first rate remedy for such complaints, and also for derangements of the female frame, irregularities, obstructions, painful menstrations. No article has ever been offered which can stand in the touch this kind of derangements. It may be relied upon as a safe and sure remedy, and, should we feel permitted to do so, could give a thousand names as proof of its efficacy in distressing class of complaints.—See pamphlet. All bodies cast down, pining conditions, from the effect of mercury, will find the bracing power of this article to act immediately, and the poisonous mineral eradicated from the system.

Eruptive Diseases will find the alterative properties of this article powerful, and, at the same time, such diseases from the system. See pamphlet for testimony of such diseases, which the limits of an advertisement will not permit to be named here. Agents will not be wanting, if they make a trial of this medicine, and, if they do not, the proprietors will be happy to hear from them immediately, and the proprietors will be happy to hear from them.

Agents wishing pictures taken may rest assured that no pains shall be spared to produce them in the highest perfection of the art. Our instruments are of the most powerful kind, enabling us to execute pictures unsurpassed for high finish and truthfulness to nature. The public are solicited to call and examine.

Persons sitting for pictures are neither required or expected to take them unless perfect satisfaction is given.

N. B. Operators will find this a good depot for stock and chemicals.

Office.

HARNDEN & CO. continue to bring out persons from any part of England, Ireland, Scotland or Wales, upon the most liberal terms, with their usual punctuality, and attention to the wants of emigrants. We do not bring our passengers to be robbed by the swindling sharpers of Liverpool, as we take charge of them the moment they report themselves, and see to their lodging and despatch them without any detention by the first ships. We say this fearlessly, as we defy any of our passengers to *show* that they were detained longer, or imposed on by us in Liverpool, while thousands of others were detained months and robbed of their last cent, by so-*called*, at a cheap rate, which, too frequently proves dear in the end.

We intend to perform our contracts honorably; *ret when it may*, and not act as was the case last season with many other offers, who either performed not at all, or when suited their convenience.
